

SUPERVISOR KATY TANG

District 4 | Sunset | Parkside

City Hall, Room 244, | Dr. Carlton B. Goodlett Place, San Francisco, CA 94102

p: (415) 554-7460 | e: katy.tang@sfgov.org | www.sfbos.org/tang

MESSAGE FROM THE SUPERVISOR

Back-to-School Supply Drive

As we approach the end of summer vacation for students, back-to-school supply shopping is right around the corner. Preparing to return to school can be a stressful time for students and families. That is why our office has partnered with Walgreens stores in the Sunset District for a **Back-to-School Supply Drive** to provide school supplies for District 4 families.

The Back-to-School Supply Drive began mid-July and will run through **Friday, August 16**. Walgreens customers can donate school supplies at the following locations:

- 2050 Irving Street and 22nd Ave.
- 1201 Taraval Street and 22nd Ave.
- 3001 Taraval Street and 40th Ave.
- 1750 Noriega Street and 25th Ave.
- 2550 Ocean Avenue and Junipero Serra Blvd.

Look for a donation bin near the entrance, and contribute any of the following items upon checkout: No. 2 Pencils, pencil sharpeners, erasers, ballpoint pens, water-based markers, spiral-bound or composition notebooks, loose-leaf binder paper, rulers and folders, glue sticks.

If you would like to receive supplies for your children, visit us at **West Sunset Playground on Saturday, August 17, from 10am until 12pm**. We hope that by providing extra support and supplies to District 4 families, we can help our students begin the school year on a happy, successful note.

What the City's Budget Means for the Sunset

Every year, the Board of Supervisors works with the Mayor's Office, City departments, community organizations and stakeholders to develop the City's budget. Recently, the Board of Supervisors passed the City's two-year budget for fiscal years 2013-2014 and 2014-2015.

During this year's process, it was important to me to continuously reach out to the residents of District 4 in order to determine the most important budget priorities for our community. Through efforts like The Sunset District Blueprint, our office has begun forming a framework to guide our office's work in bringing much-needed resources to our community. Priorities from the community included improving the infrastructure and facilities of our district and supporting the vitality of our commercial corridors.

What the City's Budget Means for the Sunset

(Continued from previous page)

I am proud to say that several programs and projects have been allocated funding through the budget process that will directly benefit the residents of the Sunset District. These include:

- Seed funding to build a restroom facility located at the intersection of 45th Avenue and Lincoln Way;
- Funding to conduct a traffic analysis around Sloat Boulevard and Great Highway as part of SPUR's (San Francisco Planning and Urban Research Association) Ocean Beach Master Plan, which would potentially close Great Highway south of Sloat Boulevard to address erosion and safety issues, and create a natural trail area;
- Funding for enhanced cleanliness along vital business corridors on Irving, Noriega and Taraval; and
- Rebuilding a jogging path on Sunset Boulevard between Pacheco and Lincoln Way.

Through efforts like the Sunset District Blueprint, we are excited to build a framework to guide our office in providing the resources that District 4 residents need. Our office will continue to advocate for funding to support the programs and projects most important to District 4 residents, and I ask that through the Sunset District Blueprint project, you continue to provide your input on budget priorities for the Sunset District.

Together, we can ensure that District 4 receives the fiscal support it needs to continue its vitality.

New Sunset Outstation for Aging and Disability Resource Center (ADRC)

In July 10, Supervisor Tang, along with representatives from the ADRC of Episcopal Community Services of San Francisco, the San Francisco Public Library, Sunset Branch Library and Sunset District community members, celebrated the opening of a new Sunset outstation at the Sunset Branch Library located on 1305 18th Avenue at Irving Street.

ADRC provides seniors and adults with disabilities free and up-to-date information, referral, and assistance to help maximize self-sufficiency, safety, health, and independence. At ADRC outstations, individuals can receive help in the following areas: housing and shelter; medical and dental care; employment and training opportunities; case management services; transportation; immigration information; legal services; nutrition, translation services; paperwork and application assistance; and many other community resources.

The current hours at the new Sunset Library location are: **every Wednesday from 10:30 am to 12:30 pm and every Friday from 1:30 pm to 2:30 pm.** Services are offered at the Children's Room in the basement of the library.

For more information, please contact Lolita Kintanar, Director of Senior Services, at 415-487-3300. You can also contact Carol Mo from our office at carol.mo@sfgov.org or 415-554-7460.

Sunset District Blueprint Update

In July's newsletter, we discussed the first workshop in our comprehensive Sunset District Blueprint, a proactive plan for short and long term improvements in the Sunset District. The first of five interactive workshops was held on June 13th and focused on Transportation and Pedestrian Safety.

The second workshop on Land Use was held on Thursday June 18th, and over 40 community members showed up to provide their input on land use issues in the Sunset District. Participants focused on discussing three facets of Land Use: permitting and zoning; policy; and specific geographic issues and opportunities through an interactive mapping activity. Residents worked with representatives of city agencies including the Planning Department, the Public Utilities Commission and the Recreation and Park Department to discuss their ideas and submit their suggestions for the Blueprint.

The third workshop on Economic Development will take place at Rolling Out Café at 1722 Taraval Street (near 27th Avenue) on September 19th from 6:30pm-8:00pm. Economic development includes workforce development, business attraction and retention, beautification, art and culture, and neighborhood commercial revitalization in District 4.

Residents can also contribute to the Blueprint during our drop-in hours, listed below:

- Ken & Amy's Eagle Pizzeria - 1712 Taraval St. @ 27th Ave. Wednesday 9/4 at 6pm
- Donut Time - 2401 Noriega St. @ 31st Ave. Wednesday 9/18 at 9am

All of the suggestions brought forth during any of the Sunset District Blueprint workshops can be accessed online at www.sfbos.org/index.aspx?page=14943. Once all of the workshops are complete, our office will develop the Sunset District Blueprint as a comprehensive vision for our community.

Not able to attend any of the scheduled meetings or drop-in hours? You can still participate in the Sunset District Blueprint project by filling out our online survey (available in English and Chinese) at www.surveymonkey.com/s/KG6FVMQ, emailing ashley.summers@sfgov.org or calling our office at (415) 554-7460. We would love to hear from you!

Transit Effectiveness Project

Draft Environmental Impact Report Available

By: Yelena Gankin, District 4 Intern

On July 10, the City and County of San Francisco published a draft of the Environmental Impact Report (EIR) for the Transit Effectiveness Project (TEP). The SFMTA conducted a comprehensive evaluation of transit service that examined route and line performance, travel time, reliability, and ridership throughout the Muni system. The proposed transit service changes impacting District

4 include:

- Change to the midday frequency of the **28 and 28L** lines from 12 to 9 minutes;
- Change to the midday frequency of the **71L** from 12 to 10 minutes;
- Stop consolidations for the **28L**, with the line operating 7 days a week from 6am to 9pm
- Proposed travel reduction times for the **L-Taraval and the N-Judah** at various locations
- Elimination of stops along Lake Merced Boulevard between John Muir Drive and Font Boulevard on the **18 line**.

For details on these service changes, visit the TEP website at www.sfmta.com/projects-planning/projects/tep-transit-effectiveness-project.

The EIR discloses environmental impacts on the city of San Francisco as a result of changes by the project. Impacts considered include noise, air quality, and transportation and circulation. The EIR also includes mitigation measures and project alternatives. The San Francisco Planning Department is currently accepting comments from the public on the draft EIR report until 5pm on August 26, 2013. To provide comments regarding this report, email sarah.b.jones@sfgov.org or send feedback to:

SF Planning Department
Attention: Sarah Jones, Acting ERO
1650 Mission Street, Suite 400
San Francisco, CA 94103

To provide comments to the SFMTA regarding project proposals, please send feedback to:

SFMTA
1 South Van Ness, 7th Floor
San Francisco, CA 94103

In addition, a public hearing on the Draft EIR will be held before the **Planning Commission in Room 400 of City Hall on August 15, 2013 at noon**. For more information on the Transit Effectiveness Project or the Draft Environmental Impact Report, visit: www.sf-planning.org/index.aspx?page=2970#study.

Legislative Update:

Massage Establishment Enforcement

On July 30, Supervisor Tang introduced legislation designed to address enforcement issues with massage parlors in our city. For years, our office has heard from the community about potentially illegal activity taking place in some of our massage parlors in our district. We have also seen blatant advertisements in newspapers, highlighting some of the alternative services that one can receive at our local massage establishments. Our office then conducted an informal survey of massage parlors located in the Sunset District, and have found at least 30 such establishments operating in our district alone.

Regardless of whether these establishments are operating in compliance with local, state or federal laws, this is an enormous over-concentration for this type of use in our neighborhood. Additionally, a relatively recent addition to state law from 2008 limited the ability of local governments to regulate massage establishments if all of the therapists in a massage establishment are certified under the California Massage Therapy Council, which is a voluntary licensing program. Supervisor Tang believes that current state law regulating the massage industry has created many loopholes in terms of enforcement, and several other jurisdictions throughout California are also coming to this realization.

Through this legislation, our office hopes to accomplish two things: 1) codify penalties for violations of health codes concerning massage parlors. What we found is that current penalties are only recommendations and not actually codified in the public health code; and 2) introduce additional regulations concerning massage parlor operations that are allowable under state law.

These additional regulations include:

- Requiring massage practitioners licensed by the Department of Public Health to wear a photo identification card;
- Authorizing denial of a massage establishment permit to an applicant who has been convicted of specified crimes and providing for a subsequent appeal process for anyone denied a permit;
- Prohibiting sexual activity, and consumption of alcohol and non-prescription drugs on the premises of a massage establishment during business hours;
- And providing other health and safety requirements

When drafting the legislation, we took into consideration the safety concerns of potential victims of human trafficking. We also wanted to respect establishments that are operating in compliance with local, state and federal laws.

This legislation is just a small component of a larger discussion that Supervisor Tang is participating in with our city departments to figure out how we as local government can do our part to better help address the issue of human trafficking.

The legislation will next be considered at a committee hearing following legislative recess in the fall prior to being voted on by the full Board of Supervisors.

Supervisor Tang Honors Local Principals

In July, our office honored a pair of outstanding principals, **David Wong, of Francis Scott Key Elementary School, and Beverly Dobrus, of Lawton Alternative School**, at the July 9th Board of Supervisors meeting for their many years of outstanding service to our youth and the community. Mr. Wong has received a promotion to Assistant Superintendent of Elementary Schools for the San Francisco Unified School District (SFUSD), while Mrs. Dobrus has retired after 40 years of service as an educator.

Mr. Wong leaves Francis Scott Key after thirteen years of great achievements. Under his leadership, the school has received seven Title I Achievement Awards, awarded to schools that have demonstrated success in closing the achievement gap between high and low-performing students. Mr. Wong has also consistently worked hard in bringing new technology to the school, with FSKey receiving not only a new computer lab for the school, but also having interactive white boards installed in every classroom. However, Mr. Wong's creativity and helpfulness extend beyond the classroom, as he has created opportunities for students to participate in afterschool activities to help expand their social experiences inside and outside the classroom. Mr. Wong also initiated a food pantry to provide economically-disadvantaged families access to more healthy foods. In 2011, Mr. Wong received the Mayor's Principal of the Year Award, which serves as a testament to his outstanding ability to promote student achievement, accountability, equity, and access in the classroom.

Mrs. Dobrus leaves Lawton Alternative after twelve years of great accomplishments as well. During Mrs. Dobrus' tenure as Principal, Lawton was awarded a California Distinguished School Award, given to exemplary and inspiring schools in the state. Mrs. Dobrus has also brought a multitude of activities for Lawton students to grow in and enjoy, such as expanding athletic programs, bringing in more arts programs, implementing the Lawton-First Tee Golf Program, forging relations with the YMCA to bring programs to the school, and starting before and after-school Mandarin teaching programs. In 2009, Mrs. Dobrus was awarded the Assembly District 12 Woman of the Year Award for her outstanding service to the Lawton community.

Although we are sad to lose two outstanding District 4 Principals, we are grateful for their contributions to our school community and neighborhood. Mr. Wong and Mrs. Dobrus have enriched the lives of many students and families, and we extend our deepest appreciation to them for their years of service.

Ms. Dobrus

Mr. Wong

Mayor Lee Introduces the Pathway to Citizenship Initiative

In July, Mayor Lee announced the Pathway to Citizenship Initiative. Through this three-year public private partnership, the City will work with social service providers, including Self Help for the Elderly, to reach out to at least 25,000 citizenship-eligible residents in the San Francisco. There are an estimated 100,000 known citizenship-eligible residents in the Bay Area. Many of these residents are unaware of the services available to them.

The citizenship process can be difficult to navigate and can be burdensome for those who have language barriers. The goal of the program is to reach out to eligible residents and offer free naturalization workshops, legal advice, and translation assistance. This initiative endeavors to support our communities by enhancing economic opportunities, access to education and health care, creating stability for families, and improving civic participation. For more information, visit the Office of Civic Engagement & Immigrant Affairs website at: www.sfgsa.org/index.aspx?page=957 or call (415) 581-2360.

Sunset High School Students Win Environmental Presentation Contests

Supervisor Tang, along with the Asian Week Foundation, Chinese American Environmental Professionals Association (CAEPA), honored two winners of the CAEPA 2013 Environmental Contest. Amanda Tse and Reanna Lao of Lincoln High School won first and second place with their detailed presentations on air pollution. Amanda was recognized for her historical overview, technical analysis and strategies to control pollution. Reanna's presentation focused on health impacts and stakeholders' roles in addressing air pollution. We are very proud of these two Lincoln High School students for their passionate and outstanding presentations on this important issue. Students from all over the Bay Area were invited by CAEPA to submit PowerPoint presentations of an environmental issue impacting the community today and generations to come. CAEPA promotes environmental education and career opportunities among Asian American students. For more information, go to: www.caepa.us.com.

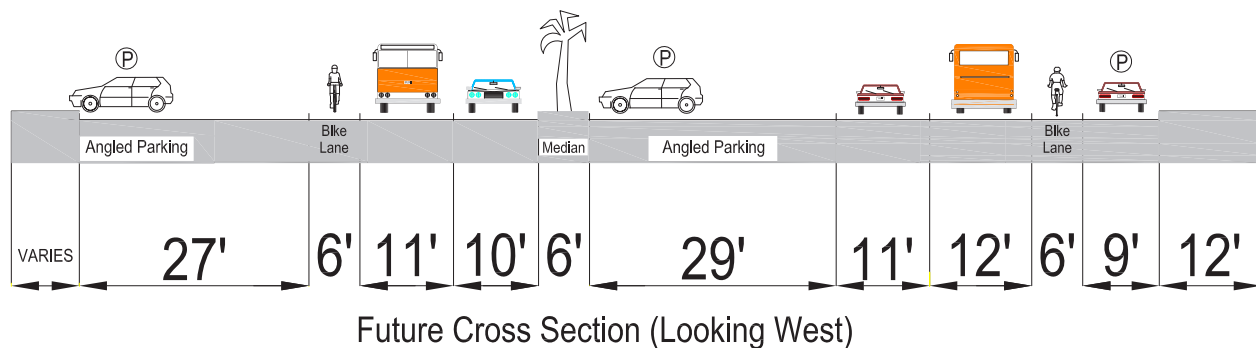

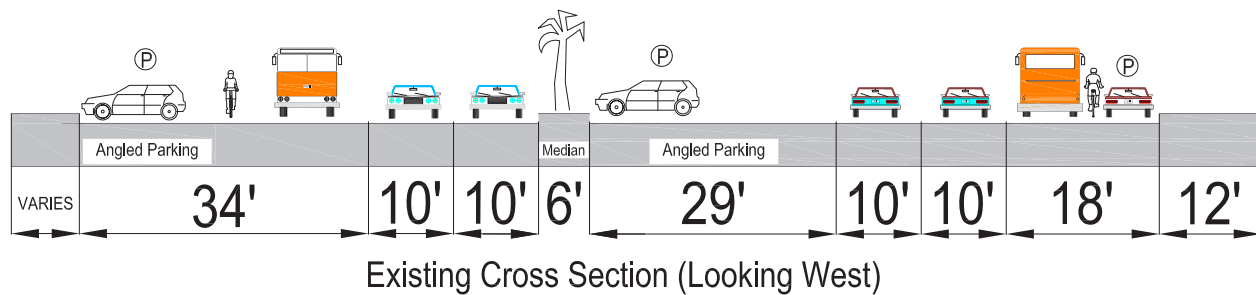

Update on Sloat Boulevard Projects

A project from the 2009 Bike Plan aimed at reducing speeding and improving pedestrian safety at Sloat Boulevard between Skyline and the Great Highway is currently underway through the San Francisco Municipal Transit Agency. This project includes the creation of bike lanes, the removal of a lane of travel in both the eastbound and westbound directions, and the installation of higher visibility continental crosswalks.

This project is one of several designed to make Sloat Boulevard a safer place for pedestrians, bicyclists and motorists. In 2012, Caltrans created a road diet by reducing traffic lanes in both directions from 19th Avenue to Everglade. In addition to the road diet, bike lanes were also added. The Department of Public Works has also been working on the Sloat Boulevard Pedestrian Safety Project (details here: www.sfdpw.org/index.aspx?page=1688). This project includes pedestrian refuges, bulb-outs, pedestrian countdown signals, accessible curb ramps, streetlights, and a new mast-arm traffic signal that can be activated by pedestrians.

In addition to this project, the SFMTA began construction of bike lanes on the City portion of Sloat Boulevard between Skyline and the Great Highway. This is a project from the 2009 Bike Plan that will reduce speeding and make pedestrian crossings of Sloat easier by removing an unneeded travel lane from each direction and adding a bike lane. Higher visibility continental crosswalks are also planned for installation.

For more information on SFMTA's Livable Streets Program, visit www.sfmta.com/about-sfmta/organization/divisions-and-units/livable-streets.

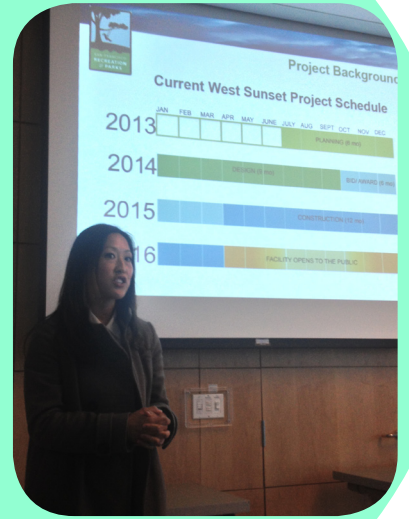

Upcoming Improvements to Sunset Green Space

West Sunset Field

In 2012, voters passed Proposition B, the **Clean and Safe Neighborhood Park Bond Project**. This gives the Recreation and Park Department an additional \$195 million to continue capital projects for the renewal and repair of our parks, recreation and open space assets. The 2012 Bond includes funding for 15 neighborhood parks, improvements to Golden Gate Park, McLaren Park and Lake Merced, as well as renovations to the parks' support infrastructure.

One of the neighborhood parks slated to be improved is West Sunset Playground, located between Sunset Elementary School and A.P. Giannini Middle School at Ortega and Quintara Streets. This project, with \$13.2 million in funding, may include renovation of sports courts, natural turf fields, including the bleachers, storage facility, restrooms, support space, and related park amenities. The first community meeting was held on July 10 at the Ortega Branch Library. For upcoming meetings or to learn more about the project, visit <http://sfrecpark.org/project/west-sunset-playground-2012-bond/>. If you have questions or comments on this project, please contact Dan Mauer, Landscape Architect, by phone at (415) 581-2542 or at dan.mauer@sfgov.org.

Sunset Boulevard Greenway

The Public Utilities Commission is currently working on upgrading San Francisco's sewer infrastructure with the **Sewer System Improvement Program (SSIP)**. San Francisco's combined sewer system is 100 years old; and with an 80% chance that an earthquake of 6.0 magnitude or higher will impact us within the next 20 years, the City is upgrading the sewer system to ensure the overall vitality of our City's public health and the environment. Improvements are in three areas:

GREY: Upgrade critically aging and seismically vulnerable grey infrastructure like pump stations and treatment facilities.

GREEN: Build innovative green infrastructure to reduce stormwater flows into our sewer system while enhancing neighborhoods.

CLEAN: Ensure that only treated water will be released into the Bay and Pacific Ocean protecting the health of our community and the environment.

One of the GREEN improvements will be to Sunset Boulevard. Wide streets with large landscaped areas provide ample opportunity to improve stormwater management. Improvements to Sunset Boulevard may feature rain gardens, trail improvements, beautification, habitat enhancements, public education, and opportunities for youth. Currently, this project is in the planning phase. A community open house was held on July 25. Design will begin in spring of 2014, and construction will be complete by late 2016. For more information on the Sunset Boulevard Greenway Project, visit www.sfwater.org/index.aspx?page=682. If you have questions or comments on this project, please contact Teresa Young by phone at (415) 554-3274 or at tyoung@sfwater.org.

San Francisco Zoo Has Baby Boom

By: Bob Wu, District 4 Intern

Over the past few months, the San Francisco Zoo has experienced a baby boom, welcoming several new animals into the Zoo family. Among the newcomers are: **Jillian, a Sumatran tiger cub; Brennan, a Chacoan Peccary pup; a waddle of baby penguins; and Erin, a reticulated baby giraffe.** And on July 17, a brand new female western lowland gorilla was born! On July 9, Supervisor Tang visited the San Francisco Zoo to learn more about their animals, exhibits and programs from Zoo Director Tanya Peterson.

Since its opening in 1929, the San Francisco Zoo has offered many programs and camps to support the San Francisco community. Every month, the Zoo offers a free day where San Francisco residents can visit all of the Zoo's exhibits free of charge. Check the Zoo's website at www.sfzoo.org/plan-hours-prices to check for upcoming free days for San Francisco residents. The Zoo also offers camps for children (offered during the summer, spring, and winter); as well as teen internships for volunteers who wish to learn even more about the Zoo. The Zoo also hosts many activities, such as crafts, games, and tours, among various other programs. This August, the San Francisco Zoo will be holding its **Family Overnight from August 3rd through the 4th.** To learn more about Overnights at the Zoo, visit: www.sfzoo.org/overnights.

This month's **free day will be on August 7** - bring your valid driver's license or a utility or phone bill with your name and address along with valid photo identification, and receive free admission. For more information on the San Francisco Zoo, visit www.sfzoo.org or call (415) 753-7080.

Merchant Spotlight: Dumpling Kitchen

By: Kavin Lam, District 4 Intern

Dumpling Kitchen is a family friendly Shanghainese restaurant located in the Parkside Area, at 1935 Taraval St (between 30th and 29th Ave). They are known for their Xiao Long Bao, which are steamed pork dumplings with a paper thin skin; their Shanghai-style pan fried pork buns; and their homemade soy milk. Their menu also contains a plethora of Chinese-style noodles and steamed dumplings. Their onion pancakes are not to be missed – these pancakes are crunchy on the outside and fluffy on the inside with just enough onion flavor.

There is plenty of room for seating and the food comes out quickly as well as hot and fresh. If you are hungry or need a quick bite, come by Dumpling Kitchen!

Dumpling Kitchen

1935 Taraval St

(between 30th Ave & 29th Ave)

San Francisco, CA 94116

Open: Mon-Fri 11am-9:30pm

Sat, Sun, Holidays 10:30am-9:30pm

August's Adoptable Animals from San Francisco Animal Care & Control

The San Francisco Department of Animal Care and Control is San Francisco's only open door animal shelter that accepts any animal, in any condition, of any temperament. SF ACC is responsible for the City's stray, injured, abandoned, neglected and mistreated animals, of all species, including wildlife. Services include adoptions, lost pets, animal law enforcement, dog licensing, animal cruelty and abuse investigations, animal rescue, and disaster planning for pets. SF ACC is committed to the delivery of effective, courteous, and responsive animal care and control services to the residents of San Francisco.

San Francisco Animal Care & Control

1200 15th Street @ Harrison Street

(415) 554-6364

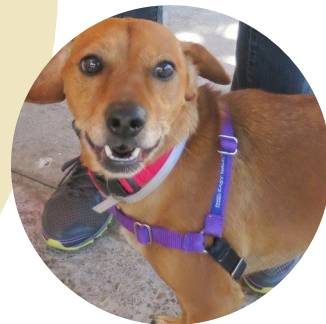

www.animalshelter.sfgov.org

Buddy Boy ID: A341351 is a special adoption and is an 11 year old Domestic Shorthair. Buddy Boy is a mellow, handsome and sweet senior cat boy.

Talomo ID: A340291 is a sweet, charming, big bunny that likes to cuddle and jump. His lop-sided ears add to his charm!

Dagwood ID: A341060 is a sweet, gentle, mellow 5 year old Dachshund/Beagle mix.

UPCOMING EVENTS

August 1 | Thursday | 7:00pm

People of Parkside Sunset (POPS) Monthly Meeting

(formerly Taraval Parkside Merchants Association)

POPS sponsors special events, advocates on behalf of the neighborhood, and works with residents and other merchants to improve the community.

Taraval Police Station | 2345 24th Avenue @ Taraval Street

For more information: www.sf-pops.com

August 2 | Friday | 8:00am to 5:00pm

Conference to End Child Sex Trafficking

San Francisco Collaborative Against Human Trafficking presents a conference to fight child sex trafficking. Join educators, health care providers, law enforcement, government agencies, and community organizations to learn best practices, the latest legislation, and strategies for agencies and the community to coordinate anti-trafficking efforts and assist victims. Supervisor Tang will give welcoming remarks.

San Francisco Federal Building | 90 Seventh Street @ Mission Street

For more information, and to register: www.sf-hrc.org/index.aspx?page=216

August 3 | Friday | 3:00pm

Parkside Library Book Swap

Want to trade? Join the Parkside Branch Library for a "Saturday Swap" series. Meet your neighbors, enjoy light refreshments, and "go green" by exchanging your gently used items for newfound treasures. Make sure your items are in good shape. If you bring one, you may take one, bring two - take two, and so on! Open to all ages.

Parkside Library | 1200 Taraval Street @ 22nd Avenue

For more information: www.sfpl.org/index.php?pg=0100002401

August 4, 11, 18 | Sundays | 2:00pm

Stern Grove Festival 76th Season

Every year since 1938, these admission-free performances have brought outdoor entertainment to San Francisco.

Every Sunday this summer, come enjoy family-friendly art, music and entertainment. August 4: Shuggie Otis;

August 11: Pink Martini; August 18: San Francisco Opera.

Stern Grove Park | 19th Ave. at Sloat Blvd.

For more information: www.sterngrove.org

August 10 | Saturday | 3:00pm

Parkside Library's Talent Show

Can you sing, dance, tell jokes or play an instrument? Share your talent with a live audience. Sign up in advance with a library at (415) 355-5770. Ages 5+ and teens encouraged to participate.

Parkside Library | 1200 Taraval St. at 22nd Ave.

For more information: www.sfpl.org/index.php?pg=0100002401

August 10 | Saturday | 1:00pm to 4:00pm

Ortega Library: Teen Gaming

Vie for the title of best gamer in the Sunset! Bring a friend to challenge in a movie theater-type environment. Games available, but feel free to bring your own Wii games.

Ortega Library | 3223 Ortega St. at 39th Ave.

For more information: www.sfpl.org/index.php?pg=1100000101&l=16

UPCOMING EVENTS

August 14 | Wednesday | 5:30pm

Outer Sunset Merchants and Professionals Association (OSMPA)

The OSMPA fosters the trade and industrial interests of its membership, promotes the advancement of the Irving Street District; and provides a place for the open exchange of ideas, discussions and adoption of methods and policies for the good of the neighborhood and the members.

Hard Wear Store | 2401 Irving Street at 25th Avenue

For more information: www.irvingstreetmerchants.com

August 14 | Wednesday | 6:00pm to 8:00pm

Irving Streetscape Improvement Project Community Meeting #2

This project extends from 19th to 26th Avenues and is currently in the planning phase. Come give your input on what you'd like to see happen in this vital commercial corridor. This community meeting will include a presentation and showcase of the preliminary design as well as a question and answer period.

For more information: www.sfdpw.org/index.aspx?page=1696

St. Anne of the Sunset | 850 Judah Street @ Funston Street

August 17 | Saturday | 10:00am to 12:00pm

Back-to-School Supply Drive for Sunset Families

Our office has partnered with Walgreens to provide free back-to-school supplies to Sunset families. Come pick up supplies for your child to prepare them for their first day of a new school year! Donate to the drive at participating Walgreens including: 2050 Irving St. @ 22nd Ave, 1201 Taraval St. @ 22nd Ave., 3001 Taraval @ 40th Ave., 1750 Noriega St. @ 25th Ave., 2550 Ocean Ave. @ Junipero Serra Blvd.

To Pick Up Supplies: West Sunset Playground | 3223 Ortega Street @ 39th Avenue

For more information, call Carol Mo (415) 554-7360 or email carol.mo@sfgov.org

August 17 | Saturday | 3:00pm

Ortega Library: Teen Movie : House at the End of the Street

Horror/Thriller, 2012, Rated PG-13: A mother and daughter move to a new town and find themselves living next door to a house with a sordid past. When the daughter befriends the young man living in the house, she learns the story is far from over.

Ortega Library | 3223 Ortega St. at 39th Ave.
