

## **LONDON N. BREED**

**April 16, 2014**

### **Sunday, April 20th Activities in Golden Gate Park and the Haight-Ashbury**

This Sunday, April 20th, will see not only Easter celebrations throughout the City, but the likely return of an informal and unpermitted "4/20" gathering in Golden Gate Park and the Haight, which has caused significant problems in the community over the years and was particularly problematic last year.

Crowds strained police, Muni, and park resources, overwhelmed residential streets, and in several instances, damaged public and private property. Traffic came to a standstill as cars swarmed the area. Garbage overflowed from curbside cans that proved unequal to the occasion. And on Sunday, 4/21, staff and volunteers with the Recreation and Parks Department had to laboriously collect over 10,000 pounds of litter left in the parks, not to mention the trash collected by the Department of Public Works from the upper Haight to Hayes Valley.

I am determined not to allow these impacts again this year. Over the past months, I have worked closely with the Police and Parks Departments, Mayor Lee's office, and the MTA on a comprehensive city approach to this event. There is no sponsor for 4/20, no organizer to hold to account. But I want the community to know that their Supervisor and their government are doing everything possible to ensure a safe, peaceful April 20th for both visitors and residents.

San Francisco, as always, welcomes celebrants with open arms, but this Sunday there will be boundaries to keep the community safe, and there will be no tolerance for anyone using 4/20 as an excuse to harm our parks or neighborhoods.

- There will be increased law enforcement presence both uniform and plainclothes—including Juvenile Probation Officers—in the Park, upper and lower Haight, and surrounding neighborhoods with a strict enforcement approach to all code violations.
- Parking is very limited in the area, and there will be Parking Control Officers (PCOs) ticketing and/or towing vehicles parked illegally in any way, e.g. on lawns or in neighbors' driveways. PCOs will also be deployed at busy intersections to keep traffic and transit moving.
- Unpermitted booths and concessions in the Parks will not be allowed. Such enterprises will be immediately cited and removed.

- Traffic control officers, SFPD, and Muni will be on hand in the afternoon to help move visitors out of the neighborhoods quickly and safely. Muni will reroute buses off Haight Street between Stanyan and Masonic to avoid delays.

If our neighborhoods and parks are expected to continue hosting a large gathering, without an organizer or any resources beyond those provided by the taxpayer, we must all be vigilant in ensuring the event is safe, clean, and responsible.
