Clerk to Act – February 2, 2010

Board Minutes for January 5, 2010 approved.

Requests Granted

From: Supervisor Campos

To: Director, Recreation and Park Department

Requesting/Inquiring: Garfield is one of the most used pools. Garfield pool is essential to district health especially among certain demographic groups. It is crucial for the children of the Mission (and students who come with the school program) to have Garfield to learn to swim, fight diabetes and childhood obesity, etc.

A significant number of my constituents have expressed frustration with respect to RPD's approach to work on Garfield pool, as well as disparities between access to pools depending on district. In light of this, please respond to the following queries:

- Usually, the pools are maintained every year, closed for 2-5 weeks a year. We have been told that there was no significant maintenance for Garfield this year. Is this the case?
- This year, we were assured by Aquatics and Parks and Rec that there was money budgeted for repairs and it would reopen Feb. 1 at the latest. What became of the aforementioned money? A line item accounting of where said money was and has gone would be appreciated.
- Last week, we heard that there were more serious repairs – the shell of the pool needs to be relined or repainted. The pool was closed in Oct. and we have been told that no significant work has been done since then. Why?
- There's the issue of overhead lights not working. We've been told that RPD has known about this issue for at least a year. Have lights been ordered? Were estimates made for the inside roof work? How does RPD plan to deal with these issues and in what timeframe?
- RPD manages nine pools; is the cost of resurfacing not already a known quantity? Constituents have conveyed that it is common knowledge amongst users and staff that Garfield pool needed to be resurfaced. Is that the case? If so, does the resurfacing constitute a newly realized expense? Was no work performed at Garfield for more than 2 months? Has RPD been planning to close the pool for some time?
- If running the pools is a money loser, why not cut back equally at all the pools, rather than eliminate all swimming for an entire neighborhood? Perhaps there is a need for a citywide pool hours equity plan; RPD's thoughts on this matter are welcomed. All of the pools are important city resources, Garfield is no different.
Your prompt response on this important matter is very much appreciated.
Thank You.

From: Supervisors Maxwell and Dufty

To: City Attorney

Requesting/Inquiring: Requesting the City Attorney to draft legislation to:

1. Modify Administrative Code Chapter 6.68 to allow, for the Bayview Library Project, "Cost-and-Quality" based selection in an Integrated Project Delivery approach, similar to that which already exists for "Design-Build" elsewhere in the code.
2. Authorize the contracting authority to limit the solicitation to firms legally based in the zip code in which the project is located.

From: Supervisor Mirkarimi

To: Director, Department of Public Works
