As Revised May 1, 1998

Rule 5.40 provides that when an ordinance or resolution is introduced which would **create or revise major city policy**, the committee to which the legislation is assigned shall not consider the legislation until at least thirty days after the date of introduction. The provisions of this rule shall not apply to the routine operations of the departments of the City or when a legal time limit controls the hearing timing. In general the rule shall not apply to hearings to consider subject matter when no legislation has been presented, nor shall the rule apply to resolutions which simply **urge** action to be taken.
