18 20 22 Resolution supporting the Senior Action Network's OURx Bill of Rights and urging the

California State Legislature to approve the legislative package.

WHEREAS, Prescription drug costs have increased by double-digits in recent years, and all Californians are paying the price; and

WHEREAS, Prescription drug coverage is shrinking, co-pays are rising, and consumers face more and more difficulty paying for the medications that they need; and,

WHEREAS, The OURx Bill of Rights Campaign – representing seniors, working people, consumers and California families - believes that consumer needs should come first, including access to safe, effective and affordable prescription drugs that are purchased in a fair and transparent marketplace; and,

WHEREAS, All Californians deserve access to the information they need to make informed choices about their own prescription drugs, including a reliable State resource for safe Canadian pharmacy options; and.

WHEREAS, The OURx Bill of Rights seeks to establish new state laws protecting physicians' prescribing data, codifying voluntary guidelines issued by Pharmaceutical Research and Manufacturers of America regarding gifts, meals and other inducements offered to physicians and other prescribers to ensure that marketing and pricing practices within the prescription drug market are fair and do not disadvantage consumers; and.

WHEREAS, In order to ensure that State and Federal governments explore all possible avenues making prescription drugs more affordable for California consumers and taxpayers, the OURx Bill of Rights would mandate cost-saving efforts on the part of Medi-Cal, call of on the federal government to amend the Medicare drug bill prohibiting them from

negotiating Medicare drug prices, and requiring legislative oversight of DHS Medi-Cal rebates in light of a recent Inspector General finding that California is owed almost \$1.3 billion for unpaid rebates; now, therefore, be it
