

1 *[Supporting Aerial Spraying of Pesticide: Inert Ingredients Act]*

2 **Resolution urging the City and County of San Francisco to support Senate Bill 759,**

3 **Aerial Spraying of Pesticide: Inert Ingredients Act**

4 WHEREAS, The Board of Supervisors of the City and County of San Francisco is
5 deeply concerned about the public health and safety risks posed by aerial pesticides

6 WHEREAS, Aerial pesticide spraying is an outdated, inefficient practice that poses
7 unacceptable exposure and risks; and

8 WHEREAS, Californians who live and work in communities that are exposed to
9 pesticides—especially aerial pesticides sprayed from a helicopter or plane—face a well-
10 documented risk of developing a broad array of acute and long-term adverse health
11 conditions; and

12 WHEREAS, more than 500 ingredients that have been classified as inert have also
13 been or are currently also used as active ingredients; and

14 WHEREAS, Recent research has shown that so-called inert ingredients may increase
15 the toxicity of pesticides to developing nervous systems, cause genetic damage, and disrupt
16 the normal function of hormonal systems; and

17 WHEREAS, Children, the elderly, pregnant women, and those with compromised
18 immune systems and chronic illness, are more vulnerable to the adverse health effects of
19 pesticide exposure; and

20 WHEREAS, The U.S. Environmental Protection Agency emphasizes that children are
21 at a greater risk for some pesticides, as their internal organs are still developing and maturing,
22 and their immune systems may provide less natural protection than those of adults; and
23
24
25

1 WHEREAS, The elderly and those already ill are especially susceptible to adverse
2 effects from pesticide exposure because of the extra vulnerability of their respiratory systems
3 and lower immune function; and

4 WHEREAS, The California Department of Pesticide Regulation annual reports of the
5 ~~numbers of people poisoned by aerial pesticide spray exposure does not account for the long-~~
6 term effects of pesticide exposure, such as cancer and birth defects; and

7 WHEREAS, The City of San Francisco and the greater Bay Area contain numerous
8 sites where sensitive populations congregate, including schools, hospitals, day care centers,
9 senior citizen centers and residential care homes; and

10 WHEREAS, The City of San Francisco and the greater Bay Area opposes food
11 production practices that put the residents of any area at risk of aerial pesticide exposure; and

12 WHEREAS, Senate Bill 759, requires the Office of Environmental Health Hazard
13 Assessment to use prescribed information regarding the effects of pesticides, including inert
14 ingredients, to develop educational material for distribution to physicians and surgeons and to
15 the public, and requires that "inert" ingredients, many of which pose serious health and
16 environmental risks, are disclosed to the public before being applied aerially by a state
17 contractor.
18

19 RESOLVED, That the City and County of San Francisco supports and endorses SB
20 759, The Aerial Spraying of Pesticide: Inert Ingredients Act and urges the California Assembly
21 and Senate to pass SB 759, and urges the Governor to sign SB 759 into law.
