

**LONDON N. BREED**

January 16, 2015

In my capacity as President of the Board of Supervisors, I am pleased to announce the Board's committee assignments for 2015.

These assignments provide a broad diversity of committee chairs, with Supervisors: Cohen, Mar, Farrell, Kim, Avalos, and Yee all in leadership positions.

We maintained an experienced budget team while also bringing in new perspectives from Supervisors Yee and Tang. (Supervisor Tang is actually both new and experienced, having previously staffed then-Budget Chair Supervisor Carmen Chu and worked in the Mayor's budget office.)

The Land Use committee continues to reflect the areas of the City with the most development, and has a renewed emphasis on transportation, which is not only a major city priority, but a fundamental part of any land use conversation.

We have two former Presidents of the Board of Education and the former General Counsel to the School District—Supervisors Kim, Yee, and Campos respectively—serving on the City & School District Select Committee.

Amazingly, these committees largely reflect what my colleagues requested. I am fortunate to serve a Board with such a diverse range of interests and experiences. It certainly made my job easier.

I think these are very balanced committees. I am excited to see them do the people's work, and if something is not working, I will make changes accordingly. I also look forward to the very important election of our next Transportation Authority Chair later this month.
