Each owner and permittee owner and its agent is wholly responsible for the quality of the excavation performed in the public right-of-way and both the owner and permittee owner and agent are jointly and severally liable for all consequences of any condition of such excavation and any facilities installed in the public right-of-way. (b) Indemnification, Defense, and Hold Harmless.

(i) Each owner and permittee owner and its agent shall agree on its behalf and that of any successor or assign to indemnify, defend, protect, and hold harmless the City, including, without limitation, each of its commissions, departments, officers, agents, and employees (hereinafter in this subsection collectively referred to as "San Francisco") from and against any and all actions, claims, costs, damages, demands, expenses, fines, injuries, judgments, liabilities, losses, penalties, or suits including, without limitation, attorneys' fees and costs (collectively, "claims") of any kind allegedly arising directly or indirectly from:

(1) Any act by, omission by, or negligence of, owner or permittee owner or its agent, contractors, subcontractors, or the officers, agents, or employees of either such entities, while engaged in the performance of the excavation authorized by the permit, or while in or about the property subject to the permit for any reason connected in any way whatsoever with the performance of the excavation authorized by the permit, or allegedly resulting directly or indirectly from the maintenance or installation of any equipment, facility(ies), or structures authorized under the permit;
(2) Any accident, damage, death, or injury to any contractor or subcontractor, or any officer, agent or employee of either of them, while engaged in the performance of the excavation authorized by the permit, or while in or about the property for any reason connected with the performance of the excavation authorized by the permit, or arising from liens or claims for services rendered or labor or materials furnished in or for the performance of the excavation authorized by the permit;

(3) Any accident, damage, death, or injury to any person(s) or accident, damage, or injury to any real or personal property in, upon, or in any way allegedly connected with the excavation authorized by the permit from any cause or claims arising at any time; and,

(4) Any release or discharge, or threatened release or discharge, of any hazardous material caused or allowed by permittee about, in, on, or under the excavation site subject to the permit or the environment. As used herein, "hazardous material" means any gas, material, substance, or waste which, because of its quantity, concentration, or physical or chemical characteristics, is deemed by any federal, state, or local governmental authority to pose a present or potential hazard to human health or safety or to the environment. "Release" when used with respect to hazardous materials shall include any actual or imminent disposing, dumping, emitting, emptying, escaping, injecting, leaching, leaking, pumping, pouring, or spilling.

(ii) Upon the request of San Francisco, the owner or permittee and its agent, at no cost or expense to San Francisco, must indemnify, defend, and hold harmless San Francisco against any claims, regardless of the alleged negligence of San Francisco or any other party, except only for claims resulting directly from the sole negligence or wilful misconduct of San Francisco. Each owner or permittee and its agent specifically acknowledges and agrees that it has an immediate and independent obligation to defend San
Francisco from any claims which actually or potentially fall within the indemnity provision, even if the allegations are or may be groundless, false, or fraudulent, which obligation arises at the time such claim is tendered to owner or permittee and its agent by San Francisco and continues at all times thereafter. In addition, San Francisco shall have a cause of action for indemnity against each owner and permittee owner and its agent for any costs San Francisco may be required to pay as a result of defending or satisfying any claims that arise from or in connection with the permit, except only for claims resulting directly from the sole negligence or wilful misconduct of San Francisco. Owner and permittee owner and its agent agree that the indemnification obligations assumed under the permit shall survive expiration of the permit or completion of excavation.

(c) Insurance.

(i) Each owner or permittee owner or its agent shall maintain in full force and effect, throughout the term of the permit, an insurance policy or policies issued by an insurance company or companies satisfactory to the City's Controller and Risk Manager. Policy or policies shall afford insurance covering all operations, vehicles, and employees, as follows:

(1) Workers' Compensation with employers' liability limits not less than $1,000,000 each accident;

(2) Commercial general liability insurance with limits not less than $1,000,000 each occurrence combined single limit for bodily injury and property damage, including contractual liability; personal injury; explosion, collapse, and underground (xcu); products; and completed operations;

(3) Business automobile liability insurance with limits not less than $1,000,000 each occurrence combined single limit for bodily injury and property damage, including owned, nonowned, and hired auto coverage, as applicable;
(4) Contractors' pollution liability insurance, on an occurrence form, with
limits not less than $1,000,000 each occurrence combined single limit for bodily injury and
property damage and any deductible not to exceed $25,000 each occurrence.

(ii) Said policy or policies shall include the City and its officers and
employees jointly and severally as additional insureds, shall apply as primary insurance, shall
stipulate that no other insurance effected by the City will be called on to contribute to a loss
covered thereunder, and shall provide for severability of interests. Said policy or policies shall
provide that an act or omission of one insured, which would void or otherwise reduce
coverage, shall not reduce or void the coverage as to any other insured. Said policy or
policies shall afford full coverage for any claims based on acts, omissions, injury, or damage
which occurred or arose, or the onset of which occurred or arose, in whole or in part, during
the policy period. Said policy or policies shall be endorsed to provide 30 calendar days
advance written notice of cancellation or any material change to the Department.

(iii) Should any of the required insurance be provided under a claims-made
form, the insured owner or permittee owner or its agent shall maintain such coverage
continuously throughout the term of the permit, and, without lapse, for a period of three years
beyond the expiration or termination of the permit, to the effect that, should occurrences
during the term of the permit give rise to claims made after expiration or termination of the
permit, such claims shall be covered by such claims-made policies.

(iv) Should any of the required insurance be provided under a form of
coverage that includes a general annual aggregate limit or provides that claims investigation
or legal defense costs be included in such general annual aggregate limit, such general
aggregate limit shall be double the occurrence or claims limits specified above in Subsection
(c)(i).
Such insurance shall in no way relieve or decrease permittee's and owner's and its agent's obligation to indemnify the City under Subsection (b) or any other provision of this Article.

Certificates of insurance, in the form satisfactory to the Department, evidencing all coverages above, shall be furnished to or maintained on file with the Department before issuance of a permit, with complete copies of policies furnished promptly upon the Department's request.

Where a permittee, who is an owner is self-insured, and such insurance is no less broad and affords no less protection to the City than the requirements specified above in Subsection (c), the Department, in consultation with the City's Controller and Risk Manager, may accept such insurance as satisfying the requirements of Subsection (c). Evidence of such insurance shall be provided in the manner specified in Subsection (c)(vi).

(d) Taxable Possessory Interest. Each owner and permittee owner shall acknowledge on its behalf and that of any successor or assign that its permit incorporates the following statements: The owner of the facility(ies) for which the permit to excavate was obtained and the permittee owner of the facility(ies) for which the permit to excavate was obtained recognizes and understands that the permit may create a possessory interest subject to property taxation and that owner and permittee owner may be subject to the payment of property taxes levied on such interest under applicable law. Owner and Permittee Owner agrees to pay taxes of any kind, including possessory interest taxes, if any, that may be lawfully assessed on owner's and permittee's owner's interest under the permit to excavate or for use of the public right-of-way and to pay other excises, licenses, taxes, or permit charges or assessments based on owner's and permittee's owner's usage of the public right-of-way that
may be imposed on the permittee owner by applicable law. Owner shall pay all of such charges when they become due and before delinquency.

SEC. 2.4.40. DEPOSIT.

Each applicant shall submit and maintain with the Department a bond, cash deposit, or other security acceptable to the Department securing the faithful performance of the obligations of the applicant owner and its agent under any permit(s) to excavate and the compliance with all terms and conditions of this Article (the "deposit"). The deposit shall be in the sum of $25,000 in favor of the "Department of Public Works, City and County of San Francisco." Utility and municipal excavators and other frequent applicants may submit a single deposit for multiple excavations so long as a constant balance of $25,000 is maintained on file with the Department. If the Director has deducted from such a deposit pursuant to Section 2.4.46(c), the utility or municipal excavator or other frequent applicant must restore the full amount of the deposit prior to the Department's issuance of a subsequent permit.

SEC. 2.4.41 ADMINISTRATIVE FEE.

Each applicant shall pay to the Department a fee of $25.76 for each block permit issued for a small excavation project, in which excavation is proposed to compensate the Department for the cost incurred to administer the provisions of this Article: a fee of $75.83 for each block contained in a medium excavation project, or a fee of $100.11 for each block contained in a large excavation project. Said fees shall compensate the Department for the cost incurred to administer the provisions of this Article. If the Director grants a permit extension or amendment pursuant to Sections 2.4.20.2 or 2.4.20.3, the permittee shall pay a fee of $60.66 for any block for which the permit has been extended or amended to cover the cost of additional permit review and administration.

SEC. 2.4.42 INSPECTION FEE.
Each applicant shall pay to the Department a fee of $45.16 for each permit issued for a small excavation project, a fee of $50.55 for each calendar day of a medium excavation project, or a fee of $75.81 for each calendar day of a large excavation project. Said fee shall compensate the Department for square foot of pavement to be excavated for the cost of the inspection and regulatory services provided to such applicant when he or she becomes a permittee pursuant to this Article. No inspection fees shall be collected from a municipal excavator when: (a) the municipal excavator pays the Department to manage and inspect the construction or (b) the excavation is to construct, replace, or repair Municipal Railway tracks. If the Director grants a permit extension pursuant to Section 2.4.20.2, the permittee shall pay $45.16 for a small excavation project or the appropriate fees for a medium or large excavation project for each additional calendar day for which the permit is extended to cover the cost of additional permit inspection. If the Director grants a permit amendment pursuant to Section 2.4.20.3 that results in additional permit inspection, the permittee shall pay the fees specified above for permit extensions.

SEC. 2.4.45. REPORT TO BOARD OF SUPERVISORS.

Within one year after adoption or amendment of the street damage restoration fee or other fees set forth in this Subarticle, and every three years thereafter, the Director shall review the proceeds of the street damage restoration fee and such other fees, the costs of repaving and reconstruction reasonably attributed to excavation in City streets, the City's costs to administer this Article and inspect excavations, and any other new information that shall become available, and prepare a report to the Board of Supervisors. Based upon the result of the review, the Director shall recommend to the Board of Supervisors any necessary adjustments to the fees, along with written justification for the recommended adjustment and any necessary legislation. In the event that fee proceeds have exceeded, or are anticipated to exceed, the costs for street repaving and reconstruction reasonably attributable to excavation or the City's costs to administer this Article or inspect excavations, the Director shall recommend...
legislation to the Board of Supervisors that modifies the applicable fee to ensure that fee proceeds do not exceed the costs for street repaving and reconstruction reasonably attributable to excavation or the City's costs to administer this Article or inspect excavations. In the event that fee proceeds have undercollected, or are anticipated to undercollect, for the costs for street repaving and reconstruction reasonably attributable to excavation or the City's costs to administer this Article or inspect excavations, the Director may recommend legislation to the Board of Supervisors that modifies the applicable fee to more accurately recover the costs for street repaving and reconstruction reasonably attributable to excavation or the City's costs to administer this Article or inspect excavations.

SEC. 2.4.46. COLLECTION, RETURN, AND REFUND OF DEPOSIT AND FEES.

(a) Collection of Deposit and Fees. The Director shall establish procedures for billing, collection, and refund of a deposit(s), fees, and other charges provided for in this Article. (iii) In the event that a project is completed prior to the permit expiration date, a permittee may make a written request for a refund of the inspection fee that is proportionate to the number of calendar days the project was completed early. Prior to the issuance of any refund, the Department shall verify the date of completion, that the project has been satisfactorily completed, that all punch list work has been completed, and that there are no outstanding fines or penalties pending against the permittee or its agent. The Department shall not release the requested refund until any and all outstanding fines or penalties pending against the permittee and its agent have been paid. The permittee seeking a refund shall pay the Department a fee of $110 for the cost of the calculation and processing of the refund.

(c) Deductions for Deposits. The Director may make deductions from the balance of a permittee's deposit(s) to ensure the faithful performance of the obligations under a permit to excavate, to pay fees, to offset the costs for any excavation done or repairs made by the Department, or to pay any assessed penalties or costs associated with violations of this Article.

(d) Retention of Deposit for Three Years. Each deposit made pursuant to Section 2.4.40 shall be retained by the City for a period of three years after the satisfactory completion of the excavation to secure the obligations in the permit and this Article.

(e) Return of Deposit. Upon expiration of three years from the satisfactory completion of the excavation, a permittee's deposit(s), less the deductions made pursuant to Subsection (c), shall be returned to the permittee or to its assigns.

If the owner or permittee or its agent should fail, neglect, or refuse to comply with the order, the Director may complete or cause to be completed such excavation in such manner as the Director deems expedient and appropriate. The owner or permittee or its agent shall compensate the Department for any costs associated with the administration, construction, consultants, equipment, inspection, notification, remediation, repair, restoration, or any other actual costs incurred by the Department or other agencies, board, commissions, or departments of the City that were made necessary by said excavation. The cost of such work also may be deducted from the permittee’s deposit pursuant to Section 2.4.46(c). The Director’s determination as to the cost of any work done or repairs made shall be final. In addition, the owner or permittee,
owner, its agent, or other responsible party may be subject to those enforcement actions set forth in Subarticle VII.

(e) Subject to the limitation set forth in Section 2.4.70, completion of an excavation or restoration by the Department in accordance with Subsection (d) shall not relieve the owner or permittee owner or its agent from liability for future pavement failures at the excavation site.

SEC. 2.4.70. REPAIR AND MAINTENANCE OBLIGATION OF PERMITTEE OWNER AND AGENT.

Each owner and permittee owner and its agent that excavates or causes to be made an excavation in the public right-of-way shall be responsible to maintain, repair, or reconstruct the site of the excavation so as to maintain a condition acceptable to the Director until such time as the public right-of-way is reconstructed, repaved, or resurfaced by the Department.

SEC. 2.4.80. VIOLATION OF ARTICLE.

(a) The Director shall have authority to enforce this Article against violations thereof. Upon the Director's determination that a person has violated any provision of this Article, the standard plans and specifications, notices, orders, or regulations of the Department; any term, condition, or limitation of any permit; or is subject to any outstanding fees, deposits, or other charges, the Director shall serve notice on said person to abate the violation. In assessing the amount of the administrative penalty, the Director may consider any one or more of the following: the nature and seriousness of the misconduct, the number of violations, the persistence of the misconduct, the length of time over which the misconduct occurred, the wilfulness of the violator’s misconduct, and the violator’s assets, liabilities, and net worth.

Any enforcement costs imposed and recovered shall be distributed according to the purpose for which the Director imposed them.

(d) Accrual of Penalties and Costs. Penalties and costs assessed under this Section shall continue to accrue against the responsible party for the violation until the violation of this Article is corrected or otherwise remedied in the judgment of the Director or the responsible party pays the assessed penalties and costs. If such penalties and costs are the subject of a request for administrative review or an appeal, then the accrual of such
penalties and costs shall be stayed until the determination concerning the administrative penalties is final.

(e) Notice Imposing Administrative Penalties. If the Person designated as the responsible party fails to remedy the violation within the time specified in the notice of violation or if the violation is incurable pursuant to Section 2.4.81(a)(3), the Director shall notify in writing the responsible party of the Director's imposition of administrative penalties. This notice shall include the amount of the penalties and costs and declare that such penalties and costs are due and payable to the City Treasurer within thirty (30) calendar days. The notice also shall state that the Person designated as the responsible party has the right, pursuant to Subsection (g), to request administrative review of the Director's determination as to the designation of the responsible party and the assessment of penalties.

(f) Finality of the Director's Determination and Collection of Assessed Penalties. If no request for administrative review is filed pursuant to Subsection (g), the Director's determination is final.
