[Real estate loan counseling and education program.]

Ordinance adding Chapter 92 to the Administrative Code approving a pilot consumer counseling and educational program in the Department of Aging and Adult Services, including distribution of educational materials on predatory loan practices, and provision of individual loan counseling for loans secured by San Francisco residential property.

Note: All sections are new.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Administrative Code is hereby amended by adding Chapter 92, to read as follows:

CHAPTER 92: REAL ESTATE LOAN COUNSELING AND EDUCATION

Section 92.1 FINDINGS AND PURPOSE

This Board makes the following findings:

1. Many San Franciscans, particularly poor, elderly, and minority residents, have expressed concern and apprehension regarding home lenders who aggressively market high-cost home loans in their neighborhoods and who may engage in unfair or fraudulent credit practices with the potential to destroy financial resources based on home equity.

2. The HUD Treasury Task Force on Predatory Lending, in its report entitled “Curbing Predatory Home Mortgage Lending” (the “HUD/Treasury report”), has documented and analyzed the problem of predatory lending in home mortgage lending. The HUD/Treasury report identified the four major predatory practices occurring in the sub-prime lending market as “loan flipping” (successive refinancing with added fees and prepayment penalties), “packing” (unjustifiably high fees and hidden fees), “asset based lending” (lending without...
regard for the borrower’s ability to pay) and outright fraud and abuse. The burden of these practices fall predominantly on minorities, women and the elderly in minority or low-income neighborhoods without access to mainstream sources of credit.

3. The HUD/Treasury report found that consumer literacy and disclosure would assist borrowers in avoiding predatory practices and recommended expanded access to consumer loan counseling.

4. The State legislature recently passed AB 489, adding Division 1.6 to the Financial Code, and imposing requirements on consumer loans secured by real property. AB 489 prohibits various practices associated with predatory lending and provides civil penalties for violations.

5. State and federal regulation of real estate lenders and loans, in combination with legally mandated loan disclosure requirements are insufficient to provide protection of targeted communities against the abuses of predatory lenders. The Board finds that an consumer counseling and education program at the local level is the most effective way to provide consumer protection against predatory lending practices within the City and County of San Francisco.

6. The Department of Aging and Adult Services currently provides assistance to victims of predatory lending practices in San Francisco. The Department works with non-profit and other organizations involved in predatory lending counseling and education programs, but has no mandate or funding to develop its own program for these vitally needed services.

Section 92.2 PILOT CONSUMER LOAN EDUCATION PROGRAM

A. The Department of Adult and Aging Services shall develop and commence a one-year program to educate San Franciscans about predatory loan practices and to prevent sub-prime lenders from targeting low-income neighborhoods for predatory loans. All City
Departments shall cooperate with and assist the Department of Adult and Aging Services in developing and administering the consumer loan education program.

B. The program shall, at a minimum:

1. Provide a clear definition of predatory lending and an easy to understand explanation of predatory lending practices in selected educational materials.

2. Provide and distribute educational materials and training on consumer loans secured by real property. All education materials and training sessions shall be available in multiple languages, consistent with the San Francisco population base.

3. Specify interest rate, fee and point triggers to assist consumers in identifying high cost loans.

4. Distribute consumer information and telephone referral numbers of governmental and nonprofit agencies which provide assistance to victims of predatory loan practices. Information shall be provided to San Francisco residents through mailed brochures in property tax bills, postcards, public service announcements and cooperation with local nonprofit organizations and community groups to organize seminars on predatory lending.

C. The Department may provide consumer loan educational services using City personnel, cooperating non-profit organizations and institutions, consultants and contractors, or any combination of these resources in an effort to reach a citywide audience.

Section 92.3 PILOT CONSUMER LOAN COUNSELING PROGRAM

A. The Department of Adult and Aging Services shall commence a one-year program to provide free or low-cost financial counseling to individuals with outstanding loans and individuals who apply for loans secured by their residence property located in San Francisco.

Financial counseling shall include:

1. Review of loan documents and an explanation of all terms and conditions of a consumer loan.
2. An explanation of consumer rights under state and federal laws which regulate loan practices, verification that all loan documents have been supplied, and that all required disclosures are complete.

B. The Department shall not make personal financial assessments for individuals, recommend particular lenders, or provide legal advice. The Department may provide consumer loan counseling services using City personnel, cooperating non-profit organizations and institutions, consultants and contractors, or any combination of these resources in an effort to reach a citywide audience. All City Departments shall cooperate with and assist the Department of Adult and Aging Services in developing and administering the consumer loan counseling program.

Section 92.4 REPORT TO BOARD

At the conclusion of the pilot program the Department of Aging and Adult Services shall provide the Board with a report on the effectiveness of consumer education and counseling on curbing predatory lending practices. The report shall include:

A. A summary of local consumer loan practices which the Department considers to represent predatory and harmful to San Francisco consumers.

B. A survey of the neighborhoods where predatory or potentially predatory practices are most prevalent, including information on targeted loan advertising in those neighborhoods.

C. A survey of the consumers subjected to predatory practices, including data on neighborhood, age, race, income, and other factors common to the subprime loan applicant and borrower pool in San Francisco.
