3 it belongs to the contractor or a subcontractor working at the site and refuse containers for
4 construction debris. For purposes of Section 724.1(b), material and equipment also shall include any
5 material or equipment related to the proposed use. For purposes of this Subsection, parking lane width

4 (b) Permit Applications.

5 (1) An applicant for a permit shall submit to the Department a written
6 request for a permit no sooner than fifteen days prior to the initiation of the proposed occupation of
7 street space. The permit request shall specify the duration and extent of the proposed occupancy and
8 all other information as set forth in Departmental orders or regulations.

9 (2) A permit applicant also shall request in writing the basis for any
10 proposed modifications to standard permit requirements, such as extended hours of occupancy for the
11 storage of materials and equipment.

12 (c) Permit Decisions.

13 (1) The Director or the Department, in his or her discretion, may approve,
14 conditionally approve, or disapprove a street space occupancy permit. When issuing permits, permit
15 modifications or extending the duration of permits, the Director may impose any conditions consistent
16 with the public health, safety, welfare, and convenience, including, but not limited to, appropriate time,
17 place, and manner restrictions and considerations to minimize neighborhood impacts. If the Director
18 of the Department approves or conditionally approves a permit, said permit shall be issued on a
19 monthly basis with a minimum term of one month and a maximum term of six months. In the absence of
20 special conditions, a permit shall entitle the permittee to occupy the specified street space for a period
21 no longer than 7:00am-6:00pm, seven days a week for the term of the permit.

22 (2) Appeals. The Director's decision on a permit shall be appealable to the
23 Board of Appeals.

24 (d) Permit Modification.

1 (1) On seven days prior written notice to the Department, a permittee may
2 seek to modify any terms or conditions of an existing valid permit except to extend the duration of a
3 permit pursuant to Subsection (e) or to obtain an additional street space occupancy pursuant to
4 Section 724.7 and 724.8.

5 (2) A request for a permit modification shall be accompanied by a \$50.00
6 processing fee.

7 (e) Permit Extension.

8 (1) No later than fifteen days prior to expiration of a permit, a permittee may
9 request in writing that a permit extension be granted to extend the duration of the street space
10 occupancy.

11 (2) The Director shall treat a permit extension request like a new permit, and
12 the Director, in his or her discretion, may issue or deny the extension or impose new or modified
13 conditions on the permit extension.

14 (f) All street occupancy permits are revocable at the will of the Director. In
15 addition, when, in the judgment of the Director of Public Works, the public interest or
16 convenience will be served by the removal of the dirt, debris, materials and equipment or any
17 portion thereof from the street or sidewalk space the Director shall modify, condition, or revoke
18 the permit accordingly.

19 SEC. 724.1. TEMPORARY OCCUPANCY OF STREET-FEES TO BE PAID.

20 (a) No permit shall be issued to a private or public entity for the temporary
21 occupancy of the street for building construction operations unless a fee and public right-of-way
22 occupancy assessment shall have been are paid, equal to 1/10 of one percent of the total estimated
23 costs of the proposed construction, with a minimum fee of \$30. The fee shall be \$ 10.45, per month,
24 per 20 linear feet, or fraction thereof, occupied as measured parallel with the face of curb. In addition
25 to the fee, the permit applicant shall pay a public right-of-way occupancy assessment of \$ 29.55, per

1 month, per 20 linear feet, or fraction thereof, occupied as measured parallel with the face of curb. For
2 purposes of calculating fees and assessment costs, the Department shall use one-month increments
3 even though the permittee may occupy for less than a one-month term.

4 (b) For temporary street space occupancy for any purpose other than a
5 building construction operation, the fee shall be ~~\$30~~ \$50 per day with no assessment cost. Unless
6 specified otherwise, such occupation is subject to all provisions of Sections 724 et seq.

7 (c) Nonprofit organizations with tax exempt status under the Internal
8 Revenue Code shall be exempt from payment of the fee where the street occupancy is
9 necessary for the development of low and moderate income housing as defined by the United
10 States Department of Housing and Urban Development.

11 (d) Refund. If a permittee elects to relinquish all or a portion of the occupied street
12 space prior to termination of the permit, the permittee may seek a refund of fees and occupancy
13 assessment from the Department. There shall be no fee charged for a refund request. Refunds shall be
14 issued based only on one-month increments.

15 (e) Fee and Assessment Review. Beginning with fiscal year 2003-2004, the permit
16 fee and street occupancy assessment set forth in this Section may be adjusted each year, without further
17 action by the Board of Supervisors, to reflect changes in the relevant Consumer Price Index, as
18 determined by the Controller. No later than April 15th of each year, the Director shall submit its
19 current fee and occupancy assessment schedule to the Controller, who shall apply the price index
20 adjustment to produce a new fee schedule and occupancy assessment for the following year. No later
21 than May 15th of each year, the Controller shall file a report with the Board of Supervisors reporting
22 the new fee schedule and occupancy assessment and certifying that: (a) the permit fees produce
23 sufficient revenue to support the costs of providing the services for which the permit fee is assessed,
24 and (b) the permit fees do not produce revenue which is significantly more than the costs of providing
25

1 the services for which each permit fee is assessed. Notwithstanding the above, the Board of
2 Supervisors, in its discretion, may modify the street occupancy assessment at any time.

3 (f) Additional Fees. In instances where administration of this permit program or
4 inspection of a street space occupancy is or will be unusually costly to the Department, the Director, in
5 his or her discretion, may require an applicant or permittee to pay any sum in excess of the amounts
6 charged above. This additional sum shall be sufficient to recover actual costs incurred by the
7 Department and shall be charged on a time and materials basis. The Director also may charge for any
8 time and materials costs incurred by other agencies, boards, commissions, or departments of the City
9 in connection with the administration or inspection of the street space occupancy. Whenever additional
10 fees are charged, the Director, upon request of the applicant or permittee, shall provide in writing the
11 basis for the additional fees and an estimate of the additional fees.

12 SEC. 724.2. TEMPORARY OCCUPANCY OF STREET-PERMITTEE TO REPAIR
13 DEFECTS.

14 The permittee shall be required, ~~forthwith upon issuance of the permit, and the~~
15 ~~permittee, by acceptance of the permit, agrees to repair or cause the repair of~~ all defects in, and to
16 keep in repair, that part of the ~~roadway~~ public right-of-way and associated public infrastructure,
17 including, but not limited to streets signs and parking meters, for which said permit is issued ~~and in~~
18 ~~all parts of the sidewalk fronting on the premises owned by or leased to the permittee or his principal,~~
19 which may be or become a hazard to any member of the public lawfully using the same during
20 the time for which said permit shall be issued or upon termination or expiration of said permit.
21 The permittee assumes this responsibility regardless of the cause of said defects and whether
22 said defects ~~existed prior to the issuance of the permit or~~ develop while said permit is in effect. It
23 shall be presumed that all defects were caused by the permittee unless the permittee can demonstrate
24 otherwise to the satisfaction of the Director.

25 SEC. 724.3. ~~DEPOSIT REQUIRED.~~ PLACARDS AND SIGNS.

1 ~~———— A refundable cash deposit of a minimum of \$10 per linear foot of the sidewalk frontage~~
2 ~~of area occupied shall be required as a guaranty that the permittee will remove all dirt, debris,~~
3 ~~materials and equipment from the street in the allotted time and restore the pavement or sidewalk to an~~
4 ~~acceptable condition. The Department of Public Works shall determine the amount of the cash deposit~~
5 ~~based upon the condition of existing facilities and the potential damage thereto. If not so removed and~~
6 ~~restored, the Director, after five days' notice in writing posted on the premises, may use as much of the~~
7 ~~guaranty money as is necessary for cleaning the street, removing materials and equipment, and~~
8 ~~restoring the pavement. For continuous building operations, a security bond, approved as to form by~~
9 ~~the City Attorney, may be accepted in lieu of a cash deposit to guarantee that the work herein described~~
10 ~~will be faithfully executed. The permittee shall deposit additional funds as required to maintain the~~
11 ~~deposit in the above specified amount.~~

12 (a) Placards. A permittee shall display a placard at the site subject to a street space
13 occupancy permit. The placard shall be mounted on the exterior of the fronting property, or where the
14 site is vacant or it is impractical to mount the placard on the fronting property, the permittee may
15 attach the placard on a post, pole, wall, or other object. A permittee shall mount the placard in a
16 location where members of the public can easily read the required information but cannot tamper with
17 the placard. The permittee shall mount the placard 72 hours in advance of the occupancy authorized in
18 the permit, shall keep the placard posted for the entire term of the permit, and shall remove the it
19 immediately upon termination of the permit. All information contained on the placard shall be legible.
20 The placard shall contain the following information: name of the permittee, a telephone number where
21 the permittee can be reached during the hours of the permit, the duration of the permit including start
22 and stop dates and hours of use, a geographic description of the street space occupied under the
23 permit, the permit number, and the Department's street space hotline telephone number. The
24 Department shall provide a placard to each permittee. It shall be the responsibility of the permittee to
25 insert the required information, mount the placard, and ensure proper maintenance of the placard. If

1 any required information on a placard must be modified, the permittee shall obtain a new placard
2 rather than change the information on the existing placard.

3 (b) Signs. Signs containing the same information as required for placards shall be
4 posted every 20 linear feet of occupied space with at least one sign at each end of the occupied space.
5 The permittee shall post signs 72 hours in advance of the occupancy authorized in the permit and
6 remove such signs upon the termination of the permit. A permittee must maintain signs during the
7 entire term of occupancy and during the hours specified in the permit. If any information required on a
8 sign must be modified, the permittee shall install new signs rather than change the information on the
9 existing sign. If signs are removed, modified, or altered in any way, it shall be the permittee's
10 responsibility to install new signs containing the required information.

11 (c) Good neighbor policy. Notwithstanding the above, if a permittee does not
12 require use of the permit area for all hours covered by the permit, the permittee, ~~at his or her option,~~
13 ~~may shall~~ allow members of the public to park vehicles in legal parking spaces. Rules governing the
14 good neighbor policy shall be developed pursuant to Section 724.4(b).

15 SEC. 724.4. CONSTRUCTION AND DEMOLITION SITES; ~~PENALTY~~ DEPARTMENTAL
16 ORDERS AND REGULATIONS.

17 (a) All construction or demolition contractors shall be responsible for
18 maintaining their work-sites in a reasonably clean and litter-free condition, including the
19 removal of all refuse blown or deposited upon the site. The contractor shall provide a sufficient
20 number of refuse receptacles or bulk containers for the disposal of loose debris, building
21 material waste, and other refuse produced by those working on the site and shall maintain the
22 site in such a manner as to prevent its dispersal by the wind or other elements. The sidewalks
23 and streets shall be maintained in a clean manner and free from dirt or other materials
24 produced by the demolition or construction. ~~Any person who shall violate any of the provisions of~~
25

1 ~~this Section shall be guilty of an infraction and, upon conviction thereof, shall be punished by a fine of~~
2 ~~not less than \$25 nor more than \$500.~~

3 (b) In addition to the requirements set forth in this Section, the Director may adopt
4 such orders, policies, regulations, rules, or standard plans and specifications as he or she deems
5 necessary in order to preserve and maintain the public health, safety, welfare, and convenience. Such
6 orders, policies, regulations, or rules may included, but are not limited to, permit application
7 materials, placement of placards and signs, implementation of the good neighbor policy, site
8 conditions, accessibility of sidewalks and streets. When such orders, policies, regulations or rules will
9 affect the operations and enforcement of the Department of Parking and Traffic, the Director of the
10 Department of Public Works shall consult with and provide an opportunity to comment to the Director
11 of the Department of Parking and Traffic prior to adoption of such orders, policies, regulations, or
12 rules.

13 SEC. 724.5. EXCEEDING PERMISSIBLE USE OR OCCUPATION WITHOUT
14 PERMISSION - PENALTY FEE AND CRIMINAL PENALTY.

15 (a) If the Director of Public Works determines that the permittee has
16 exceeded the scope of the temporary street occupancy permit, either in terms of duration or
17 area, or determines any other violation of the permit terms or conditions has occurred the Director of
18 Public Works shall order the permittee to correct the violation within a specified time period. If
19 any person has occupied public right-of-way without permission for purposes of building construction
20 operation or for any other purpose, the Director shall immediately order the violator to vacate the
21 occupied area. Should the violation not be corrected as ordered or in the case of occupation
22 without a permit, the permittee or person shall pay a penalty fee of up to \$1,000 per day for each
23 day of violation. Failure to pay any fee assessed under these provisions shall constitute good
24 cause for immediate revocation of the temporary street occupancy permit or removal of
25 unpermitted obstructions, and the project property shall be subject to a lien in the same amount

1 in accordance with the requirements of Article XX of Chapter 10 of the San Francisco
2 Administrative Code, commencing with Section 10.230.

3 (b) Criminal Penalty.

4 (1) Any person who shall violate any of the provisions of this Section shall be
5 guilty of an infraction at each location where such violation occurs. Every violation determined to be
6 an infraction is punishable by (1) a fine not exceeding \$100 for the first violation within one year; (2) a
7 fine not exceeding \$200 for a second violation within one year from the date of the first violation; (3) a
8 fine not exceeding \$500 for the third and each additional violation within one year from the date of the
9 first violation.

10 (2) When a government official authorized to enforce this Section has
11 reasonable cause to believe that any person has committed an infraction in the official's presence that
12 is a violation of this Section, the official may issue a citation to that person pursuant to California
13 Penal Code, Part II, Title 3, Chapters 5, 5C, and 5D.

17 Completion and Occupancy for any project for which temporary street occupancy applications,
18 permit fees or penalty fees are outstanding, or for which any required pavement or sidewalk
19 restoration has not been satisfactorily completed. In addition, a person who is in wilful
20 noncompliance with this Section shall not apply for nor be issued a new street space occupancy permit
21 unless the Director, by written authorization, grants a waiver to this prohibition. Wilful noncompliance
22 shall include, without limitation, deliberate acts that result in failure to: (a) satisfy any requirements,
23 terms, or conditions of this Section, or the orders, policies, regulations, rules, or standard plans and
24 specifications of the Department or (b) pay any outstanding assessments, fees, penalties set forth in this
