Section 3. The San Francisco Administrative Code is hereby amended by amending Section 38.3 to read as follows:

SEC. 38.3. IMPOSITION OF TRANSIT IMPACT DEVELOPMENT FEE.
A. Subject to the exceptions set forth in subsections D and E below, each sponsor of a new development in the City shall pay to the City and deliver to the Treasurer upon issuance of any temporary certificate of occupancy, and as a condition precedent to issuance for such new development of any certificate of final completion and occupancy, whichever occurs first, a TIDF. The TIDF shall be calculated on the basis of the number of gross square feet of new development, multiplied by the square foot rate then in effect at the time of payment for each of the applicable economic activity categories within the new development, as provided in Section 38.4 of this ordinance. An accessory use shall be charged at the same rate as the underlying use to which it is accessory. Whenever any new development or series of new developments cumulatively results in more than 3,000 gross square feet of covered use within a structure, the TIDF shall be imposed on every square foot of such covered use (including any portion that was part of prior new development below the 3,000 square foot threshold).

B. No City official or agency, including the Department of Building Inspection ("DBI") and the Port of San Francisco, may issue a certificate of final completion and occupancy for any new development subject to the TIDF until it has received notification from the Treasurer that the TIDF in accordance with Section 38.4 of this Chapter has been paid.

C. Except as provided in Sections 38.3(D) and (E) below, the TIDF shall be payable with respect to any new development in the City for which a building or site permit is issued on or after the effective date of this ordinance, September 4, 2004.

D. The TIDF shall not be payable on new development, or any portion thereof, for which a transit impact development fee has been paid, in full or in part, under the prior Transit Impact Development Fee Ordinance adopted in 1981 (Ordinance No. 224-81; former Chapter 38 of this Administrative Code), except where (1) gross square feet of use is
being added to the building; or (2) the TIDF rate for the new development is in an economic
activity category with a higher fee rate than the rate set for MIPS, as set forth in Section 38.4.

E. No TIDF shall be payable on the following types of new development.

(1) New development on property owned (including beneficially owned) by
the City, except for that portion of the new development that may be developed by a private
sponsor and not intended to be occupied by the City or other agency or entity exempted under
this ordinance Chapter, in which case the TIDF shall apply only to such non-exempted portion.
New development on property owned by a private person or entity and leased to the City shall
be subject to the fee, unless the City is the beneficial owner of such new development or
unless such new development is otherwise exempted under this Section.

(2) Any new development in Mission Bay North or South to the extent
application of this ordinance Chapter would be inconsistent with the Mission Bay North
Redevelopment Plan and Interagency Cooperation Agreement or the Mission Bay South
Redevelopment Plan and Interagency Cooperation Agreement, as applicable.

(3) New development located on property owned by the United States or any
of its agencies to be used exclusively for governmental purposes.

(4) New development located on property owned by the State of California or
any of its agencies to be used exclusively for governmental purposes.

(5) New development for which an application for environmental evaluation
or an application for a categorical exemption has been filed prior to April 1, 2004, and for which
a building permit or site permit is issued prior to or before September 14, 2007; provided
however, that such new development may be subject to the OSDF under Section 38.3-1 of this Chapter.

(6) The following types of new developments:

(a) Public facilities/utilities, as defined in Section 209.6 of the Planning Code;
(b) Open recreation/horticulture, as defined in Section 209.5 of the Planning Code, including private noncommercial recreation open use, as referred to in Section 221(g) of the Planning Code;

(c) Vehicle storage and access, as defined in Section 209.7 of the Planning Code;

(d) Automotive services, as defined in Section 223(l)-(v) of the Planning Code;

(e) Wholesaling, storage, distribution, and open-air handling of materials and equipment, as defined in Section 225 of the Planning Code;

(f) Other Uses, as defined in Section 227(a)-(g) and (s)-(t) of the Planning Code;

In reviewing whether a development is subject to the fee, the Director shall consider the project in its entirety. A sponsor may not seek multiple building permits to evade paying the TIDF.

F. The sponsor shall pay, or cause to be paid, the TIDF to the Treasurer on the earliest of the following dates:

(1) The date when 50 percent of the net rentable area of the project has been occupied;

(2) The date of issuance of the first temporary permit of occupancy in the new development;

G. Upon payment of the fee in full to the Treasurer, and upon request of the sponsor, the Treasurer shall issue a certificate that the fee has been paid. The sponsor shall present such certification to DBI before the issuance of the final certificate of occupancy for the new development. DBI shall provide notice in writing to the Treasurer, the Planning Department, and MUNI at least five business days before issuing the final certificate of
occupancy for any new development project. DBI may not issue a final certificate of occupancy for any new development until DBI has received notice from the Treasurer that the TIDF has been paid.

Section 4. The San Francisco Administrative Code is hereby amended by adding a new Section 38.3-1 to read as follows:

SEC. 38.3-1. IMPOSITION OF OFFICE SPACE DEVELOPMENT FEE.

(a) Definitions.

For purposes of this Section, the following definitions apply:

(1) Downtown Area. That portion of the City and County bounded by Van Ness Avenue as far north as Broadway, from Van Ness Avenue and Broadway easterly on Broadway to Sansome Street, then northerly on Sansome Street to the Embarcadero; then southeasterly on the Embarcadero to Berry Street; then southwesterly on Berry Street to De Haro Street; then southerly on De Haro Street to Alameda Street; then westerly on Alameda Street to Bryant Street; then northerly on Bryant Street to Thirteenth Street; then westerly on Thirteenth Street to South Van Ness Avenue; then northerly to Van Ness Avenue. The downtown area includes all property which abuts upon any of or is within the area surrounded by the above enumerated boundary streets.

(2) Gross Square Foot of Office Use. A square foot of floor space within a structure, whether or not within a room, to be occupied by, or primarily serving, Office Use.

(3) Office Use. Any structure or portion thereof intended for occupancy by business entities which will primarily provide clerical, professional or business services of the business entity, or which will primarily provide clerical, professional or business services to other business entities or to the public, at that location.

(b) Imposition of Fee.

(1) New development in the Downtown Area that contains 3000 or more Gross Square Feet of Office Use for which an application for environmental evaluation or an application for a categorical
exemption has been filed prior to April 1, 2004, and for which a building or site permit was issued on
or after September 4, 2004, but prior to September 4, 2007, shall be subject to an Office Space
Development Fee in accordance with this Section. The Office Space Development Fee for each Gross
Square Foot of Office Use in new development in the Downtown Area shall be $5 per square foot.

(2) Any Office Space Development Fee due under paragraph (b)(1) shall be due and payable in
accordance with the procedures set forth in this Chapter governing payment and collection of the
TIDF, except that the amount of the fee shall be calculated based upon Gross Square Feet of Office
Use, rather than Gross Square Feet of Use.

(c) Credits. In determining the number of gross square feet of office use to which the Office
Space Development Fee applies, the Director shall provide for the following credits:

(1) For prior Office Uses, there shall be credit for the number of gross square feet of
Office Use being eliminated as part of the project.

(2) For prior uses other than Office Use, there shall be a credit for the number of
gross square feet of non-Office Use being eliminated multiplied by an adjustment factor to reflect the
difference between office building peak-period Municipal Railway trip generation rates and peak-
period Municipal Railway trip generation rates for other uses. The adjustment factor shall be
determined by the Director as follows:

(A) The adjustment factor shall be a fraction, the numerator of which shall be the
peak-period Municipal Railway trip generation rate which the Director shall determine, in consultation
with the Department of City Planning applies to the class of prior use being eliminated by the project.

(B) The denominator of the fraction shall be the peak-period Municipal Railway trip
generation rate for office use used in the most recent calculation of the Transit Impact Development
Fee Schedule approved by the Board of Supervisors.

(C) Notwithstanding the foregoing, the adjustment factor shall not exceed 1.
Section 5. The San Francisco Administrative Code is hereby amended by amending Sections 38.5 and 38.6 to read as follows:

SEC. 38.5. SETTING OF TIDF.

Before obtaining the first building or site permit for any new development in the City on or after the effective date of this ordinance September 4, 2004, each sponsor shall file with the Director, on such form as the Director may develop, a report indicating the number of gross square feet of use of the new development and any other information the Director may require to determine the sponsor's obligation to pay the TIDF. Each sponsor of a new development who had applied for a building or site permit, but who had not obtained an approval of the building permit or site permit before the effective date of this ordinance September 4, 2004, shall file the same report prior to obtaining a final certificate of occupancy. Except where an exemption otherwise applies under this ordinance Chapter, the Director shall determine the number of gross square feet of use in each applicable economic activity category, disregarding the number of pre-existing gross square feet of use being retained in each such category, apply the fee schedule, and determine the fee, which shall be subject to any adjustments to the TIDF Schedule that occur prior to final payment of any TIDF due. The Director shall mail a copy of his or her written determination to the sponsor. The sponsor may appeal the determination of the number of gross square feet of use subject to the fee, the economic activity category, or the credits described in Section 38.6, to the MTA Board. If the sponsor notifies the Director of its acceptance of the determination, or does not submit an appeal to the MTA Board within 15 days following the date of mailing of notice of the Director's determination, the Director's determination shall be final, and a notice of such determination shall be provided to DBI and the Treasurer. DBI may not issue a site or building permit for any new development until it has received notice from the MTA of the final determination of the amount of the Transit Impact Development Fee to be paid. The MTA shall not change the
amount of the TIDF based on changes to the amount of gross square feet of new
development during construction of the new development unless the sponsor applies for a
new building permit to reflect such changes.

SEC. 38.6 CREDITS

In determining the number of gross square feet of use to which the TIDF applies, the
Director shall provide a credit for prior uses eliminated on the site, provided that a TIDF has not
been paid for any prior use of the property. The credit shall be calculated according to the
following formula:

(a) There shall be a credit for the number of gross square feet of use being eliminated
by the new development, multiplied by an adjustment factor to reflect the difference in the fee
rate of the use being added and the use being eliminated. The adjustment factor shall be
determined by the Director as follows:

(1) The adjustment factor shall be a fraction, the numerator of which shall be
the fee rate which the Director shall determine, in consultation with the
Department of City Planning, if necessary, applies to the economic activity
category in the most recent calculation of the TIDF Schedule approved by the
MTA Board for the prior use being eliminated by the project.

(2) The denominator of the fraction shall be the fee rate for the use being
added, as set forth in the most recent calculation of the TIDF Schedule
approved by the MTA Board.

(b) A credit for a prior use may be given only if the prior use was active on the site
within five years before the date of the application for a building or site permit for the proposed
use.

/ / /
(c) As of the effective date of this ordinance September 4, 2004, no sponsor shall be entitled to a refund of the TIDF on a building for which the fee was paid under the former Chapter 38.

(d) Notwithstanding the foregoing, the adjustment factor shall not exceed 1.
