16 (a) Beginning with fiscal year ~~2004-2005~~2008-2009, the fees and occupancy
17 assessment costs which are established for the permit categories and uses set forth in section
18 2.1.1 for fiscal year ~~2003-2004~~2007-2008 may be adjusted each year, without further action by
19 the Board of Supervisors, to reflect changes in the relevant Consumer Price Index, as
20 determined by the Controller. No later than April 15th of each year, the Director shall submit
21 the Department's current fees and occupancy assessment costs schedule to the Controller,
22 who shall apply the price index adjustment to produce a new fee schedule and occupancy
23 assessment for the following year. No later than May 15th of each year, the Controller shall
24 file a report with the Board of Supervisors reporting the new fee schedule and occupancy
25

1 assessment and certifying that: (a) the fees produce sufficient revenue to support the costs of
2 providing the services for which the fee is charged and (b) the fees do not produce revenue
3 that exceeds the costs of providing the services for which each permit fee is charged.

4 Notwithstanding the procedures set forth in this Section, the Board of Supervisors, in its
5 discretion, may modify the fees or occupancy assessment costs by ordinance at any time.

6 Section 3. The San Francisco Public Works Code is hereby amended by amending
7 Section 724.1, to read as follows:

8 SEC. 724.1. TEMPORARY OCCUPANCY OF STREET--FEES TO BE PAID.

9 (a) No permit shall be issued to a private or public entity for the temporary occupancy
10 of the street for building construction operations unless a fee and public right-of-way
11 occupancy assessment are paid. The fee shall be ~~\$10.45~~14.26, per month, per 20 linear feet,
12 or fraction thereof, occupied as measured parallel with the face of curb. In addition to the fee,
13 the permit applicant shall pay a public right-of-way occupancy assessment of ~~\$70.00~~72.74, per
14 month, per 20 linear feet, or fraction thereof, occupied as measured parallel with the face of
15 curb. For purposes of calculating fees and assessment costs, the Department shall use one-
16 month increments even though the permittee may occupy for less than a one-month term.

17 (b) For temporary street space occupancy for any purpose other than a building
18 construction operation, the fee shall be ~~\$50~~53.28 per day with no assessment cost. Unless
19 specified otherwise, such occupation is subject to all provisions of Sections 724 et seq.

20 (c) Nonprofit organizations with tax exempt status under the Internal Revenue Code
21 shall be exempt from payment of the fee where the street occupancy is necessary for the
22 development of low and moderate income housing as defined by the United States
23 Department of Housing and Urban Development.

1 (d) Refund. If a permittee elects to relinquish all or a portion of the occupied street
2 space prior to termination of the permit, the permittee may seek a refund of fees and
3 occupancy assessment from the Department. There shall be no fee charged for a refund
4 request. Refunds shall be issued based only on one-month increments.

5 (e) Fee and Assessment Review. Beginning with fiscal year ~~2003-2004~~2008-2009, the
6 permit fee and street occupancy assessment set forth in this Section may be adjusted each
7 year, without further action by the Board of Supervisors, to reflect changes in the relevant
8 Consumer Price Index, as determined by the Controller. No later than April 15th of each year,
9 the Director shall submit its current fee and occupancy assessment schedule to the Controller,
10 who shall apply the price index adjustment to produce a new fee schedule and occupancy
11 assessment for the following year. No later than May 15th of each year, the Controller shall
12 file a report with the Board of Supervisors reporting the new fee schedule and occupancy
13 assessment and certifying that: (a) the permit fees produce sufficient revenue to support the
14 costs of providing the services for which the permit fee is assessed, and (b) the permit fees do
15 not produce revenue which is significantly more than the costs of providing the services for
16 which each permit fee is assessed. Notwithstanding the above, the Board of Supervisors, in
17 its discretion, may modify the street occupancy assessment at any time.

18 (f) Additional Fees. In instances where administration of this permit program or
19 inspection of a street space occupancy is or will be unusually costly to the Department, the
20 Director, in his or her discretion, may require an applicant or permittee to pay any sum in
21 excess of the amounts charged above. This additional sum shall be sufficient to recover
22 actual costs incurred by the Department and shall be charged on a time and materials basis.
23 The Director also may charge for any time and materials costs incurred by other agencies,
24 boards, commissions, or departments of the City in connection with the administration or
25

1 inspection of the street space occupancy. Whenever additional fees are charged, the Director,
2 upon request of the applicant or permittee, shall provide in writing the basis for the additional
3 fees and an estimate of the additional fees.
