Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Health Code is hereby amended by amending Sections 12Q.2.9 and 12Q.3, to read as follows:

SEC. 12Q.2.9. COVERED EMPLOYEE.

(a) "Covered Employee" shall mean:

(1) An Employee of a Contractor of Subcontractor who works on a City Contract or Subcontractor for 20 hours or more per Week:

(A) Within the geographic boundaries of the City; or

(B) On real property owned or controlled by the City, but outside the geographic boundaries of the City; or

(C) Elsewhere in the United States; and

(2) An Employee of a Tenant or Subtenant who works 20 hours or more per Week on property that is covered by a Lease of Sublease; and

(3) An Employee of a Contractor or Subcontractor that has a Contract or Subcontract to perform services on property covered by a Lease or Sublease if the Employee works 20 hours or more per Week on the property.
(4) A Contractor or Subcontractor may not divide an employee's time between working on a City contract and working on other duties with the intent of reducing the number of Covered Employees working on the Contract to evade compliance with this Chapter. Such action shall constitute a violation of this Chapter. **Beginning on July 1, 2002, the number of hours an employee must work per week in order to be considered a "Covered Employee" pursuant to this Subsection (a)(1), (2) and (3) shall be 15 or more.**

(b) Notwithstanding the foregoing, the term "Covered Employee" does not include the following:

(1) Any Employee (A) under the age of eighteen (18) who is a student, provided that the Employee does not replace, displace or lower the wage or benefits of any existing position or Employee, or (B) who is (i) a temporary Employee hired for a time-limited period, and (ii) for that period is receiving academic credit or completing mandatory hours for professional licensure or certification, and (iii) the Employee does not replace, displace, or lower the wage or benefits of an existing position or Employee; or

(2) Any Employee employed as a trainee in a bona fide training program consistent with Federal law, which training program enables the Employee to advance into a permanent position, provided that the Employee does not replace, displace or lower the wage or benefits of any existing position or Employee; or

(3) Any Employee that the Contracting Party is required to pay no less than the "prevailing rate of wage" in accordance with Section A7.204 of Appendix A to the City's Charter or any provision of the San Francisco Administrative Code; or

(4) Any disabled Employee who:

(A) Is covered by a current sub-minimum wage certificate issued to the employer by the U.S. Department of Labor; or
(B) Would be covered by such a certificate but for the fact that the employer is paying a wage equal to or higher than the minimum wage.

(5) Any Employee of a Nonprofit-Corporation who is a temporary employee, hired on an hourly or per diem basis to replace a regular employee during a temporary absence from the workplace.

SEC. 12Q.3. HEALTH CARE ACCOUNTABILITY COMPONENTS.

(a) With respect to each Covered Employee who either resides in San Francisco (regardless of where the Covered Employee provides services) or provides services covered by this Chapter in San Francisco, each Contracting Party shall do one of the following, at the Contracting Party's option:

(1) Offer to the Covered Employee health plan benefits that meet minimum standards prepared by the Health Director and approved by the Health Commission. The minimum standards shall provide for a maximum period for each Covered Employee's health benefits to become effective, no later than the first of the month that begins after 30 days from the start of employment on a covered Contract, Subcontract, Lease or Sublease. The Health Commission shall review such standards at least once every two years to ensure that the standards stay current with State and Federal regulations and existing health benefits practices; or

(2) For each Week in which the Covered Employee works the applicable minimum number of hours set forth in Section 12Q.2.9(a) (definition of "Covered Employee"), pay to the City $2.80 per hour for each hour the Covered Employee is employed by the Contracting Party on the Contract or Subcontract or on property covered by a Lease, but not to exceed $112 in any Week. The City shall appropriate money received pursuant to this Subsection (a)(2) for the use of the Department of Public Health. The Department of Public Health shall use the monies appropriated for staffing and other resources to provide medical care for the
uninsured. Beginning with fiscal year 2009-2010, and each following year, the Health Director shall propose adjustments to the hourly rate and weekly maximum fee provided in this Section, based on changes since the prior year in the Bureau of Labor Statistics Consumer Price Index for Medical Care in the San Francisco Bay Area or average Health Maintenance Organization (HMO) premiums in California. The Health Director shall submit the proposed adjustments to the Controller by March 1. The Controller shall make appropriate adjustments to the hourly rate and weekly maximum fee without further action by the Board of Supervisors. The adjusted hourly rate and weekly maximum fee shall take effect on July 1. The Health Commission may increase this hourly rate and weekly maximum in accordance with either the Bureau of Labor Statistics Consumer Price Index for Medical Care in the San Francisco Bay Area or the increase in average Health Maintenance Organization (HMO) premiums in California, depending on which the Health Commission determines better reflects the cost of providing health care in the Bay Area; provided, however, the Health Commission shall take this action no more than once a year and any adjustments in such hourly rate or weekly maximum must be approved by the Board of Supervisors by resolution; or

(3) Participate in a health benefits program developed by the Health Director in consultation with the Agency. The Health Director shall obtain Health Commission approval of the program before implementing it. The Health Director shall seek such approval within twelve (12) months after this Chapter is finally approved. Prior to implementation of the health benefits program provided in this Subsection (a)(3), each Contracting Party shall comply with Subsection (a)(1) or (a)(2). After the Health Director implements the program, in addition to the options provided in Subsections (a)(1) and (a)(2), Contracting Parties may satisfy their obligations under this Chapter by complying with the requirements of the health benefits program. In developing the program, the Health Director shall (i) attempt to make health
coverage available for uninsured Covered Employees and, if feasible, any other person employed by a Contracting Party who works less than 20 hours per week on a City contract, or other uninsured City residents; (iii) use public health facilities to the maximum extent practicable; (ii) make the program economically viable; and (iii) provide a mechanism for funding which relies, as much as possible, on contributions by participating employers and employees.

(b) With respect to each Covered Employee who does not reside in San Francisco, but who provides services covered by this Chapter at the San Francisco Airport or at the San Bruno Jail, each Contracting Party shall do one of the options set forth in Subsection (a), at the Contracting Party's option.

(c) With respect to each Covered Employee who does not reside in San Francisco, and does not provide services covered by this Chapter in San Francisco, at the San Francisco Airport or at the San Bruno Jail, each Contracting Party shall do one of the following, at the Contracting Party's option:

(1) Offer to the Covered Employee health plan benefits that meet minimum standards prepared by the Health Director and approved by the Health Commission pursuant to Subsection 12Q.3(a)(1) above; or

(2) For each Week in which the Covered Employee works the applicable minimum number of hours set forth in Section 120.2.9(a) (definition of “Covered Employee”), pay to the Covered Employee an additional $2.80$ per hour for each hour the Covered Employee is employed by the Contracting Party on the Contract or Subcontract or on property covered by a Lease, but not to exceed $112$ in any Week, to enable the employee to obtain health insurance coverage. This represents the City's current estimate of the average cost of obtaining individual health insurance benefits. *Beginning with fiscal year 2009-2010, and each*
following year, the Health Director shall propose adjustments to the hourly rate and weekly maximum
fee provided in this Section, based on changes since the prior year in the Bureau of Labor Statistics
Consumer Price Index for Medical Care in the San Francisco Bay Area or average Health
Maintenance Organization (HMO) premiums in California. The Health Director shall submit the
proposed adjustments to the Controller by March 1. The Controller shall make appropriate
adjustments to the hourly rate and weekly maximum fee without further action by the Board of
Supervisors. The adjusted hourly rate and weekly maximum fee shall take effect on July 1. The Health
Commission may increase this hourly rate and Weekly maximum in accordance with either the Bureau
of Labor Statistics Consumer Price Index for Medical Care in the San Francisco Bay Area or the
increase in average Health Maintenance Organization (HMO) premiums in California, depending on
which the Health Commission determines better reflects the cost of providing health care in the Bay
Area; provided, however, the Health Commission shall take this action no more than once a year and
any adjustments in such hourly rate or Weekly maximum must be approved by the Board of Supervisors
by resolution.

(d) When preparing proposed budgets and requests for supplemental appropriations
for contract services, City departments that regularly enter into agreements for the provision of
services by nonprofit corporations shall transmit with their proposal a written confirmation that
the department has considered in its calculation the costs that the nonprofit corporations
calculate that they will incur in complying with the Health Care Accountability Ordinance.

(e) Notwithstanding the above, if, at the time a Contract, Subcontract, Lease or
Sublease is executed, the Contracting Party has 20 or fewer employees (or, in the case of a
Nonprofit Corporation, 50 or fewer employees), including any employees the Contracting
Party plans to hire to implement the Contract, Subcontract, Lease or Sublease, the
Contracting Party shall not be obligated to provide the Health Care Accountability
Components set forth in this Section 12Q.3 to its Covered Employees. In determining the number of employees had by a Contracting Party, all employees of all entities that own or control the Contracting Party and that the Contracting Party owns or controls, shall be included.
