Ordinance amending Public Works Code Section 723.2 to change the appellate body for Minor Sidewalk Encroachment Permits for subsidewalk encroachments from the Board of Appeals to the Board of Supervisors.

NOTE: Additions are *single-underline italics* *Times New Roman*; deletions are *strike-through italics* *Times New Roman*. Board amendment additions are *double-underlined*; Board amendment deletions are *strike-through* normal.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Public Works Code is hereby amended by amending Section 723.2, to read as follows:

**SEC 723.2 MINOR SIDEWALK ENCROACHMENTS.**

(a) The Director of Public Works may grant permission, revocable at his or her will, to an owner of property abutting any court, alley or street to install and maintain minor encroachments such as fences, retaining walls, steps or stairways and other minor structures in the sidewalk fronting such property where such encroachments are desirable or convenient in conjunction with the owner's use and enjoyment of the property, or required for the safety, convenience and comfort of the public using the sidewalk.

(b) Such encroachments shall not occupy more than 10 percent of the area of the sidewalk fronting the property nor more than 25 percent of the width of the sidewalk, unless the Director of Public Works determines that such restrictions are not applicable due to the nature of the encroachment. The Director may require further restrictions or modifications and impose such conditions as he or she deems necessary. No advertisement shall be permitted on the encroachments.
(c) In considering the issuance of permits under the provisions of this Section, the Director of Public Works shall give due regard to the location, neighborhood pattern, anticipated pedestrian traffic, access requirements of the Fire Department, and to the convenience and necessities of the owners, occupants or tenants of offices, stores or shops in the vicinity.

(d) The owner of the real property or the owner’s authorized agent applying for a permit under the provisions of this Section shall agree to hold harmless the City and County of San Francisco, its officers, agents, and employees, from any damage or injury caused by reason of the installation or maintenance of the encroachment in the sidewalk, and the owner or owners or subsequent owner or owners of the respective real property shall be solely liable for any damage or loss occasioned by any act or neglect in respect to the installation or maintenance of the encroachments in the sidewalk.

(e) Each permit issued under the provisions of this Section shall not become effective until the permit has been signed by the owner or the owner’s authorized agent and a copy thereof has been recorded in the office of the Recorder of the City and County of San Francisco, provided, however, that if within 15 days following the approval, denial or revocation of a permit by the Director, any person may file a notice of appeal with the Board of Appeals, as follows:

(1) Appeals of the revocation or denial of a permit issued by the Director for the following encroachments that impede or otherwise impact the Central Subway Corridor, as defined in Section 723.3(3) of this Code: subsidewalk encroachments below the public right-of-way or other encroachments in, on, and/or below the public right-of-way may be appealed to the Board of Supervisors by filing a notice to appeal with the Clerk of the Board of Supervisors.

(2) Appeals of the approval, denial or revocation of all other permits may be appealed by filing a notice of appeal with the Board of Appeals.
In the alternative, when the encroachment is related to building construction, rehabilitation or maintenance, any person may appeal the encroachment permit decision to the Building Inspection Commission. A person waives his or her right to appeal to the Building Inspection Commission encroachment permit decisions relating to building construction, rehabilitation or maintenance by instead filing the appeal with the Board of Supervisors or the Board of Appeals. No encroachment permit decision may be appealed to both bodies.

For purposes of this Section, an encroachment permit is related to building construction, rehabilitation or maintenance when the object of the encroachment permit affects the applicant's ability to construct, repair or maintain the building.

Pending decision by the Board of Supervisors, the Board of Appeals or the Building Inspection Commission, the permit decision by the Director shall be suspended.

Before issuance of the permit, the applicant shall be required to pay to the Department of Public Works a fee as set forth in Section 2.1.1 et seq. and a public right-of-way occupancy assessment fee as set forth in subsection (k).

Nothing in this Section shall be construed as authorizing the Director of Public Works to grant permit for any encroachment which he or she determines to be inimical to the health, welfare, safety and best interest of the general public, or in violation of the Charter or laws of the City and County of San Francisco or laws of the State of California.

The Board of Supervisors, the Board of Appeals or the Building Inspection Commission may affirm, reverse or modify any permit decision made by the Director of Public Works under the provisions of this Section. The decision by the Board of Supervisors, the Board of Appeals or the Building Inspection Commission is final.

The Board of Supervisors reserves the right to exact a public right-of-way occupancy assessment fee for the use of the sidewalk or other public right-of-way space permitted under the provisions of this Section.
(1) In accordance with Subsection (k) the public right-of-way occupancy assessment fee for minor sidewalk encroachments, whether permitted or unpermitted and as specified in Subsection (k)(2), shall be an annual fee of $3.00 per square foot of occupancy of the sidewalk or other public right-of-way space. For purposes of calculating the assessment fee, the Department shall charge no less than $100.00 per year even though the calculated square footage charge for the encroachment may result in a smaller assessment fee.

(2) The following categories of minor sidewalk encroachments are subject to the public right-of-way occupancy assessment fee:

(a) Encroachments in, on, above, or below the public right-of-way that are affixed or appurtenant to any building whose owner obtained a site permit for new construction on or after August 29, 2005. This Subsection (k)(2)(a) also shall apply to any commercial, industrial, or mixed-use building whose owner obtained a site permit for new construction prior to August 29, 2005; provided, however, that such building is not located in any Neighborhood Commercial District as designated in Planning Code Article 7 and that the encroachment associated with such building was installed or encroachment permit obtained prior to August 29, 2005. This Subsection shall specifically include, but not be limited to, doors that open over the public right-of-way and subsidewalk basements; provided, however, that this Subsection shall exclude encroachments for shoring and tiebacks. This Subsection shall not apply to a building that has been converted from a commercial, industrial, or mixed-use building into a building containing only residential use.

(b) Encroachments associated with a commercial, industrial, or mixed-use building that change the vertical or horizontal plane of an existing sidewalk and modify the existing sidewalk slope pattern in order to provide access necessary to comply with the Americans with Disabilities Act; provided, however, that the building obtained a site permit for new construction on or after August 29, 2005.
(c) Any enclosure of the public right-of-way that is used exclusively for private benefit and was installed on or after August 29, 2005. This Subsection (k)(2)(c) also shall apply to any enclosure installed prior to August 29, 2005 that is associated with a commercial, industrial, or mixed-use building; provided, however, that the building is not located in any Neighborhood Commercial District as designated in Planning Code Article 7,

(d) Underground storage tanks.

(3) For purposes of Subsection (k)(2), the term "site permit" also shall mean "building permit."

(4) Notwithstanding Subsection (k)(2), no public right-of-way occupancy assessment fee shall be charged against the owner of an historic or architecturally significant building who has installed or seeks a permit to install a minor sidewalk encroachment in order to conform with an applicable Municipal Code; provided, however that this exception shall not apply if the encroachment is a subsidewalk basement. For purposes of this Subsection, an historic or architecturally significant building shall be a building so designated pursuant to Planning Code Article 10 or specifically identified as an architecturally significant building on the Planning Department's database or on a list maintained by the Planning Department.

(5) The public right-of-way occupancy assessment fee shall be subject to the review and adjustment procedures as forth in Sections 2.1.1 et seq.

(6) The public right-of-way occupancy assessment fee shall not be charged to any federal, state, or local governmental agencies, commissions, or departments.

(7) Notwithstanding this Subsection (k), the public right-of-way assessment fee for underground vaults shall be as specified in Section 2.1.1 et seq.
APPROVED AS TO FORM:
DENNIS J. HERRERA, City Attorney

By: [Signature]

STEPHANIE J. STUART
Deputy City Attorney
Ordinance amending Public Works Code Section 723.2 to change the appellate body for Minor Sidewalk Encroachment Permits for subsidewalk encroachments from the Board of Appeals to the Board of Supervisors.
