SEC. 1603. SCOPE.

(a) This Code supplements SMA, prescribing rules, regulations and procedures authorized therein.

(b) The necessity for Tentative Maps, Final Maps and Parcel Maps shall be governed by this Section and SMA.

(c) For subdivisions creating five or more parcels or units, a Tentative Map and a Final Map shall be required pursuant to this Code and SMA.

(1) A Tentative Map and a Final Map shall be required for all such subdivisions except those coming within the exceptions set forth in Section 66426 of SMA.

(2) A Tentative Map and a Parcel Map shall be required for all subdivisions coming within the exceptions set forth in Section 66426 of SMA.

(d) For subdivisions creating fewer than five parcels or units, no Tentative Map shall be required except as provided in Section 1633.1(a) for Vesting Tentative Maps and except where the Director deems a Tentative Map would be appropriate and the applicable City Regulations for the subject property would permit development at a density such that the subject property, or any portion thereof, may be resubdivided in a manner which would ultimately permit five or more parcels on the subject property. In all other subdivisions creating fewer than five parcels or units, a Parcel Map containing the information specified by Section 1659 of this Code and SMA shall be required. Said Parcel Map shall be filed with the Director and recorded according to the procedure set forth in Sections 1660 through 1664 of this Code.

(e) No Tentative Map, Final Map or Parcel Map shall be required for those specific types of subdivisions exempted by Sections 66412 and 66428 of SMA; provided, however, that with respect to subdivisions described in Subsection (h) of Section 66412 of the SMA, certification pursuant to the provisions of Section 1397 must be obtained.
(f) The Director may waive the requirement of a Parcel Map for any improved or unimproved land shown on the latest equalized County assessment roll as contiguous units or parcels where the units or parcels have been subdivided legally and comply with the requirements as to lot width and area, improvement and design, floodwater drainage control, appropriate improved public roads, sanitary disposal facilities, water supply availability and environmental protection.

(g) Nothing herein shall preclude the approval and filing of Subdivision Maps for purposes of financing and conveyancing only as provided in Section 1612.1 herein.

SEC. 1604. ENFORCEMENT.

(a) It is unlawful for any person, firm, corporation, partnership or association to offer or contract to sell, lease, finance, or construct any building for sale, lease or financing on any parcel or parcels of real property for which a Final Map or a Parcel Map is required unless and until a Final Map or Parcel Map in full compliance with the provisions of this Code and SMA, has been duly recorded in the office of the Recorder. This Section does not prohibit an offer or contract to sell, lease, or finance any parcel or parcels of real property where the sale, lease or financing is expressly conditioned upon the filing, approval and recordation of a Final or Parcel Map, where the SMA otherwise allows an offer or contract to sell, lease, or finance, or where the SMA is inapplicable.

(b) All departments, officials and public employees of the City, City agencies or the agency vested with the duty or authority to approve or issue permits, shall act consistent with the provisions of this Code, the Plan, and the Plan Documents and shall neither approve nor issue any permit or license for use, construction, or purpose in conflict with the provisions of this Code, the Plan and the Plan Documents. Any such permit or license issued in conflict with the provisions of this Code, Plan and the Plan Documents shall be null and void. No conditions shall be imposed on or in connection with Tentative Maps, Vesting Tentative Maps,
Parcel Maps or Final Maps, including improvements plans and **improvement agreements**, that conflict with the Plan and Plan Documents.

(c) Any Subdivider, agent of a Subdivider, successor in interest of a Subdivider, tenant, purchaser, builder, contractor or other person who violates any of the provisions of this Code or any conditions imposed pursuant to this Code, or who knowingly submits incorrect information to endeavor to mislead or misdirect efforts by City agencies in the administration of this Code, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in an amount not exceeding $2,000 or be imprisoned for a period not exceeding six months or be both so fined and imprisoned. Each day such violation is committed or permitted to continue shall constitute a separate offense and shall be punishable as such hereunder.

(d) The Director shall have the authority to enforce this Code against violations thereof in accordance with Chapter 7, Sections 66499.30 et seq. of the SMA. The City shall not issue a permit or grant any approval necessary to develop any real property which has been divided, or which has resulted from a division, in violation of the provisions of this Code or the SMA if it finds that development of the real property is contrary to the public health, safety or welfare. The authority to deny a permit or approval shall apply whether the applicant was the owner of the real property at the time of the violation or whether the applicant is the current owner of the real property, with or without actual or constructive knowledge of the violation at the time of the acquisition of interest in the real property.

Whenever the City has knowledge that property has been divided in violation of the provisions of the SMA or this Code, the Director shall process a notice of violation and meet and confer with the owner pursuant to SMA Section 66499.36.

**SEC. 1604.1. CERTIFICATE OF COMPLIANCE.**

(a) Any person owning real property or a vendee of that person pursuant to a contract of sale of the real property, may request the Director to determine whether the real
property complies with the provisions of this Chapter and the SMA. The Director shall forward
the request to the City Attorney for review.

(b) Upon making a determination of compliance, the Director shall, in accordance
with Section 66499.35 of the SMA, cause a certificate or conditional certificate of compliance
to be filed for record with the County Recorder. The certificate of compliance shall identify the
real property and shall state that the division of land complies with applicable provisions of the
City Regulations and the SMA.

(c) A recorded Final or Parcel Map shall constitute a certificate of compliance with
respect to the parcels of real property described therein.

(d) If the Director determines that the real property does not comply with the
provisions of this Code or the SMA the Director shall issue a conditional certificate of
compliance. In issuing a conditional certificate of compliance the Director may impose such
conditions (including but not limited to filing an application for a corrected Tentative, Final or
Parcel Map) as would have been applicable to the division of the property at the time the
applicant acquired his or her interest therein, and which had been established at such time
by this Code or the SMA. Where the applicant was the owner of record at the time of the
initial violation of the provisions of this division or of local ordinances enacted pursuant thereto
who by a grant of real property created a parcel or parcels in violation of this Code or the
SMA, and that person is the current owner of record of one or more of the parcels which were
created as a result of the grant on violation of this Code or the SMA, then the Director may
impose any conditions which would have been applicable to a current division of the property.

(1) Have printed conspicuously on the face of the map the words "Vesting Tentative Map."

(2) Provide such additional information as required in Section 1333.2 of this Code; provided, however, that the Director, in his sole discretion, may waive some or all of such requirements to the extent permitted under the SMA.

SEC. 1633.3. RIGHTS CONVEYED.

(a) Approval of a Vesting Tentative Map shall confer a vested right to proceed with future development approvals as set forth in Chapter 4.5 of the SMA, Sections 66498.1 et seq.

(b) Approval of a Vesting Tentative Map shall confer a vested right to proceed with development as set forth in Chapter 4.5 of the SMA, Sections 66498.1 et seq.

(b c) The rights referred to in Subsection (a) and (b) shall expire if a Final Map is not approved before expiration of the related Vesting Tentative Transfer Map or Vesting Tentative Map under California Government Code Section 66452.6 and this Code. If a Final Map is approved, the development right referred to in Subsection (a) shall continue during the following period of time:

(1) Two years from recording of the approved Final Map. Where several Final Maps are recorded on various phases of a project covered by a single Vesting Tentative Transfer Map or Vesting Tentative Map, this initial time period shall begin for each when the Final Map for
that phase is recorded. Where the City uses more than 30 days to process a completed
application for a grading permit or for design or architectural review, or such other period of
time as provided in the Plan Documents, this initial time period shall be extended by the
processing time, counted from the date the application was completed.

(2) An additional period of not more than one year, if the proposed Subdivider
applies for such an extension at any time before the expiration of the period provided in
Subsection (b)(1), and if the Department of Public Works determines that such extension will
not prejudice the interests of the public or other private parties. If the Department of Public
Works does not act on an application for extension within 40 days after receiving it, it shall be
deemed disapproved. The proposed Subdivider may appeal by filing a written appeal with the
Clerk of the Board of Supervisors not later than 15 days after the disapproval. Any such
appeal shall be heard at the time and under the procedural rules then applicable to appeals
from denial of Tentative Maps.

(3) If the Subdivider submits a complete building or site permit application before
the expiration of the applicable period stated in Subsection (b)(1) or (b)(2), the period during
which that application is being processed and the period of the life of any corresponding
building or site permit, or any extension thereof.

(4) If a Final Map is recorded based upon a Vesting Tentative Transfer Map or Vesting
Tentative Map and the development rights under this Section expire, the Final Map remains in
effect without those rights.

SEC. 1633.4. VESTING TENTATIVE MAP — INCONSISTENCY WITH ORDINANCES AND
OTHER STANDARDS.

(a) Subsections 1633.1 through 1633.3 relate only to conditions and requirements
imposed by the City and do not affect the obligation of a Subdivider to comply with the
conditions and requirements of State or federal laws, regulations or policies.
(b) Notwithstanding any other provision of this Code, a property owner or his or her
designee may seek approvals or permits for development which depart from the ordinances,
policies or standards applicable under Section 1633.3(a), and the City may grant such
approvals or issue such permits to the extent consistent with the Plan and Plan Documents
and permitted by otherwise applicable City Regulations.

SEC. 1634. AGENCY REVIEW AND APPROVAL OF SUBDIVISION MAPS.

(a) Notwithstanding any provision of the Subdivision Code to the contrary, a
Tentative Map shall not be deemed finally approved until the Agency in accordance with the
Plan and Plan Documents, reviews and approves the Tentative Map to ensure that it is
consistent with the Plan and the Plan Documents, including the Hunters Point Shipyard Phase I
Infrastructure Development Plan, the scope of development and the design for development. The
Agency shall also have the right to review any amendment to the Tentative Map, or a
subsequent Tentative Map.

(b) The Applicant shall submit copies of its Application Packet for a Tentative
Map, and the Application Packet for an amendment to a Tentative Map or a subsequent
Tentative Map, to the Agency when it submits the Application Packet to the Director. The
Agency, in accordance with the Plan and Plan Documents, shall approve, disapprove or
approve with conditions the Tentative Map, amendment to the Tentative Map, or a
subsequent Tentative Map within 30 days following the date the Director determines that the
Application Packet is complete, unless such time has been extended pursuant to
Section 1626 of the Subdivision Code. The Agency shall deliver the determination to the
Director of Public Works in writing, with a copy to the Applicant.

(c) Notwithstanding any provision of the Subdivision Code to the contrary, in
accordance with the Plan and Plan Documents, a proposed Final Map or Parcel Map shall not
be deemed finally approved for recordation unless and until the Agency reviews and approves

Mayor Gavin Newsom
BOARD OF SUPERVISORS
or is deemed to have approved the proposed Final Map or Parcel Map. The Agency shall approve the proposed Final Map or Parcel Map if: (i) development of the area covered by the proposed Final Map or Parcel Map is consistent with the Plan and Plan Documents or project approvals issued by the Agency, if any; and (ii) the conditions that were imposed upon approval of the Tentative Map to provide infrastructure improvements consistent with the Plan and Plan Documents have been satisfied, or the performance of such conditions is otherwise secured by an Improvement Agreement.

(d) The applicant shall submit copies of all proposed Final Maps or Parcel Maps to the Agency at the same time such proposed Final Maps or Parcel Maps are filed with the Director. The Agency shall, in accordance with the Plan and Plan Documents, approve, disapprove, or approve with conditions the proposed Final Maps or Parcel Maps within 30 days following receipt of the complete Final Map or Parcel Map from the applicant, by delivering a determination to the Director of Public Works, with a copy to the applicant.

infrastructure plans set forth in the Plans and Plan Documents for Phase 1.

(1) The Phase 1 Infrastructure Plan may be amended or modified only by a written
instrument executed by City and Agency, with the written consent of the Developer
Representative, as defined in Hunters Point Shipyard Interagency Cooperation Agreement for
Phase 1. The Developer Representative's consent shall not be unreasonably withheld,
conditioned or delayed.

(1 i) The Mayor or his or her designee and the Director (or any successor City
officer as designated by law) shall have the authority to consent to any non-material
amendments or other modifications to the Phase 1 Infrastructure Plan, after consultation with
the directors of any affected City Agencies. For purposes hereof, "non-material changes"
shall mean any change which does not materially increase the costs or liabilities of the City, or
does not materially decrease the time periods required for review or approval by any City
agency of permits, approvals, agreements and entitlements in connection with the
implementation of the Plan and Plan Documents.

(2) Material amendments to the Phase 1 Infrastructure Plan that would
materially alter the obligations of the City agencies or principal benefits as provided in this

plans submission shall be deemed complete for filing until the subdivider has obtained
approval of the improvement plans pursuant to Article 31 of the Health Code. The Director
shall send a copy of the improvement plans to the Agency for its review. The Director’s

time limit may be extended by mutual agreement.

SEC. 1647. CONSTRUCTION.

(a) No construction of public improvement plans shall commence until improvement
plans have been approved by the Director and appropriate City permits have been issued.
Prior to issuance of any such permits, the City shall obtain easements from the Subdivider or
third parties to allow for the City to complete construction of public improvement plans on private
property should the Subdivider fail to do so and to allow for public use, if necessary, prior to
City acceptance of such public improvements. Also, prior issuance of any such permits, the
City shall obtain an irrevocable offer of dedication of private property in fee title from the Subdivider or third parties where said property is designated for use as future public right-of-way in the Plan and Plan Documents. The City, at its option, shall obtain an irrevocable offer of dedication of private property in fee title from Subdivider or third parties where Public improvements will be constructed on said property. In addition, City also shall obtain from Subdivider an irrevocable offer of dedication of any Public improvements constructed pursuant to the Plan, Plan Documents, and this Code.

(b) Notwithstanding Administrative Code Chapter 23, the Director of Property is authorized to enter into easements for a term of five (5) years or less for purposes of Subsection (a) above or other purposes associated with construction and use of Public Improvements as set forth in this Code.

(b) Construction of Public improvements that are to be accepted by the City as Public improvements or for public maintenance and liability purposes shall be subject to inspection by the Director. The Subdivider is responsible for paying the applicable engineering inspection fee as specified in the Public Works Code.

(e) Any work done by the Subdivider prior to issuance of appropriate City permits or approval of Improvement plans, including changes thereto, or without the inspection and testing required by the Director is subject to rejection. Such work shall be deemed to have been done at the risk and peril of the Subdivider.

(f) The design and layout of all required improvements, both on-site and off-site, private and public, shall conform to the Plan, Plan Documents, the applicable provisions of City regulations and Tentative Map conditions consistent therewith.

(f) Installation of Underground Facilities. All underground facilities including sanitary and drainage facilities, and duct banks, and excepting survey monuments installed in streets, alleys, or pedestrian ways shall be constructed, by the Subdivider and inspected and approved by the Director, prior to the surfacing of such street, alley or pedestrian way. Service
connections for all underground utilities and sewers shall be laid to such length as will in the
Director's opinion obviate disturbing the street, alley, or pedestrian way improvements when
service connections are completed to properties in the subdivision.

SEC. 1648. FAILURE TO COMPLETE IMPROVEMENTS WITHIN AGREED TIME.
The Improvement Agreement shall include provisions consistent with the Plan and
Plan Documents and this Code regarding extensions of time and remedies when
improvements are not completed within the agreed time.

SEC. 1649.1. REVISION TO APPROVED PLANS.
(a) Requests by the Subdivider for revisions to the approved Improvement Plans
shall be submitted in writing to the Director and shall be accompanied by drawings showing
the proposed revision. If the revision is acceptable to the Director and the Agency and
consistent with the Plan, Plan Documents and Tentative Map, the Director shall initial the
revised plans. Construction of any proposed revision shall not commence until revised plans
have been received and approved by the Director.

SEC. 1651. IMPROVEMENT AGREEMENT.
(a) General. This Section shall only apply to Public Improvements that have not
been completed or conditions that have not been fulfilled prior to filing a Parcel or Final Map.
An agreement (the "Improvement Agreement") shall be approved by the Director, approved
as to form by the City Attorney, and executed by the Director on behalf of the City. The
Improvement Agreement shall be consistent with the Plan and Plan Documents and shall
provide for:
(1) Construction of all Public Improvements required pursuant to the Plan, Plan
Documents, this Code, and conditions imposed on the Tentative Map or Parcel Map
consistent therewith, including any required off-site improvements, within the time specified by
Section 1651.1;
(2) Satisfaction of conditions precedent to the transfer of title to the City of all land and improvements required to be dedicated to or acquired by the City, if the City elects to defer transfer of title until after the Public improvements have been completed consistent with the Plan and Plan Documents, including any approved title exceptions as defined therein, which are or shall be specified herein;

(3) Payment of inspection fees in accordance with applicable City Regulations, consistent with the Plan and Plan Documents;

(4) Improvement security as required by Section 1670;

(5) Maintenance and repair of any defects or failures of the required Public improvements, and to the extent feasible removing their causes, prior to acceptance of the Public improvements by the City or Agency;

(6) Release and indemnification of the City from all liability incurred in connection with the construction and design of Public improvements and payment of all reasonable attorneys' fees that the City may incur because of any legal action or other proceeding arising from the construction, except release and indemnification disallowed under the SMA or any other State or federal law pursuant to the procedures provided in the SMA;

(7) Payment by Subdivider of all costs and reasonable expenses and fees, including attorneys' fees, incurred in enforcing the obligations of the Improvement Agreement;

(8) Any other deposits, reimbursements, fees or conditions as required by City Regulations consistent with Plan and Plan Documents, and as may be required by the Director;

(9) Any other provisions required by the City as reasonably necessary to effectuate the purposes and provisions of the SMA and this Code in accordance with the Plan and Plan Documents.
(b) Any Improvement Agreement, contract or act required or authorized by the
SMA or this Chapter for which security is required, shall be secured in accordance with
Section 66499 et seq. of the SMA and Article 8 of this Division.

SEC. 1651.1. COMPLETION OF IMPROVEMENTS.

(a) With the exception of Transfer Maps, which are governed by Sections 1612.1
and 1651.1(c) hereof, the Public improvements for subdivisions of five or more parcels
which are not otherwise required to be completed prior to recordation of a Final Map, shall be
completed by the Subdivider within the time specified in an Improvement Agreement which
is consistent with the Plan and Plan Documents.

(b) With the exception of Transfer Maps, which are governed by Sections 1612.1
and 1651.1(c) hereof, the completion of Public improvements for subdivisions of four or
fewer parcels which are not otherwise required to be completed prior to recordation of a
Parcel Map or Final Map may be deferred until a permit or other grant of approval for the
development of any parcel within the subdivision is applied for, unless the completion of the
Public improvements is found to be necessary for public health or safety or for the orderly
development of the surrounding area, in which case the Improvement Agreement shall
specify a time for completion. If any required Public improvements are not completed at the
time of recordation of a Parcel Map or Final Map for four or fewer parcels, an Improvement
Agreement is required pursuant to Section 1651. This finding shall be made by the Director,
after consultation with appropriate City Agencies. The specified date for completion of the
Public improvements, when required, shall be stated in the Improvement Agreement.

Public improvements shall be completed in accordance with the Improvement Agreement.

(c) No Public improvements shall be required to be completed in connection with
Transfer Maps. For all other subdivisions, only on-site Public improvements and those off-
site Public improvements necessary to provide connections to the on-site improvements and
those Public improvements required by the Plan or Plan Documents shall be required.

(d) Completion dates may be extended by the Director according to the following
procedures:

(1) The Subdivider must request an extension in writing, stating adequate evidence
to justify the extension, by letter to the Director. The request shall be made not less than 30
days prior to expiration of the Improvement agreement. The Director may grant such
extensions, subject to the terms of the Improvement agreement.

(2) The Director may condition approval of an extension agreement upon the
following:

(i) Revised improvement construction estimates to reflect current
improvement costs as approved by the Director;

(ii) Increase of improvement securities in accordance with revised
construction estimates;

(iii) Inspection fees may be increased to reflect current construction costs but
shall not be subject to any decrease or refund; and

(iv) Conditions that the Director deems necessary to assure the timely
completion of Public improvements.

(3) If authorized by the Director, the Subdivider shall enter into an Improvement
agreement extension ("extension agreement") with the City. The extension agreement shall
be approved by the Director and the City Attorney, and executed by the Director, the
Subdivider.

(4) The costs incurred by the City in reviewing and processing the extension
agreement shall be paid by the Subdivider at actual cost.
(e) Should the Subdivider fail to complete the public improvements - within the specified time, or correct all deficiencies within the time specified for completion, the City may, by resolution of the Board of Supervisors and at its option, cause any or all uncompleted public improvements to be completed and all uncorrected deficiencies to be corrected, and the Subdivider and parties executing the security or securities shall be firmly bound for the payment of all necessary costs.

(f) As-Built Plans. Upon completion of the public improvements, the Subdivider shall submit to the Director a reproducible set of as-built improvement plans.

SEC. 1651.2. ACCEPTANCE OF IMPROVEMENTS.

(a) General. With respect to all subdivisions, when any deficiencies in the required public improvements have been corrected, as-built improvement plans submitted, and the City Engineer, upon written request from the Subdivider, issues a Notice of Completion, the completed public improvements shall be considered by the Director for acceptance.

(b) Acceptance. If the public improvements have been completed to the satisfaction of the Director and are ready for their intended use, the Director shall provide the Board of Supervisors with a written certificate to that effect, and the public improvements may be accepted by the Board of Supervisors, by ordinance, subject to the provisions of San Francisco Administrative Code Section 1.52. Acceptance of the improvements shall imply only that the improvements have been completed satisfactorily, are ready for their intended use, and that public improvements have been accepted for public use. Acceptance of any Public Improvement shall not effect a waiver of any rights the City may have as to warranties and construction defects.

(c) Notwithstanding the above requirements, the following provisions shall apply to all stormwater and sewer pump stations and Transportation Infrastructure in the Candlestick Point/Hunters Point Shipyard Subdivision Area:
(1) Pump Station Warranty. The Subdivider shall warranty each pump station for three years after the City Engineer issues its Notice of Completion for said pump station.

(2) Transportation Infrastructure Warranty. The Subdivider shall warranty the Transportation Infrastructure for no less than two years after the City Engineer issues its Notice of Completion for said Infrastructure unless the SFMTA or its designee authorizes a shorter warranty period.

(3) Subdivider's liability pursuant to the warranties in Subsections (c)(1) and (2) above shall not extend to harm or damage from improper maintenance or operation of the pump station or Transportation Infrastructure by a City Agency or the City Agency's agent.

SEC. 1655.1. FINAL MAPS SHOWING ONLY PORTIONS OF TENTATIVE MAP.

(a) General. Multiple Final Maps relating to an approved or conditionally approved Tentative Map may be filed prior to the expiration of the Tentative Map if, in addition to all other requirements of this Code pertaining to Final Maps, a Subdivider files a notice pursuant to Section 1622(d)(1)(vi) or, after filing of the Tentative Map, the Subdivider and Director (after consulting with the Agency) concur in the filing of multiple Final Maps. A Subdivider filing multiple Final Maps must obtain approval of the Director pursuant to Subsection (b) of this Section in order to obtain the certificate required by Section 1657.

(b) The Director shall approve a Final Map which is in compliance with the conditions of the Tentative Map, but which shows only a portion of the Tentative Map, unless any one of the following conditions occurs:

(1) The Director finds:

(i) That it will not be feasible from an engineering standpoint to construct the Public Improvements required for the areas shown on the Final Map or the Final Map is inconsistent with the SMA; or
(ii) That construction of the public improvements shown in the proposed Final Map would not provide adequate access to the area shown on the Final Map unless additional street or easement dedications, or public improvements as shown on the General Plan or in the Plan or Plan Documents, are provided, or other reasonable conditions, not in conflict with the Plan or Plan Documents, are imposed.

(2) The Director, or in the event of a hearing by the Agency pursuant to Subsection (d) below, the Agency finds that development approval of the uses authorized within the proposed Final Map area at that time would not promote orderly development consistent with the General Plan would conflict with implementation of the Plan and/or Plan Documents unless additional street or easement dedications, or public improvements as shown on the Tentative Map are provided, or other reasonable conditions, not in conflict with the Plan or Plan Documents, are imposed.

(c) The Director shall make a determination pursuant to Subsection (b) within 40 days following submittal of the Final Map or Parcel Map.

(d) If the Director refuses to approve for recording a Final Map showing only a portion of a Tentative Map, the Director shall provide the applicant with written findings in support of the determination. The Director's refusal to approve a phased Final Map may be appealed to the Agency, and then, if necessary, to the Board, for a determination of whether the Phased Final Map is consistent with the SMA, the Tentative Map, the Plan and Plan Documents, provided, however, that any decision by the Agency regarding consistency with the Plan shall be final.

SEC. 1657. CERTIFICATES AND STATEMENTS ON FINAL MAP.

(a) In addition to the certificates required by SMA, the following certificates shall be on the Final Map.

(1) City Attorney's certificate;
(2) Advisory Agency's certificate;

(3) Certificate of Improvement Agreement. Whenever the conditional approval of the application for a Tentative Map includes conditions which are to be met after the recordation of the Final Map, a certificate signed by the Director evidencing that an Improvement Agreement has been entered into between the Subdivider and the City shall be required; and

(4) Certificate of Approval of Multiple Final Maps. Where the Final Map shows only a portion of the Tentative Map, then a certificate signed by the Director pursuant to Section 1655.2 shall be required.

(b) The Director may require other notes, restrictions, references or requirements to be indicated on a Final Map.

SEC. 1661. FILING.

(a) After the check prints have been approved by the Director, the Subdivider shall file with the Director:

(1) The Final Map or Parcel Map, corrected to its final form, together with the copies specified in the Subdivision Regulations;

(2) The bonds or other security and approved Improvement Agreement;

(3) When applicable, deeds conveying all streets in the subdivision to the City and deeds granting easements for sewers, drains and pedestrian walkways which are not dedicated on the map;

(4) Evidence of title;

(5) The recording fee and evidence that all fees required by this Code have been paid; and

(6) The corrected Preliminary Soil Report, when required.

SEC. 1670. SECURITY FOR IMPROVEMENTS.

(a) The requirements of this Section apply to all Improvement Agreements.
(b) No Final Map or Parcel Map shall be signed by the Director or recorded until all improvement securities required by this Article in the form prescribed by the City pursuant to Government Code Section 66499 et seq., have been received and approved.

(c) A performance bond or other acceptable security as provided in Section 66499 of the Government Code in the amount of 100 percent of the estimated cost of completion of the construction, as determined by the Director, or installation of all Public Improvements, as determined by the Director, shall be required of all subdivisions to secure satisfactory performance of those obligations. As a guarantee of payment for the labor, materials, equipment and services required, a payment bond or other acceptable security shall be required for 50 percent of the estimated cost of completion of unfinished Public Improvements as determined by the Director. For purposes of the preceding sentences, the "estimated cost of completion" shall include all costs of remediating any hazardous materials as necessary to permit completion of the required Public Improvements, unless those costs are otherwise secured as provided in the Plan and Plan Documents.

(d) The security shall be released or reduced upon completion of construction as follows:

(1) The security shall be reduced to 10 percent of the original amount for the purpose of guaranteeing repair of any defect in the improvements which occurs within one year of when: (i) the Public Improvements have been completed to the satisfaction of the Director; and (ii) the Clerk of the Board of Supervisors certifies that no claims by any contractor, subcontractor or person furnishing labor, materials or equipment for the required Public Improvements have been filed against the City prior to or within a 100-day period following completion of the Public Improvements.

(2) If any claims by any contractor, subcontractor or person furnishing labor, materials or equipment to the Subdivider have been filed against the City, then the
performance security shall only be reduced to an amount equal to the amount of all such
claims filed or to 10 percent of the original amount whichever is greater.

(3) The security may be reduced in conjunction with completion of a portion of the
P Public improvements to the satisfaction of the Director, to an amount determined by the
Director; however, in no event shall the amount of the security be reduced below the greater
of (i) the amount required to guarantee the completion of the remaining portion of P Public
improvements and any other obligation imposed by the SMA, this Code or the Improvement
Agreement; or (ii) below 10 percent of the original amount of the security.

(4) The security shall be released when all of the following have occurred:

(i) One year has passed since the date of acceptance by the Board of
Supervisors, or one year has passed since the date that all deficiencies that the Director
identifies in the required P Public improvements have been corrected or waived in writing; and

(ii) If any claims identified in Subsection (d)(1)(ii) have been filed against the
City, all such claims have been satisfied or withdrawn, or otherwise secured.
