Ordonnance amendant le Code administratif de la Ville de San Francisco en modifiant les sections 14.1, 14.3 et 14.4, et en ajoutant les sections 14.1.5 et 14.1.6, à savoir:

1) clarifier que seules les dépenses raisonnablement destinées à bénéficier de l'employé peuvent satisfaire les exigences d'expédition de l'employeur aux exigences de l'ordonnance de sécurité des soins de santé; 2) exiger que les versements dans un compte de remboursement de santé restent disponibles à l'employé pour deux ans, au lieu d'un an; 3) conditionner l'utilisation d'un compte de remboursement de santé pour 2012 à la conversion de tout solde dans le compte au terme de 2011; 4) fournir, dans l'option si déclenchée par une action en justice, que seules les sommes réellement payées pour fournir des services de santé aux employés peuvent satisfaire les exigences d'expédition de l'employeur aux exigences de l'ordonnance de sécurité des soins de santé; 5) exiger que les employeurs imposant des surcharges à leurs clients utilisent l'ensemble de l'argent recueilli sous la surcharge pour payer les dépenses requises; 6) exiger que les employeurs imposant des surcharges à leurs clients utilisent l'ensemble de l'argent recueilli sous la surcharge pour payer les dépenses requises; et 7) modifier les dispositions pénales; et 8) fixer une date d'entrée en vigueur.

NOTE: Les modifications sont soulignées en italique et soulignées en gras; les suppressions sont barrées en italique et barrées en gras. Les modifications de la Commission sont soulignées en double; les suppressions de la Commission sont barrées en gras normal.

Section 1. Le Code administratif de la Ville de San Francisco est modifié par amendant les sections 14.1, 14.3 et 14.4, et ajoutant la section 14.1.5, afin d'être lu comme suit:

SEC. 14.1. courtes titres; définitions.

(a) courtes titres. Cette section sera connue et peut être citée comme l'"ordonnance de sécurité des soins de santé de San Francisco."
(b) **Definitions.** For purposes of this Chapter, the following terms shall have the following meanings:

1. "City" means the City and County of San Francisco.
2. "Covered employee" means any person who works in the City where such person qualifies as an employee entitled to payment of a minimum wage from an employer under the Minimum Wage Ordinance as provided under Chapter 12R of the San Francisco Administrative Code and has performed work for compensation for his or her employer for ninety (90) days, provided, however, that:

   (A) From the effective date of this Chapter through December 31, 2007, "at least twelve (12) hours" shall be substituted for "at least two (2) hours" where such term appears in Section 12R.3(a);

   (B) From January 1, 2008 through December 31, 2008, "at least ten (10) hours" shall be substituted for "at least two (2) hours" where such term appears in Section 12R.3(a);

   (C) Beginning January 1, 2009, "at least eight (8) hours" shall be substituted for "at least two (2) hours" where such term appears in Section 12R.3(a);

   (D) The term "employee" shall not include persons who are managerial, supervisory, or confidential employees, unless such employees earn annually under $72,450.00 or in 2007 and for subsequent years, the figure as set by the administering agency;

   (E) The term "employee" shall not include those persons who are eligible to receive benefits under Medicare or TRICARE/CHAMPUS;

   (F) The term "covered employees" shall not include those persons who are "covered employees" as defined in Section 12Q.2.9 of the Health Care Accountability
Ordinance, Chapter 120 of the San Francisco Administrative Code, if the employer meets the requirements set forth in Section 120.3 for those employees; and

\((G)\) The term "covered employees" shall not include those persons who are employed by a nonprofit corporation for up to one year as trainees in a bona fide training program consistent with Federal law, which training program enables the trainee to advance into a permanent position, provided that the trainee does not replace, displace, or lower the wage or benefits of any existing position or employee.

\((H)\) Nor shall "covered employees" include those persons whose employers verify that they are receiving health care services through another employer, either as an employee or by virtue of being the spouse, domestic partner, or child of another person; provided that the employer obtains from those persons a voluntary written waiver of the health care expenditure requirements of this Chapter and that such waiver is revocable by those persons at any time.

(3) "Covered employer" means any medium-sized or large business as defined below engaging in business within the City that is required to obtain a valid San Francisco business registration certificate from the San Francisco Tax Collector's office or, in the case of a nonprofit corporation, an employer for which an average of fifty (50) or more persons per week perform work for compensation during a quarter. Small businesses are not "covered employers" and are exempt from the health care spending requirements under Section 14.3.

(4) "Employer" means an employing unit as defined in Section 135 of the California Unemployment Insurance Code or any person defined in Section 18 of the California Labor Code. "Employer" shall include all members of a "controlled group of corporations" as defined in Section 1563(a) of the United States Internal Revenue Code, and the determination shall be made without regard to Sections 1563(a)(4) and 1563(e)(3)(C) of the Internal Revenue Code.
(5) "Health Access Program" means a San Francisco Department of Public Health program to provide health care for uninsured San Francisco residents.

(6) "Health Access Program participant" means any uninsured San Francisco resident, regardless of employment or immigration status or pre-existing condition, who is enrolled by his or her employer or who enrolls as an individual in the Health Access Program under the terms established by the Department of Public Health.

(7) (A) "Health care expenditure" means any amount designated or paid by a covered employer to its covered employees or to a third party on behalf of its covered employees for the purpose of providing health care services for covered employees or reimbursing the cost of such services for its covered employees, including, but not limited to:

(i) contributions designated or paid by such employer on behalf of its covered employees to a health savings account as defined under section 223 of the United States Internal Revenue Code or to any other account having substantially the same purpose or effect without regard to whether such contributions qualify for a tax deduction or are excludable from employee income; (ii) reimbursement by such covered employer to its covered employees for expenses incurred in the purchase of health care services; (iii) payments by a covered employer to a third party for the purpose of providing health care services for covered employees; (iv) costs incurred by a covered employer in the direct delivery of health care services to its covered employees; and (v) payments by a covered employer to the City to be used on behalf of covered employees. The City may use these payments to: (i) fund membership in the Health Access Program for uninsured San Francisco residents; and (ii) establish and maintain reimbursement accounts for covered employees, whether or not those covered employees are San Francisco residents.

(B) A contribution designated or paid to a health savings account or to any other account having substantially the same purpose or effect, which is not irrevocably
paid to a third party on behalf of a covered employee, shall not constitute a "health care
expenditure" unless all of the following conditions are met:

(i) The contribution is reasonably calculated to benefit the
employee;

(ii) Except as provided in clause (v)(a), the contribution remains
available to the employee (and any other person eligible for reimbursement for health care
expenses through the employee) for a minimum of twenty-four (24) months from the date of
the contribution.

(iii) On January 1, 2012, the account contains an amount equal to
the balance in the account at the close of business on December 31, 2011, if any.

(iv) The employee receives a written summary of the contribution,
within 15 days of the contribution which shall include: (a) the name, address, and telephone
number of any third party to whom the contribution was made; (b) the date and amount of the
contribution; (c) the date and amount of any other debits or credits to the account since the
most recent written summary provided to the employee; (d) the balance in the account; and,
(e) any applicable expiration dates for the funds in the account.

(v) If the employee separates from employment with a positive
balance in a reimbursement account: (a) the balance in the account shall remain available to
the employee (and any other person eligible for reimbursement for health care expenses
through the employee) for a minimum of ninety days from the date of separation, and, (b) the
employee shall receive, within three days following the separation, a written notice, which
shall include the balance in the account and any applicable expiration dates for the funds in
the account.

(B) An expenditure shall not be deemed a "health care expenditure"
within the meaning of this Ordinance if it is not reasonably calculated to benefit the employee
as provided in Section 14.1.5. Where the funds are not irrevocably designated or paid by a
covered employer to a covered employee or to a third party on behalf of a covered employee,
the expenditure shall not be deemed reasonably calculated to benefit the employee unless
each quarterly expenditure remains available to the employee (or any other person eligible for
reimbursement for health care expenses through the employee) for at least 24 months from
the date of the expenditure, and in the case of a covered employee who has separated from
employment, for 90 days after separation, provided that the employer has provided the
employee with written notification of the balance of the account no later than 3 business days
after the employee's separation.

Notwithstanding any other provision of this subsection, "health care expenditure"
shall not include any payment made directly or indirectly for workers' compensation or
Medicare benefits.

(8) "Health care expenditure rate" means the amount of health care expenditure
that a covered employer shall be required to make for each hour paid for each of its covered
employees each quarter. The "health care expenditure rate" shall be computed as follows:

(A) (a) From the effective date of this Chapter through June 30, 2007,
$1.60 per hour for large businesses and $1.06 per hour for medium-sized businesses;

(B) (b) From July 1, 2007 through December 31, 2007, January 1, 2008
through December 31, 2008, and January 1, 2009 through December 31, 2009, the rates for
large and medium-sized businesses shall increase five (5) percent over the expenditure rate
calculated for the preceding year;

(C) (c) From January 1, 2010 and each year thereafter, the "health care
expenditure rate" shall be determined annually based on the "average contribution" for a full-
time employee to the City Health Service System pursuant to Section A8.423 of the San
Francisco Charter based on the annual ten county survey amount for the applicable fiscal
year, with such average contribution prorated on an hourly basis by dividing the monthly
average contribution by one hundred seventy-two (172) (the number of hours worked in a
month by a full-time employee). The "health care expenditure rate" shall be seventy-five
percent (75%) of the annual ten county survey amount for the applicable fiscal year for large
businesses and fifty percent (50%) for medium-sized businesses.

(9) "Health care services" means medical care, services, or goods that may
qualify as tax deductible medical care expenses under Section 213 of the Internal Revenue
Code, or medical care, services, or goods having substantially the same purpose or effect as
such deductible expenses.

(10) "Hour paid" or "hours paid" means a work hour or work hours for which a
person is paid wages or is entitled to be paid wages for work performed within the City,
including paid vacation hours and paid sick leave hours, but not exceeding 172 hours in a
single month. For salaried persons, "hours paid" shall be calculated based on a 40-hour work
week for a full-time employee.

(11) "Large business" means an employer for which an average of one hundred
(100) or more persons per week perform work for compensation during a quarter.

(12) "Medium-sized business" means an employer for which an average of
between twenty (20) and ninety-nine (99) persons per week perform work for compensation
during a quarter.

(13) "Person" means any natural person, corporation, sole proprietorship,
partnership, association, joint venture, limited liability company, or other legal entity.

(14) "Required health care expenditure" means the total health care
expenditure that a covered employer is required to make every quarter for all its covered
employees.
(15) "Small business" means an employer for which an average of fewer than twenty (20) persons per week perform work for compensation during a quarter.

SEC. 14.1.5. REASONABLY CALCULATED TO BENEFIT THE EMPLOYEE.

If a Covered Employer uses health reimbursement accounts to satisfy its obligation to make health care expenditures for its Covered Employees and the funds are not irrevocably designated or paid to a third party on behalf of a covered employee, an expenditure will not be deemed to be reasonably calculated to benefit the employee unless on January 1, 2012, the account contains an amount equal to the balance in the account at the close of business on December 31, 2011, if any.

SEC. 14.1.5. ALTERATE PROVISIONS.

(a) If the City Attorney certifies to the Mayor and the Board of Supervisors that a court of competent jurisdiction in a lawsuit brought by or on behalf of a Covered Employer has struck down the provisions of Section 14.1.5, or permanently enjoined their enforcement, then the following provisions shall become operative on the first day of the next calendar quarter following the City Attorney's certification.

Notwithstanding any other provision of this Chapter, “health care expenditure” shall only include an amount irrevocably paid by a covered employer to a covered employee or to a third party on behalf of a covered employee. An amount that is retained by the employer or that may be recovered by or returned to the employer shall not constitute a “health care expenditure.” An amount paid to a third party for the purpose of reimbursing a covered employee for expenses incurred in the purchase of health care services shall not constitute a “health care expenditure” unless any unused funds carry over from quarter to quarter and from year to year and remain available to the covered employee, even after the covered employee's separation from employment.
Notwithstanding the above, an amount paid as a "health care expenditure" may be recovered by or returned to the employer without losing its status as a "health care expenditure" in the following circumstances:

(A) A former employee has not made a claim for any of the remaining available funds for 18 months (including a claim made on behalf of any other person eligible for reimbursement from health care expenses from the former employee's remaining available funds); or,

(B) The covered employee has died.

(b) If the City Attorney subsequently certifies to the Mayor and the Board of Supervisors that an order enjoining enforcement of the provisions of Section 14.1.5 has been lifted, then the original provisions shall again become operative on the first day of the next calendar quarter following the City Attorney's certification.

SEC. 14.3. REQUIRED HEALTH CARE EXPENDITURES.

(a) Required Expenditures. Covered employers shall make required health care expenditures to or on behalf of their covered employees each quarter. The required health care expenditure for a covered employer shall be calculated by multiplying the total number of hours paid for each of its covered employees during the quarter (including only hours starting on the first day of the calendar month following ninety (90) calendar days after a covered employee's date of hire) by the applicable health care expenditure rate. In determining whether a covered employer has made its required health care expenditures, payments to or on behalf of a covered employee shall not be considered if they exceed the following amount: the number of hours paid for the covered employee during the quarter multiplied by the applicable health care expenditure rate. The City's Office of Labor Standards Enforcement (OLSE) shall enforce the health expenditure requirements under this Section.

(b) Employer Notice to Employees.
(1) By December 1 of each year, OLSE shall publish and make available to Covered Employers, in all languages spoken by more than five percent of the San Francisco work force, a notice suitable for posting by Covered Employers in the workplace informing Covered Employees of their rights and the Covered Employer's obligations under the Ordinance.

(2) Every Covered Employer shall post in a conspicuous place at any workplace or job site where any Covered Employee works the notice published each year by OLSE. Every Covered Employer shall post such notices in English, Spanish, Chinese and any other language spoken by at least five percent of the Employees at the workplace or job site.

(3) Within 15 days following each quarterly due date for health care expenditures, every Covered Employer shall provide a written summary to every Covered Employee for whom the employer made any health care expenditures to a reimbursement account in satisfaction of the health care expenditure requirement. A Covered Employer may authorize a third party to provide the quarterly summary to covered employees.

(c) (h) Additional Employer Responsibilities. A covered employer shall: (i) maintain accurate records of health care expenditures, required health care expenditures, and proof of such expenditures made each quarter each year, and allow OLSE reasonable access to such records, provided, however, that covered employers shall not be required to maintain such records in any particular form; and (ii) provide information to the OLSE, or the OLSE's designee, on an annual basis containing such other information as OLSE shall require, including information on the employer's compliance with this Chapter, but OLSE may not require an employer to provide information in violation of State or federal privacy laws. If a Covered Employer uses a health reimbursement account to satisfy its obligation to make health care expenditures for any of its Covered Employees, the Employer shall also report to OLSE the terms of such accounts, including what costs are eligible for reimbursement.
Where an employer does not maintain or retain adequate records documenting the health expenditures made, or does not allow OLSE reasonable access to such records, it shall be presumed that the employer did not make the required health expenditures for the quarter for which records are lacking, absent clear and convincing evidence otherwise. The Office of Treasurer and Tax Collector shall have the authority to provide any and all nonfinancial information to OLSE necessary to fulfill the OLSE's responsibilities as the enforcing agency under this Ordinance. With regard to all such information provided by the Office of Treasurer and Tax Collector, OLSE shall be subject to the confidentiality provisions of Subsection (a) of Section 6.22-1 of the San Francisco Business and Tax Regulations Code.

(d) If a Covered Employer imposes a surcharge on its customers to cover in whole or in part the costs of the health care expenditure requirement under this Chapter, the Covered Employer shall provide to OLSE on an annual basis the amount collected during the 12-month reporting period from the surcharge for employee health care and the amount spent on employee health care. If the amount collected from the surcharge is greater than the amount spent on employee health care, the Covered Employer must irrevocably pay or designate an amount equal to that difference for health care expenditures for its Covered Employees under this Chapter. OLSE may refer any potential cases of consumer fraud to appropriate authorities.

SEC. 14.4. ADMINISTRATION AND ENFORCEMENT.

(a) The City shall develop and promulgate rules to govern the operation of this Chapter. The regulations shall include specific rules by the Department of Public Health on the operation of both the Health Access Program and the reimbursement accounts identified in Section 14.2(g), including but not limited to eligibility for enrollment in the Health Access Program and establishment of reimbursement accounts and rules by the OLSE for enforcement of the obligations of the employers under this Chapter. The rules shall also
establish procedures for covered employers to maintain accurate records of health care
expenditures and required health care expenditures and provide a report to the City without
requiring any disclosures of information that would violate State or Federal privacy laws. The
rules shall further establish procedures for providing employers notice that they may have
violated this Chapter, a right to respond to the notice, a procedure for notification of the final
determination of a violation, and an appeal procedure before a hearing officer appointed by
the City Controller. The sole means of review of the hearing officer's decision shall be by filing
in the San Francisco Superior Court a petition for a writ of mandate under Section 1094.5 of
the California Code of Civil Procedure. No rules shall be adopted finally until after a public
hearing.
(b) During implementation of this Chapter and on an ongoing basis thereafter, the City
shall maintain an education and advice program to assist employers with meeting the
requirements of this Chapter.
(c) Any employer that reduces the number of employees below the number that would
have resulted in the employer being considered a "covered employer," or below the number
that would have resulted in the employer being considered a medium-sized or large business,
shall demonstrate that such reduction was not done for the purpose of evading the obligations
of this Chapter or shall be in violation of the Chapter.
(d) It shall be unlawful for any employer or covered employer to deprive or threaten to
deprive any person of employment, take or threaten to take any reprisal or retaliatory action
against any person, or directly or indirectly intimidate, threaten, coerce, command or influence
or attempt to intimidate, threaten, coerce, command or influence any person because such
person has cooperated or otherwise participated in an action to enforce, inquire about, or
inform others about the requirements of this Chapter. Taking adverse action against a person
within ninety (90) days of the person's exercise of rights protected under this Chapter shall raise a rebuttable presumption of having done so in retaliation for the exercise of such rights.

(e) (1) The City shall enforce the obligations of employers and covered employers under this Chapter, including requiring restitution to employees where appropriate, and shall may impose administrative penalties upon employers and covered employers who fail to make required health care expenditures on behalf of their employees within five business days of the quarterly due date. Failure to make a required health care expenditure shall include making a purported expenditure that is determined by OLSE not to be reasonably calculated to benefit the employee. The amount of the penalty shall be up to one-and-one-half times the total expenditures that a covered employer failed to make plus simple annual interest of up to ten (10) percent from the date payment should have been made, but in any event the total penalty for this violation shall not exceed $100 $1,000 for each employee for each quarter week that the required such expenditures were not made within five business days of the quarterly due date. The $100 $1,000 penalty limit shall increase each year by an amount corresponding to the prior year's increase, if any, in the Consumer Price Index for urban wage earners and clerical workers for the San Francisco-Oakland-San Jose, CA metropolitan statistical area.

(2) For other violations of this Chapter by employers and covered employers, the maximum administrative penalties shall be as follows: For refusing to allow access to records, pursuant to Section 14.3(c) 14.3(b), $25.00 as to each worker whose records are in issue for each day that the violation occurs; for the failure to maintain or retain accurate and adequate records pursuant to Section 14.3(c) 14.3(b) and for the failure to make the annual reports report of information required by OLSE pursuant to Sections 14.3(c) and 14.3(d), Section 14.3(b), $500.00 for each quarter week that the violation occurs; for violation of Section 14.4(d) (retaliation), $100.00 as to each person who is the target of the prohibited action for each day.
that the violation occurs; and for any other violation not specified in this subsection (e)(2), $25.00 per day for each day that the violation occurs.

(3) The City Attorney may bring a civil action to recover civil penalties for the violations set forth in subsections (e)(1) and (e)(2) in the same amounts set forth in those subsections, and to recover the City's enforcement costs, including attorneys' fees.

(4) Amounts recovered under this Section shall be deposited in the City's General Fund.

(f) The City Controller shall coordinate with the Department of Public Health and OLSE to prepare periodic reports on the implementation of this Chapter including participant rates, any effect on services provided by the Department of Public Health, the cost of providing services to the Health Access Program participants and the economic impact of the Chapter's provisions. Reports shall be provided to the Board of Supervisors on a quarterly basis for quarters beginning July 1, 2007 through June 30, 2008, then every six months through June 30, 2010. Reports shall include specific information on any significant event affecting the implementation of this Chapter and also include recommendations for improvement where needed, in which case the Board of Supervisors or a committee thereof shall hold a hearing within thirty (30) days of receiving the report to consider responsive action.

(g) The Director of Public Health shall convene an advisory Health Access Working Group to provide the Department of Public Health and the Health Access Program with expert consultation and direction, with input on members from the Mayor and the Board of Supervisors. The Health Access Working Group shall be advisory in nature and may provide the Health Access Program with input on matters including: setting membership rates; designing the range of benefits and health care services for participants; and researching utilization, actuaries, and costs.
(h) The Department of Public Health and the OLSE shall report to the Board of Supervisors by July 1, 2007, on the development of rules for the Health Access Program and for the enforcement and administration of the employer obligations under this Chapter. The Board of Supervisors or a committee thereof shall hold a hearing on the proposed rules to ensure that participants in the Health Access Program shall have access to high quality and culturally competent services.

(a) Effective Date; Operative Date. This ordinance shall become effective 30 days from the date of passage. This ordinance shall become operative on January 1, 2012.

(b) General Welfare. In adopting and implementing this ordinance, the City and County of San Francisco is assuming an undertaking only to promote the general welfare. It is not assuming, nor is it imposing on its officers and employees, an obligation for breach of which it is liable in money damages to any person who claims that such breach proximately caused injury.

(c) Conflict with State or Federal Law. This ordinance shall be construed so as not to conflict with applicable federal or State laws, rules or regulations. Nothing in this ordinance shall authorize any City agency or department to impose any duties or obligations in conflict with limitations on municipal authority established by State or federal law at the time such agency or department action is taken.

(d) Severability. If any of the provisions of this ordinance or the application thereof to any person or circumstance is held invalid, the remainder of those provisions, including the application of such part or provisions to persons or circumstances other than those to which it is held invalid, shall not be affected thereby and shall continue in full force and effect. To this end, the provisions of this ordinance are severable.
(e) Amendments. In enacting this Ordinance, the Board intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation, charts, diagrams, or any other constituent part of the Environment Code that are explicitly shown in this legislation as additions, deletions, Board amendment additions, and Board amendment deletions in accordance with the "Note" that appears under the official title of the legislation.

APPROVED AS TO FORM:
DENNIS J. HERRERA, City Attorney

By: 

THOMAS J. OWEN
Deputy City Attorney
Ordinance amending the San Francisco Administrative Code Sections 14.1, 14.3, 14.4, and adding Section 14.1.5 to: 1) clarify that only expenditures reasonably calculated to benefit the employee shall satisfy the employer expenditure requirements of the Health Care Security Ordinance; 2) require that contributions to a health reimbursement account remain available to the employee for two years; rather than one year; 3) condition use of a health reimbursement account in 2012 upon carry-over of any balance in the account at the end of 2011; 4) provide, in the alternative if triggered by court action, that only amounts actually paid to provide employee health care services shall satisfy the employer expenditure requirements of the Health Care Security Ordinance; 5) require employers imposing surcharges on customers to use the full amount collected under the surcharge for employee health care expenditures; 6) add an employee notification requirement; 7) modify penalty provisions; and 8) set an operative date.
