Ordinance amending the San Francisco Administrative Code Section 6.22(J) to reduce the amount of retention withheld from progress payments in construction contracts from ten to five percent; and to make minor clarifying corrections.

NOTE: Additions are single-underline italics Times New Roman; deletions are strike-through italics Times New Roman. Board amendment additions are double-underlined; Board amendment deletions are strikethrough normal.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The San Francisco Administrative Code is hereby amended by amending Section 6.22(J), to read as follows:

(J) **Retention of Progressive Payments.** Any contract for construction services may provide for progressive or milestone payments, if the Advertisement For Bids shall so specify. Each progress or milestone payment shall constitute full compensation for the value of work performed and materials furnished for a specified period, less amounts withheld as a result of dispute or as required by law.

1. For all contracts entered into on or after the effective date of this Ordinance, from every progress payment, the City shall hold 5 percent in retention.
2. Notwithstanding the subparagraph above, the City may hold greater than 5 percent but not more than 10 percent in retention if the Department head responsible for the public work determines that the work or improvement is substantially complex and therefore warrants a higher retention amount, and the retention amount is specified in the Advertisement For Bids. For contracts with retention amounts greater than 5 percent, iff the Department head responsible for
the public work determines that the contract is 50 percent or more complete, that the contractor is making satisfactory progress, and that there is no specific cause for greater withholding, the Department head, upon the written request of contractor, may authorize one of the following two options: (a) the City shall release part of the retention to the contractor so that the amount held in retention by the City, after release to the contractor, is reduced to an amount not less than 5 percent of the total value of the labor and materials furnished, and the City shall proceed to retain 5 percent of any subsequent progress payment under the contract; or (b) the City shall continue to hold the already withheld retention amount, up to 5 percent of the total contract price, and shall not deduct further retention from progress payments.

(3) The Department head shall authorize the release of retention, in whole or in part, for work completed by subcontractors certified by the HRC as LBEs. The Department head shall do so only upon a written request by the contractor certifying (i) the work by the certified LBE subcontractor is completed and satisfactory in accordance with the plans and specifications for the project; (ii) the total final amount paid to the certified LBE subcontractor by the contractor as of the date of the written request and the total amount of the subcontract; and (iii) the amount of retention associated with the work performed by the certified LBE subcontractor. Following a release of such retention, and in order to calculate retention and retention withholding from further progress or milestone payments, the City will reduce the total retention required under the foregoing paragraphs (1) and (2) by the amount paid to the certified LBE subcontractor(s) for whom the City released the retention. The release of retention under this subparagraph shall not reduce the responsibilities or liabilities of the contractor or its surety under the contract or applicable law. For any contract awarded under this Chapter prior to the enactment of this subparagraph, a Department head may in his or her sole discretion incorporate this subparagraph by change.
(4) The Department head shall authorize the release of retention, in whole or in part, for work completed by subcontractors under any public work contract awarded under this Chapter with a construction duration of more than two years. The Department head shall do so only upon a written request by the contractor certifying (i) the work by the subcontractor is completed and satisfactory in accordance with the plans and specifications for the project; (ii) the total final amount paid to the subcontractor by the contractor as of the date of the written request and the total amount of the subcontract; and (iii) the amount of retention associated with the work performed by the subcontractor. The City may issue or authorize the release of retention within six months of the date of the request. Following a release of such retention, and in order to calculate retention and retention withholding from further progress or milestone payments, the City will reduce the total retention required under the foregoing paragraphs (1) and (2) by the amount paid to the subcontractor(s) for whom the City released retention. The release of retention under this subparagraph shall not reduce the responsibilities or liabilities of the contractor or its surety under the contract or applicable law. For any contract awarded under this Chapter prior to the enactment of this subparagraph with a construction duration of more than two years, a Department head may in his or her sole discretion incorporate this subparagraph by change order.

(5) Retention shall be withheld solely for the benefit and protection of the City.

(6) When the Department head responsible for the public work determines that the contract is 98 percent or more complete, the Department head may reduce retention funds to an amount equal to 200 percent of the estimated value of work yet to be completed, plus any amount necessary to cover offsets by the City for liquidated damages, defective work, stop notices, forfeitures, and other charges. The City shall release retention to the contractor upon the following conditions: (a) the contractor has reached final completion under the contract terms and
conditions and (b) the contract is free of offsets by the City for liquidated damages, defective work and the like, and is free of stop notices, forfeitures, and other charges. When the Department head responsible for the public work or his/her designee determines that the contract is 98 percent or more complete, the Department head or his/her designee may reduce retention funds to an amount equal to 200 percent of the estimated value of work yet to be completed, provided that the contract is free of offsets by the City and is free of stop notices, forfeitures, and other charges.

(7) For all contracts awarded under this Chapter, in no event shall the City be liable for interest or charges arising out of or relating to the date the City issues any progress, milestone or other payment or the date the City releases all or part of the retention, except that the City will pay interest at the legal rate, as set forth in section 685.010(a) of the California Code of Civil Procedure as that section may be amended from time to time, on any improperly withheld amounts commencing no earlier than 90 days after the date the City should have made any progress payment or released all or part of the retention. Under no circumstances shall the legal rate of interest paid by the City under this provision exceed 10 percent per annum. The payment of interest under this provision is the limit of the City's liability with respect to any claim for interest on improperly withheld amounts.

(8) For contracts entered into between January 1, 2012 and the effective date of this Ordinance, upon the written request of the contractor, the Department head responsible for the public work shall have the discretion to reduce retention to 5 percent, pursuant to one of the two options set forth in subparagraph (2).

Section 2. Effective Date. This ordinance shall become effective 30 days from the date of passage.

Section 3. This section is uncodified. In enacting this Ordinance, the Board intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation, charts, diagrams, or any other constituent part of the Administrative Code that
are explicitly shown in this legislation as additions, deletions, Board amendment additions,
and Board amendment deletions in accordance with the "Note" that appears under the official
title of the legislation.

APPROVED AS TO FORM:
DENNIS J. HERRERA, City Attorney

By: 
Yadira Taylor
Deputy City Attorney
File Number: 120750  Date Passed: October 23, 2012

Ordinance amending the San Francisco Administrative Code Section 6.22(J) to reduce the amount of retention withheld from progress payments in construction contracts from ten to five percent; and to make minor clarifying corrections.
