Section 1. The Administrative Code is hereby amended by revising Chapter 14B, to read as follows:

SEC. 14B.1. PURPOSE AND FINDINGS.

(A) Short Title. This Chapter shall be entitled "Local Business Enterprise Utilization and Non-Discrimination in Contracting Ordinance."  

(B) Findings.

(1) The Board finds that San Francisco's small businesses are a significant sector of the local economy and form the backbone of our neighborhoods. Small businesses contribute hundreds of millions of dollars to San Francisco's economy each year. Through payroll taxes alone, small businesses make a significant investment in the economic health of our City and the quality of life of its citizens and visitors.

(2) Because San Francisco's small businesses experience higher costs than large businesses or businesses located outside the City, they suffer disadvantage in any competition with those businesses. The Board finds that small local businesses are at a competitive disadvantage in competing for work on public contracts. Because of their size, very small, or "micro," local businesses are at an even greater competitive disadvantage in competing for work on public contracts.

(3) The public has an interest in fostering a strong and vibrant network of small and very small micro businesses in San Francisco. In part, San Francisco can
accomplish this goal by ensuring that small and micro local businesses can compete for public contracts on a level playing field.

(4) The Board finds that the disadvantages suffered by very small and micro local businesses in competing as prime contractors on public contracts can be reduced by discounting their bids and ratings by ten percent. Granting a ten percent discount does not unduly burden businesses not eligible for such discounts, and is similar to the corrective adjustments given to small and very small micro businesses in other jurisdictions. The Board finds that the additional disadvantages suffered by micro local businesses can be reduced by setting aside appropriate small contracts for competition only among micro businesses.

(5) San Francisco has a long history of working to end discrimination in all aspects of public contracting. The City must continue to award and administer its public contracts in a manner that is fair and provides equal opportunity to all local businesses, regardless of race, gender, or other category protected by law. San Francisco must ensure that it does not discriminate and does not contract with any business that discriminates on the basis of race, gender, or other protected category.

Specifically, this Board initially passed Ordinance No. 139-84 on April 2, 1984 to combat the City and County of San Francisco's own active and passive participation in discrimination against minority- and women-owned businesses, both in its own contracting for goods and services, and in the private market for such goods and services. At the time of passage, women- and minority-owned businesses were virtually excluded as contractors on prime City contracts.

Since that time, this Board and the City's Human Rights Commission have actively and extensively documented and studied discrimination against and disadvantages faced by these groups to gauge the effectiveness of the prior Minority, Women and Local Business Enterprise Ordinances (the M/W/LBE Ordinances) and to assess the
need for further and continuing action. The earlier studies are documented in the legislative history of the previous amendments and re-enactments of the ordinance, including Ordinance Nos. 175-89, 155-92, 210-97, 457-97, 82-98, 296-98, 210-99, 283-99, and 134-03. The findings underlying these ordinances have been reviewed and analyzed in the preparation of this *ChapterOrdinance* and are hereby incorporated by reference into the legislative history of this *ChapterOrdinance*. These materials include disparity studies, transcripts of live testimony by dozens of witnesses, case studies of discrimination, and voluminous other materials. An index and a separate synopsis of this material are on file with the Clerk of this Board in File No. 98-0612. These materials are all incorporated by reference into the legislative history of this *ChapterOrdinance*. The collection and analysis of relevant information is ongoing.

On July 26, 2004, in *Coral Construction, Inc. v. City and County of San Francisco* (Sup. Ct. No. 421249), the San Francisco Superior Court enjoined the City from enforcing certain provisions of the M/W/LBE Ordinance. In a subsequent order, the court clarified that the injunction applied to Sections 12D.A.6, 12D.A.7, 12D.A.8, 12D.A.9, 12D.A.10, 12D.A.14, and 12D.A17 of the Administrative Code, for all contracts for which bids or proposals are advertised or solicited on or after July 26, 2004. The injunction became effective immediately.

In issuing its injunction, the Superior Court did not dispute the accuracy of the City's disparity studies or otherwise take issue with the City's underlying findings of discrimination and disparity. However, the Court ruled that California's Proposition 209 does not allow the City to address the identified problem through its prior methods. The Board finds and declares that the need for the City to identify, rectify, and prevent discrimination in its public contracting still exists, and the City is committed to ensuring that neither MBEs nor WBEs nor any other business is arbitrarily or unfairly excluded from contracting opportunities. The City remains committed to addressing discrimination in public contracting to the fullest.
extent allowed by law, in a manner that is consistent with all requirements of Federal and
State law.

(6) The Board further finds that the public interest is served well if the City is self-
sustaining. Stimulating the expansion of small firms or development of new enterprises fosters
economic growth and independence for San Francisco and its taxpayers. This expansion of local small
businesses advances the public interest, contributes to the economic well-being of all San Franciscans,
and tends to minimize the burden on the General Fund to provide for general welfare.

(C) Purpose.

(1) Assistance to Small Local Businesses. The City shall assist small and micro
local businesses to increase their ability. This Chapter is intended to improve the ability of certified
local business enterprises. Local Business Enterprises (LBE) to compete effectively for the
award of City contracts. The Mayor shall establish Citywide goals for participation by small

Ordinance Chapter, information and training, and other assistance to small and micro local
businesses in order to reach these goals. The Human Rights Commission, City Administrator, and
Director of the Contract Monitoring Division shall oversee and assist other City departments to
implement in implementing this Chapter and otherwise promoting the goal of increasing LBE
participation in City contracts by small and micro local businesses.

(2) The City, as a municipal corporation, shall strive to be economically self-
sustaining.

(32) Nondiscrimination. Neither the City nor any of its officers or employees
shall discriminate against any person or business on any basis prohibited by law in the award
or administration of City contracts. Persons or businesses that are awarded City contracts
shall not discriminate against any person or business on any basis prohibited by law in the
performance or administration of any City contract, including in the selection of subcontractors.

(1) The business is financially and operationally independent from, and operates at arm’s length to, any other business.

(2) The business is continuously in operation.

(3) The business is a for-profit enterprise.

(4) The business performs a Commercially Useful Function.

(5) The business maintains its principal place of business in a fixed office within the geographic boundaries of the City that provides all of the services for which LBE

An office is a fixed and established place of business, as determined by the Director, including a qualified home office, where business is conducted on a regular basis of the type for which certification is sought. A residence qualifies as an office only if the residence is situated within the geographic boundaries of the City, and none of the business owners also maintain an office outside the residence in the same or related field, and a business owner claimed the home office as a business deduction on the prior year’s income tax return, or for businesses started after the last tax return, would qualify for a deduction on the next tax return. None of the following constitutes an office: a post office box, a temporary location, a movable property, a location that was established to oversee a project such as a construction project office, or a work space provided in exchange for services as opposed to monetary rent.

To establish a principal place of business in San Francisco, a business must demonstrate that the majority of its principals are based in the San Francisco office. There shall be a rebuttable presumption that a business that pays San Francisco payroll taxes on at least fifty-one percent (51%) of its total payroll has its principal place of business in San Francisco. The Director may, based upon the circumstances of a particular business' overall business model, ownership and control structure, find a business paying San Francisco payroll taxes on a lower percentage of its payroll in compliance with the "principal place of business" requirement.

Suppliers must maintain a warehouse in the City that is continuously stocked with inventory consistent with their certification. Truckers must park their registered vehicles and trailers within the City.
(6) The business possesses a current San Francisco Business Tax Registration Certificate.

(7) The business has been located and doing business in San Francisco for at least six (6) months preceding the application for certification.

(8) At least one business owner has valid licenses or other relevant trade or professional certifications or, where licensing is not required, the business owners individually and collectively have relevant training and experience that are appropriate for the type of business for which the business seeks certification.

(9) The business is Owned and Controlled as defined herein by individuals who reside in the United States or its territories.

The Director shall certify as a "Micro-LBE" any business that meets the requirements of 14B.3(A) and also has average gross annual receipts in the prior three (3) fiscal years that do not exceed the following limits: (1) public works/construction - $7,100,000,000; (2) specialty construction contractors - $5,000,000,000; $500,000,000; (3) goods/materials/equipment and general services - $5,000,000,000-500,000,000; (4) professional services and architect/engineering - $1,250,000,000; and (5) trucking - $1,750,000. the prior three (3) fiscal years that do not exceed the following limits: (1) public
works/construction - $33.5 million; (2) specialty construction contractors - $17 million; (3)
goods/materials/equipment and general services - $17 million; (4) professional services and
architect/engineering - $7 million and (5) trucking - $8.5 million. The City Director shall
determine gross receipts according to recognized accounting methodologies that the
City Director determines most accurately reflect the actual money that the business received
during the relevant period.

a related industry meets the requirements of this subparagraph only if the aggregate gross
annual receipts of their percentage of ownership added together of all of the businesses under

SEC. 14B.8. SUBCONTRACTING.

(A) LBE Subcontracting Participation Requirements. Prior to soliciting bids, Contract Awarding Authorities shall provide the Director with a proposed job scope for each (1) Public Works/Construction Contract that equals or exceeds fifty percent (50%) of the Threshold Amount, and (2) each Architect/Engineering, Professional Services, and General Services Contracts that equals or exceeds fifty percent (50%) of the Minimum Competitive Amount.
The Contract Awarding Authority may ask the Director to waive LBE subcontracting participation requirements where it anticipates that there are no subcontracting opportunities or there are not sufficient LBEs available to perform the subcontracting work available on the Contract.

The Director shall set LBE subcontracting participation requirements for each such Contract, where appropriate, based on the following factors:

1. The extent of subcontracting opportunities presented by the scope of the proposed Contract; and
2. The availability of Small and Micro-LBE Subcontractors certified to provide goods and services required under the scope of the proposed Contract.

Except where the Director determines there are not sufficient Small and Micro-LBEs available to perform the subcontracting opportunities presented by the scope of the proposed Contract, Bidders must list and use only Small and Micro-LBEs to satisfy the LBE subcontracting participation requirement set by the Director. Where the Director determines that there are not sufficient Small and Micro-LBEs available, the Director may authorize Contractors to satisfy the LBE subcontracting participation requirement by using Small, Micro or SBA-LBEs, or may set separate subcontractor participation requirements for Small and Micro-LBEs, and for SBA-LBEs. For each Contract where the Director sets a LBE subcontracting requirement at less than twenty percent, the Director shall prepare a written explanation of the details justifying the LBE subcontracting requirement set. The written explanation shall be posted online as soon practicable. Contractors shall satisfy the LBE subcontracting participation goals by using Small and Micro-LBEs with the following exception: If the Director determines there are not sufficient Small and Micro-LBEs available to perform the subcontracting work on the Contract, the Director may set goals based on the availability of all LBEs and permit Contractors to satisfy the goals by using Small, Micro or SBA-LBEs, or may set separate goals for Small and Micro-LBEs and for SBA-LBEs.
(B) **Satisfaction of Good Faith Efforts Requirements.** At the time of a Bid, all Bidders must meet the LBE subcontracting participation **requirement goals** set by the Director, and also must conduct good faith efforts and file evidence of good faith efforts as required in Sections 14B.8(D) and (E) respectively, with the following exceptions:

1. If upon submission of a Bid, LBE subcontracting participation in the submitted Bid demonstrates total LBE participation that exceeds by thirty-five percent (35%) the established LBE subcontracting participation **requirement goal** set by the **Director** for the Contract by at least thirty-five percent (35%) the Bid, the Bidder is not required excused from to conducting or documenting its good faith efforts or to file evidence of good faith efforts as otherwise required in Sections 14B.8(D) and (E). For the sole purpose of determining whether a Bid exceeds by thirty-five percent (35%) the established LBE subcontracting participation **shall be determined in this Section 14B.8(B)(1)** only, as the sum of all participation by goal, and therefore exempts the Bidder from the requirement to conduct and file evidence of good faith efforts, participation by the following LBEs shall be counted: Small and Micro-LBE Prime Contractors, Small and Micro-LBE Joint Venture partners, and Small and Micro-LBE Subcontractors. Participation by SBA-LBE Subcontractors shall be counted toward LBE subcontracting participation **requirements for purposes of determining whether the Bidder is excused from conducting and documenting good faith efforts only if, under Subsection 14B(8)(A), the Director permitted Bidders to list use of SBA-LBE firms to satisfy subcontracting participation requirements on the Contract.**

2. **Where the Director has set LBE subcontracting participation requirements for Bidders on Public Works/Construction Contracts in an amount less than the Threshold Amount or on Architect/Engineering, Professional Services, or General Services Contracts in an amount less than the Minimum Competitive Amount, Bidders are not required to conduct good faith efforts or to file evidence of good faith efforts as required in Sections 14B.8(D) and (E), to select Subcontractors to meet LBE goals.**
(C) **Non-responsive Bids.** Bids that do not meet the LBE *subcontracting* participation requirements set under 14B.8(A) will be rejected as non-responsive unless the Director finds that the Bidder diligently undertook all the good faith efforts required by this *Chapter* (or that the Bidder is exempt from good faith efforts requirements under Section 14B.8(B)) *Ordinance* and that the failure to meet the *good faith efforts requirements and/or the subcontracting participation requirement* resulted from an excusable error. *The Contract-Awarding Authority shall require* Bidders *must* contact a LBE before listing that LBE as a Subcontractor in the Bid. *Unless* otherwise *an excusable error is found excused by the Director,* a Bid that fails to document compliance with this requirement will be rejected as non-responsive. In addition only LBEs that have been contacted and agreed to be listed as Subcontractors shall be credited toward meeting the LBE *subcontracting* participation requirement.

(D) **Good Faith Outreach.** In addition to meeting the LBE *subcontracting* participation requirement, Bidders on (1) Public Works/Construction Contracts that equal or exceed the Threshold Amount; and (2) Architect/Engineering, Professional Services, or General Services Contracts that equal or exceed the Minimum Competitive Amount shall undertake good faith outreach as set forth in this Section 14B.8 (D) and duly promulgated *Rules and Regulations* to select Subcontractors to meet LBE *subcontracting participation requirement*. Except where a Contract does not include a LBE *subcontracting participation requirement* or a Bid is exempt from good faith outreach under Section 14B.8(B), Bids from Bidders who fail to conduct and/or to document *adequate* good faith outreach steps as required by this *Chapter* *Ordinance* and *its* duly promulgated *HRC-Rules* and Regulations shall be declared nonresponsive.

*The Human Rights Commission shall by Rule and Regulation assign a numeric value to each of the good faith outreach steps listed below. Adequate good faith outreach shall be a minimum of 80 points with a total of 100 points possible.*
(1) Attending any presolicitation, or prebid, meetings scheduled by the City to inform all bidders of LBE program requirements for the project for which the Contract is awarded;

(2) Identifying and selecting subcontracting opportunities to meet LBE goals;

(3) Advertising for LBE Subcontractors by posting the opportunity in an accessible location, specified by the City, not less than ten (10) calendar days before the date the Bids can first be submitted. The advertisement must include information where Bidders may obtain adequate information about the plans, specifications, and requirements for the work. This paragraph applies only if the City gave public notice of the project not less than fifteen (15) calendar days prior to the date the Bids can first be submitted;

(4) Not less than ten (10) calendar days before the date the bids can first be submitted, contacting at least the requisite number of LBEs by trade certified to perform the identified work required by the 14B Rules and Regulations; and

(5) Performing follow-up contact on the initial solicitation with interested Subcontractors and negotiating in good faith with LBEs, as set forth in the 14B Rules and Regulations, and not unjustifiably rejecting their Bids;

(6) Advising and assisting interested LBEs that are bidding on and performing City Public Work and Construction Contracts with the City's bonding and financial assistance programs to obtain bonds, lines of credit, or insurance required by the City or the Bidder.

(E) Documentation of Good Faith Outreach. Each Bid that equals or exceeds the Threshold Amount or the Minimum Competitive Amount, as applicable, shall document good faith outreach and include the documentation with the Bid. *Unless otherwise excused by this Chapter*, such documentation shall include: (1) the dollar amount of each subcontract and a statement of the scope of work to be performed under the subcontract; (2) the identification of each subcontract awarded to an LBE and, (3) for each subcontract, copies of the Subcontractor Bids submitted. Such documentation shall contain at least the Bid amount and
a description of the scope of work, and separately, for each subcontract, a full and complete
statement of the reason(s) for selection of the Subcontractor. If the reason is based on relative
qualifications, the statement must address the particular qualifications at issue. If the reason is
the Bid's respective dollar amounts, the statement must state the amounts and describe the
similarities and/or dissimilarities in the scope of work covered by the Bids. If no written Bids
were submitted by some or all of the Subcontractors who bid the job, the Bidder shall submit a
written statement containing (1) the amount of each oral bid; and (2) separately, for each
subcontract, a full and complete statement of the reason(s) for selection of the Subcontractor.  
Successful Bidders shall maintain the documentation described in this paragraph for three (3)
years following submission of the Bid or completion of the Contract, whichever is later.
