by the party filing the complaint.

(b) **Determination of Prevailing Rate of Wage.** The Civil Service Commission

determine the prevailing rate of wage for a given category of personal services by: (1) sharing
the results of pertinent prevailing wages surveys or determinations which the Civil Service
Commission has conducted or obtained, or (2) referring the prospective bidder, contracting
party or subcontractor to agencies or organizations that might assist them in determining the
prevailing rate of wage.

Upon receipt of a verified complaint from the San Francisco Airports Commission, the
Civil Service Commission shall determine the specified category of personal services for
which the complaint is being filed. If the Civil Service Commission determines that the
complaining party is performing personal services in a specified category other than the one
listed in the complaint, the complaining party shall be given 30 days to further supplement the
evidence already submitted in his or her verified complaint.

The Civil Service Commission, shall, within 45 days of receipt of the complaint,
determine the prevailing rate of wage for the specified category of personal services, and
immediately forward that determination to the San Francisco Airports Commission.

In furtherance of this purpose, the Civil Service Commission shall conduct or obtain a
survey of wages and benefits paid in private sector employment for similar work in the San
Francisco Standard Metropolitan Statistical Area. Where similar work is not being performed
in the San Francisco Standard Metropolitan Statistical Area or is being performed in such
insignificant quantities as to render data unreliable for purposes of comparison, the Civil
Service Commission shall determine the prevailing rate of wage in San Mateo County.

In conducting a survey to determine the prevailing rate of wage for a specified category
of personal services, the Civil Service Commission, or any contracting agency thereof, shall
exclude from its survey the wages and benefits paid by the responding party.

In making its determination with respect to the prevailing rate of wage for a specified
category of personal services, the Civil Service Commission shall consider, but its
determination shall not be limited to, wages and benefits established through bona fide
collective bargaining agreements for similar work in the San Francisco Standard Metropolitan
Statistical Area.

The Civil Service Commission may make an initial determination that the complaint
provides insufficient evidence to suggest a possible violation of this ordinance and may
dismiss the complaint on that basis, furnishing the complaining party a written explanation of
its determination.

The determination of the prevailing rate of wage by the Civil Service Commission shall
be final and binding on all other boards and commissions of the City and County of San
Francisco.

(c) Complaints; Investigation and Hearing. Any affected employee, job applicant,
contractor, or employee organization representing employees or applicants shall have
standing to pursue the enforcement of the prevailing wage provisions of this ordinance against
any person, lessor, franchisor, contractor, concessionaire, subcontractor, lessee or franchisee
before the San Francisco Airports Commission.

Upon the filing of a verified complaint with the San Francisco Airports Commission, with
proof of service on the responding party or parties by certified or registered mail, by any
person or organization, as described herein, alleging a violation of the provisions of this ordinance, the San Francisco Airports Commission shall request a determination by the Civil Service Commission of the prevailing rate of wage applicable to the personal services that are the subject matter of the complaint, and forward a copy of the verified complaint to the Civil Service Commission.

Promptly upon receipt of the prevailing wage determination by the Civil Service Commission, the San Francisco Airports Commission shall make a full investigation of the matter and shall, within 15 days of receipt of the determination of the Civil Service Commission, hold a hearing thereon. Said hearing shall afford to the responding party or parties and the complaining party or parties a full and adequate opportunity to submit evidence regarding the alleged violations of the provisions of this ordinance. Said hearings, however, may not inquire into the Civil Service Commission's determination of the prevailing rate of wage.

The President of the San Francisco Airports Commission shall have the power to administer oath to witnesses in said hearings under this Section. In the event that any person shall fail or refuse to appear as a witness in any such proceeding after being requested to do so, and if it shall appear to the San Francisco Airports Commission that his or her testimony, or books, records, documents or other things under his or her control are material and relevant as evidence in the matter under consideration in the proceeding, the presiding officer may subpoena such person, requiring his or her presence at the proceeding, and requiring him or her to bring such books, records, documents or other things under his or her control.

If any contracting party or subcontractor shall fail to appear at said hearing after having been given written notice to appear, such failure to appear shall be grounds for cancellation of the contract or subcontract and such contracting party or subcontractor shall be deemed to have forfeited all rights, benefits, and privileges thereunder.
Within 15 days of the close of the hearing, the San Francisco Airports Commission shall issue a written decision regarding the alleged violation, and shall serve copies on all parties to the proceedings.

(d) Violation of Ordinance; Option of Awarding Officer, Board or Commission; Cancellation or Penalty or Both. Any contracting party or subcontractor found to have violated the provisions of this ordinance shall have the opportunity to correct the violation within 30 days and shall submit to the San Francisco Airports Commission documentary evidence, including but not limited to payroll records, the truth and accuracy of which is attested to by affidavit, as proof of compliance with the provisions of this ordinance. Failure to correct the violation of this ordinance or failure to submit certified proof of compliance, or misrepresentation of proof of compliance shall constitute a material breach of contract and the San Francisco Airports Commission is empowered to: (1) cancel the contract, or (2) require the forfeiture by the contracting party or subcontractor of $100 per day for such laborer employed for each calendar day or portion thereof while he or she shall be so employed and not paid the prevailing rate of wage or, in the alternative, assess a penalty in an amount not more than 10 percent of the dollar amount of the contract or subcontract, such sums to be deposited in the fund out of which the contract is awarded, or (3) both cancel the contract and assess the forfeiture or penalty. The contractor and subcontractor shall be jointly and severally liable for any dollar penalty or forfeiture assessed against the subcontractor. If the San Francisco Airports Commission cancels the contract, no recovery shall be had thereon by the contractor or subcontractor.

(e) Additional Penalty; Irresponsible Contractors; Disqualification. In addition to any other penalties herein provided for violation of the provisions of this ordinance, any person obligated to pay prevailing wages hereunder who is found willfully to have failed and neglected to pay said prevailing wages shall be declared an irresponsible bidder by the San Francisco Airports Commission.
Francisco Airports Commission and shall not be awarded, let or granted any contract, lease, franchise, permit or concession by or on behalf of the City and County for a period of two years thereafter.

(f) **City and County Not Liable in Money Damages.** In undertaking to impose on its contractors and subcontractors the above-described obligation to pay prevailing rates of wage, the City and County of San Francisco is assuming an undertaking only to promote the general welfare. It is not assuming, nor is it imposing on its officers and employees, an obligation for breach of which it is liable in money damages to any person who claims that such breach proximately caused injury.

(g) **Application toExisting Contracts.** To the extent permitted by law, as of its effective date this ordinance shall apply to all existing contracts, with or on behalf of the City and County of San Francisco subject to the jurisdiction of the San Francisco Airports Commission, and to all subcontracts existing pursuant thereto, to the extent those contracts are expressly subject to the application of lawful ordinances enacted after the date the contracts were executed. No person performing personal services as described herein shall suffer a reduction in wages, working conditions, practices or fringe benefits as a result of the adoption of this ordinance.

(h) **Notification.** The San Francisco Airports Commission shall notify all prospective bidders and all contracting parties of their requirements under this ordinance.

(i) **Empowerment.** The San Francisco Civil Service Commission is hereby granted the power to do all acts and exercise all powers referred to in Section 6.1-3(b) hereof.

The San Francisco Airports Commission is hereby granted the power to do all acts and exercise all powers referred to in Section 6.1-3(c), (d), and (e) hereof.

(j) **Small Business Exemption.** This ordinance shall not apply to any contracting party employing less than 10 employees. Subcontractors or contracting parties are not subject to the provisions of this ordinance.
to this exemption unless the number of employees of the contracting party and subcontractor combined is still less than 10. For purposes of this exemption, the term “employees” excludes owner-operators and members of the owner-operators’ immediate family.

The San Francisco Airports Commission is hereby authorized and empowered to relieve a contracting party from the provisions of this ordinance if the party is operating an air carrier service exclusively utilizing aircraft having a passenger capacity of not more than 60 seats or a payload capacity of not more than 18,000 pounds and if the Airports Commission finds, after a noticed public hearing, that the application of the provisions of this ordinance to such contracting party would impose a disproportionately heavier financial burden on such contracting party than on other air carriers.

(k) Nonprofit Making Enterprises Exemption. Contracting parties who are nonprofit making enterprises are not subject to the requirement to pay prevailing rates of wage pursuant to the provisions of this ordinance. This exemption, however, merely denotes a determination by the Board of Supervisors that wage policies of nonprofit making enterprises require consideration of different factors and should be addressed by separate legislation.

(l) Pre-emption; Collective Bargaining Agreements. The prevailing wage provisions of this ordinance shall apply to all persons performing personal services covered hereunder, regardless of whether there is a collective bargaining agreement establishing the hours, wages and other terms and conditions of employment of said persons, to the extent the prevailing rate of wage as determined hereunder is higher than the wages and benefits established by the collective bargaining agreement. However, this ordinance shall not confer upon the City and County of San Francisco or any officer, board, commission or other agency thereof any power not otherwise provided by law to determine the legality of any collective bargaining agreement, nor shall anything in this ordinance be interpreted or applied so as to create any power or duty in conflict with the pre-emptive effectiveness of any federal or state legislative act.
(m) **Severability.** If any part or provision of this ordinance or the application thereof to any person or circumstance is held to be invalid, the remainder of the ordinance, including the application of such part or provision to other persons or circumstances, shall not be affected thereby and shall continue in full force and effect. To this end, the provisions of this ordinance are severable.

(n) **Post-Adoption Review.** The San Francisco Airports Commission and the San Francisco Civil Service Commission shall submit reports to the Board of Supervisors not later than 12 months after the ordinance goes into effect. These reports shall discuss generally the effectiveness of this ordinance in addressing the problems outlined in the findings, the need for further legislation, and alternative methods whereby the objectives of the ordinance can be more effectively carried out. These reports shall further contain recommended legislative changes as deemed appropriate by the Airports Commission and the Civil Service Commission. (Amended by Ord. 104-82, App. 3/5/82; Ord. 278-96, App. 7/3/96)

SEC. 6.4. QUALIFYING AWARDS OF CONTRACT REQUIRING FEDERAL AGENCY APPROVAL. Whenever a department head, board or commission has advertised for bids under this Chapter and the performance of the work is dependent upon the approval of any federal agency and such approval has not been received at the time of making the award of contract, the department head, board or commission shall in making the award of contract as provided in Sections 6.1 and 6.3 of this Code, qualify the award of contract as

SEC. 6.6. ALTERATIONS, MODIFICATIONS, ETC., INCREASING OR DECREASING PRICE; EXCESS COST ON UNIT COST BASIS. (a) Increasing Contract Price. Alterations, modifications or extras in any contract, which will increase the contract cost, may be made or allowed only on the written recommendation of the department head responsible for the supervision of the contract, together with the approval of the Mayor or Mayor's designee or the board or commission, as the case may be, and also the approval of the Controller, stating the increased price to be paid by reason thereof.

(b) Decreasing Contract Price. Allowances, modifications or credits in any contract which will decrease the contract cost may be made or allowed only upon
recommendation of the department head responsible for the supervision of the contract,

  together with the approval of the Mayor or Mayor's designee or board or commission, as the

  supplemental appropriations. (Ord. No. 4792 (1939), Sec. 6; amended by Ord. 278-96, App.

SEC. 6.7. GRANT OF EXTENSION IN TIME; EXTENSIONS TO BE IN WRITING.

The awarding officer, board or commission may extend the time for completion of the work
under a contract, upon the awarding officer, board or commission finding that such work
cannot be completed within the specified time because of an unavoidable delay, as restricted
in this Chapter. Such extensions shall be in writing, but in no event shall any extension be
granted subsequent to the issuance of a certificate of final acceptance. (Ord. No. 9484 (1939),
Sec. 1))

SEC. 6.8. CONTRACTOR TO GIVE NOTICE OF DELAY; NOTICE TO CONSTITUTE
APPLICATION FOR EXTENSION. The contractor shall promptly notify the awarding officer,
board or commission, in writing, of all anticipated delays in the prosecution of the work and, in
any event, promptly upon the occurrence of a delay, the notice shall constitute an application
for an extension of time only if the notice requests such extension and sets forth the
contractor's estimate of the additional time required, together with a full recital of the causes of
unavoidable delays relied upon. The awarding officer, board or commission may take steps to
prevent the occurrence or continuance of the delay, may classify the delay as avoidable or
unavoidable and may determine to what extent the completion of the work is delayed thereby.

(Ord. No. 9484 (1939), Sec. 1)

SEC. 6.9. DELAYS DEEMED UNAVOIDABLE. Unavoidable delay is an interruption of the work beyond the control of a contractor and which interruption the contractor could not have avoided by the exercise of care, prudence, foresight and diligence.

Such delays include and are limited to acts of God; acts of the public enemy; adverse weather conditions; fires; floods; windstorms; tornadoes; wars, riots; insurrections; epidemics; quarantine restrictions; strikes; lockouts; sitdowns; slowdowns; other labor trouble; labor shortages; inability of contractor to procure labor; material shortages; inability of contractor to procure material; fuel shortages; freight embargoes; accidents; acts of a governmental agency; priorities or privileges established for the manufacture, assembly or allotment of materials by order, decree or otherwise of the United States or by any department, bureau, commission, committee, agent or administrator of any legally constituted public authority; changes in the work ordered by the contracting officer, board or commission insofar as they necessarily require additional time in which to complete the entire work; the prevention by the City and County of a contractor from commencing or prosecuting the work; the prevention of a contractor from commencing or prosecuting the work because of the acts of others, excepting the contractor’s subcontractors; the prevention of a contractor from commencing or prosecuting the work because of the failure of the City and County to furnish the necessary materials, when required by the terms of a contract and when requested by the contractor in the manner provided in the contract; and, inability to procure or failure of public utility service.

The duration of unavoidable delays shall be limited to the extent that the commencement, prosecution and completion of the work are delayed thereby, as determined by the awarding officer, board or commission. (Ord. No. 9484 (1939), Sec. 1)
SECTION. Upon the recommendation of the awarding officer, board or commission, the Board of Supervisors may provide by resolution for extensions of time relating to specific contracts for causes other than those stated in the preceding section which the contractor could not have avoided by the exercise of care, prudence, foresight and diligence. (Ord. No. 9484 (1939), Sec. 1))

SEC. 6.11. AVOIDABLE DELAYS IN COMPLETING CONTRACTS. Avoidable delays in the prosecution or completion of any work shall include:

(a) All delays which could have been avoided by the exercise of care, prudence, foresight and diligence on the part of the contractor;

(b) Delays in the prosecution of parts of the work, which may in themselves be unavoidable, but do not necessarily prevent or delay the prosecution of other parts of the work, nor the completion of the whole work within the time specified;

(c) Reasonable delays resulting from time required by the City and County for approval of plans submitted by the contractor and for the making of surveys, measurements and inspections; and

(d) Delays arising from interruptions occurring in the prosecution of the work on account of the reasonable interference from other contractors employed by the City and County, which do not necessarily prevent the completion of the whole work within the time specified. (Ord. No. 9484 (1939), Sec. 1))

SEC. 6.12. TIME EXTENSION NOT WAIVER OF CITY’S RIGHTS. The granting of an extension of time because of unavoidable delays shall in no way operate as a waiver on the part of the City and County or the awarding officer, board or commission of the right to collect liquidated damages for other delays or of the right to collect other damages or of any other rights to which the City and County is entitled. (Ord. No. 9484 (1939), Sec. 1))

SEC. 6.13. LIQUIDATED DAMAGES. Any contract may provide a time within which
the contract work, or portions thereof, shall be completed and may provide for the payment of
agreed liquidated damages to the City and County for every calendar or working day
thereafter during which such work shall be uncompleted.

In every contract for construction, repair, or renovation exceeding the amount specified
in Section 6.1 of this Chapter, there shall be a provision establishing a time for completion in
calendar or working days and establishing liquidated damages to the City and County for
every calendar day thereafter during which such work shall be uncompleted.

The execution of a contract by a contractor shall constitute his or her acknowledgment
and agreement that the City and County will sustain damages not less than the amount fixed
in the contract for each and every day of delay beyond the expiration of the time fixed for such
completion or extensions of such time as have been allowed pursuant to the provisions of this
Chapter.

When the actual progress of the work indicates that completion of the work may be
delayed beyond the original or extended contract time for completion of the entire work, a sum
representing the projected liquidated damages shall be deducted from any money due or to
become due to the contractor should the contractor fail to demonstrate to the contracting
authority's satisfaction that the work will be completed within the contract time.

Such deduction shall be considered not as a penalty, but as the agreed monetary
damage sustained by the people of the City and County because the contractor failed to
perform and complete the work within the time fixed for completion or such extensions of such
times as have been allowed pursuant to the provisions of this Chapter.

Should the money due or to become due to the contractor be insufficient to cover such
agreed liquidated damages, then the contractor forthwith shall pay the remainder to the City
and County. (Amended by Ord. No. 499-79, App. 10/12/79)

SPECIAL CIRCUMSTANCES. No damages or compensation of any kind shall be paid to a contractor because of delays in the progress of the work, whether such delays be avoidable or unavoidable; provided, however, the City and County may pay for (1) delays caused to the contractor by the City and County; and (2) such unavoidable delays as may be specifically stated in the contract. Such latter delays will be compensated for only under the conditions specified in the contract. (Amended by Ord. No. 499-79, App. 10/12/79))

SEC. 6.14-1. TERMINATION FOR CONVENIENCE. In all contracts for the construction of any public work or improvement, the awarding officer, board or commission authorized to let or enter into any contract for any public work or improvement may include in the specifications setting forth the terms and conditions for the performance of said contract a provision that the City and County may terminate the performance of work under the contract whenever the awarding officer, board or commission shall determine that such termination is in the best interest of the City and County. Any such termination shall be effected by delivery to the contractor of a notice of termination specifying the extent to which performance of work under the contract is terminated and the date upon which such termination becomes effective. The awarding officer, board or commission is hereby authorized to include within such construction contract the appropriate language to implement this Section. (Added by Ord. No. 499-79, App. 10/12/79))

SEC. 6.15. NO EXTENSIONS GRANTED WHEN CONTRACT BASED ON TIME ESTIMATES; EXCEPTIONS. When any award of contract has been made in consideration, in whole or in part, of the relative time estimates of bidders for the completion of the work, the provisions of Sections 6.9, 6.10 and 6.11 of this Code shall not apply and no extension of time may be granted on such contract beyond the time specified for completion, unless the liquidated damages for each day the work is uncompleted beyond the specified time shall be collected; provided, however, that this shall not apply to unavoidable delays due to acts of

SEC. 6.16. INCORPORATION OF PROVISIONS OF ARTICLE IN CONTRACTS FOR PUBLIC WORK. The provisions of Sections 6.7 to 6.15 of this Code shall be included in every contract or specification for every public work or improvement, as public work or improvement is defined in Ordinance No. 9.0923 and Part II, Chapter X, Article 3, Section 75 of the San Francisco Municipal Code, whenever such contract and the published notice soliciting sealed bids therefor provide for liquidated damages to the City and County for every day during which the contract is uncompleted beyond a specified time. (Ord. No. 9484 (1939), Sec. 1)

SEC. 6.17. CONTRACT MAY PROVIDE THAT UNAVOIDABLE DELAYS SHALL NOT APPLY. The awarding officer, board or commission may provide in any particular contract, using specific language, that interruption of the work due to one or more of the causes of unavoidable delays set forth in Section 6.9 of this Code is not a cause of an unavoidable delay under that particular contract. The awarding officer, board or commission may also provide in any contract that one or more causes of unavoidable delay set forth in Section 6.9 of this Code shall be restricted to circumstances specified in the contract. (Ord. No. 9484 (1939), Sec. 1)

The department head, with the approval of the Mayor or the Mayor's designee, or the department head, with the approval of the board or commission to which he or she is responsible, may reject any and all bids and readvertise for bids. When bids have been invited pursuant to the required procedure and no bid is received, or where all bids received are for the same total amount or unit price, the department head, with the approval of the Mayor or the Mayor's designee, or the department head, with the approval of the board or commission to which he or she is responsible, may order the related work to be executed in the most expeditious

SEC. 6.19. SURETY TO ACCOMPANY BID; NOTICE INVITING BID; FORM OF BIDS. (a) In any case when the expenditure for the construction, reconstruction or repair of public buildings, streets, utilities or other public works or improvements shall, as estimated by the department head, exceed the sum of $15,000, the bids referred to by this Chapter shall be sealed, directed to the department head or officer calling the bids, and shall be accompanied by a corporate surety bond, or an irrevocable letter of credit on a bank or trust company doing business and having an office in the State of California, having a combined capital and surplus of at least $50,000,000, and subject to supervision or examination by federal or State authority, or a certified check on a bank or trust company doing business and having an office in the State of California, having a combined capital and surplus of at least $50,000,000, and subject to supervision or examination by federal or State authority, payable on sight to the City and County, the amount of which corporate surety bond, irrevocable letter of credit or certified check shall be fixed by the department head or officer as stated in the advertisement, which amount shall not be less than 10 percent of the amount bid for the cost of the proposed work of improvement, and no proposal shall be considered unless accompanied by a corporate surety bond or irrevocable letter of credit or certified check. (b) Notwithstanding Subsection (a) above, the bid security requirements for a particular contract may be modified by the department head upon satisfaction of all of the following conditions:

1. The contract in question shall have been set aside by the “contract review committee” (the “committee”) established in Administrative Code Section 12D.8(A)(3), in accordance with the provisions of Administrative Code Section 12D.15(F).

2. At the time of the set-aside determination made in Subsection (b)(1), the committee shall have determined whether the department head should allow modification of the bid security requirements.

3. If the committee recommends that the department head allow a modification of the bid security requirements, the department head may include in the contract specifications a request that contractors seeking modification of the bid security requirements provide the information specified in Administrative Code Section 6.19(b)(4).

4. A contractor seeking modification of the bid security requirements shall have bid on the proposed contract in accordance with the requirements of applicable law, with the exception of the compliance with the bid security requirements. Such contractor shall have included with the bid (i) a request for a modification of the bid security requirements, (ii) a brief statement to the department head explaining the circumstances warranting such modification, and (iii) information describing the contractor's financial condition and ability to perform the proposed contract.

5. The department head shall have determined that strict compliance with the bid security requirements would result in undue economic hardship to the bidding contractor. Such a finding may be based in whole or part on information provided to the department by the bidding contractor under Subsection (4), together with any other information the department head reasonably requests of the contractor. The contractor shall provide such information.
additional information to the department head within 10 business days of the department head's request.

(6) The department head shall have determined that modification of the bid security requirements would not result in an unjustifiable hardship to the City. Such hardship may include, but shall not be limited to, financial risks to the City, a risk of nonperformance by the bidding contractor, and/or whether a modification of the bid security requirements would result in an unreasonable delay in the performance of the contract.

(c) Upon satisfaction of the conditions in Subsection (b), the department head may modify the bid security requirements in any one of the following manners:

(1) The department head may postpone, for a period of up to 10 days from the date of the bid acceptance date for the contract in question, the contractor's compliance with the bid security requirements. The contractor shall otherwise comply in all respects with the requirements of Chapter 6 of the Administrative Code.

(2) The department head may require that the contractor provide a certified check in the amount of $5,000 payable on sight to the City and County of San Francisco. The contractor shall remit the check to the department head within 10 business days of the department head's request. The department head shall retain such check under the circumstances described in the last paragraph of Administrative Code Section 6.20. Otherwise the department head shall return such check to the contractor.

(d) Any contractor which fails to strictly comply with the requirements of Section 6.19(b) shall not be eligible to receive a modification of the bid security requirements.

(e) Notices inviting sealed bids under the conditions of this Section must be published for two consecutive days in the official newspaper, and at least five calendar days must intervene between the date of the last publication and the time for filing such sealed bids or proposals. Such notices shall state in general terms the conditions of the proposed
contract, including whether the department awarding the contract will consider modifications
of the bid security requirements of Administrative Code Section 6.19(a), and if progressive
payments are to be provided under any contract in accordance with Section 7.202 of the
Charter, or if any contract is to be let on the basis of a gross price or cost per unit of work to
be performed or on the basis of time of completion, with liquidated damages for every day
during which the contract is uncompleted beyond such specified date in accordance with
Section 7.203 of the Charter, such notice shall so state. Each advertisement for bids shall
contain the reservation of the right to reject any and all bids.

(f) All bids shall be filed on forms furnished by the department head concerned, and
all bids not so filed shall be rejected. All bids received as herein provided shall be publicly
opened by the proper department head or officer at the time and place to be stated in the
advertisement for proposals, and after tabulation, bidders may inspect the accepted low bid.
When specifications do not include alternative proposals, statements or communications
accompanying bids which serve to qualify such bids shall not be considered in making
awards, and will disqualify bidders.

Any bidder protesting the validity of another bid shall file such protest with the
department awarding the contract within 10 working days of the date of opening of bids. Such
protest shall include a full and complete written statement specifying in detail the grounds for
the protest and the facts in support thereof.

(g) These amendments shall be effective for a period of two years from the date of
final adoption by the Board of Supervisors and Mayor. The Human Rights Commission shall
submit written reports to the Board of Supervisors every six months, beginning January 1,
1995, advising the Board of the status of the implementation of these amendments and an
analysis of whether these amendments are proving to be useful and needed. (Amended by

The bond shall be for a sum not less than 50 percent of the award.

The Controller shall approve the sufficiency and qualifications of all sureties as required under the provisions of this Chapter.

If any bidder to whom the contract is awarded under the provisions of this Chapter shall for 10 days after such award fail or neglect to enter into the contract and file the required bond, the department head or officer in whom authority to execute the contract is vested shall deposit the corporate surety bond or certified check referred to in Section 6.19 of this Code with the Treasurer for collection and the proceeds thereof shall be retained by the City and County as liquidated damages for the failure of such bidder to enter into such contract, unless upon recommendation of the department head or officer authorized to execute the contract,
together with the approval of the Mayor or Mayor's designee, board or commission, the Board

SEC. 6.58. DISQUALIFICATION OF IRRESPONSIBLE CONTRACTORS; EFFECT OF DISQUALIFICATION. Any contractor or consultant who fails to comply with the terms of its contract with the City, or contractor, subcontractor or consultant who violates any provision in Chapter 6, or who fails to abide by any rules and/or regulations adopted pursuant to Chapter 6, may be declared an irresponsible bidder by the department head, board or commission responsible for the public work or improvement at issue. Upon such determination, the contractor, subcontractor or consultant (or any other entity with substantially the same officers, directors, owners or principals) shall not be permitted to act as a contractor, subcontractor or consultant on any public work or improvement for the City and County of San Francisco for a period of up to five years as determined by the department head, board or commission. The contract of any such person or entity may, at the option of the department head, board or commission, be canceled and in the event of such cancellation, no recovery shall be had thereon by the contractor, subcontractor, or consultant. (Added by Ord. 308-94, App. 8/17/94))

SEC. 6.59. CONDUCT REQUIRED OF RESPONSIBLE CONTRACTORS. Violation of this Section subjects the contractor, subcontractor or consultant to the penalties set forth in Chapter 6, including disqualification. The act of knowingly submitting a false, untrue or misleading claim, request...
for equitable adjustment, request for contract modification, request for change order or request of any kind seeking increased compensation is sufficient of itself to subject the contractor, subcontractor or consultant to the penalties stated in Chapter 6, regardless of the City's reliance on, or response to the submission. (Added by Ord. 308-94, App. 8/17/94)

SEC. 6.60. PROCEDURES FOR DISQUALIFICATION OF IRRESPONSIBLE CONTRACTORS. When charges are brought for violation of Sections 6.57, 6.58 or 6.59 of Chapter 6, the contractor, subcontractor or consultant shall be given notice of the charges and of all evidence supporting such charges. The contractor, subcontractor or consultant or its attorney shall be entitled to offer rebuttal evidence and any other evidence in support of its position. The department head, board or commission shall conduct a hearing, where the charges and all evidence shall be presented. In the alternative, the department head, board of commission may appoint a hearing officer to conduct such a hearing and make written findings of fact to be submitted to the department head, board or commission, who shall render the final decision. his or her interest therein pursuant to an assessment lawfully made by the Assessor.

However, the Board of Supervisors may by resolution or ordinance specifically authorize and approve to be included in such agreement a provision for the City and County's assumption of the payment of such possessory interest taxes, in whole or in part, or for an offset against revenues otherwise due and payable to the City and County under such agreement in an amount equal to all or a portion of such possessory interest taxes.

Such agreement shall also provide that the holder of such interest shall, upon request, furnish the information required in Section 6.63-2 to the City and County within 30 days of any transaction that is subject to the reporting requirements of Section 6.63-2.

Within 60 days after execution of an agreement pertaining to the use of City property as further described above, the agency executing such agreement on behalf of the City and County shall forward, or cause the holder of such interest to forward, a copy of the agreement to the Assessor of the City and County of San Francisco, as required in Section 6.63-2 below.

No progressive payments under any contract shall be made which, with prior payments, shall exceed in amount, 90 percent of the value of the work and labor and materials furnished; provided, however, that when the department head who is authorized to approve or sign the contract pursuant to Section 6.05 (hereafter called the “City representative”) determines that the contract is 50 percent or more complete, contractor is making satisfactory progress and
there is no specific cause for greater withholding, progressive payments may be made not to exceed in amount the lesser of either 95 percent of the value of the work and labor and material furnished or 95 percent of the contract price, and provided further that when the City representative determines that the contract is 95 percent complete, funds withheld may be reduced to an amount equal to 125 percent of the estimated value of the work yet to be completed as determined by the City representative.

If the advertisement for sealed proposals shall so specify and if adequate provisions are made to protect the City and County from loss, any contract may provide for progressive payments for equipment and material purchased by the contractor for the project and stored by the contractor prior to actual physical incorporation into the project. (Added by Ord. 439-96, App. 11/8/96. Amended by Ord. 156-99, App. 5/19/99)

SEC. 6.65. COLLUSION IN CONTRACTING. If any party or parties to whom a contract has been awarded has been guilty of collusion with any officer or representative of the City and County, or any other party or parties, in the submission of any bid or in preventing any other being made, or in knowingly receiving preferential treatment by any officer or an employee of the City and County, then any contract so awarded, if not completed, may be declared null and void by the Board of Supervisors on the recommendation of the Purchasing Agent or the department head concerned, as the case may be, and the Purchaser of Supplies or the department head concerned shall thereupon readvertise for bids for said work for the uncompleted portion thereof. If the work under such contract shall have been completed, the matter shall be referred to the City Attorney for such action as may be necessary. Any party or parties guilty of such collusion shall not be permitted to participate in or to bid on any future public work, improvement or purchase to be made by the City and County. 6.20. PUBLIC WORK CONTRACTS SUBJECT TO COMPETITIVE BIDDING.

A. Public Works In Excess of the Threshold Amount. Except as otherwise provided by the Charter or the Administrative Code, any public work or improvement estimated to cost more than the Threshold Amount shall be performed under contract awarded to the responsible bidder submitting the lowest responsive bid. If the work is to be performed under contract, the department shall obtain not fewer than three quotes and shall award the contract to the responsible bidder offering the lowest quotation. If the department is unable to obtain three quotes, the award may be based on the quote or quotes received. The department administering the contract shall maintain records as to whom the request for quotations was directed and the quotations received. It is the policy of the Board of Supervisors for contracting departments to make every effort to eradicate prejudice and favoritism in the award of City contracts. In order to effectuate this policy, the department heads authorized to enter into construction contracts and their staff members shall collaborate with the HRC Director and HRC staff members periodically to create a list of responsible contractors qualified to perform various types of public work for projects estimated to be less than the Threshold Amount, making every effort to include qualified, responsible MBE and WBE contractors on that list. The HRC shall be responsible for outreach efforts to make sure that MBE and WBE contractors are aware of the opportunity to be considered for the list.
contract awarding departments or commissions shall be responsible for evaluating and
determining whether contractors are responsible and qualified to perform the various scopes
of work. The department heads authorized to execute construction contracts shall report
quarterly to the Board of Supervisors regarding MBE/WBE inclusion on the list of responsible
and qualified contractors for public work contracts estimated to be less than or equal to the
Threshold Amount, a description of the scope of work and price for each contract awarded
under this section, the name of the contractor awarded the contract and whether the contract
was awarded to an MBE or WBE contractor. Such reports shall be referred to a Board
committee for public hearing.

C. Estimates Required. For public works or improvements in excess of the
Threshold Amount, no department head shall recommend a construction contract for or issue
an order of award without preparing detailed program requirements and detailed estimates for
the work to be performed. There shall be a separate accounting for each work or
improvement which accounting shall include all direct, indirect and supervisory elements of
costs chargeable to such work or improvement. All such accounts shall be reported to the
Controller and to either the Mayor or the Mayor's Designee or to the board or commission
concerned, as appropriate.

D. Comparison of Bids on Basis of Time of Completion. The department head

completion of the work, shall be subject to the provisions of this Chapter.

E. Time for Award. Except when a contract is funded by Federal or State grants
or funds, all public work contracts shall be awarded within ninety (90) days of the date the City
and County receives the bids. Such time may only be extended prior to award of the contract
and only upon (a) written agreement of the apparent responsible bidder with the lowest
responsive bid and (b) approval by the Mayor, the Mayor's Designee or by resolution of the
board or commission concerned.

6.21. BID REQUIREMENTS.

Amount shall conform to and at a minimum require the following:

contract for the public work or improvement to be performed shall advertise for competitive
bids in at least one local newspaper or periodical of general circulation. Such advertisement
shall be published not fewer than ten (10) days prior to bid opening. The department may, in
its discretion, include in the published advertisement the amount of the engineer's estimate for
the work to be performed.

B. Award and Certification Required. All published advertisements and
Advertisements For Bid shall contain the following language [wording in brackets should be
chosen as appropriate to the department]:

In accordance with San Francisco Administrative Code Chapter 6,
no bid is accepted and no contract in excess of [the Threshold
Amount] is awarded by the City and County of San Francisco until
such time as [(1) for departments with boards or commissions, (a)
the department head recommends the contract for award and (b)
the board or commission then adopts a resolution awarding the
contract]; or [(2) for departments under the Mayor, (a) the Mayor or
the Mayor's designee approves the contract for award and (b) the
department head then issues an order of award]. Pursuant to
Charter section 3.105, all contract awards are subject to
certification by the Controller as to the availability of funds.
Failure of a department to include such language in a published advertisement or Advertisement For Bids does not give rise to a contract right by a bidder or contractor outside of the requirements of the Charter or Administrative Code of the City and County of San Francisco.

C. Form of Bid. All bids shall be sealed and directed to the department head advertising for bids, in the format prescribed by the department head with the authority to execute the contract.

D. Bid Bond. All bids in excess of $25,000 shall be accompanied by a corporate surety bond, or an irrevocable letter of credit on a bank or trust company doing business and having an office in the State of California, having a combined capital and surplus of at least $50,000,000, and subject to supervision or examination by Federal or State authority, or a certified check on a bank or trust company doing business and having an office in the State of California, having a combined capital and surplus of at least $50,000,000, and subject to supervision or examination by Federal or State authority, payable on sight to the City and County of San Francisco, the amount of which corporate surety bond, irrevocable letter of credit or certified check shall be fixed by the department head or officer as stated in the Advertisement For Bids, which amount shall not be less than 10 percent of the amount bid for the cost of the proposed work of improvement, and no bid shall be considered unless accompanied by a corporate surety bond or irrevocable letter of credit or certified check. Any irrevocable letter submitted pursuant to this Chapter shall be on a form provided by the City and County. If the amount of security required is fixed by the department head or officer in an amount in excess of $15,000, the form of security required shall be that of a corporate surety bond or irrevocable letter of credit. The requirement for a corporate surety bond, irrevocable letter of credit or certified check described in this subsection shall be referred to collectively as the "bid security requirements."
Notwithstanding the above, the bid security requirements for a particular contract may be modified by the department head in accordance with Administrative Code section 12D.A.9.(A)(4).

E. **Fees.** The department head or officer calling for bids may specify in the Advertisement For Bids for any project a nonrefundable fee to be paid by each prospective bidder for each set of bidding documents (including plans and specifications), such fee to defray the cost of reproducing each set of bidding documents as determined by the department head or officer, and all such fees shall be deposited as an abatement of the expenditure of the appropriation against which the cost of reproducing said bidding documents was charged.

F. **License.** The department head shall specify in all Advertisements For Bids and plans for public work projects the classification of the contractor's license which a contractor shall possess at the time bids are submitted.

G. **Qualifications.** The department head responsible for the public work shall require from all bidders information concerning their experience and financial qualifications, and shall take such information into consideration in the award of any contract. At a minimum, the department head shall require (1) information concerning the contractor's experience, financial qualifications and ability to perform the terms and conditions of the contract and (2) information as to whether the contractor possesses, or can obtain in time to perform the contract, the necessary equipment. In the event that a bidder fails to provide such information within fourteen calendar days of bid opening, or as otherwise required in the Advertisement For Bids, the department head could find that the bidder is refusing to enter into the contract, resulting in a forfeiture of the bidder's bid bond.

H. **Business Tax Registration Certificate.** All Advertisements For Bids shall require that bidders submit proof of a current Business Tax Registration Certificate. Failure of
a bidder to provide such proof within fourteen calendar days of bid opening, or as otherwise required in the Advertisement For Bids, could, at the discretion of the department head, constitute a refusal to enter into the contract and result in a forfeiture of the bid bond.

I. Apprenticeship Program or Fund. All Advertisements For Bids shall require that bidders submit a declaration affirming the bidder's commitment on behalf of itself and its subcontractors, as a material term of the contract, to fully comply with the requirements of the State Apprenticeship Program as set forth in the California Labor Code, Division 3, Chapter 4 (commencing at section 3070) and section 1777.5. Such declaration shall provide either (1) that the contractor and its subcontractors hold current approval certificates issued by the joint apprenticeship committee administering the apprenticeship standards of the craft or trade to be performed under the contract approving the contractor and its subcontractors for the employment and training of apprentices or (2) that the contractor and its subcontractors shall apply to the joint apprenticeship committee administering the apprenticeship standards of the craft or trade in the area of the site of the public work, prior to performing any of the work under the contract, for a certificate approving the contractor or subcontractor for the employment and training of apprentices. The declaration shall also include a provision that the contractor and its subcontractors shall contribute to a fund or funds to administer and conduct the apprenticeship program in any craft or trade in the area of the site of the public work, to which fund or funds other contractors in the area of the site of the public work are contributing in the same amount and on the same basis and in the same manner as the other contractors do, but where the trust fund administrators are unable to accept the funds, contractors not signatory to the trust agreement shall pay a like amount to the California Apprenticeship Council.

Failure to provide such declaration within fourteen calendar days of bid opening, or as otherwise required by the Advertisement For Bids, could, at the discretion of the
department head, constitute a refusal to enter into the contract and result in a forfeiture of the bid bond.

J. Designation of Subcontractors; Subcontracting and Subletting. All bidders shall designate their subcontractors in accordance with and shall be subject to the California Subcontracting and Subletting Act, at Government Code §4000, et seq., as amended from time-to-time. In addition to the penalties provided by Government Code §4000, et seq., violation of this subsection may be grounds for a determination of nonresponsibility under Article V of this Chapter.

K. Right to Reject Any or All Bids. The department head shall have the right to reject any or all bids for any reason or no reason. All Advertisements For Bids shall reserve this right, but failure to make such reservation shall not abrogate the right to reject. For public work contracts in excess of the Threshold Amount, the department head shall obtain the approval of the Mayor or the Mayor's Designee or the board or commission, as appropriate, in the rejection of bids.

L. Bid Protests. Only a bidder may submit a bid protest. The department head concerned shall prescribe in the Advertisement For Bids procedures for submitting bid protests. Such procedures shall set the time by which bid protests must be received, but may not require that bid protests be submitted fewer than five (5) business days after the date bids are due.

6.22. PUBLIC WORK CONSTRUCTION CONTRACT TERMS AND WORKING CONDITIONS.

All construction contracts awarded by the City and County of San Francisco shall contain the following minimum terms and conditions:

A. Bonds. Before the execution of any contract for public works or improvements, the department head authorized to execute such contracts shall require the successful bidder
to file corporate surety bonds for the faithful performance thereof and to guarantee the
payment of wages for services engaged and of bills contracted for material, supplies and
equipment used in the performance of the contract. The bond shall be for a sum not less than
100 percent of the award.

The City and County of San Francisco, acting through its Human Rights
Commission ("HRC"), intends to provide guarantees to private bonding assistance companies
and financial institutions in order to induce those entities to provide required bonding and
financing to eligible contractors bidding on and performing City public work contracts. This
bonding and financial assistance program is subject to the provisions of Administrative Code
section 12D.A.9.

B. Insurance. All construction contracts awarded under this Chapter must conform
to the insurance requirements established by the Risk Manager. The Risk Manager shall
develop uniform insurance requirements for City contracts subject to this Chapter and shall
publish such requirements in the Risk Manager's Manual. The Risk Manager shall review and
update such insurance requirements on an annual basis.

C. Indemnification. All construction contracts awarded under this Chapter shall
require that the contractor fully indemnify the City and County to the maximum extent provided
by law, such that each contractor must save, keep, bear harmless and fully indemnify the City
and County and any of its officers or agents from any and liability, damages, claims,
judgments or demands for damages, costs or expenses in law or equity that may at any time
arise.

This indemnification requirement may not be waived or abrogated in any way for
any contract without the recommendation of the City's Risk Manager and the express
permission and approval of the Board of Supervisors.
D. Assignment. No contract shall be assigned except upon the recommendation of the department head concerned and with the approval of the Mayor or the Mayor’s designee, relative to the department under the Mayor’s jurisdiction, or the approval of the board or commission concerned for departments not under the Mayor.

E. Prevailing Wages.

1. Generally. All contractors performing a public work or improvement for the City and County of San Francisco shall pay its workers on such projects the highest rate of prevailing wage as provided below.

2. Leased Property Included. For the limited purposes of this subsection, a "public work or improvement" also means and includes any construction work done under private contract when all of the following conditions exist:

   a. The construction contract is between private persons; and
   b. The property subject to the construction contract is privately owned, but upon completion of the construction work will be leased to the City and County of San Francisco for its use; and
   c. Either of the following conditions exist:

      (1) The lease agreement between the lessor and the City and County of San Francisco, as lessee, is entered into prior to the construction contract, or
      (2) The construction work is performed according to the plans, specifications, or criteria furnished by the City and County of San Francisco, and the lease agreement between the lessor and the City and County of San Francisco as lessee, is entered into during, or upon completion, of the construction work.
3. **Determination of the Prevailing Wage.** It shall be the duty of the Board of Supervisors, from time to time and at least once during each calendar year, to fix and determine the highest general prevailing rate of wages paid in private employment in the City and County of San Francisco, including such rate of wages paid for overtime and holiday work, which said highest general prevailing rate of wages shall be fixed and determined as follows:

   The Civil Service Commission shall furnish to the Board of Supervisors, on or before the first Monday in November of each year, data as to the highest general prevailing rate of wages of the various crafts and kinds of labor as paid in private employment in the City and County of San Francisco, including said wages for overtime and holiday work, and the Board of Supervisors shall, upon receipt of such data, fix and determine the highest general prevailing rate of wages for said various crafts and kinds of labor as paid for similar work in the City and County of San Francisco in private employment. Such highest general prevailing rate of wages as so fixed and determined by said Board of Supervisors shall remain in force and shall be deemed to be the highest general prevailing rate of wages paid in private employment for similar work, until the same is changed by said Board of Supervisors. In determining the highest general prevailing rate of wages, as provided for in this section, the Board of Supervisors shall not be limited to the consideration of data furnished by the Civil Service Commission, but may consider such other evidence upon the subject as said board shall deem proper and thereupon base its determination upon any or all of the data or evidence considered.

   In the event that the Board of Supervisors does not fix or determine the highest general prevailing rate of wages in any calendar year, the rates established by
the California Department of Industrial Relations for such year shall be deemed
adopted.

4. **Specifications to Include Wage Rate.** The department head authorized
to execute a construction contract under this Chapter shall include in the contract
specifications, or make available in the offices of the department or at the job site, a
detailed statement of the highest general prevailing rate of wages, including the wages
for holiday and overtime work, as determined by the Board of Supervisors for the
several kinds of labor to be used or employed in the performance of said contract. The
contractor shall agree to pay to all persons performing labor in and about the public
work or improvement the highest general prevailing rate of wages as set forth in the
specifications, including wages for holiday and overtime work.

5. **Subcontractors Bound by Wage Provisions.** Every contract for any
public work or improvement shall also contain a provision that the contractor shall
insert in every subcontract or other arrangement which he or she may make for the
performance of any work or labor on a public work or improvement. This provision
shall be that the subcontractor shall pay to all persons performing labor or rendering
service under said subcontract or other arrangement the highest general prevailing rate
of wages as fixed and determined by the Board of Supervisors for such labor or
services.

6. **Records to be Kept by Contractors and Subcontractors.** Every public
works contract or subcontract awarded under this Chapter shall contain a provision that
the contractor shall keep, or cause to be kept, an accurate record showing the name,
place of residence, citizenship, occupation and per diem pay of each person engaged
in the execution of said contract. Every subcontractor who shall undertake the
performance of any part of said original contract shall keep a like record of each person
engaged in the execution of said subcontract. All such records shall at all times be
open to the inspection and examination of the duly authorized officers and agents of
the City and County of San Francisco.

7. **Non-compliance with Wage Provisions – Penalties.**

   a. **Penalty and Forfeiture.** Any contractor or subcontractor who
shall fail or neglect to pay to the several persons who shall perform labor under
any contract, subcontract or other arrangement on any public work or
improvement as defined in this Chapter the highest general prevailing rate of
wages as fixed by the Board of Supervisors under authority of this Chapter, shall
forfeit; and, in the case of any subcontractor so failing or neglecting to pay said
wage, the original contractor and the subcontractor shall jointly and severally
forfeit to the City and County of San Francisco the sum of $25 per day for each
laborer, workman or mechanic employed for each calendar day or portion
thereof, while they shall be so employed and not paid said highest general
prevailing rate of wages.

   b. **Enforcement.** It shall be the duty of the officer, board or
commission under whose jurisdiction said public work or improvement is being
carried on, made or constructed, when certifying to the Controller any payment
which may become due under said contract, to deduct from said payment or
payments the total amount of said forfeiture provided for in this subsection. The
Controller, in issuing any warrant for any such payment, shall deduct from the
amount which would otherwise be due on said payment or payments the amount
of said forfeiture or forfeitures as so certified.

F. **Hours and Days of Labor.**
1. **Generally.** For the purpose of meeting prevailing conditions and enabling employers to secure a sufficient number of satisfactory workers and artisans, no person performing labor or rendering service in the performance of any contract or subcontract for any public work or improvement as defined in this Chapter shall perform labor for a longer period than 40 hours per week, or five days of eight hours each, except in those crafts in which a shorter work day now prevails by agreement in private employment. Any person working hours in addition to the above shall be compensated in accordance with the California Department of Labor overtime standards and rates.

2. **Noncompliance – Penalties and Forfeiture.** Any contractor or subcontractor who shall violate any of the provisions of this subsection shall be liable for the same penalties and forfeits as those specified in subsection 6.22(E) of this Chapter, penalties and forfeits shall be applicable for each laborer, mechanic or artisan employed for each calendar day or portion thereof whereon such laborer, mechanic or artisan is compelled or permitted to work more than the days and hours specified herein. The provisions of this subsection shall be made a part of all contracts and subcontracts for the construction of any public work or improvement.

3. **Contracts Outside City and County.** In the event that any public work or improvement is to be constructed outside of the City and County of San Francisco, and at such a distance therefrom that those engaged in performing labor on said public work or improvement must under ordinary conditions remain at or near the site of said work or improvement when not actually engaged in the performance of labor thereon, then the officer, board or commission responsible for the construction of said public work or improvement may, in making specifications or letting contracts therefor, make provision therein for days and hours of labor beyond the limitations provided for in
Contractor agrees to make a good-faith effort, with the assistance of community organizations designated by the City or local labor union hiring halls, to hire qualified individuals who are residents of the City and County of San Francisco to comprise not less than 50% of each contractor's total construction workforce, measured in labor work hours, and contractor promises to give special preference to minorities, women and economically disadvantaged individuals.

Contractor shall keep, and provide to the City, an accurate record showing the name, place of residence, hours employed and per diem pay of each person employed by the contractor, including full-time, part-time, permanent and temporary employees.

G. Local Hiring.

1. Contract Requirements. All construction contracts for public works or improvements to be performed within the boundaries of the City and County of San Francisco shall contain the following provisions:

Contractor agrees to make a good-faith effort, with the assistance of community organizations designated by the City or local labor union hiring halls, to hire qualified individuals who are residents of the City and County of San Francisco to comprise not less than 50% of each contractor's total construction workforce, measured in labor work hours, and contractor promises to give special preference to minorities, women and economically disadvantaged individuals.

Contractor shall keep, and provide to the City, an accurate record showing the name, place of residence, hours employed and per diem pay of each person employed by the contractor, including full-time, part-time, permanent and temporary employees.
Contractor shall keep, and provide to the City, an accurate record describing in detail contractor's good-faith efforts to secure employment of residents of the City and County of San Francisco.

A failure to abide by these contract provisions may result in the imposition of sanctions and penalties, including those provided for in San Francisco Administrative Code section 6.80.

2. Definitions.

"Qualified individual" shall mean an individual who (A) is eligible for a certified apprenticeship program in an applicable trade; (B) has completed a certified apprenticeship program in an applicable trade; or (C) has completed comparable time in an applicable trade.

"Resident of the City and County of San Francisco" shall mean an individual who is domiciled, as defined by section 200(b) of the California Election Code, within the boundaries of the City and County during the entire time of the performance of the contract and who can verify his or her domicile, upon request of the contractor or City, by producing documentation such as a rent/lease agreement, telephone and utility bills or payment receipts, a valid California driver's license or identification card, and/or any other similar, reliable evidence that verifies that the individual is domiciled within the City and County of San Francisco.

"Economically disadvantaged" shall mean an individual who has been unable to secure employment in his or her trade for more than 20 working days in the past six months, or whose annual maximum income falls within the income limits established by the Mayor's Office of Community Development for the Community Development Block Grant (CDBG) programs.
3. **Enforcement.** The Human Rights Commission shall be the City agency charged with the monitoring and enforcement of the provisions of this subsection.

H. **Modifications – General Requirements.** If it becomes necessary in the prosecution of any public work or improvement under contract to make alterations or modifications or to provide for extras, such alterations, modifications or extras shall be made only on written recommendation of the department head responsible for the supervision of the contract, together with the approval of the Mayor or the Mayor’s designee or the board or commission, as appropriate to the department, and also the approval of the Controller, except as hereafter provided. The Mayor or the board or commission, as appropriate to the department, may delegate in writing the authority to approve such alterations, modifications or extras to the department head. The Controller may delegate in writing the authority to encumber funds from prior appropriations for such alterations, modifications or extras to the department head prior to the certification for payment. Such authority, when granted, will clearly state the limitations of the changes to be encompassed.

1. **Increasing or Decreasing Price.** Alterations, modifications or extras in any contract, which will increase or decrease the contract cost or scope, may be made or allowed only on the written recommendation of the department head responsible for the supervision of the contract stating the amount and basis for such increase or decrease. For any cumulative increase or decrease in price in excess of ten percent of the original contract price or scope, the department head shall obtain the approval of the Mayor or Mayor’s designee or the board or commission, as appropriate, and also the approval of the Controller.

2. **Extensions of Time.** Upon finding that work under a construction contract cannot be completed within the specified time because of an unavoidable delay as defined in the contract, the department head may extend the time for
completion of the work. If the cumulative extensions of time exceeds ten percent of the
original contract duration, the department head shall first obtain the approval of the
Mayor, the Mayor's Designee, board or commission, as appropriate to the department.
All time extensions shall be in writing, but in no event shall any extension be granted
subsequent to the issuance of a certificate of final completion.

a. **Time Extension Not Waiver of City's Rights.** The granting of an
extension of time because of unavoidable delays shall in no way operate as a
waiver on the part of the City and County or the department head, Mayor, board
or commission of the right to collect liquidated damages for other delays or of
the right to collect other damages or of any other rights to which the City and
County is entitled.

b. **No Extension Granted When Contract Based on Time Estimates.** When any award of contract has been made in consideration, in
whole or in part, of the relative time estimates of bidders for the completion of
the work, no extension of time may be granted on such contract beyond the time
specified for completion, unless the liquidated damages for each day the work is
uncompleted beyond the specified time shall be collected; provided, however,
that this shall not apply to unavoidable delays due to acts of God.

c. **Avoidable and Unavoidable Delay; Limitation of Damages for Delay.** The department head administering the public work shall have the
authority to specify in the contract the delays that shall be deemed avoidable or
unavoidable. The City and County shall not pay damages or compensation of
any kind shall to a contractor because of delays in the progress of the work,
whether such delays be avoidable or unavoidable; provided, however, the City
and County may pay for (1) delays caused to the contractor by the City and
County; and (2) such unavoidable delays as may be specifically stated in the contract. Such latter delays will be compensated for only under the conditions specified in the contract.

d. Notice of Delay Required. The contractor shall promptly notify the department head in writing, of all anticipated delays in the prosecution of the work and, in any event, promptly upon the occurrence of a delay, the notice shall constitute an application for an extension of time only if the notice requests such extension and sets forth the contractor's estimate of the additional time required, together with a full recital of the causes of unavoidable delays relied upon. The department head may take steps to prevent the occurrence or continuance of the delay, may classify the delay as avoidable or unavoidable and may determine to what extent the completion of the work is delayed thereby.

I. Liquidated Damages. Any contract may provide a time within which the contract work, or portions thereof, shall be completed and may provide for the payment of agreed liquidated damages to the City and County for every calendar or working day thereafter during which such work shall be uncompleted.

J. Retention of Progressive Payments. Any contract may provide for progressive payments, if the Advertisement For Bids shall so specify. No progressive payments under any contract shall be made which, with prior payments, shall exceed in amount 90 percent of the value of the work and labor and materials furnished. However, if the department head responsible for the public work determines that the contract is 50 percent or more complete, that the contractor is making satisfactory progress and that there is no specific cause for greater withholding, progressive payments may be made not to exceed in amount the lesser of either 95 percent of the value of the work and labor and material furnished or 95 percent of the contract price. When the department head responsible for the
public work determines that the contract is 95 percent complete, funds withheld may be reduced to an amount equal to 200 percent of the estimated value of the work yet to be completed as determined by the department head.

K. Inspection and Acceptance of Completed Work; Final Payment. The department head authorized to execute any contract for public works or improvements shall be responsible for the inspection and acceptance of such work on completion. Such acceptance shall be in writing and shall include the certificate of the department head concerned that the work covered by the contract has been fully and satisfactorily completed in accordance with the plans and specifications therefor. Receipt of copy of such acceptance in writing shall constitute the Controller's authority to complete any payments due the contractor under the contract; provided that the Controller may make such additional investigation or inspection as is provided by Administrative Code section 10.07.

L. Termination for Convenience. In all contracts for the construction of any public work or improvement, the department head authorized to execute any contract for any public work or improvement may include in the specifications setting forth the terms and conditions for the performance of the contract a provision that the City and County may terminate the performance of work under the contract whenever the department head shall determine, with the approval of the Mayor, the Mayor's designee or the board or commission concerned, that such termination is in the best interest of the City and County. Any such termination shall be effected by delivery to the contractor of a notice of termination specifying the extent to which performance of work under the contract is terminated and the date upon which such termination becomes effective. The department head is hereby authorized to include within such construction contract the appropriate language to implement this subsection.
M. Violations of Chapter 6; False Claims. Every public work contract performed
at the expense of the City and County of San Francisco, or the cost of which is paid for out of
monies deposited in the treasury of the City and County, whether directly awarded or
indirectly by or under subcontract, subpartnership, day labor, station work, piece work or any
other arrangement whatsoever, shall contain a clause incorporating the provisions of section
6.80 of this Chapter.

N. Articles Not to be Prison Made. No article furnished under any contract
awarded under the provisions of this Chapter shall have been made in a prison or by convict
labor except for articles made in prisons or by convicts under the supervision and control of
the California Department of Corrections and limited to articles for use by the City and
County's detention facilities.

6.23. PUBLIC WORKS TO BE PERFORMED BY THE CITY; BIDS BY CITY
DEPARTMENTS.

A. Public Works Less Than or Equal to the Threshold Amount. Any public
work or improvement estimated to cost less than or equal to the Threshold Amount may be
performed by the employment of the necessary labor and purchase of the necessary
materials and supplies directly by the City and County.

B. Bids by City Departments. Appropriate City and County departments may file
sealed bids for the execution of any work to be performed under a contract and shall not be
required to furnish security or submit information relative to financial qualifications as provided
in this Chapter. Any bid submitted by a department of the City and County, if it is the lowest
bid, must be approved by the Controller before the award of contract. If the bid of a City and
County department, as investigated and approved by the Controller, is the lowest, the contract
shall be awarded to the department which shall record accurate unit costs of all direct and
indirect charges incurred under any such contract. Such unit costs shall be reported to and
audited by the Controller monthly and on completion of the work.

The Controller shall maintain records of bids filed by departments in relation to
the total direct and indirect cost of each such work and shall report thereon periodically to the
Mayor. The Controller may refuse to approve contracts with a department shown to be
repeatedly underbidding on contract work and failing to complete same within the contract
price or time.

C. Execution Of Work By City Upon Rejection or Failure of Bids. When bids
have been advertised pursuant to the required procedure and no responsive bid is received,
or where only one responsive bid has been received, the department head, with the approval
of the Mayor or the Mayor's designee, or the department head, with the approval of the board
or commission to which he or she is responsible, may order the related work to be executed
by the City and County in the most expeditious manner, provided, however, that the cost of
such work shall not exceed any bid price received for the same work.

ARTICLE III

PROFESSIONAL SERVICES CONTRACTING

6.40. COMPETITIVE PROCUREMENT OF PROFESSIONAL SERVICES FOR PUBLIC
WORK PROJECTS.

Notwithstanding any other provision of this Administrative Code, when a department is
seeking outside temporary professional design, consultant or construction management
services for a public work project, where the fee for such services shall exceed $10,000, the
department shall procure such services through a competitive process based on
qualifications.
A. Selection Process. For professional services contracts in excess of $10,000, the department head for the department empowered to contract for the public work shall designate one or more panels to review proposals and interview and rate respondents with respect to a request for proposals or qualifications for a professional services contract. A panel shall consist of not fewer than two persons. The department head may establish a multi-tier selection process whereby, for example, a technical panel recommends a shortlist of qualified respondents and a second panel ranks the shortlist.

The department head shall ensure that all panel members are impartial and that all respondents are treated fairly. The panel members rating the respondents shall do so according to their independent assessment of the respondent's qualifications for the public work project; questions relating to a respondent's expertise, qualifications and experience shall remain within the sole purview of the panel members.

Any rating sheet completed by any panel member may be considered a matter of public record, but the names of the individual panel members shall not. Any name appearing on a rating sheet produced in accordance with the Public Records Act or the San Francisco Sunshine Ordinance shall be redacted.

B. Negotiation. Following the process outlined in subsection 6.40(A), and should the department concerned desire to enter into a contract, the department head shall invite the highest-ranked qualified respondent to negotiate a professional services agreement. In the event that the department head determines, in the department head's sole discretion, that negotiations are unfruitful, the department head shall terminate negotiations in writing and may then invite the next-ranked respondent to negotiate a contract. In such event, the department head shall as soon as practicable make a report to the Mayor, board or commission as appropriate to the department.

6.41. REQUESTS FOR COMPETITIVE PROPOSALS OR QUALIFICATIONS.
All requests for competitive proposals or qualifications for temporary design, consultant or construction management services shall conform to and at a minimum require the following:

A. **Evaluation Criteria.** The department head authorized to execute the contract shall determine the criteria by which the design, consultant or construction management service professionals shall be evaluated, on a project-by-project basis. Such criteria shall be included as a part of any request for proposals or qualifications. The criteria shall be based primarily on qualifications and experience relevant to the services needed for the project.

B. **Reservation of Rights to Reject or Cancel the Request for Proposals in Whole or Part.** The department head authorized to execute the contract, upon approval of the Mayor, the Mayor's designee or the board or commission, as appropriate, may reject any or all proposals, in whole or in part, received in response to a request for proposals or qualifications. The right to reject shall be reserved in any request for proposals or qualifications, but the failure to include such reservation shall not abrogate the rights of the department head under this section or give rise to any right by any respondent.

C. **Award and Certification Required.** All requests for proposals or qualifications shall contain the following language [wording in brackets should be chosen as appropriate to the department]:

*In accordance with San Francisco Administrative Code Chapter 6, no proposal is accepted and no contract in excess of [the Threshold Amount] is awarded by the City and County of San Francisco until such time as [(1) for departments with boards or commissions, (a) the department head recommends the contract for award and (b) the board or commission then adopts a resolution awarding the contract]; or [(2) for departments under the Mayor, (a) the Mayor or*
the Mayor's designee approves the contract for award and (b) the
department head then issues and order of award]. Pursuant to
Charter section 3.105, all contract awards are subject to
certification by the Controller as to the availability of funds.

Failure of a department to include such language in a request for proposals or
qualifications does not give rise to a contract right by a respondent or contractor outside of the
requirements of the Charter or Administrative Code of the City and County of San Francisco.

6.42. PROFESSIONAL SERVICES CONTRACT TERMS.

All contracts for temporary design, consultant and construction management services
("professional services") shall contain the following minimum terms and conditions:

A. **Guaranteed Maximum Costs.** Professional service contracts shall provide for
a Guaranteed Maximum Cost, including fees, travel and related expenses as necessitated by
the project. Any modification to the Guaranteed Maximum Cost must be approved by the
department head in writing and approved by the Mayor, the Mayor's designee or the board or
commission concerned, as appropriate, and the Controller.

B. **Insurance.** Notwithstanding any other provisions of this Chapter, all
professional service contracts must conform to the insurance requirements established by the
Risk Manager. The Risk Manager shall develop uniform insurance requirements for City
contracts subject to this Chapter and shall publish such requirements in the Risk Manager's
Manual. The Risk Manager shall review and update such insurance requirements on an
annual basis.

C. **Indemnification.** All professional services contracts awarded under this
Chapter shall require that the contractor fully indemnify the City and County to the maximum
extent provided by law, such that each contractor must save, keep, bear harmless and fully
indemnify the City and County and any of its officers or agents from any and all liability.
damages, claims, judgments or demands for damages, costs or expenses in law or equity that
may at any time arise.

This indemnification requirement may not be waived or abrogated in any way for
any contract without the recommendation of the City's Risk Manager and the express
permission and approval of the Board of Supervisors.

D. Assignment. No contract shall be assigned except upon the recommendation
of the department head concerned and with the approval of the Mayor or the Mayor's
designee, relative to the department under the Mayor's jurisdiction, or the approval of the
board or commission concerned for departments not under the Mayor.

E. Violations of Chapter 6: False Claims. Every professional service contract
performed at the expense of the City and County of San Francisco, or the cost of which is
paid for out of monies deposited in the treasury of the City and County, whether directly
awarded or indirectly by or under subcontract, subpartnership, subconsultancy or any other
arrangement whatsoever, shall contain a clause incorporating the provisions of section 6.80 of
this Chapter.

ARTICLE IV
EXEMPTIONS FROM AND
ALTERNATIVES TO COMPETITIVE BIDDING

6.60. EMERGENCY REPAIRS, WORK AND CONTRACTS.

A. Declaration of Emergency. The Board of Supervisors may declare an
emergency and may direct any department head to perform any repair or other emergency
work in any manner the Board determines to be in the best interests of the City and County of San Francisco.

B. Other Determinations of Emergency. In an actual emergency as defined or described below, the repair, reconditioning or other work or contract necessitated by the emergency may be executed by the department head responsible for such work in the most expeditious manner, in accordance with the procedures set forth below.

C. Emergency Defined. For purposes of this Chapter, an "actual emergency" means a sudden, unforeseeable and unexpected occurrence involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of, or damage to, life, health, property or essential public services. An "actual emergency" shall also mean the discovery of any condition involving a clear and imminent danger to public health or safety, demanding immediate action, which discovery was sudden and unforeseen and which would not have been made in the regular course of business. Examples of an actual emergency may include, but are not limited to, the following:

1. Weather conditions, fire, flood, earthquake or other unforeseen occurrences of unusual character; or

2. The breakdown of any plant, equipment, structure, street or public work necessitating immediate emergency repair or reconditioning to safeguard the lives or property of the citizens; or the property of the City and County; or to maintain the public health or welfare; and

a. Including the installation, repair, construction and alteration of crossings and switch work and special work in connection therewith, at street and other railway crossings and at street intersections, when the same is to be done by or for the Public Transportation Commission; or
b. Including the installation, repair, construction and alteration of the fire alarm, police communication and traffic signal systems, when the same is to be performed by or for the Department of Telecommunications and Information Services or the Department of Parking and Traffic; or

c. Including the work of making connections, installing gate valves, installing or transferring services and performing such other work therewith to existing water pipes, when the same is to be done by or for the Public Utilities Commission and when such work will leave one or more fire hydrants or water consumers without water; or

3. Unforeseen occurrences of unusual character resulting in an insufficient number of hospital beds or the lack of hospital beds or the lack of hospital, surgical, mental health or hospital ancillary services so as to leave patients of the City and County without required hospital or medical services.

D. Approvals Required. If the estimated cost of the emergency work is less than or equal to $250,000, the department head may proceed with the work without additional approvals. If the estimated cost of the emergency work exceeds $250,000, the department head, prior to authorizing the commencement of the work, must first secure the approval in writing of the Mayor or the Mayor's designee or the president of the board or commission concerned, as appropriate to the department. For all cases where the cost of the emergency work exceeds $250,000, the department head shall also obtain the approval of the Board of Supervisors.

If the emergency does not permit the required approvals to be obtained before work is commenced or the contract entered into, such approvals shall be obtained as soon thereafter as it is possible to do so. In such event, the department head concerned shall notify the Controller immediately of the work involved or the contract entered into and the
estimated cost thereof and shall notify the Board of Supervisors not more than seven days after work has been commenced.

E. Exemptions. Contracts awarded in accordance with this section under emergency circumstances as described and defined above are exempt from the requirements of this Chapter and Chapters 12A, 12B, 12C and 12D.A. However, the department head must comply with the certification requirement of Administrative Code section 12D.A.15(A)(2). It is, however, the policy of the Board of Supervisors for contracting departments to make every effort to comply with the provisions of Chapters 12A, 12B, 12C and 12D.A. In order to effectuate this policy, the department heads authorized to enter into construction contracts and their staff members shall collaborate with the HRC Director and HRC staff members periodically to create a list of responsible contractors qualified to perform various types of emergency work, making every effort to include qualified, responsible MBE and WBE contractors on that list. The HRC shall be responsible for outreach efforts to make sure that MBE and WBE contractors are aware of the opportunity to be considered for the list. The contract awarding departments or commissions shall be responsible for evaluating and determining whether contractors are responsible and qualified to perform the various scopes of work. The department heads of departments authorized to execute construction contracts shall report quarterly to the Board of Supervisors regarding MBE/WBE inclusion on the list of responsible and qualified contractors for emergency contracts, a description of each emergency contract awarded, the reason why the work was performed under these emergency procedures, and whether the emergency contract was awarded to an MBE or WBE contractor. Such reports shall be referred to a Board committee for public hearing.

F. Indemnification For Emergency Contracts. Department heads responsible for any emergency work are hereby authorized to (a) waive any requirement that a contractor performing such emergency work indemnify the City and County and/or (b) enter into a
contract which provides that the City and County indemnify such contractor, except that the
City and County shall in no event indemnify a contractor for the contractor's gross negligence
or willful misconduct.

6.61. DESIGN-BUILD.

The Department heads authorized to execute contracts for public work projects are
authorized to seek proposals from qualified private entities ("developers") for design-build
construction and/or financing of public work projects under the following conditions:

A. Before the request for proposals is issued, the department head shall determine
that a design-build program is necessary or appropriate to achieve anticipated cost savings or
time efficiencies, or both, and that such a process is in the public's best interest. The
department head shall notify the Board of Supervisors of his or her intention to seek design-
build and/or finance proposals by generally describing the proposed program and the reasons
for it in a letter to the Clerk of the Board.

B. If the proposed public work project is for the use or benefit of a department that
is under the jurisdiction of a commission, then such commission shall first approve the
solicitation of design-build and/or finance proposals. If the public work project is not for the
use or benefit of a department under the jurisdiction of a commission, then the Mayor must
first approve this process.

C. Developers submitting design-build proposals shall offer evidence of
qualifications in the field of design and construction of similar projects. The department head
may request developers to create partial designs, which will be evaluated as part of the
selection process.

D. Developers submitting private financing proposals shall provide evidence of the
commitment of funds necessary to privately finance the proposed projects to completion.
E. Developers shall comply with all applicable requirements set forth in San Francisco Administration Code Chapters 12B, 12C and 12D.A. The request for proposals shall require developers to demonstrate good faith efforts to utilize MBE and WBE subcontractors/subconsultants pursuant to San Francisco Administrative Code Chapter 12D.A.

F. The department head shall evaluate developers’ proposals and rank the proposals to determine which provides the best overall value to the City and County in regard to the following criteria: (1) plan for expediency in completing the proposed project; (2) life-cycle cost to the City and County; (3) qualifications the developers to design-build and, if applicable, finance the proposed project; (4) qualifications of the developers to construct the proposed project; (5) quality of design proposal; (6) compliance with the goals and requirements of Administrative Code Chapters 12B, 12C and 12D.A; (7) commitment to meet the City hiring goals (e.g., welfare-to-work); (8) if private financing is sought, commitment of funds, cost of funds and terms to the City; and (9) compliance with all the requirements and criteria established by the Department head in the request for proposals.

G. The competitive bid requirements of this Chapter shall not apply to the selection of developers under this subsection 6.61.

H. Subject to paragraph (I) below, the department head is authorized to negotiate all proposed contracts necessary or appropriate for the proposed project with the highest-ranked developer. If the department head determines that contract negotiations with the highest-ranked developer are not proceeding satisfactorily, the department head may terminate such negotiations and enter into negotiations with the next-highest-ranked developer. If the department head deems a contract to have successfully been negotiated with a developer, the department head may then recommend such proposed contract to the Board of Supervisors for approval. The City shall retain the absolute discretion to determine
not to proceed with any proposed project, which right may be exercised without liability to
developers for costs incurred during the entire proposal and negotiation process, and such
rights shall be reserved in all requests for proposals.

I. All final contracts for a public work project that involve a design-build and/or
finance program shall be subject to approval of the Board of Supervisors, by resolution. If the
proposed contract involves a financing program, the Capital Improvement Advisory
Committee must review and report on the proposed project before the Board of Supervisors
considers the proposed resolution concerning the contract.

J. All actions heretofore taken by a department head consistent with the provisions
of this section are hereby approved.

6.62. JOB ORDER CONTRACTS.

The job order contracting system ("JOC") provides for an indefinite quantity contract
with a predefined set of bid items that are assigned on a periodic or task order basis for the
performance of public work maintenance, repair and minor construction projects. The
department heads authorized to execute contracts for public work projects are authorized to
utilize JOC according to the procedures set forth below.

A. Each JOC contract is to be advertised for competitive bids in accordance with
the procedures set forth in this Chapter and awarded to the responsible bidder who submits
the lowest responsive bid.

B. The Advertisement For Bids shall include unit prices and detailed technical
specifications for each construction task contemplated to be performed under the JOC
contract. Each task item shall include direct costs for material, equipment and labor.
Construction tasks shall be grouped by trade.

C. The Advertisement For Bids for a JOC contract shall contain the City's estimate
regarding the percentage of work under the JOC contract that will be performed by each
The Human Rights Commission shall set goals for MBE/WBE subcontractor participation in accordance with Administrative Code Chapter 12D.A. Calculation of whether a contractor's bid has met the goals will be based on the City's estimate of the amount of work that will be performed by each trade.

D. Contractor's bid shall identify by trade group which tasks will be performed by contractor and which tasks will be performed under subcontract. Contractor shall identify in its bid all subcontractors to be utilized, including the subcontractors' name, business tax registration certificate number, license number and the location of the place of business of each subcontractor. Contractor agrees that it is qualified for and will perform with its own forces work of all trades for which a subcontractor is not listed in the bid. This paragraph supercedes the listing requirements of section 6.21(J). Substitutions of JOC subcontractors shall be in accordance with California Public Contract Code section 4107. Penalties set forth in Administrative Code sections 6.22 and 6.80 shall apply to JOC contracts for violation of this section.

E. Contractors submitting bids on the JOC contract shall state in their bids an adjustment on a percentage basis either increasing or decreasing the unit prices for all construction tasks set forth in the bid documents. There may be a single adjustment factor that applies to all tasks. For example, an adjustment factor of 25% below the unit prices stated in the bid documents would be bid as .75. All of the contractor's profit, overhead and indirect costs shall be included in the adjusted unit prices.

F. The Advertisement For Bids and the contract specifications shall contain a maximum dollar amount of the JOC contract, which maximum amount shall not exceed three million dollars. The cumulative modifications to a JOC contract shall result in a contract sum not to exceed one hundred fifty percent of the original contract amount.
G. JOC contracts shall provide for an expiration term of not more than three years, including all modifications.

H. Projects will be assigned under the JOC contract on a work order basis at the sole discretion of the department head concerned.

6.63. HAZARDOUS MATERIALS ABATEMENT WORK.

When the Director of Public Works (the "Director") determines: (1) that hazardous materials on public property must be expeditiously abated (the "work"); and (2) that there is inadequate time to advertise and competitively bid the work in accordance with this Chapter, then the work may be performed in accordance with the following procedures:

A. The Department of Public Works shall advertise for and receive proposals from hazardous materials abatement contractors, which proposals shall address the qualifications of the contractors to perform the abatement work. The proposals shall be evaluated according to the requirements of this Chapter and Chapters 12B, 12C and 12D.A, relevant to professional services contracts.

B. The Department of Public Works shall select a sufficient number of qualified contractors to perform the amount of hazardous materials abatement work anticipated to be required in the upcoming one or more years and enter into master agreements on an "if- and as-needed" basis with those contractors. Each master agreement shall state the maximum total dollar value of work each contractor is authorized to perform during the contract period.

C. The Department shall seek price quotations for performance of the work from at least three of the contractors with master agreements. The contract for the work will be awarded to the contractor submitting the lowest quotation, except as otherwise provided herein. The Department shall keep a record of such quotations and a register of all awards made thereunder. In the event that the Department is unable to obtain three quotations, the Director shall base the award on the quotation or quotations received. If the Director believes
that the public interest would best be served by accepting other than the lowest quotation, he
or she is hereby authorized to accept the quotation that in his or her discretion will best serve
the public interest. The Director may reject any and all quotations and request new
quotations.

6.64. AS-NEEDED CONTRACTS.

A department head authorized to execute public work and professional service
contracts may issue an Advertisement For Bids for construction services or a request for
proposals or qualifications for professional services on an as-needed basis, with definite or
indefinite quantities of work. None of the requirements of this Chapter or Administrative Code
Chapters 12B, 12C or 12D.A are waived for as-needed contracts. All as-needed contracts
shall provide for a not-to-exceed price and an expiration term of not more than three years,
including all modifications. Additionally, the cumulative modifications to an as-needed
contract shall result in a contract sum not to exceed one hundred fifty-percent of the original
contract amount. Before any item of work is commenced under an as-needed contract, the
cost of such work must be certified by the Controller as to the availability of funds. The
department heads authorized to execute public work and professional service contracts shall
report quarterly to the Board of Supervisors regarding the department's use of as-needed
contracts and the actual amount of participation of MBE and WBE subcontractors or
subconsultants that were listed on prime contractors' bid(s) or proposal(s) to determine
whether MBE/WBE subcontracting participation goals are being met on as-needed contracts.
Such reports shall be referred to a Board committee for public hearing.

6.65. CONTRACTING FOR ELEVATOR, ESCALATOR OR FIRE ALARM SYSTEMS

INSPECTION, MAINTENANCE AND REPAIR WORK.

The department heads of departments empowered to contract for public works or
improvements are authorized to execute contracts for elevator, escalator or fire alarm service
inspection, maintenance and repair work ("special services") in accordance with the following procedures:

A. The competitive bid requirements of this Chapter shall not apply to the procurement of contracts for special services. The department head may negotiate contracts for the service of existing elevators, escalators or fire alarm systems with the manufacturer of the elevators to be serviced or may seek bids for such work. Prior to commencing such negotiations, the department head must first obtain approval of the Mayor or the Mayor's designee or the board or commission, as appropriate.

B. The determination for award of special service contracts shall be based on expertise, quality of work and economical pricing.

C. Special service contracts shall provide for an expiration terms of not more than three years. At the end of the contract period, the department head may elect to renew the contract for a period of not more than two years or to initiate a new procurement process for special services pursuant to this subsection.

6.66. CONVENTION FACILITY PUBLIC WORKS.

When construction work is required for the City-owned convention facilities, such services may be procured in accordance with the following procedures:

A. Bids will be requested from not fewer than three bidders for a construction contract. The contract will be awarded to the responsible bidder with the lowest responsive bid. A record of all bids received and a register of all awards made under this subsection shall be maintained. In the event three bids cannot be obtained, the award shall be based on the bid or bids received. Any or all bids may be rejected and new bids may be requested.

B. Authority to undertake the contracting process and enter into contract directly with the contractor may be delegated to the operator/manager of the convention facilities.
such event, the City Administrator or his or her designee shall first review the propriety of the
process and shall approve the award of any contract.

C. In no event shall the award of contracts by the procedures set forth in this
subsection exceed the cumulative sum of three million dollars ($3,000,000) in any fiscal year.

Except as provided herein, any contract awarded under this subsection must comply
with this Chapter and with Chapters 12B, 12C and 12D.A.

All of the contracts awarded and work performed under this subsection shall be
reported to the Board of Supervisors on a quarterly basis.

ARTICLE V

VIOLATIONS OF ADMINISTRATIVE CODE

CHAPTER 6; FALSE CLAIMS; PROCEDURES

FOR DEBARMENT; MONETARY PENALTIES

6.80. VIOLATIONS AND FALSE CLAIMS; DEBARMENT AND MONETARY PENALTIES.

Any contractor, supplier, consultant or subconsultant who fails to comply with the terms
of its contract with the City and County, or contractor, subcontractor, supplier, consultant or
subconsultant who violates any provision of Administrative Code Chapter 6, or who fails to
abide by any rules and/or regulations adopted pursuant to Administrative Code Chapter 6 or
who submits false claims, may be declared an irresponsible bidder or an unqualified
consultant and debarred according to the procedures set forth below. Additionally, any
contractor, subcontractor, supplier, consultant or subconsultant who submits a false claim to
the City and County may also be subject to monetary penalties, investigation and prosecution
as described below.

SUPERVISOR KAUFMAN
BOARD OF SUPERVISORS
6.81. COLLUSION IN CONTRACTING.

If, at the determination of the Mayor, the department head who executed the construction or professional services contract or the board or commission who awarded such contract, and pursuant to the debarment procedures set forth below, any party or parties to whom a contract has been awarded has been guilty of collusion with any officer or representative of the City and County, or any other party or parties, in the submission of any bid or in preventing of any other being made, or in knowingly receiving preferential treatment by any officer or an employee of the City and County, then any contract so awarded, if not completed, may be declared null and void by the Board of Supervisors on the recommendation of the Mayor, department head or the board or commission concerned, and no recovery shall be had thereon. The department head concerned may then readvertise for bids for the uncompleted portion of the work. The matter may also be referred to the City Attorney for such action as may be necessary. Any party or parties guilty of such collusion shall not be permitted to participate in or to bid on any future public work, improvement or purchase to be made by the City and County.

6.82. PROCEDURES FOR ADMINISTRATIVE DEBARMENT.

Notwithstanding and not exclusive or preclusive of any pending or contemplated legal action, the Mayor, board or commission or department head responsible for the public work may bring charges against a contractor, subcontractor, supplier, consultant or subconsultant for violation of a contract, for violation of Chapter 6, for submitting a false claim or for engaging in collusion. The department head, upon approval of the Mayor or the board or commission concerned, as appropriate to the department, shall give written notice to the contractor, subcontractor, supplier, consultant or subconsultant of the charges and of all evidence supporting such charges. The contractor, subcontractor, supplier, consultant or subconsultant, and/or his or her attorney or other authorized representative shall be entitled to
offer rebuttal evidence and any other evidence in support of his or her position. The
department head or the board or commission, as appropriate to the department, shall conduct
a hearing where the charges and all evidence shall be presented. In the alternative, such
department head, board or commission may appoint a hearing officer to conduct such a
hearing and make written findings of fact to be submitted to the department head, board or
commission. For departments under the Mayor, the department head shall then render a final
written decision. For departments under boards or commissions, the commission president or
his or her designee shall render a written decision which shall become final upon adoption by
resolution of the board or commission concerned.

Any final written decision by a department head, board or commission that includes a
determination of nonresponsibility or disqualification shall provide for a term of debarment. A
contractor, subcontractor, supplier, consultant or subconsultant (or any other entity with
substantially the same officers, directors, owners or principals) may be debarred for a period
of up to five years. During such debarment period, the contractor, subcontractor, supplier,
consultant or subconsultant shall not be permitted to act as a contractor or consultant at any
tier, directly or indirectly, for any public work or improvement for the City and County.

Upon a written determination of nonresponsibility or disqualification, any department
head, board or commission may cancel any contract with the nonresponsible or disqualified
contractor or consultant or direct the cancellation of the subcontract or subconsultancy. In the
event of such cancellation, no recovery shall be had on that contract by the contractor,
subcontractor, consultant or subconsultant.

Following any decision finding a contractor, subcontractor, supplier, consultant or
subconsultant nonresponsible, the department head, board or commission who made the
finding of nonresponsibility retains authority to modify the decision.
6.83. ASSESSMENT OF MONETARY PENALTIES FOR FALSE CLAIMS; 
INVESTIGATION AND PROSECUTION.

Notwithstanding and not exclusive or preclusive of any other administrative or legal 
allegation taken by the City and County, a contractor may be assessed monetary penalties for 
submitting false claims. The department head responsible for the public work may withhold 
such penalties from amounts due or retained under the contract. Notwithstanding and not 
exclusive or preclusive of any administrative or other legal action, the City Attorney may 
investigate and prosecute in a civil action any submission of a false claim.

The submission of a false claim occurs when a contractor, subcontractor, supplier, 
consultant or subconsultant commits any of the following acts enumerated below. In such 
event, the contractor, subcontractor, supplier consultant or subconsultant shall be liable to the 
City and County for (1) three times the amount of damages which the City and County 
sustains because of the act(s) of that contractor, subcontractor, supplier, consultant or 
subconsultant; and (2) the costs, including attorney's fees, of a civil action brought to recover 
any of those penalties or damages. Such contractor, subcontractor, supplier, consultant or 
subconsultant may also be liable to the City and County for a civil penalty of up to $10,000 for 
each false claim.

1. Knowingly presents or causes to be presented to an officer or employee 
of the City and County a false claim or request for payment or approval;

2. Knowingly makes, uses, or causes to be made or used a false record or 
statement to get a false claim paid or approved by the City and County;

3. Conspires to defraud the City and County by getting a false claim allowed 
or paid by the City and County;
4. Knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City and County;

5. Is a beneficiary of an inadvertent submission of a false claim to the City and County, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City and County within a reasonable time after discovery of the false claim.

Liability under this section shall be joint and several for any act committed by two or more persons.

For purposes of this section, "claim" includes any request or demand for money, property or services made to any employee, officer, or agent of the City and County, or to any contractor, subcontractor, grantee or other recipient, whether under contract or not, if any portion of the money, property, or services requested or demanded issued from, or was provided by, the City and County.

For purposes of this section, "knowingly" means that a contractor, subcontractor, supplier, consultant or subconsultant with respect to information, does any of the following:

(1) Has actual knowledge of the information; (2) acts in deliberate ignorance of the truth or falsity of the information; or (3) acts in reckless disregard of the truth or falsity of the information. Proof of specific intent is not required and reliance on the claim by the City and County is also not required.
