Resolution urging the Mayor to create an Office of Public Power within the Public Utilities Commission charged with the responsibility of securing expeditiously reliable and affordable electric power for San Francisco residents and businesses, including City Departments, and urging the State of California to cooperate with the San Francisco Public Utilities Commission by facilitating the purchase of low cost electricity.

WHEREAS, Pursuant to San Francisco Charter Section 4.132, the Mayor is empowered to reorganize departments and other units of government within the executive branch; and,

WHEREAS, The Public Utilities Commission is a unit of government within the executive branch according to San Francisco Charter Section 4.112; and,

WHEREAS, A citizen led process has resulted in the placement of the Municipal Utility District ("MUD") petition on the November 6, 2001 ballot; and,

WHEREAS, The Board of Supervisors has additionally placed a companion Charter Amendment to the MUD petition on the November 6, 2001 ballot that would create a Municipal Water and Power Agency; and,

WHEREAS, If either or both of these two proposals is approved by the voters in November, the City and County of San Francisco will likely substantially expand its activities in the business of securing reliable and affordable electric power for the residents and businesses of San Francisco; and
WHEREAS, San Francisco’s Public Utilities Commission is not currently organized to efficiently and economically secure reliable and affordable electric power for San Francisco residents, businesses, and City Departments; and,

WHEREAS, An Office of Public Power within the Public Utilities Commission would have the ability, after approval by the Board of Supervisors, to enter into agreements, contracts or arrangements with other public agencies, including but not limited to the State of California, to facilitate the efficient and economic generation, transmission and distribution of electricity to satisfy current and projected demand of San Francisco residents, businesses and municipal departments; and,

WHEREAS, By creating an Office of Public Power, the City and County of San Francisco could enter immediately the electric power market and take advantage of current market rates; and,

WHEREAS, If an Office of Public Power is established prior to the November election, the transition to a full scale public power agency, if approved by the voters in November, will be more manageable than the dramatic shift that may occur after the November election; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco urges the Mayor to create an Office of Public Power within the Public Utilities Commission charged with the responsibility of securing expeditiously reliable and affordable electric power for San Francisco residents and businesses, including City Departments; and, be it

FURTHER RESOLVED, That the Board of Supervisors of the City and County of San Francisco urges the State of California to cooperate with the San Francisco Public Utilities Commission by facilitating the purchase of low cost electricity.
