[Mixed-use development of affordable housing and a City office building at 10th and Market Streets.]

Resolution endorsing the concept of a mixed-use development project at 10th and Market Streets including affordable and market rate housing and a new City office building, and directing City staff to identify the key terms and conditions of agreements effectuating such a project.

WHEREAS, The Mid-Market Development Corporation ("MMDC") is a joint venture of Citizens Housing Corporation ("CHC") and the Tenderloin Neighborhood Development Corporation ("TNDC"), two non-profit public benefit corporations that provide and preserve quality affordable housing for low income Californians; and,

WHEREAS, MMDC owns a 2.18 acre parcel of land located on the eastern half of the block bounded by Market, Tenth, Mission and Eleventh Streets in the Civic Center area of San Francisco (the "Property"); and,

WHEREAS, MMDC seeks to develop over 400 units of affordable and market-rate transit based housing on a portion of the Property, including a mix of studios for seniors, large multi-family apartments and first-time home-buying units; and,

WHEREAS, In order to (i) help finance a portion of the costs of such affordable housing, (ii) take advantage of efficiencies in the planning and entitlement process, and (iii) better serve the City's long-term use and programmatic goals for the area, MMDC plans to master develop the entire site as a mix of residential, public, commercial and neighborhood-serving retail uses in a transit based environment; and,

WHEREAS, Towards that end, MMDC conducted a competitive solicitation process seeking a qualified development company to develop the entire Property, and through that
process selected Myers Development Company ("Myers") to master develop the Property on
MMDC's behalf; and,

WHEREAS, The City seeks to acquire fee title ownership of over 1,000,000 square feet
of office space in the Civic Center area to protect the City's General Fund from uncertainties
and fluctuations in the rental market for office space and to minimize the costs, inefficiencies
and disruptions in service caused by the frequent relocation of City personnel to and from
rented space; and,

WHEREAS, The Property has certain specific characteristics, including its proximity to
the Civic Center and other City office buildings such as City Hall, its proximity to major transit
corridors along Market Street and Van Ness Avenue, its size, its configuration and other
physical characteristics, that make it uniquely well situated for the development of an office
building for City personnel containing over 400,000 rentable square feet (the "City Office
Building"); and,

WHEREAS, By developing the City Office Building on the Property in conjunction with
MMDC's larger mixed-use of the site, the City would further multiple public purposes,
including: (i) achieving a significant portion of the City's efficiency and programmatic goals
related to owning space instead of renting it, as described above, (ii) contributing to the
development of a significant number of new affordable and market-rate housing units in a
transit based environment, and (iii) enlivening and revitalizing a portion of the Mid-Market area
of San Francisco; now therefore, be it

RESOLVED, That the Board of Supervisors hereby endorses the concept of MMDC
developing a mixed-use project at the Property including affordable and market-rate transit
based housing, a City Office Building, and other public, commercial and neighborhood-serving
retail uses (the "Project"); and, be it
FURTHER RESOLVED That the Board of Supervisors urges City staff, including the
Mayor's Office (including the Mayor's Office of Public Finance, the Mayor's Office of Housing
and the Mayor's Office of Economic Development), the Office of the City Architect, the Real
Estate Department, the Planning Department, and the City Attorney's Office to develop a
financing plan to pay for construction of the City Office Building and to identify the key terms
and conditions of any required agreements with MMDC and Myers necessary to effectuate the
Project, and to provide a written report to the Board of Supervisors summarizing such
financing plan and key terms and conditions (a "Term Sheet") within 60-120 days.
Resolution endorsing the concept of a mixed-use development project at 10th and Market Streets including affordable and market rate housing and a new City office building, and directing City staff to identify the key terms and conditions of agreements effectuating such a project.
