Section 5. SYSTEM OF ASSESSMENTS. (a) Annual assessments will be levied to pay for the activities to be provided within the District, commencing with fiscal year 2006-2007, and continuing for seven years, ending with fiscal year 2012-2013. For purposes of levying and collecting assessments within the District, a fiscal year shall commence on each July 1st and end on the following June 30th.
The total amount of the proposed assessments to be levied and collected for fiscal year 2006-2007 shall be $535,299. The amount of assessments to be levied and collected in subsequent fiscal years through the first half of fiscal year 2012-2013 may be increased annually by the Board of Directors of the District by an amount not to exceed the change in the Consumer Price Index for All Urban Consumers in the San Francisco-Oakland-San Jose Consolidated Metropolitan Statistical Area, or 5 percent, whichever is lower.

The method and basis of levying and collecting the assessment shall be as set forth in the District Management Plan. The levy of the assessments shall commence with fiscal year 2006-2007. Each year the assessment shall be due and payable in two equal installments. The first installment shall be due on November 1 of each fiscal year during the life of the District, and shall become delinquent on December 10 of that fiscal year. The second installment shall be due on February 1 of each fiscal year during the life of the District, and shall become delinquent on April 10 of that fiscal year. Nonpayment of the assessment shall have the same lien priority and delinquent payment penalties and be subject to the same enforcement procedures and remedies as the ad valorem property tax.

Section 6. USE OF REVENUES. The property-related services, improvements or activities for the District include a Public Space, Beautification and Safety component, consisting of regular sidewalk and gutter sweeping (at least five times per week), quarterly sidewalk steam cleaning, spot steam cleaning as necessary, public right of way beautification, maintenance of pedestrian public spaces in addition to sidewalks, banners and decorations, enhanced trash emptying in the public rights of way, removal of bulky items, graffiti removal, tree and vegetation maintenance and planting, equipment, supplies, tools, vehicle maintenance and insurance, maintenance personnel and supervisor/oversight costs, improved public safety services (over and above those services currently provided by the City), repayment of district formation costs; a District Identity and Streetscape
Improvements/Marketing and Promotions component, consisting of special events, marketing and promotions strategies, personnel related to marketing and promotions, logo development and web site, pedestrian kiosks and way-finding signage system, public space planning and implementation, farmer’s market, walking map, advertising, markers and public art highlighting the District’s history and resident population, and repayment of district formation costs; an Administrative, Organization and Corporate Operations component, consisting of staff and administrative costs, insurance, office related expenses, financial reporting, communications and repayment of district formation costs; and a Contingency and Reserve component for delinquencies, reserves, long term capital improvement projects, hardship repayments and repayment of district formation costs.

The above improvements, services and activities will be funded by the levy of the assessments. The revenue from the levy of the assessments within the District shall not be used to provide improvements, services or activities outside the District or for any purpose other than the purposes specified in Board of Supervisors Resolution No. 519-06.

Section 7. AUTHORITY TO CONTRACT. The Board of Supervisors may contract with a separate private entity to administer the improvements, services and activities set forth in Section 6. Any such entity shall hold the funds it receives from the City and County of San Francisco ("City") in trust for the improvements, services and activities set forth in Section 6. Any entity that holds funds in trust for purposes related to the contract shall, at no expense to the City, provide an annual independent audit report by a Certified Public Accountant of all such funds. The audit may be funded from assessment proceeds as part of the general administration of the District. At all times the Board of Supervisors shall reserve full rights of accounting of these funds. The Mayor’s Office of Economic and Workforce Development shall be the City agency responsible for coordination between the City and the District.

Section 8. AMENDMENTS. The properties in the District established by this
resolution shall be subject to any amendments to the Act and Article 15.

Section 9. RECORDATION OF NOTICE AND DIAGRAM. The County Clerk is hereby authorized and directed to record a notice and an assessment diagram pursuant to Section 36627 of the California Streets and Highways Code following adoption of this Resolution.

Section 10. LEVY OF ASSESSMENT. The adoption of this Resolution and recordation of the notice and assessment diagram pursuant to Section 36627 of the California Streets and Highways Code constitutes the levy of an assessment in each of the fiscal years referred to in the District Management Plan. Each year, the Assessor shall enter on the County Assessment Roll opposite each lot or parcel of land the amount of the assessment and such assessment shall be collected in the same manner as the County property taxes are collected.

Section 11. BASELINE SERVICES. To ensure that assessment revenues from the District are used to enhance the current level of services provided by the City within the District, the establishment of the District will not affect the City’s policy to continue to provide the same level of service to the areas encompassed by the District as it provides to other similar areas of the City for the duration of the District, provided, however, that in the event of a significant downturn in citywide revenues, the Board of Supervisors may reduce the level of municipal services citywide, including within the District.

Section 12. ENVIRONMENTAL FINDINGS. The Planning Department has determined that the actions contemplated in this Resolution are in compliance with the California Environmental Quality Act (California Public Resources Code sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 060860 and is incorporated herein by reference.
