[Resolution to establish the Yerba Buena Community Benefit District.]

Resolution establishing a property-based business improvement district to be known as the “Yerba Buena Community Benefit District (CBD),” ordering the levy and collection of assessments against property located in that district for seven years, commencing with fiscal year 2008-2009, subject to conditions as specified, and making environmental findings.

WHEREAS, Pursuant to the Property and Business Improvement Law of 1994, California Streets and Highways Code Sections 36600 et seq. (the "Act"), as augmented by Article 15 of the San Francisco Business and Tax Regulations Code ("Article 15"), the Board of Supervisors adopted Resolution No. 246-08 on June 10, 2006, entitled “Resolution declaring the intention of the Board of Supervisors to establish a property-based business improvement district to be known as the "Yerba Buena Community Benefit District (CBD)," to order the levy and collection of a multi-year assessment, and setting a time and place for a public hearing thereon” (the "Resolution of Intention"); and,

WHEREAS, The Resolution of Intention for the Yerba Buena Community Benefit District (the "Yerba Buena CBD" or "District"), among other things, approved the Yerba Buena Community Benefit District Management District Plan (the "District Management Plan"), the District Assessment Engineer’s Report, the form of the Assessment Ballots and the Notice of Public Hearing, that are on file with Clerk of the Board of Supervisors in File No. 080784; and,

WHEREAS, The Board of Supervisors caused notice of a public hearing concerning the proposed formation of the Yerba Buena CBD, and the proposed levy of assessments against property located within the District for a period of seven years, for fiscal years 2008-2009 through 2014-2015; and,
WHEREAS, The Board of Supervisors has caused ballots to be mailed to the record owner of each parcel proposed to be assessed within the District, as required by law; and,

WHEREAS, A public hearing concerning the proposed formation of the Yerba Buena CBD and the proposed levy of assessments within such District was held on July 29, 2008, at 3 p.m., in the Board’s Legislative Chambers, located on the Second Floor of City Hall, 1 Dr. Carlton B. Goodlett Place, San Francisco, California; and,

WHEREAS, At the public hearing, the testimony of all interested persons for or against the proposed formation of the District, the levy of assessments on property within the District, the extent of the District, and the furnishing of specified types of improvements, services and activities within the District, was heard and considered, and a full, fair and complete meeting and hearing was held; and,

WHEREAS, The Board of Supervisors heard and considered all objections or protests to the proposed assessments and the Director of the Department of Elections tabulated the assessment ballots submitted and not withdrawn, in support of or in opposition to the proposed assessments, and the Clerk of the Board determined that a majority of the ballots cast (weighted according to the proportional financial obligations of the property) by the owners of record of the property located within the proposed District did not oppose establishing the proposed District; and,

WHEREAS, The public interest, convenience and necessity require the establishment of the proposed Yerba Buena Community Benefit District; and,

WHEREAS, In the opinion of the Board of Supervisors, the property within the District will be specially benefited by the improvements, services and activities funded by the assessments, and no assessment has been imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel; now therefore be it
RESOLVED, that the Board of Supervisors declares as follows:

Section 4. FINDING OF BENEFIT. The Board of Supervisors hereby finds that the property within the District will be benefited by the improvements and activities funded by the assessments proposed to be levied.

Section 5. SYSTEM OF ASSESSMENTS. (a) Annual assessments will be levied to pay for the activities to be provided within the District, commencing with fiscal year 2008-2009, and continuing for seven years, ending with fiscal year 2014-2015. For purposes of levying and collecting assessments within the District, a fiscal year shall commence on each July 1st and end on the following June 30th.

(b) The total amount of the proposed assessments to be levied and collected for fiscal year 2008-2009 shall be $2,384,045. The second installment shall be due on February 1 of each fiscal year during the life of the District, and shall become delinquent on April 10 of that fiscal year. Nonpayment of the assessment...
shall have the same lien priority and delinquent payment penalties and be subject to the same enforcement procedures and remedies as the ad valorem property tax.

Section 6. USE OF REVENUES. The proposed property-related services, improvements or activities for the District include:

A Sidewalk Operations, Beautification and Order (SOBO) component, to include street-level staff as Ambassadors/Community Guides, hiring dedicated police officers from the San Francisco Police Department under San Francisco CCSF Administrative Code Chapter 10B, sidewalk and gutter sweeping, sidewalk steam cleaning and power washing, enhanced trash emptying in public rights of way including removal of bulky trash items, removal of graffiti, tree and hanging flower basket planting and maintenance, equipment/tools and supplies, vehicle insurance and maintenance, personnel and supervisor/oversight costs to implement SOBO, banners and decorations, public right of way beautification, maintenance of pedestrian public spaces in addition to sidewalks, and distribution of small annual grants to community organizations providing services in the district that support the SOBO improvements and activities of the CBD;

An Administrative, Organization and Corporate Operations component, to include personnel and administrative costs for this component, corporate operations insurance, office related expenses, relations with City, public relations, and financial reporting; and
A Contingency and Reserve component to implement SOBO and DISI, to include reserves, late or non-paid assessments, long term capital improvement projects, and repayment of district formation costs.

The above improvements, services and activities will be funded by the levy of the assessments. The revenue from the levy of the assessments within the District shall not be used to provide improvements, services or activities outside the District or for any purpose other than the purposes specified in Board of Supervisors Resolution No. 246-08.

Section 7. AUTHORITY TO CONTRACT. The Board of Supervisors may contract with a separate private entity to administer the improvements, services and activities set forth in Section 6. Any such entity shall hold the funds it receives from the City and County of San Francisco ("City") in trust for the improvements, services and activities set forth in Section 6. Any such entity that holds funds in trust for purposes related to the contract shall deliver, at no expense to the City, a balance sheet and the related statement of income and cash flows for each fiscal year, all in reasonable detail acceptable to City, reviewed by a Certified Public Accountant (CPA); this review shall include a statement of negative assurance from the CPA.

In addition, or alternatively, the Controller or the Mayor's Office of Economic and Workforce Development may in their discretion require the private entity to deliver, at no expense to the City, an annual independent audit report by a Certified Public Accountant of all such funds. The CPA review and/or audit may be funded from assessment proceeds as part of the general administration of the District. At all times the Board of Supervisors shall reserve full rights of accounting of these funds. The Mayor's Office of Economic and Workforce Development shall be the City agency responsible for coordination between the City and the District.

Section 8. AMENDMENTS. The properties in the District established by this Resolution shall be subject to any amendments to the Act and Article 15.
Section 9. RECORDATION OF NOTICE AND DIAGRAM. The County Clerk is hereby authorized and directed to record a notice and an assessment diagram pursuant to Section 36627 of the California Streets and Highways Code, following adoption of this Resolution.

Section 10. LEVY OF ASSESSMENT. The adoption of this Resolution and recording of the notice and assessment diagram pursuant to Section 36627 of the California Streets and Highways Code constitutes the levy of an assessment in each of the fiscal years referred to in the District Management Plan. Each year, the Assessor shall enter on the County Assessment Roll opposite each lot or parcel of land the amount of the assessment and such assessment shall be collected in the same manner as the County property taxes are collected.

Section 11. BASELINE SERVICES. To ensure that assessment revenues from the District are used to enhance the current level of services provided by the City within the District, the establishment of the District will not affect the City’s policy to continue to provide the same level of service to the areas encompassed by the District as it provides to other similar areas of the City for the duration of the District, provided, however, that in the event of a significant downturn in citywide revenues, the Board of Supervisors may reduce the level of municipal services citywide, including within the District.

Section 12. ENVIRONMENTAL FINDINGS. The Planning Department has determined that the actions contemplated in this Resolution are in compliance with the California Environmental Quality Act (California Public Resources Code sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 080784 and is incorporated herein by reference.
