RESOLVED, that the Board of Supervisors declares as follows:

Section 1. FINDING REGARDING RECITALS. The Board of Supervisors hereby finds and determines that the foregoing recitals are true and correct.

Section 2. FINDING OF NO MAJORITY PROTEST. The Board of Supervisors hereby finds and determines pursuant to §36623(b) of the 1994 Act, that a majority protest does not exist with respect to the formation of the District and levy of the Assessments. All objections or protests, both written and oral, are hereby duly overruled.

Section 3. FINDING OF BENEFITS. The Board of Supervisors hereby finds and determines that: (A) the hotel businesses within the District that will be subject to the Assessments are specially benefitted by the improvements, services and activities to be funded by the Assessments as detailed in the Management District Plan; other businesses within the District are not specially benefitted in such manner; and (C) the Moscone Expansion Project is an "improvement" within the meaning of §36610 of the 1994 Act.

Section 4. FINDING OF TWO-THIRDS APPROVAL BY ELECTORATE. The Board of Supervisors hereby finds and determines that (A) hotel businesses representing at least fifty percent (50%) of the total estimated Assessments proposed to be levied on all hotel businesses in the District cast ballots, and (B) at least two-thirds (2/3) of the ballots that were cast (weighted as set forth above) voted in favor of the formation of the District and levy of Assessments. The Board of Supervisors hereby further finds and determines that such election, including the weighted voting set forth herein, satisfies the requirements of Articles XIIIA and XIIIC of the California Constitution to the extent applicable.

Section 5. ESTABLISHMENT OF DISTRICT. Pursuant to the Business Assessment Law, the Board of Supervisors hereby establishes a business improvement district designated as the "Moscone Expansion District." The Assessments will be levied on defined businesses within the District, rather than on property within the District.

Section 6. MANAGEMENT DISTRICT PLAN. The Board of Supervisors hereby ratifies, approves and confirms its prior approval of the Management District Plan.

Section 7. BOUNDARIES AND ZONES; ASSESSED BUSINESSES.

A. Exterior Boundaries. The exterior boundaries of the District, and the zones within the District ("Zones"), are as set forth in the map contained in the Management District Plan. The District includes all hotel businesses generating revenue from tourist rooms that operate in the District during the term of the District, including tourist hotel businesses that first open for business after the adoption of this Resolution and operate during that term.

- B. Zones. The District is divided into two Zones -- Zone 1 and Zone 2.
- 1. Zone 1. Zone 1 includes all tourist hotel businesses with addresses on or east of Van Ness Avenue, on or east of South Van Ness Avenue, and on or north of 16th Street from South Van Ness to the Bay, including all tourist hotel businesses east of Van Ness Avenue as if it continued north to the Bay, and north of 16th Street as if it continued east to the Bay.
- 2. Zone 2 includes all tourist hotel businesses with addresses west of Van Ness Avenue and South Van Ness Avenue, and all tourist hotel businesses south of 16th Street.
- 3. Reference is hereby made to the detailed map and the description and list of hotel businesses in the Management District Plan known at the time of adoption of the Plan, as to which hotel businesses currently are in which zone.

Failure to include a hotel business in the list of such businesses that is part of the Management District Plan shall not exempt the business from Assessment under Section 9 or from any other right or duty under this Resolution and the Management District Plan, if the hotel business is located within the District and generates revenue from tourist rooms. If after the passage of this Resolution the City identifies a hotel business that is located within the District and generates revenue from tourist rooms, but is not included in the list of hotel

businesses that is part of the Management District Plan, the City Tax Collector shall assign such business to Zone 1 or Zone 2, based on the location of the hotel.

Section 8. TERM OF THE DISTRICT. The term of the District will be thirty-two (32) years from and after the Commencement Date. The "Commencement Date" will be the date as of which the Assessments first are imposed on tourist hotel businesses, which will be the later of (1) July 1, 2013, or (2) the first day of the first calendar quarter after a final judgment is entered by a court validating the City Obligations and the related establishment of the District and levy of the Assessments.

Section 9. ASSESSMENTS AND ASSESSMENT METHODOLOGY. Assessments will be imposed and collected in each fiscal year to pay for the improvements, services and activities to be provided within the District.

A. The Assessments will be paid by defined tourist hotel businesses within the District based on gross revenue from tourist rooms in those hotels (determined in accordance with the Management District Plan). Zone 1 hotel businesses will pay a higher rate of assessment than Zone 2 hotel businesses because the benefits from the improvements, services and activities to be provided within the District are expected to be greater for Zone 1 hotel businesses, which are nearer and more readily accessible to Moscone Center and its surrounding area via the City's transportation infrastructure.

1. Zone 1 Assessment Formula:

 With respect to gross revenue from tourist rooms generated during the period beginning on the Commencement Date and continuing through December 31, 2013, the Zone 1 assessment rate shall be 0.50% of gross revenue from tourist rooms.

With respect to gross revenue from tourist rooms generated beginning
 January 1, 2014, until the scheduled expiration of the term of the District, the
 Zone 1 assessment rate shall be 1.25% of gross revenue from tourist rooms.

2. Zone 2 Assessment Formula:

- With respect to gross revenue from tourist rooms generated during the period beginning on the Commencement Date and continuing through the scheduled expiration of the term of the District, the Zone 2 assessment rate shall be 0.3125% of gross revenue from tourist rooms.
- B. The maximum Assessments proposed to be collected for the first fiscal year of the District ending June 30, 2014, is \$19,332,000. The total amount of the Assessments imposed and collected each fiscal year thereafter may increase or decrease according to increases or decreases in the total actual gross revenue from tourist rooms for all hotel businesses within the District in such year. As set forth in the Management District Plan, the total maximum Assessments for each year of the District for years two (2) through thirty-two (32) reflects a potential increase of up to 10% over the previous year. The proposed assessment (that is, the total maximum amount of the Assessments that could be collected during the scheduled term of the District) is \$5,766,814,000.
- C. The method and basis of determining, imposing, collecting and enforcing collection of the Assessments shall be as set forth in the Management District Plan.
- 1. The hotel businesses assessed by the City within the MED will be billed quarterly and/or will complete and submit a quarterly assessment payment form provided by the City. The Assessment payments will be submitted by hotel businesses on a quarterly basis to the City Treasurer and Tax Collector or his or her designee, or as otherwise designated by the Board of Supervisors, based on the gross revenue collected for tourist rooms each quarter.

- 2. All delinquent payments of Assessments shall be subject to interest and penalties.

 The City Treasurer and Tax Collector will enforce imposition of interest and penalties and collection of delinquent Assessments pursuant to the Business Assessment Law and Article 6 of the City Business and Tax Regulations Code, as it may be amended from time to time.
- 3. The Assessments collected will be distributed no less than four (4) times per year to the owners' association (as defined in the 1994 Act) which administers and implements the improvements, services and activities within the District pursuant to a management contract to be entered into between the City and the owners' association.

Section 10. ISSUANCE OF CITY OBLIGATIONS. The Board of Supervisors hereby determines and declares that the City will issue or execute City Obligations in an aggregate principal amount of not to exceed \$507,880,000 to finance a portion of the costs of the Moscone Expansion Project. The Board intends that debt service on the City Obligations, although a payment obligation of the City, will be paid or reimbursed in specified amounts from the Assessments. To that end, the Board of Supervisors hereby further determines and declares that the City will issue and purchase obligations payable from the Assessments in such form and substance as the City shall determine.

Subject to the budgetary and fiscal provisions of the City's Charter, the City will contribute the following amounts towards payment of the City Obligations in accordance with the Management District Plan:

- A. \$8.2 million in fiscal year 2019 with an increase of 3% per year through fiscal year 2028 up to a maximum of \$10.7 million, with a continuing contribution of \$10.7 million per fiscal year for the remainder of the term of the District (the "City's Base Contribution").
- B. To the extent that the sum in any fiscal year of (1) Assessment revenues allocated to Development Activities in the Management District Plan, plus (2) the City's Base Contribution, is less than debt service payable in such fiscal year on the City Obligations (a

"Shortfall"), such Shortfalls will be paid by the City subject to reimbursement from future Assessments as provided below.

Section 11. APPLICATION OF ASSESSMENT REVENUES.

- A. For each fiscal year prior to the issuance of the City Obligations, the City shall collect Assessment revenues from hotel businesses within the District and apply such amounts pursuant to the Management District Plan.
- B. Upon issuance of the City Obligations, in each fiscal year the City shall: (1) collect Assessment revenues from hotel businesses within the District; (2) withhold and apply that portion of those revenues allocated to Development Activities pursuant to the Management District Plan necessary to pay the District's portion of debt service for the City Obligations; (3) utilize any Surplus Revenues (as defined below) to fund the Stabilization Fund and Sinking Fund and repay the City's contribution toward any Shortfall, and fund future development expansion, renovation, and capital improvements; (4) and transfer to the SFTIDMC the portion of revenue per the allocation outlined in the Management Plan.

"Surplus Revenues" means any excess Assessment revenue allocated to Development Activities in the Management District Plan that are not needed to fund the District's portion of the debt service. Surpluses shall be applied as follows, as provided in the Management District Plan:

- 1. To fund a Stabilization Fund to be held by the City in an amount not to exceed \$15,000,000. The Stabilization Fund may be drawn upon by the City in any fiscal year to cover a Shortfall. Such Stabilization Fund shall be replenished as needed throughout the term of the District.
- 2. To fund a Sinking Fund to be held by the City in an amount equal to the aggregate of annual debt service on the City Obligations, less the City's Base Contribution, for all fiscal years after the scheduled expiration of the term of the District.

- 3. To reimburse the City for Shortfalls as provided in Section 10.B., above.
- 4. To the owners' association which administers and implements the improvements, services and activities within the District to fund future development, expansion, renovation, and capital improvements to the Moscone Center.
- 5. Any funds remaining in the Stabilization Fund or Sinking Fund no longer needed for debt service, *i.e.*, upon final maturity of the debt instruments, shall be allocated as set forth in the Management District Plan.

As provided in the Management District Plan, the City shall have the sole discretion to apply Surpluses among Funds No. 1 through No. 3, above, in the order it deems in the best interests of the City.

Section 12. As set forth in the Management District Plan, the City will own the Moscone Expansion Project and all other additions and improvements to the Moscone Center financed by City funds and Assessment revenues.

Section 13. USE OF ASSESSMENT REVENUES FOR IMPROVEMENTS, SERVICES AND ACTIVITIES.

- A. The following proposed improvements, services and activities within the District are hereby approved:
- 1. Planning, design, engineering, entitlement, construction, project management and related services for the Moscone Expansion Project, including payment of debt service on the City Obligations.
- 2. Funding of a Moscone Convention Center Incentive Fund to attract significant meetings, tradeshows and conventions to the City by providing an offset against Moscone Center rental costs.

- 3. Funding of a Moscone Convention Center Sales & Marketing Fund for increased sales and marketing of convention business, with a focus on generating increased revenues for hotel businesses that pay the Assessments.
- 4. Funding of capital improvements and renovations to the Moscone Center, including a capital reserve fund to cover future upgrades and capital improvements.
- 5. Funding the formation, operation and administration of the District, and to establish and maintain a contingency reserve.
- 6. Funding for development and implementation of future phases of expansion, renovations or capital improvements, if there are funds available in excess of those needed for the Moscone Expansion Project.
- B. The above improvements, services and activities to be provided in the District will be funded by the levy of the Assessments. Revenue from the levy of Assessments within the District shall not be used to provide improvements, services or activities outside the District or for any purpose other than the purposes specified in this Resolution and the Resolution of Intention, including the Management District Plan.

Section 14. DISTRICT MANAGEMENT AND OVERSIGHT.

- A. San Francisco Tourism Improvement District Management Corporation.
- 1. The improvements, services and activities within the District will be administered and implemented by the San Francisco Tourism Improvement District Management Corporation ("SFTIDMC"), a 501c(6) non-profit corporation, pursuant to a management agreement with the City to be approved by the Board of Supervisors ("Management Agreement"). The Business Assessment Law provides that such business owners' associations may administer and implement the improvements, services and activities within the District.

- 2. The Management Agreement will require that SFTIDMC shall hold Assessment revenues it receives from the City in trust for the City, to be applied to pay costs of the improvements, services and activities within the District authorized by the Management District Plan.
- 3. The Management Agreement will provide as follows: (a) SFTIDMC shall deliver, at no expense to the City, a balance sheet and the related statement of income and cash flows with respect to the MED for each fiscal year ("financial statements"), all in reasonable detail acceptable to City; and (b) an annual independent audit report by a Certified Public Accountant ("CPA") of all such MED funds; (c) the financial statements and CPA audit may be funded from Assessment revenues as part of the administration costs with respect to the MED; and, (d) at all times the Board of Supervisors shall reserve full rights of accounting of such District funds.
- 4. The Management Agreement may provide such further management and financial reporting requirements with respect to the MED as the SFTIDMC and the City shall agree.
 - B. OEWD and DPW Coordination and Oversight.
- 1. The Office of Economic and Workforce Development ("OEWD") shall be the City agency responsible for overseeing the Management Agreement between the City and the SFTIDMC for the purposes of administering and implementing the MED. OEWD will also be the City Agency responsible for coordinating the entitlement and environmental review process for the Moscone Expansion Project, and will oversee expenditures related to the entitlement and environmental review process.
- 2. The Department of Public Works ("DPW") has direct fiscal oversight and primary responsibility for overseeing the expenditure of MED funds for construction and support services. In addition, DPW will provide oversight of MED funds spent on development and

renovation activities of the Moscone Center. All Requests for Proposals for Project design and construction that are issued by the SFTIDMC will be reviewed by DPW.

3. The City and SFTIDMC will enter into a separate Memorandum of Understanding that will outline specific roles and responsibilities for City and SFTIDMC regarding management of the Moscone Expansion Project.

Section 15. AMENDMENTS. The tourist hotel businesses in the District established by this Resolution shall be subject to any subsequent amendments to the Business Assessment Law and Article 6 of the City Business and Tax Regulations Code.

Section 16. RECORDATION OF NOTICE AND DIAGRAM. The County Clerk is hereby authorized and directed to record a notice and an assessment diagram pursuant to §36627 of the 1994 Act, following adoption of this Resolution.

Section 17. LEVY OF ASSESSMENTS. The adoption of this Resolution and recordation of the notice and assessment diagram pursuant to §36627 of the 1994 Act constitutes the levy of the Assessments in each of the thirty-two (32) years identified in the Management District Plan.

Section 18. ENVIRONMENTAL FINDINGS. The Planning Department has determined that the actions contemplated in this Resolution to establish the Moscone Expansion District and levy multi-year Assessments are in compliance with the California Environmental Quality Act (California Public Resources Code §§21000 *et seq.*). Said determination is on file with Clerk of the Board of Supervisors in File No. 130043, which is hereby declared to be a part of this Resolution as if set forth fully herein.

Section 19. CONFLICTS. To the extent of any conflict between the Management District Plan or the Resolution of Intention and this Resolution, the provisions of this Resolution shall control.

Section 20. RATIFICATION OF PRIOR ACTIONS. All actions authorized and approved by this Resolution but heretofore taken are hereby ratified, approved and confirmed by the Board.

Section 21. GENERAL AUTHORITY. The appropriate officers of the City and their duly authorized deputies, designees and agents are hereby authorized and directed, jointly and severally, in consultation with the City Attorney, to take such actions and to execute and deliver such certificates, agreements, requests or other documents as they may deem necessary or desirable to accomplish the purposes of this Resolution, including but not limited to the determination, imposition, collection and enforcement of the Assessments.
