Chair Chan moved that this Resolution be AMENDED, AN AMENDMENT OF THE WHOLE BEARING NEW TITLE, on Page 1, Line 8, by inserting 'if any,' after 'increase'; on Page 4, Line 12, through Page 7, Line 20, by adding 'WHEREAS, The City places high importance on job quality and training opportunities in the local construction industry; and WHEREAS, The City and past recipients of City funding have worked with local stakeholders to successfully implement the City's longstanding policy goal that all construction projects receiving public funds should advance, to the extent financially feasible and legally permissible, job quality and training opportunities; and WHEREAS, It is in the best interest of the City that affordable housing construction projects be subject to strong labor standards and antidiscrimination protections, to the extent feasible, to ensure that such projects are built with the highest degree of skill and as quickly as possible, to meet the City's urgent need for housing; and WHEREAS, It is in the best interest of the City that project developers of affordable housing projects work with local worker representatives and advocates to develop health and safety standards and protections, to the extent feasible, that will allow workers to construct essential affordable housing quickly and safely; and WHEREAS, In 2021, the City adopted its San Francisco Climate Action Plan ("CAP"), which identifies that one of the most effective ways to reduce greenhouse gas emissions is to ensure San Francisco has dense and affordable infill housing, with not less than 30% of its projected goals of 5,000 new housing units affordable to low- and lower-income households; and WHEREAS, The CAP states that providing more housing in San Francisco affordable to workers will make it easier for the City's first-responders, service industry workforce, teachers and medical workers to live close to where they work, instead of commuting long distances by car and generating more greenhouse gas emissions; and WHEREAS, This Board of Supervisors ("Board") unanimously approved the CLEE Report (Center for Law, Energy and the Environment at UC Berkeley), which outlined potential funding sources for the CAP, and unanimously recommended to the Office of Resilience and Capital Planning that a Climate Bond be incorporated into the City's 10 year Capital Plan; and WHEREAS, It is in the best interest of the City that all construction projects, including affordable housing construction projects, incorporate strong climate protections, to the extent feasible, to ensure that such projects are built with the strongest possible climate standards; and WHEREAS, New construction of affordable housing built on City-owned land will be subject to the green building standards under Environment Code Chapter 7; and WHEREAS, It is in the best interest of the City that project developers of affordable housing projects work with local climate advocates to develop appropriate climate standards and protections, to the extent feasible; and WHEREAS, According to the Department of Homelessness and Supportive Housing ("HSH"), cisgender women and women-identified individuals make up 31% of the total number of homeless or marginally-housed individuals documented by the City, yet an exhaustive survey conducted by the Women's Housing Coalition of HSH and the Mayor's Office of Housing and Community Development ("MOHCD") shelter and housing inventory found only 92 out of 23,500 units of permanent affordable housing and 101 out of 3,084 total shelter beds dedicated for cisgender women and women-identified individuals, making up less than one percent and 3.27% of the need for women-specific safe permanent housing and shelter respectively; and WHEREAS, According to HSH, over 75% of women and women-identified homeless have experienced violence on the streets or in shelters, with over 43% experiencing sexual violence, with a 2019 statewide study by the CA Policy Lab documenting that 80% of unsheltered women reporting sexual or violent abuse as the cause of their homelessness; and WHEREAS, According to HSH, 24% of homeless women have had to voluntarily give up primary caretaking responsibilities due to housing instability or homelessness, and 26% have been pregnant while homeless; and WHEREAS, Between 2019-2020, while 900 women survivors were reported to have received placement in victim-specific shelter and permanent housing programs, over 2,684 women survivors of street violence, sexual exploitation and/or domestic violence were turned away from Victim Service Provider-Emergency and Transitional Housing, demonstrating that for every survivor who received safe housing that year, at least another three did not; and WHEREAS, According to HSH's 2022/2023 survey of women experiencing homelessness, 56% indicated they had been homeless for over one year, including 11% who confirmed

they were homeless with their children with them and 21% who confirmed they could be with their children if they had different housing; and WHEREAS, HSH, the Department on the Status of Women, the Department of Public Health, MOHCD, and the Board convened a half-day retreat with the Women's Housing Coalition and affordable housing providers who made recommendations on addressing the plight of unhoused and marginally housed cisgender and women-identified survivors of violence and abuse, including implementing easier and quicker access to housing, women-only safe and secure shelter and long-term housing; and WHEREAS, According to the State's Homeless Data Integration System, between 2017 and 2021, while California's senior population over the age of 55 years of age grew by 7%, the number of seniors who became homeless as a result of increased housing and healthcare costs, job loss or displacement increased by 84%, a national trend that is particularly exacerbated in the Bay Area, which is one of the most expensive areas to live in the United States; and WHEREAS, The California Department of Finance released a population forecast in 2023 showing that San Francisco's population of seniors 80 years of age or older is expected to triple in the next four decades, going from 48,000 seniors in 2020 to nearly 137,000 seniors by 2060, while at the same time, the City's overall population is expected to decline from about 870,000 people in 2020 to 845,000 in 2060, highlighting a significant need for affordable housing for seniors; and WHEREAS, San Francisco's Department of Aging and Adult Services' (DAAS) 2021 Overview Report on Affordable Housing for Seniors and People with Disabilities confirm that seniors aging in place in San Francisco are spending 75% or more of their monthly, fixed income on rent each month, and struggling to pay for other necessities like food and bills; and'; on Page 8, Line 21, through Page 9, Line 17, by adding 'FURTHER RESOLVED, That MOHCD and recipients of funding from bond proceeds authorized by this measure are strongly encouraged to work collaboratively with local stakeholders during the project development process, to adopt and implement strong labor standards, antidiscrimination protections, health and safety standards, and protections, on all projects financed with bond proceeds authorized by this measure, to the extent feasible; and be it FURTHER RESOLVED, That MOHCD and recipients of funding from bond proceeds authorized by this measure are strongly encouraged to work collaboratively with local climate advocates and the Department of the Environment, during the project development process, to adopt and implement strong climate standards and protections on all projects financed with bond proceeds authorized by this measure, to the extent feasible; and be it FURTHER RESOLVED, That MOHCD will work with HSH and relevant stakeholders to ensure that up to \$30,000,000 of Bond proceeds will be allocated to construct, develop, acquire, and/or rehabilitate housing for extremely-low income households, very low-income households, and/or lower-income households who need safe and stable housing, and are experiencing (i) trauma-informed homelessness, (ii) street violence, (iii) domestic violence and abuse, (iv) sexual abuse and assault, and/or (v) human trafficking, which population is overwhelming cisgender women and women-identified; and be it FURTHER RESOLVED, That it is in the best interest of the City that housing for low-income seniors be prioritized in the City's work to meet the state-mandated Housing Element requirement to build 46,000 new affordable housing units in the next eight years; and be it'; and on Page 10, Lines 9-13, to read 'FURTHER RESOLVED, Under Administrative Code, Section 2.40, the ordinance submitting this proposal to the voters shall contain a provision authorizing landlords to pass-through 50% of the resulting property tax increases, if any, to residential tenants in accordance with Administrative Code, Chapter 37, as such chapter may be amended from time to time; and, be it'. 09/12/23; ASSIGNED UNDER 30 DAY RULE to Budget and Finance Committee, expires on 10/12/2023.

09/15/23; REFERRED TO DEPARTMENT. Referred to Planning Department for environmental review and determination of consistency with the City's General Plan; Office of the Controller for financial analysis report, pursuant to Administrative Code 2.33; and Mayor's Office, Office of the City Attorney, Department of Elections, Ethics Commission, City Administrator, Mayor's Office of Housing and Community Development, and Housing Authority, pursuant to Rules of Order 2.22.4.

09/22/23; RESPONSE RECEIVED. Received the determination from the Planning Department that the matter is not defined as a project under CEQA Guidelines Sections 15378 and 15060(c)(2) because it would not result in a direct or indirect physical change in the environment. Individual projects will require environmental review.

10/18/23; RESPONSE RECEIVED. Received the costing analysis letter from the Office of the Controller, pursuant to Administrative Code, Section 2.33 and Charter, Section 3.105.

Chair Chan moved that this Ordinance be AMENDED, AN AMENDMENT OF THE WHOLE BEARING NEW TITLE, on Page 1, Line 11, by adding 'if any,' after 'increase'; on Page 4, Line 10, through Page 8, Line 11, by adding 'H. The City places high importance on job quality and training opportunities in the local construction industry. I. The City and past recipients of City funding have worked with local stakeholders to successfully implement the City's longstanding policy goal that all construction projects receiving public funds should advance, to the extent financially feasible and legally permissible, job quality and training opportunities. J. It is in the best interest of the City that affordable housing construction projects be subject to strong labor standards and antidiscrimination protections, to the extent feasible, to ensure that such projects are built with the highest degree of skill and as quickly as possible, to meet the City's urgent need for housing. K. It is in the best interest of the City that project developers of affordable housing projects work with local worker representatives and advocates to develop health and safety standards and protections, to the extent feasible, that will allow workers to construct essential affordable housing quickly and safely. L. The Mayor's Office of Housing and Community Development ("MOHCD") and recipients of funding from bond proceeds authorized by this measure are strongly encouraged to work collaboratively with local stakeholders during the project development process, to adopt and implement strong labor standards, antidiscrimination protections, health and safety standards, and protections, on all projects financed with bond proceeds authorized by this measure, to the extent feasible. M. In 2021, the City adopted its San Francisco Climate Action Plan ("CAP"), which identifies that one of the most effective ways to reduce greenhouse gas emissions is to ensure San Francisco has dense and affordable infill housing, with not less than 30% of its projected goals of 5,000 new housing units affordable to low- and lower-income households. N. The CAP states that providing more housing in San Francisco affordable to workers will make it easier for the City's first-responders, service industry workforce, teachers and medical workers to live close to where they work, instead of commuting long distances by car and generating more greenhouse gas emissions. O. This Board of Supervisors ("Board") unanimously approved the CLEE Report (Center for Law, Energy and the Environment at UC Berkeley), which outlined potential funding sources for the CAP, and unanimously recommended to the Office of Resilience and Capital Planning that a Climate Bond be incorporated into the City's 10 year Capital Plan. P. It is in the best interest of the City that all construction projects, including affordable housing construction projects, incorporate strong climate protections, to the extent feasible, to ensure that such projects are built with the strongest possible climate standards. Q. New construction of affordable housing built on City-owned land will be subject to the green building standards under Environment Code Chapter 7. R. It is in the best interest of the City that project developers of affordable housing projects work with local climate advocates to develop appropriate climate standards and protections, to the extent feasible. S. MOHCD and recipients of funding from bond proceeds authorized by this measure are strongly encouraged to work collaboratively with local climate advocates and the Department of the Environment, during the project development process, to adopt and implement strong climate standards and protections on all projects financed with bond proceeds authorized by this measure, to the extent feasible. T. According to the Department of Homelessness and Supportive Housing ("HSH"), cisgender women and women-identified individuals make up 31% of the total number of homeless or marginally-housed individuals documented by the City, yet an exhaustive survey conducted by the Women's Housing Coalition of HSH and MOHCD shelter and housing inventory found only 92 out of 23,500 units of permanent affordable housing and 101 out of 3,084 total shelter beds dedicated for cisgender women and women-identified individuals, making up less than one percent and 3.27% of the need for women-specific safe permanent housing and shelter respectively. U. According to HSH, over 75% of women and women-identified homeless have experienced violence on the streets or in shelters, with over 43% experiencing sexual violence, with a 2019 statewide study by the CA Policy Lab documenting that 80% of unsheltered women reporting sexual or violent abuse as the cause of their homelessness. V. According to HSH, 24% of homeless women have had to voluntarily give up primary caretaking responsibilities due to housing instability or

homelessness, and 26% have been pregnant while homeless. W. Between 2019-2020, while 900 women survivors were reported to have received placement in victim-specific shelter and permanent housing programs, over 2,684 women survivors of street violence, sexual exploitation and/or domestic violence were turned away from Victim Service Provider-Emergency and Transitional Housing, demonstrating that for every survivor who received safe housing that year, at least another three did not. X. According to HSH's 2022/2023 survey of women experiencing homelessness, 56% indicated they had been homeless for over one year, including 11% who confirmed they were homeless with their children with them and 21% who confirmed they could be with their children if they had different housing. Y. HSH, the Department on the Status of Women, the Department of Public Health, MOHCD, and the Board convened a half-day retreat with the Women's Housing Coalition and affordable housing providers who made recommendations on addressing the plight of unhoused and marginally housed cisgender and women-identified survivors of violence and abuse, including implementing easier and quicker access to housing, women-only safe and secure shelter and long-term housing. Z. MOHCD will work with HSH and relevant stakeholders to ensure that up to \$30,000,000 of Bond proceeds will be allocated to construct, develop, acquire, and/or rehabilitate housing for extremely-low income households, very low-income households, and/or lower-income households who need safe and stable housing, and are experiencing (i) trauma-informed homelessness, (ii) street violence, (iii) domestic violence and abuse, (iv) sexual abuse and assault, and/or (v) human trafficking, which population is overwhelming cisgender women and women-identified. AA According to the State's Homeless Data Integration System, between 2017 and 2021, while California's senior population over the age of 55 years of age grew by 7%, the number of seniors who became homeless as a result of increased housing and healthcare costs, job loss or displacement increased by 84%, a national trend that is particularly exacerbated in the Bay Area, which is one of the most expensive areas to live in the United States. BB. The California Department of Finance released a population forecast in 2023 showing that San Francisco's population of seniors 80 years of age or older is expected to triple in the next four decades, going from 48,000 seniors in 2020 to nearly 137,000 seniors by 2060, while at the same time, the City's overall population is expected to decline from about 870,000 people in 2020 to 845,000 in 2060, highlighting a significant need for affordable housing for seniors. CC. San Francisco's Department of Aging and Adult Services' (DAAS) 2021 Overview Report on Affordable Housing for Seniors and People with Disabilities confirms that seniors aging in place in San Francisco are spending 75% or more of their monthly, fixed income on rent each month, and struggling to pay for other necessities like food and bills. DD. It is in the best interest of the City that housing for low-income seniors be prioritized in the City's work to meet the state-mandated Housing Element requirement to build 46,000 new affordable housing units in the next eight years.'; on Page 8, Line 22, through Page 9, Line 7, to read "'SAN FRANCISCO AFFORDABLE HOUSING BONDS. \$300,000,000 to construct, develop, acquire, and/or rehabilitate housing, including workforce housing and senior housing, that will be affordable to households ranging from extremely low-income to moderate-income households, subject to independent citizen oversight and regular audits; with a duration of up to 30 years from the time of issuance, an estimated average tax rate of \$0.0057/\$100 of assessed property value, and projected average annual revenues of \$25,000,000; and authorizing landlords to pass-through to residential tenants, as such Chapter may be amended 50 percent of the resulting increase, if any, in the real property taxes attributable to the cost of the repayment of such Bonds, as set forth in Administrative Code Chapter 37, as it may be amended from time to time.'"; on Page 16, Lines 11-16, to read 'Section 19. Landlords may pass through to residential tenants 50 percent of any property tax increase that may result from the issuance of Bonds authorized by this ordinance, as set forth in Administrative Code Chapter 37, as it may be amended from time to time.'; and by making other clarifying and conforming changes.
