

DIRECTIVE OF THE HEALTH OFFICER No. 2020-15b

**DIRECTIVE OF THE HEALTH OFFICER OF
THE CITY AND COUNTY OF SAN FRANCISCO REGARDING REQUIRED BEST
PRACTICES FOR TENNIS, PICKLEBALL AND GOLF**

(PUBLIC HEALTH DIRECTIVE)

DATE OF DIRECTIVE: September 1, 2020

By this Directive, the Health Officer of the City and County of San Francisco (the “Health Officer”) issues industry-specific direction that people engaged in outdoor tennis, pickleball or golf (up to a foursome) must follow as part of the local response to the Coronavirus Disease 2019 (“COVID-19”) pandemic. This Directive constitutes industry-specific guidance as provided under Section 6 of Health Officer Order No. C19-07h issued on September 1, 2020 (the “Stay-Safer-At-Home Order”) and, unless otherwise defined below, initially capitalized terms used in this Directive have the same meaning given them in that order. This Directive goes into effect immediately upon issuance and remains in effect until suspended, superseded, or amended by the Health Officer. This Directive has support in the bases and justifications set forth in the Stay-Safer-At-Home Order. As further provided below, this Directive automatically incorporates any revisions to the Stay-Safer-At-Home Order or other future orders issued by the Health Officer that supersede that order or reference this Directive. This Directive is intended to promote best practices as to Social Distancing Requirements and sanitation measures, helping prevent the transmission of COVID-19 and safeguard the health of workers, customers, and the community.

**UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE
SECTIONS 101040, 101085, AND 120175, THE HEALTH OFFICER DIRECTS AS
FOLLOWS:**

- 1. This Directive applies to:**
 - a) All people engaged in tennis, pickleball or golf (“Players”) in the City and County of San Francisco (the “City”); and**
 - b) All owners, operators, managers, and supervisors of any public or private tennis, pickleball or golf facility in the City that are Outdoor Businesses permitted to be open to the public under the Stay-Safer-At-Home Order (the “Facility”).**
- 2. Attached as Exhibit A to this Directive is a list of best practices that apply to Players and Facilities (the “Best Practices”). Each Player and Facility must comply with all of the relevant requirements listed in the Best Practices.**
- 3. Each Facility must, before it begins to offer tennis, pickleball or golf services, create, adopt, and implement a written health and safety plan (a “Health and Safety Plan”). The Health and Safety Plan must be substantially in the form attached to this Directive as Exhibit B.**
- 4. If an aspect, service, act or operation of a Facility or Player is also covered by another Health Officer directive (all of which are available at <http://www.sfdph.org/directives>), then the Facility or Player must comply with all applicable directives, and must complete all relevant Health and Safety Plan forms.**

Health Officer Directive No. 2020-15b

- 5. Each Facility must (a) make the Health and Safety Plan available to a member of the public and Personnel on request, (b) provide a summary of the plan to all Personnel working on site or otherwise in the City in relation to its operations, and (c) post the plan at any storefront and at the entrance to any other physical location that the Facility operates within the City. Also, each Facility must provide a copy of the Health and Safety Plan and evidence of its implementation to any authority enforcing this Order upon demand.**
- 6. Each Facility subject to this Directive may be required to provide items such as Face Coverings (as provided in Health Order No. C19-12b issued on May 28, 2020 and any future amendment to that order), hand sanitizer or handwashing stations, or both, and disinfectant and related supplies to Personnel and/or to the public, all as required by the Best Practices. If any such Facility is unable to provide these required items or otherwise fails to comply with required Best Practices or fails to abide by its Health and Safety Plan, then it must cease operating until it can fully comply and demonstrate its strict compliance. Further, as to any non-compliant operation, any such Facility is subject to immediate closure and the fines and other legal remedies described below, as a violation of the Stay-Safer-At-Home Order.**
- 7. For purposes of this Directive, “Personnel” includes all of the following people who provide goods or services associated with a Facility: employees; contractors and sub-contractors (such as those who sell goods or perform services onsite or who deliver goods for the business); independent contractors; vendors who are permitted to sell goods onsite; volunteers; and other individuals who regularly provide services onsite at the request of the Facility. “Personnel” includes “gig workers” who perform work via the business’s app or other online interface, if any.**
- 8. This Directive and the attached Best Practices may be revised by the Health Officer, through revision of this Directive or another future directive or order, as conditions relating to COVID-19 require, in the discretion of the Health Officer. Each Facility must stay updated regarding any changes to the Stay-Safer-At-Home Order and this Directive by checking the City Administrator’s website (<https://www.sfgsa.org>) or the Department of Public Health website (<https://www.sfdph.org/dph/alerts/coronavirus.asp>) regularly.**
- 9. Implementation of this Directive augments—but does not limit—the obligations of each Facility under the Stay-Safer-At-Home Order including, but not limited to, the obligation to prepare, post, and implement a Social Distancing Protocol under Section 4.d and Appendix A of the Stay-Safer-At-Home Order. The Facility must follow these industry-specific Best Practices and update them as necessary for the duration of this Directive, including, without limitation, as this Directive is amended or extended in writing by the Health Officer and consistent with any extension of the Stay-Safer-At-Home Order, any other order that supersedes that order, and any Health Officer order that references this Directive.**

This Directive is issued in furtherance of the purposes of the Stay-Safer-At-Home Order. Where a conflict exists between this Directive and any state, local, or federal public health order related to the COVID-19 pandemic, including, without limitation, the Social Distancing Protocol, the most restrictive provision controls unless otherwise specifically provided. Failure to carry out this Directive is a violation of the Stay-Safer-At-Home

Best Practices for Tennis, Pickleball and Golf

In addition to preparing, posting, and implementing the Social Distancing Protocol required by Section 4.d and Appendix A of Health Officer Order No. C19-07h (the “Social Distancing Protocol”), each Facility that operates in the City must comply with each requirement listed below and prepare a Health and Safety Plan substantially in the format of Exhibit B, below.

Requirements:

1. Section 1 – Facility Requirements:

- 1.1.** Ensure that the following aspects of Facility premises are shut down and not accessible by Players or the public: clubhouses, restaurants, bars, dining areas, seating or lounge areas, common areas not required to reach outdoor facilities, fitness facilities, shower facilities, locker areas, and retail space, unless specifically allowed under the Stay-Safer-At-Home Order and any directives or guidance issued by the Health Officer.
- 1.2.** Without limiting Section 2.7, if an aspect of Facility premises is allowed to operate under another directive (for example, a pro-shop or retail space may or may not currently qualify as Retail Business with Curbside Pickup, which is covered by Directive No. 2020-10), then the Facility must comply with all applicable directives, and its Health and Safety Plan must include all applicable components from those directives. Copies of other directives are available online at <https://www.sfdph.org/directives>.

2. Section 2 – General Sanitation Exemptions for Public Facilities:

- 2.1.** Private Facilities are required to implement all applicable sanitation requirements of the Social Distancing Protocol.
- 2.2.** Public Facilities are required to implement all applicable sanitation requirements of the Social Distancing Protocol with the following exceptions:
 - 2.2.1.** If it is not feasible for a public Facility to provide hand sanitizer or a handwashing station to Players in accordance the Social Distancing Protocol, public Facilities must require Players to bring their own hand sanitizer.
 - 2.2.2.** If it is not feasible for a public Facility to continuously disinfect shared or high-touch surfaces and devices as required by the Social Distancing Protocol, then the public Facility must post signage requiring Players to bring their own hand sanitizer to use after touching high-touch surfaces like gates.
 - 2.2.3.** Except with respect to bathrooms, public Facilities are not required to clean and decontaminate premises in accordance with Sections 2.15 and 2.17 of the Social Distancing Protocol, but are strongly encouraged to clean and disinfect premises to the maximum extent feasible.
 - 2.2.4.** Public Facilities are not required to clean and decontaminate premises in accordance with Section 2.21 of the Social Distancing Protocol, but are strongly encouraged to clean and disinfect premises to the maximum extent feasible.

3. Section 3 – Requirements Specific to Golf Players and Golf Facilities:

- 3.1.** Golf Players and Personnel must practice—and Facilities with on-site Personnel must enforce – all Social Distancing Requirements in accordance with the Stay-Safer-At-Home Order and applicable directives, all Face Covering requirements as set forth in Health Order No. C19-12c issued on July 22, 2020, and any future amendment to those orders or directives.
- 3.2.** Golf Facilities must conduct all business and transactions involving Players and members of the public in outdoor spaces in accordance with the Stay-Safer-At-Home Order.
- 3.3.** In Golf Facilities where restrooms are available on the course, Facilities must prohibit Players and other members of the public from using any indoor restroom facilities, such as those located in the clubhouse. For clarity, if no bathrooms are available on the course, indoor bathrooms may be made available to Players and the public. Personnel may use any bathrooms designated by the Facility.
- 3.4.** Groups must be limited to a maximum of four players per group, unless all players within the group are part of a single Household. Groups of players from different Households must comply with the State of California under its Stay-Safer-At Home Order.
- 3.5.** Golf Players must not share equipment with people outside of their Household or rent any equipment unless otherwise expressly allowed for equipment rental as an Additional Business under the Stay-Safer-At-Home Order and subject to all applicable requirements for sanitization between uses.

- 3.7.** Before the Golf Facility may open its course, all high-touch surfaces and equipment including, but not limited to, water stations, hand towels, ball washers, bunker rakes, scorecards and pencils, must be removed or made inaccessible from the range or course. To avoid contact with a high-touch surface, players must be prevented from reaching into cups for golf balls. Cups must be lifted above the putting surface to ensure there is no retrieval of balls from the cup. Flags may be removed or fixed in place at each hole. Cups may be filled or inverted so that the ball can come to a rest at the cup but also be retrieved easily without touching any surfaces.
- 3.8.** Where possible, designated paths of travel within Golf Facility premises must be clearly marked.
- 3.9.** No tournament style events, competitions, group instruction, or clinics, except for any professional tournaments without spectators that may be allowed in the future under the Stay-Safer-At-Home Order. Players and Facilities are also encouraged to implement guidance from athletic associations where applicable (For example, the USGA provides guidance for Players and Facilities here: <https://www.usga.org/content/usga/home-page/course-care/covid-19-resource-center.html>.) Nothing in this section allows a Golf Player or Facility to replace, supplement, or change any restriction in the Stay-Safer-At-Home Order, this Directive, or any local, state, or federal health order or guidance related to COVID-19 with a less restrictive measure. For clarity, all Golf Players and Facilities must strictly implement every measure in this Directive and may only supplement new safety measures to the extent they are more restrictive (i.e., more protective of public health) than any local, state, or federal health order or guidance related to COVID-19.

All water dispensers or water fountains must be made inaccessible by, for instance, being covered, taped, or roped off to prevent touching.
