*****STATEMENT ON THE OVERTURNING OF ROE V. WADE*****

Yesterday, the U.S. Supreme Court gutted state gun laws on the heels of multiple mass shootings over the past few months as well as limited the enforcement of Miranda rights. Today, the Supreme Court overturned Roe v. Wade—a constitutional right for a woman to choose. This is devastating to reproductive rights everywhere. An individual should have autonomy over the decisions of their own body and the right to choose—it is no one or state's decision or business other than the individual.

San Francisco will not stand for this injustice and we will continue to protect a person's right to abortion and to protect reproductive rights. We are seeing the effects of Trump's lifetime appointments in the courts but in San Francisco, we will continue to fight for the rights of all people.
