*****STATEMENT ON VIOLENT CRIME AT 7-11 IN VISITACION VALLEY*****

SAN FRANCISCO, CA – On Tuesday, November 1, around 6:30 a.m., a violent incident occurred at 2200 Bayshore Boulevard at the 7-11 store where a man assaulted two bystanders and the store employee. Ingleside Station police officers responded and took the suspect into custody. SFFD medics responded to the scene and declared one of the bystanders, Richard Owens, a 77-year-old elderly man, deceased. This is the 17th homicide in District 10 this year.

Supervisor Shamann Walton has been working closely with Captain Lew of the Ingleside Police Station to follow this investigation.

“It is heartbreaking to see this type of senseless violence on the seniors in our community,” said Supervisor Walton. “I am committed to working with our community, city departments, and law enforcement to prevent violent incidents like this from happening to our community and to our seniors. We are the only district office with an extensive [Public Safety Plan](#) in three languages to coordinate public safety approaches and we continue to work on the outcomes in the plan, which include getting to zero homicides and violent crimes.”
