

# The Sunset District Blueprint

*The Sunset District is a residential community comprised of families, strong small businesses and sweeping ocean views. Situated at the western edge of San Francisco, and surrounded by Golden Gate Park, Ocean Beach and the San Francisco Zoo, the Sunset District is an oasis in the City. Supervisor Katy Tang, working with neighborhood leaders, residents and subject matter experts, is initiating a community process to build a blueprint for the Sunset District with goals, objectives and strategies for the next decade and beyond. This blueprint is an important step in defining the community's collective vision in five key areas: children & families, public safety, economic development, transportation and pedestrian safety, and land use. This process will guide the Supervisor's Office by providing a strong platform to advocate for funding and grant opportunities, and in developing partnerships to move District 4 forward.*
