Dear Director Tumlin and General Manager Ginsburg:

On March 21, 2023 I requested information from your departments on a status update on the implementation of the Golden Gate Park Access Plan, including an update on disability access and Park Shuttle ridership. On June 5, 2023, the Fine Arts Museums of San Francisco Access Advisory Supporting Group sent a letter addressed to several city leaders including yourselves. The letter outlined several access barriers and safety problems stemming from the closure of JFK Drive that have not been addressed. Please provide your departments' plan, budget, funding source, and costs to address access barriers and safety problems, including the following:

1. Plan to improve shuttle accessibility and remove barriers, including providing fully accessible shuttles with kneeling/low floor/ramped access
2. Timeline and plan to improve curb ramps and crosswalks to make them fully accessible, and in good condition
3. Improvement of pedestrian safety measures, including best practices for bicycle and scooter safety
4. Improvement of shuttle stops, including sheltered waiting areas and making stops ADA compliant
5. Plans to provide reduced parking fees, access improvements to the Music Concourse garage
6. Number of accessible parking spaces in the garage including van accessible parking
7. Additional accessibility improvements to be made to the garage
8. Plan to remove transportation access barriers to exhibits and events, for example: Hardly Strictly Bluegrass, Entwined in Peacock Meadow

Please provide a response by June 21, 2023.

Sincerely,

A handwritten signature in blue ink that reads "Connie Chan".

**Re: Letter of Inquiry Regarding Recently Announced Multi-Department Operations Center  
& Operations Targeting People Who Use Drugs**

To Whom It May Concern:

I am sending this Letter of Inquiry regarding issues raised in two recent San Francisco Chronicle articles. It is unfortunate that we need to utilize a formal letter of inquiry to obtain this basic information, but we have not been briefed or received a response to our email inquiry.

Regarding the information referenced in this article, [\*S.F. police crack down on public drug use ahead of Mayor Breed's command center targeting dealers\*](#) (San Francisco Chronicle, June 2, 2023):

1. According to the article, "Mayor London Breed will soon open a unified command center with city and state agencies in a location on Market Street near Civic Center to address drug dealing, the city confirmed Friday." **Please identify the location, what agencies are involved, and what the plan for this command center is. Please also include the following information about the unified command center:**
  - a. Total costs per department to staff, lease, or otherwise coordinate or operate this command center. Please break down any data by department.
  - b. Any line items in the proposed FY 2023-2024/2024-2025 budgets related to the command center. Please break down any data by department.
2. According to the article, "The department of emergency management said in a statement that a targeted initiative led by the department, police and public health has been running since April 17 to more closely coordinate and direct resources to better understand and disrupt open-air drug markets. **Please provide any information about this initiative that "has been running since April 17," including the specific role of the Department of Public Health.**
3. According to the article, "The city said the mission is to coordinate all street engagement, enforcement and treatment to disrupt open-air drug markets, "with the ultimate objective to identify paths to recovery for those sick with substance use disorder." **Please provide any information regarding how the "plan" will "identify paths to recovery for those sick with substance abuse disorder."**
4. According to the article, "Police Chief Bill Scott and Tenderloin Captain Sergio Chin shared the plan to open a joint office at a meeting with business owners on Thursday." **Please share the plan that was shared with "business owners" with our office.**
5. According to the article, "The mayor has also said she wants to start a \$5.5 million pilot program where the city will be "more aggressive" with people using drugs on the streets and intervene with those who are a danger to themselves or others." **Please provide details regarding this "pilot program."** To date the only such "pilot program" we are aware of (from our DEM meeting) is to start enforcing laws against public intoxication by arresting and detaining drug users for four hours at 850 Bryant.

Regarding the details referenced in this article: [\*S.F. arrests 58 drug users in a week as Breed cracks down. Sheriff targets open-air markets, usage\*](#) (San Francisco Chronicle, June 8, 2023):

1. According to the article, "The San Francisco sheriff unveiled plans Thursday to deploy an emergency team in the Tenderloin and SoMa to arrest drug dealers and compel people using drugs into treatment." **Please describe the menu of treatments being offered to people being arrested, including which providers, if any, are being asked to provide treatment for people who are being arrested.**

June 13, 2023

Page 3

2. According to the article, “Miyamoto said jail inmates have access to medical, mental health and drug treatment run by the city’s health department.” **Please describe, in detail, the treatments available for people being arrested and taken to San Francisco jails under this operation.**
3. According to the article, “Separate from the new sheriff’s squads, S.F. police are implementing Breed’s similar new “Intoxication Detention pilot program” — in which officers arrest and cite people on drugs who are causing self-harm or violence under public intoxication laws. Those arrested are jailed for a few hours and offered drug treatment upon release.” **Please provide details regarding this program, including any written memorandums, list of participating departments/providers/community stakeholders, and a list of treatments being offered to people. Please also include whether the City has increased the capacity of treatment centers to provide treatment to more people or, if not, explain why not.**
4. According to the article, “The mayor’s office said that of the 25 individuals arrested in the first week under that S.F. effort, none accepted drug treatment after release.” **Please provide what steps are being followed by City departments to ensure the City is not violating HIPAA or other privacy rights of people being arrested under this program.**
5. According to the article, “For now such arrestees are being taken to jail, pending opening of a new, not-yet-confirmed detention location planned by the mayor, officials said.” **Please provide details about what the new “detention location planned by the mayor” will look like, including any potential sites, staffing, and services offered, if any.**

If any of the above-referenced reports are inaccurate, please let me know. The chaotic manner of these announcements is counterproductive. I urge all departments involved in these operations to take a more collaborative and transparent approach that includes briefing elected representatives and community members.

Please provide your response within one week. I request a response from each department named, even if that response is just to confirm that your department has no responsive information. Thank you in advance for your attention to this Letter of Inquiry.
