AGENDA CHANGES

There were no agenda changes.

SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

230584 [Formal Policy Discussions - May 23, 2023]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall discuss eligible topics submitted from the Supervisors. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed two minutes per question or answer.

The following topic was noticed on the agenda representing District 3:

1. Public Safety Coordination

The Board of Supervisors held the Mayoral Appearance during a noticed Special Off-Site Meeting at the United Nations (U.N.) Plaza at 355 McAllister Street, San Francisco, CA 94102.

While at U.N. Plaza, Mayor London N. Breed addressed the Board of Supervisors regarding the significant problems in our City, including poverty and criminal activity, which is not new but has been exasperated. She wants change and to hold those responsible accountable, not continue to allow them to get away with murder. Support and services are needed and this is our opportunity to find real solutions. The City cannot allow this to continue to happen and everything must be put on the line to make the necessary changes.

Mayor Breed then discussed the above referenced topic submitted by the District 3 Supervisor.

President Peskin began the discussions by asking the following question: Will you now, as we do in any major emergency, stand up a sustained Emergency Operations Center that will coordinate daily all of the many agencies and departments that can address this crisis - including the San Francisco Police Department, the District Attorney's Office, the San Francisco County Sheriff's Office, the California Highway Patrol, the administrative staff of the National Guard, San Francisco Park Rangers, BART Police, UC Police, Federal Protectives Services, Adult Probation, the San Francisco Health Department, the Department of Public Works, Child Protective Services, the Superior Courts, and all other appropriate agencies - and direct them to shut down all public drug dealing in open air sites such as in and around this Plaza in the next 90 days?

While still convened at the U.N. Plaza, Mayor Breed stated that this would not be the right forum to answer the question thoroughly. President Peskin then announced that the remainder of the Mayoral Appearance would be held at City Hall, Legislative Chamber, Room 250.

President Peskin recessed the off-site meeting at 2:14 p.m. and reconvened the meeting in the Legislative Chamber at 2:36 p.m. Upon reconvening, Supervisors Chan, Dorsey, Engardio, Mandelman, Peskin, Preston, Ronen, Safai, Stefani, and Walton were noted present. Supervisor Melgar was excused earlier in the meeting.

After returning to the Legislative Chamber, Mayor Breed then responded by saying she welcomed the opportunity to work with the Board to shut down open air drug dealing. She does not have control over the City's state and federal partners, but headway is being made and conversations are being held. The Mayor expressed her gratitude for President Peskin's attention to this matter and encouraged the other Members of the Board to work with her on solutions and not openly oppose the efforts being made. There are new tools being utilized, including the ability to access live footage that was recently approved via legislation by the Board of Supervisors. The City is committed to holding people accountable and the District Attorney has stated her commitment to following through on

prosecuting offenders. There is a significant struggle around Police staffing and more needs to be done. Individuals who refuse help with their addiction or mental health issues must be addressed since they cannot be allowed to terrorize communities or disrupt families and businesses. The Mayor indicated there will be local programs enacted to put a stop to this disruptive behavior. She encouraged the Board to pass the public safety budget without the traditional reductions during the annual budget process this year and support the arrests for those struggling with addiction to get them the help they desperately need. This matter requires City leadership to come together and put aside personal differences to get to a better place and put an end to open air drug dealing.

President Peskin then followed up with the following question: Coordination between the administrative and legislative branches is key. Can we put something together to address open air drug dealing, with all departments, in one place, and in real time within the next 90 days?

Mayor Breed responded that the Board should be discouraged from micromanaging department processes that make it impossible for them to complete their duties. The Department of Emergency Management is tasked with the oversight and coordination of emergencies and should be allowed to do that. She is willing to do whatever is necessary and is happy to work with the Board to allocate resources. Police Department staffing needs to be addressed and the Board must change their attitude towards those who go out and put their lives on the line to the job. Compassion is killing people in this instance and we need to put forth some tough love because it's currently too easy for them to continue living in these conditions and perpetuating this behavior.

Mayor Breed did not ask any follow-up questions related to this topic.

Following public comment this matter was filed. No further action was taken.
