SPECIAL ORDER 2:00 P.M. - Mayor's Appearance Before The Board

211161 [Formal Policy Discussions - November 9, 2021]

Pursuant to Charter, Sections 2.103 and 3.100(7), and Administrative Code, Section 2.11, the Mayor shall discuss the following eligible topic submitted from the Supervisor representing District 5. The Mayor may address the Board initially for up to five minutes. Discussion shall not exceed two minutes per question or answer.

1. Homelessness (District 5)

Mayor London N. Breed addressed the Board of Supervisors regarding the upcoming 2022 Elections and the additional funding that will be needed to cover the unexpected costs. Mayor Breed then discussed the above referenced topic submitted by the District 5 Supervisor.

Supervisor Preston began the discussions by asking the following question: What are the reasons - all the reasons - that your administration suddenly reversed course and reneged on its commitment to open transitional age youth (TAY) homeless services at 730 Stanyan Street by October 31, 2021? Mayor Breed responded that the resources provided during the budget cycle were not sufficient to cover these services. The City is making historic investments in homelessness to provide shelters and establish services. For example, the Lower Polk TAY shelter was opened earlier this year and has been critical in providing the type of interventions needed and the spending is being done wisely with clear objectives.

Supervisor Preston then followed up with the following question: Will you commit today to open homeless TAY drop-in services before the end of this calendar year? Mayor Breed reiterated that revenues were not sufficient to do so and the challenges around accountability are of deep concern to her. She is committed to coming up with solutions with the Supervisor's office to address these problems and situations around homeless youth in the community.

Mayor Breed did not ask any questions related to this topic.

Following public comment this matter was filed. No further action was taken.
