CITY OF SOUTH SAN FRANCISCO NOTICE OF PUBLIC HEARING NOTICE IS HEREBY GIVEN that the City Council of the City of South San Francisco, California, will hold a public hearing at a meeting on Wednesday, October 12, 2022, at 6:00 p.m. or as soon thereafter as the matter may be heard, in the Municipal Services Building, 33 Arroyo Drive, South San Francisco, California, and remotely via Zoom, for consideration of the following, at which time and place any and all persons interested may appear and be heard thereon: City of South San Francisco/Applclicant Project Number(s): P22-0067; GP22-0003, ZA22-0003, RZ22-0002 & ER22-0005 Consideration of a Planning Commission recommendation to adopt the General Plan 2040 Update, Zoning Ordinance Update, Climate Action Plan Update and to certify an Environmental Impact Report, including a Statement of Overriding Considerations, General Plan 2040 Update The Shape SSF 2040 General Plan is a forward-looking blueprint for the City's vision through the year 2040. The General Plan sets overall City policy and priorities for how to use and manage its physical, social and economic resources. Per state law, the general plan includes eight mandatory elements - land use, circulation, housing, conservation, environmental justice, open space, noise and safety. The general plan also addresses the following additional topics: community design, mobility, parks, community health, resilience, community services, economic development and climate protection. The General Plan establishes a detailed range of policies related to housing, employment, public realm, connectivity, and more in the Downtown, East of 101, El Camino Real, and Lindero Valley sub-areas, which are the sub-areas anticipated to undergo the most change under the General Plan horizon. For the other residential sub-areas, little change is expected over the General Plan horizon and, thus, the General Plan establishes a framework to enhance existing standards and character. Zoning Ordinance Update The Zoning Ordinance is required to be consistent with the General Plan and provides the development and land use regulations to implement the General Plan. The Zoning Ordinance identifies permitted, conditionally permitted or prohibited uses, clarifies the types of buildings or structures and the desired character of the community (size, height, configuration and lot coverage). The Zoning Ordinance includes new citywide design standards for all residential development in compliance with State law and a form-based code approach in certain districts to regulate new development. The Zoning Ordinance also includes a new Floodplain/Sea Level Rise Overlay zone, updated parking standards, a new Community Benefits Program and an updated Transportation Demand Management chapter. A fee schedule for the Community Benefits Program would also be proposed for City Council review at the same hearing. Amendments to Title 8 of the Municipal Code - a companion ordinance is being proposed for City Council consideration to relocate the existing Childcare Impact Fee chapter from Title 20 to Title 8, where other impact fees regulations are contained. This is a change to maintain internal consistency only, and no fee increases or other modifications to the fee structure are proposed. Likewise, this ordinance is not a zoning text amendment and no further zoning code updates are proposed with it. Climate Action Plan The Climate Action Plan (CAP) outlines how the City will create new policies, programs and services that will support the community in reducing greenhouse gas (GHG) emissions. The CAP provides programs to reduce emissions by 40% by year 2030 and 80% by the year 2040 with a long-term goal of carbon neutrality by 2045. The goals of the CAP are to equitably mitigate and address the impacts of climate change and realize the co-benefits of climate mitigation actions that help create a sustainable community. The CAP programs cover the areas of clean energy, energy efficient building construction, multimodal, sustainable, livable and connected transportation, water efficiency and a safe and resilient water supply; diversion of solid waste and organics from landfill, and increases in carbon sequestration in public lands, open spaces and urban forest through marsh enhancement and tree planting. Environmental Analysis Pursuant to State law, a Program-level Environmental Impact Report (EIR) has been prepared in accordance with the California Environmental Quality Act (CEQA). The General Plan EIR provides a complete evaluation of the 2040 General Plan, Climate Action Plan and Zoning Code Amendments as the proposed "Project" and the cumulative impacts of the Project along with other existing and proposed uses and alternatives to the Project. The EIR provides a program-level analysis of the potential effects on the environment that could occur from implementation of the proposed project. The General Plan Update anticipates approximately 14,312 net new housing units and approximately 42,297 net new employment opportunities by 2040. Relocating the existing Childcare Impact Fee chapter from Title 20 to Title 8, where other impact fees regulations are contained, has no potential for physical effects on the environment because it is only making the change for internal consistency purposes only and not involving any modifications to the fee or fee structure or other features, or to the zoning code text. Thus, it is being proposed to the City Council for consideration that the proposed ordinance to move the Childcare Impact Fee chapter is not a "project" for purposes of CEQA, pursuant to CEQA Guidelines, Section 15378(b)(4); and, even if considered a "project" under CEQA, is exempt from CEQA review pursuant to CEQA Guidelines Section 15061(b)(3) because it can be seen with certainty that there is no possibility that relocating the fee chapter for internal consistency purposes may have a significant effect on the environment. Under the amended rules of procedure adopted by the City Council regarding the items described below, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice or in written correspondence delivered to the City Council at, in prior to, the public hearing. The City Council may meet by teleconference, consistent with the Brown Act as amended by AB 361 (2021). Under the amended rules of procedure, the City will not provide a physical location for members of the public to participate in the teleconference meeting. Written correspondence may be submitted to the attention of the City Council, at the address below. The instructions for joining this meeting will be available on the City's website: https://www.ssf.net/services/legislative-body-meeting-notice-materials. Submittal of comments by 4:00 p.m. on the meeting date. Comments received by the deadline will be forwarded to the City Council and will be entered into the record for the meeting. To all heirs, beneficiaries, creditors, contingent creditors, and persons who may otherwise be interested in the will or estate, or both, of: CHRISTOPHER GLENN GARRITY A Petition for Probate has been filed by KRISTINE HICKS in the Superior Court of California, County of SAN FRANCISCO. The Petition for Probate requests that KRISTINE HICKS be appointed as personal representative to administer the estate of the decedent. The Petition requests

authority to administer the estate under the Independent Administration of Estates Act. (This authority will allow the personal representative to take many actions without obtaining court approval. Before taking certain very important actions, however, the personal representative will be required to give notice to interested persons unless they have waived notice or consented to the proposed action.) The independent administration authority will be granted unless an interested person files an objection to the petition and shows good cause why the court should not grant the authority.
