Motion affirming the determination by the Planning Department that a proposed project at 344-14th Street is exempt from further environmental review under a Community Plan Evaluation.

WHEREAS, On May 30, 2019, the Planning Department issued a Community Plan Evaluation and an Initial Study ("environmental determination"), pursuant to California Environmental Quality Act ("CEQA"), the CEQA Guidelines, 14 Cal. Code of Reg. sections 15000 et seq., and Chapter 31 of the San Francisco Administrative Code, finding that the proposed project at 344-14th Street ("Project") is consistent with the development density established by zoning, community plan, and general plan policies in the Eastern Neighborhoods Rezoning and Area Plans (the "Area Plan") for the project site, for which a Programmatic Environmental Impact Report (the "PEIR") was certified; and

WHEREAS, The project site consists of a surface parking lot located on the block bounded by 14th Street to the south, Stevenson Street to the west, Duboce Avenue to the north and Woodward Street to the east in San Francisco's Mission neighborhood; the lot is a 15,664-square foot (sf) lot that occupies the entire 14th Street frontage of the subject block and also has frontages on Stevenson and Woodward streets; and

WHEREAS, The proposed project includes the construction of a seven-story, 78-foot tall (83 feet tall with elevator penthouse) mixed-use residential building; and

WHEREAS, The building would include 62 residential units, approximately 5,775 sf of ground floor retail space, and 63 class one bicycle parking spaces; the proposed project includes no vehicle parking; and
WHEREAS, The mixed-use residential building would include 1,800 sf of residential common open space on the ground floor, 3,210 sf of residential common open space on the seventh floor, and private residential open space on floors five and seven; and

WHEREAS, The project would require waivers, concessions, and/or incentives from the planning code’s physical development limitations pursuant to California Government Code, Section 65915, commonly known as the state density bonus law, including for a building height that is 20 feet above the 58-foot height limit for the project site; and

WHEREAS, The proposed project would remove both an existing 22-foot curb cut on 14th Street and an existing 18-foot curb cut on Stevenson Street; and

WHEREAS, Construction is estimated to last 18 months and would include 2,320 cubic yards of excavation to a depth of up to four feet below grade; there would be no excavation, shoring or construction work for a below-grade foundation within ten feet of the project’s interior property lines which abut properties to the north of the project site on Woodward Street (82/84 Woodward Street); and

WHEREAS, The proposed project would include the removal of four trees on the project site and the planting of 21 street trees on Stevenson, Woodward and 14th streets; and

WHEREAS, On May 30, 2019, the Planning Commission adopted the environmental determination and approved the large project authorization for the project (Planning Commission Motion M-20492), which constituted the approval action under Chapter 31 of the Administrative Code; and

WHEREAS, By letter to the Clerk of the Board, dated August 26, 2019, Lisa Pedroncelli and Kelly Hill on behalf of Our Mission No Eviction (“Appellant”), appealed the environmental determination; and
WHEREAS, The Planning Department’s Environmental Review Officer, by
memorandum to the Clerk of the Board dated August 28, 2019, determined that the appeal
had been timely filed; and

WHEREAS, On October 8, 2019, this Board held a duly noticed public hearing to
consider the appeal of the environmental determination filed by Appellant and, following the
public hearing, affirmed the environmental determination; and

WHEREAS, In reviewing the appeal of the environmental determination, this Board
reviewed and considered the environmental determination, the appeal letter, the responses to
the appeal documents that the Planning Department prepared, the other written records
before the Board of Supervisors and all of the public testimony made in support of and
opposed to the environmental determination appeal; and

WHEREAS, Following the conclusion of the public hearing, the Board of Supervisors
affirmed the determination that the Project does not require further environmental review
based on the written record before the Board of Supervisors as well as all of the testimony at
the public hearing in support of and opposed to the appeal; and

WHEREAS, The written record and oral testimony in support of and opposed to the
appeal and deliberation of the oral and written testimony at the public hearing before the
Board of Supervisors by all parties and the public in support of and opposed to the appeal of
the environmental determination is in the Clerk of the Board of Supervisors File No. 190890
and is incorporated in this motion as though set forth in its entirety; now therefore be it

MOVED, That the Board of Supervisors of the City and County of San Francisco
hereby adopts as its own and incorporates by reference in this motion, as though fully set
forth, the environmental determination; and be it

FURTHER MOVED, That the Board of Supervisors finds that based on the whole
record before it there are no substantial project changes, no substantial changes in project
circumstances, and no new information of substantial importance that would change the
conclusions set forth in the environmental determination by the Planning Department that the
Project does not require further environmental review; and be it

FURTHER MOVED, That after carefully considering the appeal of the environmental
determination, including the written information submitted to the Board of Supervisors and the
public testimony presented to the Board of Supervisors at the hearing on the environmental
determination, this Board concludes that the Project is consistent with the development
density established by the zoning, community plan, and general plan policies in the Area Plan,
for which the PEIR was certified; would not result in new significant environmental effects, or
effects of greater severity than were already analyzed and disclosed in the PEIR; and
therefore does not require further environmental review in accordance with CEQA Section
21083.3 and CEQA Guidelines Section 15183.
Motion affirming the determination by the Planning Department that a proposed project at 344-14th Street is exempt from further environmental review under a Community Plan Evaluation.

October 08, 2019 Board of Supervisors - APPROVED
Ayes: 9 - Brown, Fewer, Mandelman, Mar, Peskin, Ronen, Safai, Stefani and Yee
Excused: 2 - Haney and Walton

I hereby certify that the foregoing Motion was APPROVED on 10/8/2019 by the Board of Supervisors of the City and County of San Francisco.

Angela Calvillo
Clerk of the Board
