16 (a) The Board of Supervisors is authorized to initiate the process to establish an
17 enhanced infrastructure financing district pursuant to California Government Code Sections
18 53398.50 et seq. An enhanced infrastructure financing district ("EIFD") is a legally constituted
19 governmental entity that may be established for the sole purpose of financing select public
20 facilities or projects.

21 (b) The proposed development project known as the Potrero Power Station ("Potrero
22 Power Station Project"), which was approved by the Board of Supervisors pursuant to
23 Ordinance No. 62-20, which was adopted by the Board of Supervisors on April 21, 2020, and
24 signed by the Mayor on April 24, 2020, and a copy of which is in File No. 200040, would
25 redevelop approximately 3.5 million square-feet of mixed-use waterfront property, including
about 1,815 residential units, commercial uses (e.g., office, retail, research and development

1 facilities, and hospitality), and community facilities. The Potrero Power Station Project would
2 provide seven acres of greenspace, with approximately 1,200 square feet of waterfront
3 frontage. It is expected that the Potrero Power Station Project will provide 30% affordable
4 housing through a combination of inclusionary housing, stand-alone housing projects, and
5 affordable housing fees.

6 (c) On March 21, 2023, the Board of Supervisors adopted a resolution declaring
7 its intention to establish the San Francisco Enhanced Infrastructure Financing District No. 1
8 (Power Station) to finance public capital facilities and projects related to the Potrero Power
9 Station Project. A copy of said resolution is on file with the Clerk of the Board of Supervisors
10 in Board File No. 230168.

11 (d) State law requires the Board of Supervisors to establish a public financing authority
12 to serve as the governing body of an EIFD at the same time that it adopts the resolution of
13 intention to create an EIFD.
