Be it ordained by the People of the City and County of San Francisco:

Section 1. Findings and Purpose.

(a) The Healthy Airport Ordinance, Ordinance No. 235-20, operative March 21, 2021, requires certain employers at San Francisco International Airport to offer Covered Employees who are San Francisco Airport Service Employees a family health benefit plan at no cost to the employee, or to make contributions for the Covered Employee into an account established under Section 14.2 of the Administrative Code. At least one such health benefit plan must be a “platinum-level” plan, which means that it provides benefits that are actuarially equivalent to at least 90% of the full actuarial value of the benefits provided under the plan. An employer that complies with the Healthy Airport Ordinance by providing a platinum-level family health benefit plan may also offer Covered Employees alternative “gold-level” family health benefit plans, which are actuarially equivalent to at least 80% of the full actuarial value of the benefits...
provided under the plan. The Healthy Airport Ordinance likewise requires these additional plans to be offered at no cost to the Covered Employee.

As of March 2021, some employers covered by this requirement offered gold-level health benefit plans, in particular Preferred Provider Organization (PPO) plans, that despite their lower actuarial value are more expensive than the platinum-level health benefits they will offer under Ordinance No. 235-20. Without an amendment to the Healthy Airport Ordinance, there is a risk that some employers will discontinue offering these additional gold-level plans due to their cost, and instead offer Covered Employees only one compliant health benefit plan, the platinum-level plan. To encourage employers to maintain employee choice of health benefits, this ordinance amends the Healthy Airport Ordinance to allow Covered Employees who elect such additional plans to be charged premium contributions, which are limited to the difference in premium costs between the plans.

(b) This ordinance clarifies who must be covered by the family health benefits offered under the Healthy Airport Ordinance.

(c) Although the Healthy Airport Ordinance will be operative March 21, 2021, health benefits in the market are sold on a month-to-month basis. To conform to this aspect of market conditions, this ordinance clarifies that health benefit plans provided to comply with the Healthy Airport Ordinance need not be in effect until April 1, 2021.
