Be it ordained by the People of the City and County of San Francisco:

Section 1. Declaration of Emergency under Charter Section 2.107.

(a) Section 2.107 of the Charter authorizes passage of an emergency ordinance in cases of public emergency affecting life, health, or property, or for the uninterrupted operation of any City or County department or office required to comply with time limitations established by law. The Board of Supervisors hereby finds and declares that an actual emergency exists that requires the passage of this emergency ordinance.

(b) On February 25, 2020, Mayor London Breed proclaimed a state of emergency based on the COVID-19 pandemic (hereinafter referred to as “the emergency”). On March 3, 2020, the Board of Supervisors, in Motion No. 200228, concurred in the Proclamation and in the actions taken by the Mayor to meet the emergency. On March 13, 2020, the Mayor issued a Second Supplement to the Proclamation, finding that the emergency is causing severe financial impacts to renters in the City, and providing certain protections to those renters who will be unable to pay their rent on time due to the emergency, to avoid the further risks and contamination that will result if they are displaced from their homes. Since March
16, 2020, City residents have been subject to the County Health Officer’s “shelter in place”
ores, which require (with certain exceptions) that all San Francisco residents must stay in
their homes until at least May 3, due to the extreme circumstances of the emergency (Order
No. C19-07b). Also, on March 16, 2020, the Governor issued Executive Order N-28-20,
finding that local jurisdictions must take measures to preserve and increase housing security
and that additional measures may be necessary to protect public health and to mitigate the
economic effects of COVID-19.

(c) For the same reasons warranting the foregoing orders and directives, the Board of
Supervisors finds it is essential not just to suspend evictions for non-payment, as the City has
already done, but also to impose a temporary moratorium on rent increases. A moratorium on
rent increases will lower the risk of displacement, which is essential for public health; will keep
tenants from falling even further behind during the emergency and help them remain in good
standing after the eviction moratorium is lifted; and will help ameliorate the broader economic
effects of the emergency. Failure to immediately suspend rent increases will worsen the
already severe impacts of COVID-19.

Section 2. Moratorium on Rent Increases.

(a) Effective April 7, 2020, the right of a landlord to impose rent increases on tenants
in occupancy under Section 37.3(a) of the Administrative Code is temporarily suspended. All
rules and procedures for noticing and petitioning for rent increases shall continue to apply; the
tenant’s anniversary date is not affected by the deferral of the increase, and the Rent Board
may continue to hear and decide petitions in the interim. However, any rent increase that
would otherwise be authorized under Section 37.3(a), whether allowed “as of right” or
following the grant of a petition by the Rent Board, even if properly noticed during this
moratorium period, shall not take effect until after the moratorium has ended.
(b) After this moratorium ends, the landlord's right to impose rent increases on tenants in occupancy under Section 37.3(a) shall immediately resume. The landlord may reinstate any rent increase that was deferred as a result of this moratorium by serving a new written notice on the tenant pursuant to Civil Code Section 827. Rent increases shall apply prospectively from the date of the notice, without further allowance for additional amounts that the landlord could have demanded earlier had the moratorium not applied.

Section 3. Implementation.

The Rent Board's existing Rules and Regulations shall continue to apply, except to the extent amended by the Rent Board or to the extent that the Rent Board Executive Director determines in writing that it is appropriate to modify the Rules and Regulations in order to implement this emergency ordinance. The Executive Director shall have the authority to modify the existing Rules and Regulations, and to issue additional guidance and to develop new forms and procedures to implement this ordinance and effectuate its purposes.

Section 4. Severability. If any section, subsection, sentence, clause, phrase, or word of this ordinance, or any application thereof to any person or circumstance, is held to be invalid or unconstitutional by a decision of a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions or applications of the ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each and every section, subsection, sentence, clause, phrase, and word not declared invalid or unconstitutional without regard to whether any other portion of this ordinance or application thereof would be subsequently declared invalid or unconstitutional.

To address the emergency conditions described above, the Board of Supervisors finds it is necessary to temporarily modify certain provisions of Section 37.3(a) of the Rent Ordinance that were adopted in whole or in part by the voters, and to suspend Charter Section 14.101 if and to the extent it would restrict the Board of Supervisors from modifying those voter-adopted provisions for this limited purpose.

Section 6. Effective Date; Retroactivity; Expiration.

Consistent with Charter Section 2.107, this emergency ordinance shall become effective immediately upon enactment, but, as stated in subsection (a) of Section 2, shall be retroactive to April 7, 2020. This ordinance shall expire on the 61st day following enactment unless reenacted as provided by Section 2.107. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board of Supervisors overrides the Mayor's veto of the ordinance.

Section 7. Supermajority Vote Required.

In accordance with Charter Section 2.107, passage of this emergency ordinance by the Board of Supervisors requires an affirmative vote of two-thirds of the Board of Supervisors.
