21 Be it ordained by the People of the City and County of San Francisco:

22 Section 1. Findings.

23 (a) A significant number of people in San Francisco cannot obtain adequate or  
24 appropriate shelter. According to the San Francisco biennial "Point-in-Time" homeless count  
25 and survey taken in January 2019, there were 8,035 adults experiencing homelessness  
including 5,180 people living unsheltered.

1 (b) With the enactment of Ordinance Nos. 60-19 and 61-19 on April 24 2019, the Board  
2 of Supervisors and Mayor Breed acknowledged homelessness in Francisco to be at a crisis  
3 point, and passed these Ordinances to expedite the process of opening new shelters and  
4 service programs to respond to that crisis; and

5 (c) The inability to obtain adequate or appropriate shelter threatens the health, safety,  
6 and welfare of homeless people. Homelessness is an independent risk factor for a number of  
7 illnesses through its association with exposure to harsh weather, high stress levels, sleep  
8 deprivation, general unsanitary surroundings, lack of access to hygiene facilities, and poor  
9 nutrition. For example, sleep deprivation impairs cognitive processes and increases the risk  
10 of heart disease, heart attack, heart failure, irregular heartbeat, high blood pressure, stroke,  
11 and diabetes.

12 (d) The City has partnered and collaborated with community-based nonprofit  
13 organizations serving the homeless to develop and implement new strategies to shelter and  
14 identify housing for difficult-to-serve homeless populations, including residents of  
15 encampments, people who have not accessed the traditional shelter system, the long-term  
16 homeless population, and Homeward Bound clients. Since 2015, the City has successfully  
17 piloted a temporary Homeless Shelter model (the “Navigation Center” model) that reduces  
18 barriers to participation and seeks to connect clients to stable income, public benefits, and  
19 permanent housing outside of the Navigation Center. This ordinance would facilitate the  
20 expansion of the Navigation Center model and the successful transition of difficult-to-serve  
21 homeless populations to services and permanent housing.

22 (e) Due to the vital need to find locations for temporary homeless shelters and to  
23 provide such facilities and related services and amenities to homeless people, the Board of  
24 Supervisors, in Ordinance No. 214-16, summarily vacated a portion of public right-of-way on  
25 25th Street that is depicted on Public Works (“PW”) SUR Map No. 2016-20, dated October 3,

1 2016 (the “Vacation Area”), to enable the siting and operation of the Central Waterfront  
2 Navigation Center. The Board of Supervisors conditioned the summary street vacation so  
3 that the street vacation would be in effective for 42 months from the effective date of that  
4 ordinance. A copy of Ordinance No. 214-16 and the SUR map are on file with the Clerk of the  
5 Board of Supervisors in File No. 160961 are is incorporated herein by reference.

6 (f) Presently, the presence and spread of COVID-19 poses unprecedented challenges  
7 to the City and exacerbates challenges facing homeless individuals in the City. The City must  
8 procure, preserve, and utilize all available temporary and permanent residential facilities,  
9 including homeless shelters, in its efforts to quickly and safely address the spread of the virus.

10 (g) According to Administrative Code Chapter 106.3(b), the City is authorized to enter  
11 into agreements with nonprofit organizations to provide services relating to Navigation  
12 Centers. On September 13, 2016 the Port Commission approved a Memorandum of  
13 Understanding (“MOU”) between the Port of San Francisco and the Department of  
14 Homelessness and Supportive Housing to authorize the use of 600 25th Street for use as a  
15 temporary navigation center. For the duration of the existing MOU, Central Waterfront  
16 Navigation Center residents have indicated satisfaction with the effectiveness of the Central  
17 Waterfront Navigation Center and neighborhood residents have indicated satisfaction with the  
18 current management of the Central Waterfront Navigation Center. While the current MOU is  
19 set to expire in May 2020, the City proposes to renew and extend the MOU for an additional  
20 five years. Approval of the amended MOU, which is on file with the Clerk of the Board of  
21 Supervisors in File No. 200397 (“Amended MOU”), and is calendared for review and  
22 consideration by the Port Commission on April 24, 2020.

23 (h) On March 13, 2019, the Dogpatch Neighborhood Association sent a letter to the  
24 Department of Homelessness and Supportive Housing supporting an extension of the Central  
25 Waterfront Navigation Center because the Navigation Center has proven to be an effective

1 and attractive choice for people experiencing homelessness, providing them with a safe place  
2 to be, services, and access to resources to help end their homelessness. Since opening the  
3 Central Waterfront Navigation Center has been a good neighbor, well-maintained and an  
4 invaluable resource in addressing encampments in the Dogpatch neighborhood.

5 (i) For the reasons set forth in this ordinance, the Board of Supervisors determines that  
6 it would be in the best interests of the City to extend the temporary vacation of the applicable  
7 street and roadway area to allow for the continued operation of the Central Waterfront  
8 Navigation Center to provide services and amenities to homeless people.

9 (j) The Vacation Area is located on property under the jurisdiction of the Port  
10 Commission. Any continued use of the Vacation Area as a navigation center and extension of  
11 the street vacation corresponding to the Vacation Area shall require approval of a Port  
12 Commission resolution determining that the Vacation Area is not needed for public trust  
13 purposes, including access to San Francisco Bay, and the proposed use of the Vacation Area  
14 for a temporary Navigation Center is an acceptable interim use of Port of San Francisco  
15 property.

16 (k) California Streets and Highways Code Sections 8300 et seq. and San Francisco  
17 Public Works Code Section 787(a) establish the process for the Board of Supervisors to  
18 vacate a street, highway, or public easement. Streets and Highways Code Sections 8334 and  
19 8334.5 provide that the legislative body of a local agency may summarily vacate an excess  
20 right-of-way of a street under certain circumstances.

21 (l) The physical attributes of the Vacation Area satisfy the requirements necessary for  
22 a summary street vacation under Streets and Highways Code Sections 8334 and 8334.5.  
23 These attributes are as follows: the Vacation Area is not necessary for street purposes as (1)  
24 the Vacation Area does not continue through Seawall Lot 356, and therefore, is a dead end,  
25 and (2) the Vacation Area is excess right-of-way not required for street purposes or for access

1 to San Francisco Bay. In addition, the Vacation Area is not needed for public trust purposes  
2 and the proposed use is an acceptable interim use of Port of San Francisco property. There  
3 are no in-place functioning utilities that would be affected by the street vacation, and  
4 therefore, the Vacation Area qualifies for summary street vacation under Streets and  
5 Highways Code Section 8334.5. Based on these factors and the need to temporarily house  
6 homeless residents based on general public health and safety considerations, and the  
7 particular challenges posed by COVID-19, the Vacation Area may be summarily vacated in  
8 accordance with Streets and Highways Code Sections 8334 and 8334.5 and the established  
9 public noticing and hearing procedures of the Clerk of the Board of Supervisors for summary  
10 street vacations.

11 (m) In PW Order No. 203038, dated April 21, 2020, the Director of Public Works (the  
12 “PW Director”) determined (1) the Vacation Area may remain vacated based on the factors  
13 and findings identified in this Subpart (m); (2) the Vacation Area is unnecessary for the City’s  
14 present or prospective public street, sidewalk, and service easement purposes; (3) there are  
15 no in-place functioning public or private utilities that will be affected by the vacation of the  
16 Vacation Area, based on the absence of any objections from any utility company or entity to  
17 the street vacation; (4) the public interest, convenience, and necessity do not require that any  
18 easements or other rights be reserved for any public or private utility facilities that may be in  
19 place in the Vacation Area; and (5) any rights based upon any such public or private utility  
20 facilities identified in the preceding (3) and (4) shall be extinguished automatically upon the  
21 effectiveness of the vacation. The PW Director also found that the street vacation shall be  
22 temporary and recommended that the City reserve, and except from vacation, rights in the  
23 Vacation Area for future street, roadway, and emergency vehicle access purposes pursuant to  
24 Streets and Highways Code Section 8340. The PW Director also recommended that the  
25 Vacation Area cease to be vacated and revert to street and roadway use and publicly

1 dedicated street and right-of-way as authorized under Streets and Highways Code Sections  
2 8340 and 8341 upon the earliest to occur of any of the following:

3 (A) removal, for any reason, of the Central Waterfront Navigation Center from  
4 the Vacation Area; or

5 (B) the expiration, termination, abandonment, and/or revocation of the  
6 Memorandum of Understanding or similar instrument between the Port Commission and the  
7 Department of Homelessness and Supportive Housing (“HSH”); or

8 (C) a determination by the HSH Director and the PW Director that an equivalent  
9 number of permanent shelter beds has been created at an alternate location or locations and  
10 all homeless residents housed at the Central Waterfront Navigation Center will have access to  
11 such location or locations.

12 A copy of this PW Order is on file with the Clerk of the Board of Supervisors in File No.  
13 200397 and is incorporated herein by reference.

14 (n) Pursuant to California Streets and Highways Code Sections 892 and 8314, the PW  
15 Director in PW Order No. 203038 also finds that the Vacation Area is currently not necessary  
16 for non-motorized transportation, as there are numerous other streets in the immediate area  
17 available for such transportation and those members of the public availing themselves of non-  
18 motorized transportation will not be inconvenienced by the street vacation. Moreover, the  
19 public convenience, necessity, and welfare would be enhanced by the continuation of the use  
20 of the Vacation Area to operate the Central Waterfront Navigation Center.

21 (o) The PW Director recommends that the Board of Supervisors approve the  
22 temporary vacation of the Vacation Area: (1) subject to the City’s reservation of rights in the  
23 Vacation Area, which shall be excepted from the vacation, for future street use pursuant to  
24 Streets and Highways Code Section 8340; and (2) to take effect and to be implemented by  
25

1 the City on or after the Effective Date of this ordinance upon the approval and execution of the  
2 Amended MOU.

3 (p) The PW Director recommends that the Board of Supervisors adopt as its own the  
4 recommendations of the PW Director as set forth in PW Order No. 203038 concerning the  
5 vacation of the Vacation Area. The Board hereby incorporates such recommendations and  
6 findings by reference as though fully set forth herein. The Board of Supervisors adopts as its  
7 own the recommendations and findings in PW Order No. 203038.

8 (q) In a letter dated April 2, 2020, the Planning Department determined that the actions  
9 contemplated in this ordinance are exempt from the California Environmental Quality Act  
10 (California Public Resources Code Sections 21000 et seq.). The Board of Supervisors hereby  
11 affirms this determination. A copy of said letter is on file with the Clerk of the Board of  
12 Supervisors in File No. 200397 and is incorporated herein by reference.

13 (r) In addition, in a letter dated April 17, 2020, the Planning Department determined the  
14 actions contemplated in this ordinance are consistent, on balance, with the City's General  
15 Plan and the eight priority policies of Planning Code Section 101.1. The Board of Supervisors  
16 hereby adopts as its own the General Plan and Planning Code findings in this letter. A copy  
17 of said letter is on file with the Clerk of the Board of Supervisors in File No. 200397 and is  
18 incorporated herein by reference.

19 (s) In recognition of the importance of providing public notice and the opportunity for  
20 public comment on extension of the term of the prior street vacation and continued operation  
21 the Central Waterfront Navigation Center, the Board of Supervisors has provided and will  
22 continue to provide posted notice of this street vacation following the same procedures it uses  
23 for conventional street vacations.

24 (t) The Clerk of the Board published and the Department of Public Works posted  
25 notice of a public hearing on the street vacation action that is the subject of this ordinance.

1 Evidence of this public notice is on file with the Clerk of the Board of Supervisors in File No.  
2 200397.

3  
4 Section 2. Conditional and Temporary Summary Street Vacation.

5 (a) The actions contemplated in this ordinance are being taken in accordance with the  
6 provisions of Streets and Highways Code Sections 8300 et seq. for summary street vacations.

7 (b) Pursuant to California Streets and Highways Code Sections 8300 et seq., the  
8 Vacation Area, as shown on SUR Map No. 2016-20, is hereby ordered temporarily and  
9 summarily vacated on or after the effective date of this ordinance and pursuant and subject to  
10 the conditions described in Sections 2(c) and 2(d) below.

11 (c) The temporary vacation of the Vacation Area: (1) shall be subject to the City's  
12 reservation of rights in the Vacation Area, which shall be excepted from the vacation, for  
13 future street, roadway, and emergency vehicle access purposes pursuant to Streets and  
14 Highways Code Section 8340; and (2) shall become effective and shall be implemented by  
15 the City on or after the effective date of this ordinance and upon the approval and execution of  
16 the Amended MOU.

17 (d) The Board of Supervisors finds that the Vacation Area is unnecessary for present  
18 or prospective public street use; provided, however, that the street vacation is temporary and  
19 the Vacation Area shall cease to be vacated and shall revert to street and roadway use and its  
20 status as publicly dedicated street and right-of-way, as authorized under California Streets  
21 and Highways Code Sections 8340 and 8341 upon the earliest to occur of any of the  
22 following:

23 (1) removal, for any reason, of the Central Waterfront Navigation Center from  
24 the Vacation Area; or

1 (2) the expiration, termination, abandonment, and/or revocation of the  
2 Memorandum of Understanding or similar instrument between the Port Commission and the  
3 DSHS; or

4 (3) a determination by the DSHS Director and the PW Director that an  
5 equivalent number of permanent shelter beds has been created at an alternate location or  
6 locations and all homeless residents housed at the subject temporary Navigation Center will  
7 have access to such location or locations.

8 (e) The public interest and convenience require that the vacation proceed as declared  
9 in this ordinance.

10  
11 Section 3. Official Acts in Connection with this Ordinance.

12 (a) The Board of Supervisors hereby authorizes and directs the Mayor, the Clerk of the  
13 Board of Supervisors, the PW Director, the County Surveyor, the Port Director, and the  
14 Director of the Division of Real Estate to take any and all actions which they or the City  
15 Attorney may deem necessary or advisable in order to effectuate the purpose and intent of  
16 this ordinance (including, without limitation, the filing of this ordinance in the Official Records  
17 of the City and County of San Francisco).

18 (b) This ordinance shall be recorded immediately upon the effective date of this  
19 ordinance.

20  
21 Section 4. Effective Date. This ordinance shall become effective 30 days after  
22 enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the  
23 ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board  
24 of Supervisors overrides the Mayor's veto of the ordinance.
