[Planning Code, Zoning Map - Production, Distribution, and Repair Controls; Eliminating the Transit-Oriented Retail Special Use District, and Correcting Height Limits in the UMU District]

Ordinance amending the Planning Code and Zoning Map to prohibit Gym and Massage uses in the Production, Distribution, and Repair (PDR) zoning districts, eliminate the Transit-Oriented Retail Special Use District, which includes all parcels in PDR districts along 16th Street from Mission Street to Potrero Avenue, and correct the height limits on certain parcels in the Urban Mixed Use (UMU) District to allow for groundfloor PDR uses; affirming the Planning Department’s Commission’s determination under the California Environmental Quality Act; and making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1, and findings of public necessity, convenience, and welfare under Planning Code, Section 302.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Findings and Purpose.

(a) On March 1, 2017, the Planning Department has-determined that the actions contemplated in this ordinance were adequately analyzed pursuant to the California Environmental Quality Act ("CEQA") in the Final Environmental Impact Report ("FEIR") previously prepared for the Eastern Neighborhoods Rezoning and Area Plans project. The Planning Department reviewed the proposed legislation in accordance with CEQA Guidelines.

Mayor Lee; Supervisor Ronen
BOARD OF SUPERVISORS
Sections 15162 and 15164. The Planning Department found that implementation of the proposed legislation would not cause new significant impacts not identified in the FEIR or result in a substantial increase in the severity of previously identified significant impacts, and no new mitigation measures would be necessary to reduce significant impacts. No changes have occurred with respect to circumstances surrounding the original project that would cause significant environmental impacts to which the modified project would contribute considerably, and no new information has been put forward which shows that the modified project would cause significant environmental impacts. To document this analysis and conclusions, the Planning Department issued an Addendum to the FEIR.

(b) On March 2, 2017, the Planning Commission found that the Addendum to the EIR is adequate, accurate, and objective, reflects the independent analysis and judgment of the Planning Department and the Planning Commission, and concurred with said determination comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determinations, including the Addendum, are is on file with the Clerk of the Board of Supervisors in File No. 170156 and is incorporated herein by reference. The Board affirms this determination and incorporates the Planning Commission's findings as its own.

(bc) On March 2, 2017, the Planning Commission, in Resolution No. 19866, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and eight priority policies of Planning Code Section 101.1. The Board adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. 170156 and is incorporated herein by reference.

(ed) Pursuant to Planning Code Section 302, the Board of Supervisors finds that this Planning Code Amendment will serve the public necessity, convenience, and welfare for the
reasons set forth in Planning Commission Resolution No. 19866, and the Board incorporates
such reasons herein by reference.

(e) In 2008, the City adopted the Eastern Neighborhoods Plan and related zoning, in
part to refine the City's approach to Production, Distribution, and Repair (PDR) uses and to
preserve and encourage such uses in the southeastern neighborhoods of the city. (See e.g.
Ordinance No. 297-08 (General Plan Amendments) and Ordinance No. 298-08 (Planning
Code Amendments), among others.) Since the adoption of this Plan and its associated
zoning, the continued establishment, evolution, and adaptation of these uses demands a
more responsive set of zoning controls in the Planning Code.

(ef) The zoning controls proposed in this ordinance are intended to satisfy the
following policy goals: (1) Reduce land use pressures on PDR from competing uses; (2)
Permit new forms of cross-subsidization for PDR uses; and, (3) Expand opportunities for PDR
uses to locate in ground-floor locations.

Section 2. The Planning Code is hereby amended by revising Sections 145.1, 210.3,
and 210.3C, and deleting 249.38, to read as follows:

SEC. 145.1. STREET FRONTAGES IN NEIGHBORHOOD COMMERCIAL,
RESIDENTIAL-COMMERCIAL, COMMERCIAL, AND MIXED USE DISTRICTS.

(a) Purpose. The purpose of this Section is to preserve, enhance, and promote
attractive, clearly defined street frontages that are pedestrian-oriented, fine-grained, and
which are appropriate and compatible with the buildings and uses in Neighborhood
Commercial Districts, Commercial Districts, Residential-Commercial Districts, and Mixed Use
Districts.

* * * *
(c) Controls. The following requirements shall generally apply, except for those controls listed in subsections (1) Above Grade Parking Setback and (4) Ground Floor Ceiling Height, which only apply to a "development lot" as defined above.

* * * *

(4) Ground Floor Ceiling Height. Unless otherwise established elsewhere in this Code:

(A) All ground floor non-residential uses in UMU Districts shall have a minimum floor-to-floor height of 17 feet, as measured from grade. Ground floor residential uses shall also be designed to meet the City's Ground Floor Residential Design Guidelines.

SEC. 210.3. PDR DISTRICTS.

These Districts provide space for a wide variety of PDR (production, distribution and repair) and other non-residential activities in districts where these uses are free from inherent economic and operational competition and conflicts with housing, large office developments, and large-scale retail, which are not permitted in these Districts. Other uses that share operational characteristics with PDR uses are permitted in these Districts, as they require large flexible spaces and prefer separation from intensive housing districts. PDR-zoned land is also an important reservoir of space in San Francisco for new and evolving industry and activity types that cannot be foreseen today and cannot practically function or compete for space in a typical downtown office or neighborhood commercial environment. Business and activities allowed in PDR Districts generally share a need for flexible operating space that features large open interior spaces, high ceilings, freight loading docks and elevators, floors capable of bearing heavy loads, and large (often uncovered exterior) storage areas. These uses are often not ideally compatible with housing for operational reasons, including the need for significant trucking and delivery activities, 24-hour operation, and emission of noise, odors
and vibrations. Importantly, PDR uses are limited in the amount of rent they can afford relative to office, retail, and residential uses, yet are important sectors of the City's economy.

**PDR-1-B District: Light Industrial Buffer.** The intent of this District is to create a buffer area between residential neighborhoods and light industrial areas, primarily in the Bayview Hunters Point neighborhood. Thus, this District prohibits residential uses and limits Office, Retail, and Institutional uses. Generally, all other uses are permitted. This zone allows for less intensive production, distribution, and repair activities that will not compromise the quality of life of nearby residents. These uses generate less external noise, odors, and vibrations and engage in fewer trucking activities than those permitted in PDR-2 Districts. Uses in this District are generally conducted completely within enclosed structures. Small-scale Retail and Office uses are permitted, as are other activities that may serve well to buffer existing residential neighborhoods from areas of concentrated industrial operations. In considering any new land use not contemplated in this District, the Zoning Administrator shall take into account the intent of this District as expressed in this Section and in the General Plan.

**PDR-1-D District: Design.** The intention of this District is to retain and encourage less-intensive production, distribution, and repair businesses, especially the existing clusters of design-related businesses. Thus, this District prohibits Residential and Office uses, and limits Retail and Institutional uses. Additionally, this District prohibits heavy industrial uses, which generate external noise, odors, and vibrations and engage in frequent trucking activities. Generally, all other uses are permitted. In considering any new land use not contemplated in this District, the Zoning Administrator shall take into account the intent of this District as expressed in this Section and in the General Plan.

**PDR-1-G District: General.** The intention of this District is to retain and encourage existing production, distribution, and repair activities and promote new business formation.
Thus, this District prohibits Residential and Office uses, and limits Retail and Institutional uses. Additionally, this District allows for more intensive production, distribution, and repair activities than PDR-1-B and PDR-1-D but less intensive than PDR-2. Generally, all other uses are permitted. In considering any new land use not contemplated in this District, the Zoning Administrator shall take into account the intent of this District as expressed in this Section and in the General Plan.

**PDR-2 District: Core Production, Distribution, and Repair.** The intent of this District is to encourage the introduction, intensification, and protection of a wide range of light and contemporary industrial activities. Thus, this District prohibits new housing, large office developments, large-scale retail, and the heaviest of industrial uses, such as incinerators. Generally, all other uses are permitted. The conservation of existing flexible industrial buildings is also encouraged. This District permits certain non-industrial, non-residential uses, including small-scale Retail and Office, Entertainment, certain institutions, and similar uses that would not create conflicts with the primary industrial uses or are compatible with the operational characteristics of businesses in the area. Light industrial uses in this District may be conducted entirely within an enclosed structure, partly within enclosed structures, or some functions may occur entirely in open areas. These uses may require trucking activity multiple times per day, including trucks with up to 18 wheels or more, and occurring at any time of the day or night. As part of their daily operations, PDR activities in these areas may emit noises, vibrations, odors, and other emissions, as permitted by law. Within the requirements of local, state, and federal health and safety regulations, and within the stipulation of this Code, which may impose additional use size maximums and minimum distance requirements on certain activities, raw materials used for production, manufacturing, repair, storage, research, and distribution may be stored on site and may include chemical, biological, and other hazardous, explosive, or flammable materials. In considering any new land use not contemplated in this
District, the Zoning Administrator shall take into account the intent of this District as expressed in this Section and in the General Plan.

SEC. 210.3C. ALLOWANCE FOR USES TO SUPPORT THE DEVELOPMENT OF
NEW PDR SPACE IN THE PDR-1-D AND PDR-1-G DISTRICTS.

* * *

(b) Geography. This provision applies to parcels that meet all of the following criteria:

(1) Are located in either the PDR-1-D or PDR-1-G Districts;

(2) Are located north of 20th Street;
(3) Contain a floor area ratio of 0.3 gross floor area or less as of January 1, 2014; and

(4) Are 20,000 square feet or larger.

(c) Controls. The Planning Commission may permit, per the procedures described below in Subsection (d), non-PDR uses on the subject lot pursuant to the following provisions:

(1) At least 1/3 of the total Gross Floor Area developed on the parcel shall contain PDR Uses, as defined in Section 102.

(2) For purposes of this Subsection, every square foot of Small Enterprise Workspace, as defined in Section 102, shall count as 0.5 square feet of PDR space and 0.5 square feet of non-PDR space as specified in Subsection (3) below.

(3) The non-PDR space may contain one or both a combination of the following uses:

(A) Office Uses, as defined in Section 102; and/or

(B) Institutional Uses, as defined in Section 102, except for Hospitals; and/or

(C) Gym Use, as defined in Section 102.

(4) Uses other than those listed in Subsections (2) and (3) above, such as retail, are subject to the controls of the underlying district.

(5) No residential uses are permitted, even as part of Institutions as defined under Section 890.50, except as allowed pursuant to Section 204.4.

SEC. 249.38. TRANSIT-ORIENTED RETAIL SPECIAL USE DISTRICT.

(a) Purpose. The Transit-Oriented Retail Special Use District is intended to support street activity along 16th Street.
(b) **Geography.** The boundaries of the Transit Oriented Retail Special Use District include all parcels in PDR Districts that are along 16th St. from Mission St. to Potrero Avenue.

(e) **Controls.** All provisions of the Planning Code currently applicable shall continue to apply, except that the amount and types of retail sales and services allowed on a parcel will be controlled in the same manner as in the UMU District or the underlying zoning district, whichever is greater.

Section 3. The Planning Code is hereby amended by revising Sectional Maps SU07, SU08, HT07, and HT08 of the Zoning Map of the City and County of San Francisco as follows:

(a) The Transit Oriented Retail Special Use District, formerly Planning Code Section 249.38, having been repealed by this ordinance, Sectional Maps SU07 and SU08 are amended accordingly, as follows:

Section 4. Exemption. Any project for which a development application, as defined in Planning Code Section 401, was submitted by February 7, 2017, shall be exempt from the amendments related to Gym use contained in this ordinance (specifically, the amendments to Planning Code Table 210.3 and its footnotes and Section 210.3C(c)(3)(C)) and shall be considered under the law related to such use in effect prior to the effective date of this ordinance.

Section 5. Effective Date. This ordinance shall become effective 30 days after enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board of Supervisors overrides the Mayor's veto of the ordinance.

Section 6. Scope of Ordinance. Except as stated in Section 3 with reference to the Zoning Map, in enacting this ordinance, the Board of Supervisors intends to amend only those words, phrases, paragraphs, subsections, sections, articles, numbers, punctuation marks, charts, diagrams, or any other constituent parts of the Municipal Code that are explicitly shown in this ordinance as additions, deletions, Board amendment additions, and Board amendment deletions in accordance with the "Note" that appears under the official title of the
