SEC. 1060.5. DETERMINATION OF APPLICATION FOR A PLACE OF ENTERTAINMENT PERMIT.

* * * *

(f) The Entertainment Commission shall grant or conditionally grant a permit for a Place of Entertainment pursuant to this Article unless it finds that:

(1) The premises or the proposed operation of the Business does not comply with the health, zoning, fire, and safety requirements of the laws of the State of California or ordinances of the City and County of San Francisco applicable to the Business; or

(2) Notwithstanding the mitigation provided under the Security Plan submitted by the applicant, the building, structure, equipment, or location of the proposed Business cannot adequately accommodate the type and volume of vehicle and pedestrian traffic anticipated; or

(3) The premises or the proposed operation of the Business lacks adequate safeguards to prevent emissions of noise, glare, dust, and odor that would substantially
interfere with the public health, safety, and welfare or the peaceful enjoyment of neighboring property; or

(4) The permit applicant has not provided a Security Plan that adequately addresses the safety of persons and property and provides for the orderly dispersal of individuals and traffic.

(5) In addition to the findings stated in subsections (f)(1)-(4), if the proposed operation of the Business includes the emission of outdoor amplified sound within 300 feet of a hospital, school, place of worship, courthouse, public library, or mortuary during the normal hours of use of said facility, the Commission shall not grant the permit unless the Commission finds that the sound emitted will not be disruptive of the operations of said facility. If there are no other grounds for denial of the permit, the permit shall be issued where the sound emission would occur more than 300 feet from a hospital, school, place of worship, courthouse, public library, or mortuary, unless the Commission finds that the sound emitted will be disruptive of the operations of said facility.

(6) If there is an unresolved citation applicable to the premises that has been issued by a City department, the Entertainment Commission shall not grant the permit without documented authorization from the department that issued the citation.

(6)(7) If the Chief of Police or the Chief's designee, in person at the Entertainment Commission hearing on the permit application or in writing prior to the hearing, objects to the granting of the permit on the basis that the Commission should make one or more of the findings stated in Subsections (f)(1)-(4) above, the Commission may not issue the permit without specifically addressing the objection in writing or on the record; at a Commission meeting, and explaining specifically why the objection does not warrant the finding. This explanation requirement applies but is not limited to objections raised by the Chief or Chief's designee to the adequacy of a proposed security plan. For purposes of this Subsection (f)(6)(7), the Captain for the district where the Place of Entertainment would be
located, or the Captain's designee, is deemed the Chief's designee unless the Chief of Police
directs otherwise.

(78) The explanation requirement stated in Subsection (f)(67) above also applies
to objections raised by other City departments; provided, however, that this Subsection (f)(78)
does not diminish the power of other City departments to issue permits or other authorization
required for a Business to operate, and does not empower the Entertainment Commission to
override a decision by another City department regarding the issuance of a permit or other
authorization required for a Business to operate.

(89) When granting a permit, the Commission shall explain in writing or on the
record, at a Commission meeting, why it has not made any of the findings stated in
Subsections (f)(1)-(45) above.

(910) In considering whether to make any of the findings stated in Subsections
(f)(1)-(45) above, the Commission shall consider where relevant the circumstances
surrounding any previous denial of a permit application or previous suspension or revocation
of a permit, under this Article 15.1 or Article 15.2, for the same permit applicant or Permittee.

submitted a complete application under Section 1060.5-15.1(a), except that this 45-day period
shall be extended for such period or periods of time that apply under any of the following
circumstances:
(e) (1) If the permit applicant has not obtained all permits required for the Business from other City departments by the date of the hearing on the application, the Entertainment Commission may grant a conditional permit pending the issuance of the other required City permits; provided, however, the Commission shall take this action only if sufficient information has been provided to allow for adequate evaluation of the application and if grounds for denial, as set forth in subsection (f), are not present. Any permit conditionally granted by the Entertainment Commission under this subsection (e)(1) may be appealed to the Board of Appeals. Any such appeal shall be filed within 10 days of the decision of the Entertainment Commission's conditionally granting the permit. No Person may operate a Business for which a permit has been conditionally granted unless and until the Person has obtained all permits and authorizations required from other City departments.

(2) If the Entertainment Commission does not grant, conditionally grant, or deny the permit for a Limited Live Performance Locale within the time required by subsection (d), including any extensions of time provided for therein, the permit sought by the applicant shall be deemed granted, conditioned on the requirements that the Permittee obtain all required permits from other City departments within nine months and comply with all the requirements of this Article. The time by which the Entertainment Commission must act commences on the date that the applicant has filed a completed application under Section 1060.5-15.1(a).

(f) The Entertainment Commission shall grant or conditionally grant a Limited Live Performance Permit pursuant to this Article 5.1 unless it finds that:

(1) The premises or the proposed operation of the Business does not comply with the health, zoning, fire, and safety requirements of the laws of the State of California or ordinances of the City and County of San Francisco applicable to the Business; or

(2) The establishment does not qualify as a Limited Live Performance Locale as defined in Section 1060.5-15.1; or
(3) The presentation of Live Performances at the Limited Live Performance Locale will (A)i generate the type and volume of vehicle and pedestrian traffic that will cause substantial congestion, (B)ii adversely affect the safety and security of persons, (C)iii impede the orderly dispersal of individuals and traffic, or (D)iv otherwise substantially interfere with the public health, safety, and welfare or the peaceful enjoyment of neighboring property due to excessive noise or any other factor. The Commission may impose conditions on the permit, including a security plan or time, place, and manner restrictions, if necessary and appropriate to guard against these adverse effects. The Limited Live Performance Permit is subject to Article 29 of the Police Code, regulating noise.

(g) In addition to the findings stated in subsections (f)(1)-(3), if the proposed operation of the Limited Live Performance Locale includes the emission of outdoor amplified sound within 300 feet of a hospital, school, place of worship, courthouse, public library, or mortuary during the normal hours of use of said facility, the Commission shall not grant the permit unless the Commission finds that the sound emitted will not be disruptive of the operations of said facility. If there are no other grounds for denial of the permit, the permit shall be issued where the sound emission would occur more than 300 feet from a hospital, school, place of worship, courthouse, public library, or mortuary, unless the Commission finds that the sound emitted will be disruptive of the operations of said facility.

(hi) If there is an unresolved citation applicable to the premises that has been issued by a City department, the Entertainment Commission shall not grant the permit without documented authorization from the department that issued the citation.

(ji) In considering whether to make any of the findings stated in subsections (f)(1)-(3) or the finding stated in subsection (g), or to impose conditions on a Limited Live Performance Permit, the Commission shall consider where relevant the circumstances surrounding any previous denial of a permit application or previous suspension or revocation of a permit, under this Article 15.1 or Article 15.2, for the same permit applicant or Permittee.
(j) If the Permit is for a Plaza as identified in Administrative Code Chapter 94, the Permit shall state that it automatically expires upon termination or expiration of the Real Estate Division license for that Plaza or termination or expiration of the Public Works permit for that Plaza issued pursuant to Chapter 94 of the Administrative Code. If the permit is for a People Place as identified in Administrative Code Chapter 94A, the Permit shall state that it automatically expires upon termination or expiration of the People Place Permit issued pursuant to Chapter 94A of the Administrative Code.

SEC. 1060.5.2. DETERMINATION OF APPLICATION FOR FIXED PLACE OUTDOOR AMPLIFIED SOUND PERMIT.

(a) Application. The applicant shall file the application for a Fixed Place Outdoor Amplified Sound Permit with the Director. The Director may require that the applicant or the applicant's agent file the application in person. Upon determining that an application is complete, the Director shall accept and file it and shall schedule a public hearing before the Entertainment Commission to determine whether the permit should be granted. The Director shall provide written notice of the hearing to the applicant by mail or to the applicant's agent by personal delivery at least 30 days before the date of the hearing.

(b) Notices.

(1) The applicant shall cause a notice of the hearing to be conspicuously and continuously posted on the premises of the proposed Fixed Place Outdoor Amplified Sound Locale for at least 30 days before the scheduled hearing date. The Director shall promptly provide notice of the hearing to any Person who has filed a written request for such notice, which notice may be given electronically if the Person has provided electronic contact information, or by mail.

(2) The Director shall provide a copy of all Fixed Place Outdoor Amplified Sound Permit applications and the corresponding public hearing notices within a specified geographic area to any Person who, in writing or by email, requests such and identifies the area. Such applications and
notices shall be given at least 30 days prior to the date of the public hearings, or within 5 days after
receipt of the request if the request is less than 30 days prior to the hearing.

(3) In the event of a continued hearing, the applicant shall cause notice of the continued
hearing to be conspicuously and continuously posted on the premises for at least 10 days before the
date of the continued hearing. The Director shall promptly provide notice of the continued hearing
electronically or by mail to any Person who has filed a written request for such notice.

(4) The failure of the Director to provide the notice of the hearing to any Person who
filed a written request as provided in subsections (b)(1) and (2) shall not constitute grounds for
invalidation of the actions of the Commission taken at the hearing.

(c) At the hearing on the application, the applicant and any other interested party, including
the Police Department or any other public agency, may introduce evidence and present argument
relating to the standards for review under subsection (f).

(d) **Timing.** The Entertainment Commission shall hold a hearing and determine whether to
grant or deny the permit within 45 City business days of the date that the applicant has submitted a
complete application under Section 1060.3.2, except that this 45-day period shall be extended for such
period or periods of time that apply under any of the following circumstances:

(1) If the Entertainment Commission finds that an extension of time is necessary to
obtain additional information for its review of the application under the standards set forth in
subsection (f), the time period shall be extended for an additional amount of time as the Commission
determines appropriate, up to 15 additional days.

(2) Upon the applicant's request, the Entertainment Commission shall continue the
hearing for an additional period of time to allow the applicant an opportunity to comply with the
requirements of this Article 15.1, in which case the time period is extended for that additional period.

(3) If the applicant fails to post or maintain notice of the hearing as required by
subsection (b), the Director shall have the hearing before the Entertainment Commission continued for
such period or periods of time that the Director determines necessary for the applicant to comply with
the posting requirement, in which case the time period is extended for that additional period or periods
of time.

(4) If the Director finds that the Commission is unable to meet during the 45-day time
period or any permitted time extension due to exigent circumstances, the time period shall be extended
until the Commission is able to meet; the Commission shall consider the matter at the first meeting that
it conducts following such circumstances.

(e) Conditional Grant.

(1) If the permit applicant has not obtained all permits required for the Business from
other City departments by the date of the hearing on the application, the Entertainment Commission
may grant a conditional permit pending the issuance of the other required City permits; provided,
however, the Commission shall take this action only if sufficient information has been provided to allow
for adequate evaluation of the application and if grounds for denial, as set forth in subsection (f), are
not present. Any permit conditionally granted by the Entertainment Commission under this subsection
(e)(1) may be appealed to the Board of Appeals. Any such appeal shall be filed within 10 days of the
decision of the Entertainment Commission conditionally granting the permit. No Person may operate
Amplified Sound Equipment for which a permit has been conditionally granted unless and until the
Person has obtained all permits and authorizations required from other City departments.

(2) If a Permittee has been conditionally granted a permit but has not obtained all of
the permits required from other City departments within nine months from the date that the
Entertainment Commission conditionally granted the permit, the conditionally granted permit shall
expire by operation of law and be void. Notwithstanding the foregoing sentence, upon the Permittee's
written request and a showing of good cause, the Commission may extend the aforementioned nine-
month deadline for up to 24 months, subject to an additional extension or extensions totaling no more
than 12 months beyond the aforementioned 24 months. In its discretion, the Commission may delegate to the Director, in whatever manner it deems appropriate, the power to extend the nine-month deadline.

(3) If the Entertainment Commission does not grant, conditionally grant, or deny the permit for a Fixed Place Outdoor Amplified Sound Locale within the time required by subsection (d), including any extensions of time provided for therein, the permit sought by the applicant shall be deemed granted, conditioned on the requirements that the Permittee obtain all required permits from other City departments within nine months and comply with all the requirements of this Article 15.1. The time by which the Entertainment Commission must act commences on the date that the applicant has filed a completed application under Section 1060.5.2(a).

(f) Grounds for Denial.

(1) The Commission shall grant or conditionally grant a Fixed Place Outdoor Amplified Sound Permit pursuant to this Article 15.1 unless it finds that:

(A) The premises or the proposed operation of the Business does not comply with the health, zoning, fire, and safety requirements of the laws of the State of California or ordinances applicable to the Business;

(B) The proposed use of outdoor Amplified Sound Equipment at the premises is unsuitable for the area covered by the requested permit and/or incompatible with other neighborhood activities because it will (i) substantially interfere with the public health, safety, and welfare or the peaceful enjoyment of neighboring property; (ii) generate the type and volume of vehicle and pedestrian traffic that will cause substantial congestion and/or impede the orderly dispersal of individuals and traffic, or (iii) adversely affect the safety and security of persons, including traffic and pedestrian safety. In making such determinations, the Commission may consider prior complaints it has received from neighboring businesses and/or residents pertaining to the applicant’s activities and/or the applicant’s prior violations of City noise ordinances, provided that a prior violation shall not, by itself, be grounds for denial of a permit.
(C) There has been a previous denial of a permit application or previous suspension or revocation of a permit issued by the Entertainment Commission for the same permit applicant within the last 12 months, or the specific circumstances surrounding a previous denial, suspension, or revocation from more than one year ago warrant denial; or

(D) The outdoor amplified sound would be emitted within 300 feet of a hospital, school, place of worship, courthouse, public library, or mortuary during the normal hours of use of said facility, unless the Commission finds that the sound emitted will not be disruptive of the operations of said facility. If there are no other grounds for denial of the permit, the permit shall be issued where the sound emission would occur more than 300 feet from a hospital, school, place of worship, courthouse, public library, or mortuary, unless the Commission finds that the sound emitted will be disruptive of the operations of said facility.

(2) If there is an unresolved citation applicable to the premises that has been issued by a City department, the Entertainment Commission shall not grant the permit without documented authorization from the department that issued the citation.

(3) If the Chief of Police or the Chief's designee, or the Director of the Department of Public Health or the Director's designee, in person at the Entertainment Commission hearing on the permit application or in writing prior to the hearing, objects to the granting of the permit on the basis that one or more of the findings stated in subsections (f)(1)(A)-(D) above apply, the Commission may not issue the permit without specifically addressing the objection in writing, or on the record at a Commission meeting, and explaining specifically why the objection does not warrant the finding. The explanation requirement stated in the foregoing sentence also applies to objections raised by other City departments.

(4) In considering whether to make any of the findings stated in subsections (f)(1)(A)-(D) or to impose conditions on a Fixed Place Outdoor Amplified Sound Permit, the Commission shall consider where relevant the circumstances surrounding any previous denial of a permit application.
previous suspension or revocation of a permit, or previous citations or penalties for violations under
this Article 15.1 or Article 15.2, for the same permit applicant or Permittee.

(5) When granting a permit, the Commission shall explain in writing or on the record,
at a Commission meeting, why it has not made any of the findings stated in subsections (f)(1)(A)-(D)
avove.

(g) Conditions on Permits.

(1) When the Commission grants or conditionally grants a permit, it shall require the
applicant as a condition of the permit to comply with the outdoor amplified sound regulations in
Section 1060.16 of this Article 15.1, unless the Commission finds grounds for different limits on
outdoor amplified sound. In considering whether to impose sound limits that are different from those in
Section 1060.16, the Commission shall consider the factors enumerated in subsection (c) of Section
1060.16.

(2) The Commission may impose additional reasonable time, place, and manner
conditions on the permit. The Commission shall in no event impose conditions pursuant to this Section
1060.5.2 which are designed to limit the content of First Amendment expression engaged in by persons
governed by the permit or which unreasonably interfere with the right of free speech.

SEC. 1060.13. MINORS —ADULT ENTERTAINMENT.

SEC. 1060.16. OUTDOOR AMPLIFIED SOUND REGULATIONS.

(a) Findings. The use or operation of amplified sound equipment to project sound outside of any building or at any location out of doors in the City may be detrimental to the health, welfare, and safety of the inhabitants of the City, in that such use or operation diverts the attention of pedestrians and vehicle operators in the public streets and places, thus increasing traffic hazards and potentially causing injury to life and limb. Further, such use or operation may disturb the public peace and comfort and the peaceful enjoyment by the people of their rights to use the public streets and places for street and other public purposes, and may disturb the peace, quiet, and comfort of the neighboring inhabitants. Therefore, the proper regulation of such use and operation of outdoor amplified sound equipment as set forth in this Section 1060.16 and Sections 1060.5.2, 1060.27, and 1060.29.2 is essential to protect the health, welfare, and safety of the inhabitants of the City, to secure the health,
safety, comfort, convenience, and peaceful enjoyment by the people of their rights to use the public
streets and places, and to secure the peace, quiet, and comfort of the City’s inhabitants.

and except as to Sound Truck Permits which are governed by Section 1060.27 of this Article 15.1, any

sound outside of any building or at any location out of doors in the City shall include the following
conditions with regard to outdoor amplified sound:

9:00 a.m. and no later than 10:00 p.m.;

(2) Amplified speech and music shall not be unreasonably loud, raucous, or jarring to
persons of normal sensitivities within the area of audibility, nor louder than permitted in subsection

When an applicant files an application less than 40 days before the proposed event, the Director shall inform the

(g) Every Person seeking a permit pursuant to this Section 1060.29 shall file an application with the Director no less than seven days before the proposed event and shall pay the filing fee provided in Section 2.26 of this Code. The time limitation for the filing of a permit application may be waived by the Director if the applicant can show that the event or events giving rise to the permit application did not reasonably allow the applicant time to file within the time prescribed and imposition of the time limitations would place an unreasonable restriction on the right of free speech. The applicant shall submit a proposed Security Plan and any other information required for applications under Section 1060.29 as the Director may require. For events taking place in an outdoor area or in both a structure and an outdoor area, the Security Plan shall include additional security personnel to provide adequate security, as determined by the Director, in consultation with the San Francisco Police Department, given the size and nature of the outdoor space. (1) Every Person seeking a permit pursuant to this Section 1060.29.2 shall file an application on a form provided by the Commission with the Director no less than seven days before the proposed use, and shall pay the filing fee provided in Section 2.26 of this Code. The time limitation for the filing of a permit application may be waived by the Director if the applicant can show that the event or events giving rise to the permit application did not reasonably allow the applicant time to file within the time prescribed and imposition of the time limitations would place an unreasonable restriction on the right of free speech.

(2) The application shall include the information required under subsection (a)(8) of Section 1060.3.2 of this Article 15.1 with regard to the use of outdoor Amplified Sound Equipment.

(2) The Director shall send the application to the Police Department for input, which the Police Department shall provide to the Director within three City business days of receiving the application.

(d) Duration and Number of Permits.
(1) **24-Hour Duration.** Each One Time Outdoor Amplified Sound Permit shall issue for no longer than one 24-hour period. One Time Outdoor Amplified Sound Permits may not be issued for the same premises for consecutive 24-hour periods without a six-hour break between the end time for the first permit and the start time for the second permit.

(2) **No More Than 12 Days Per Year For The Same Premises.** There shall be no limit on the number of One Time Outdoor Amplified Sound Permits a Person may obtain, provided that no more than one permit per month may be issued for the same premises. Notwithstanding this restriction, One Time Outdoor Amplified Sound Permits may be issued for events that will occur on consecutive days on the same premises or on non-consecutive days within a 10-day period on the same premises, but events may not occur for more than a total of 12 days on the same premises within any 12-month period.

(3) **Multiple Permits on the Same Day.** A Person may obtain more than one One Time Outdoor Amplified Sound Permit for the same day. In such an instance, in considering whether to grant the permit(s) and/or place conditions on the permit(s), the Director, or Entertainment Commission as appropriate in the Director’s stead under subsection (b)(1), shall review each permit application to ensure that the standards for granting the permit(s) are met and to determine what conditions, if any, may be appropriate to place on the permit(s). In addition, if the applicant submits an application for more than one One Time Outdoor Amplified Sound Permits for the same day less than 40 days prior to the day of the event, the Director or Entertainment Commission may disapprove the application(s) on the ground that the applicant filed too late to provide adequate time to evaluate the application(s) so as to determine whether the permit(s) should be granted and/or whether conditions should be placed on the permit(s).

(e) **Grant or Denial of Permit.**

(1) The Director, or Entertainment Commission as appropriate in the Director’s stead under subsection (b)(1), shall review applications for a One Time Outdoor Amplified Sound Permit
according to the standards set forth in Section 1060.5.2(f) and (g) and shall grant a permit unless the
Director finds that (A) the application was filed less than seven days before the proposed event and a
waiver was not granted or warranted, (B) denial is warranted under any of the grounds set forth in
Section 1060.5.2(f), or (C) another application has been submitted and a permit issued for the same
premises during the same time period. If another application has been submitted for the same time and
place and is still pending, the Director shall deny the application unless the applicant requests that it
remain open until the Director has determined whether to grant or deny any earlier-filed application.
When multiple applicants submit complete applications for the same time and place, the Director shall
make determinations on them in the order in which they were received.

(2) If the permit is denied, the Director shall state in writing the reason for the denial
and shall notify the applicant of the determination electronically and either by mail or personal
delivery.

(f) Conditions.

(1) When granting a One Time Outdoor Amplified Sound Permit, the Director, or
Entertainment Commission as appropriate in the Director's stead under subsection (b)(1), shall require
the applicant as a condition of the permit to comply with the outdoor amplified sound regulations in
Section 1060.16 of this Article 15.1. If a permit applicant seeks permit conditions that diverge from
any of the aforementioned regulations, the application must be heard and decided by the Commission.
not the Director. Once the Commission has granted a One Time Outdoor Amplified Sound Event
Permit to a particular Permittee for a particular special event, the Director may, on subsequent
occasions, issue one or more One Time Outdoor Amplified Sound Event Permits to the same Permittee
for the same event at the same location with the same permit conditions previously approved by the
Commission.

(2) The Director or the Entertainment Commission may impose additional reasonable
restrictions on the time, place, and manner of the use of amplified sound. The Director or
Entertainment Commission shall in no event impose conditions pursuant to this Section 1060.29.2 which are designed to limit the content of First Amendment expression engaged in by persons affected by the permit or which unreasonably interfere with the right of free speech.

(g) Appeal to Entertainment Commission.

(1) An applicant for a One Time Amplified Sound Permit who files an application at least 40 days before the date of the proposed event shall have the right to appeal the Director's denial of the application to the Entertainment Commission. The Director shall act on applications filed at least 40 days before the event within a time period that allows for an appeal to the Commission. The applicant may appeal the Director's decision to the Entertainment Commission by filing a written request for review within five City business days of the Director's decision. The Commission shall hear and decide the appeal as expeditiously as possible, but in no event later than 21 days after the date that the applicant filed the appeal.

(2) Applicants who do not file at least 40 days before the proposed event shall have no right to appeal a denial of the application to the Entertainment Commission unless the Commission has sufficient time to schedule and provide notice of the hearing on the matter for a regularly scheduled meeting. If the applicant has filed the application less than 40 days before the proposed event and the Commission does not have sufficient time to provide the required public notice of the appeal for a regularly scheduled meeting, the Commission is not required to consider the matter. When an applicant files an application less than 40 days before the proposed event, the Director shall inform the applicant that there may be insufficient time for the applicant to appeal the Director's denial to the Commission.

(h) Non-Transferable. One Time Amplified Sound Permits are not transferable. The Permit is valid only for the Person to whom it is issued for the premises specified in the permit.

(i) Judicial Review. An applicant may seek immediate judicial review of an adverse decision by the Director under this Section 1060.29.2 pursuant to California Code of Civil Procedure Section 1085 or Section 1094.8, as those provisions may be amended, including any successor provisions, or...
any other procedure provided by law. The applicant may, but is not required to, exhaust his or her administrative remedies before the Entertainment Commission and Board of Appeals.
