Be it ordained by the People of the City and County of San Francisco:

Section 1. Findings.

(a) Pursuant to Charter Section D3.750-5, the Building Inspection Commission considered this ordinance at a duly noticed public hearing held on September 8, 2021.

(b) Chapter 11D of the Building Code requires the owner of an existing building with a place of public accommodation to have the building inspected for compliance with accessible entry and path of travel requirements. If the building is not in compliance, the owner must either bring the building into compliance or obtain a finding from the City of equivalent facilitation, technical infeasibility, or unreasonable hardship. Table 1107D sets forth deadlines for the four compliance categories to submit specified information to the
Department of Building Inspection (DBI), file an application for any required building permits, and obtain the required building permits. All mandated work must be completed within the time periods specified in the Building Code for building permits unless an extension of time is granted pursuant to Section 1108D.

(c) Under the Building Code, property owners are responsible for compliance with Code requirements notwithstanding any leases that may shift some of the burden of compliance onto the tenants. Many, if not all, of the buildings subject to the Chapter 11D requirements have multiple leased spaces many of which are operated by small businesses without a lot of financial resources. This ordinance will extend for approximately two years all compliance deadlines to resolve compliance issues for those owners who missed past deadlines and to give building owners and tenants more time to resolve any compliance issues going forward.

Section 2. Chapter 11D of the Building Code is hereby amended by revising Sections 1107D, 1108D, and 1113D, to read as follows:

SECTION 1107D – COMPLIANCE SCHEDULE; OPTION TO COMPLY WITH CURRENT CODE REQUIREMENTS

The times for compliance with the requirements of this Chapter 11D are set forth in the following Table 1107D. The Owner of a building within the scope of this Chapter must submit all required forms, documents, and permit applications to the Department prior to the deadlines set forth in Table 1107D but may comply with the requirements of this Chapter 11D, or elect to comply with the requirements and procedures of the Building Code then in effect, at any time prior to the deadlines set forth in Table 1107D.
