[Planning Code - Temporary Homeless Shelters in Certain Industrial and Mixed-Use Districts]

Ordinance amending the Planning Code to allow temporary Homeless Shelters in the Production, Distribution, and Repair, the WSoMa Mixed Use-Office, and the Service/Arts/Light Industrial zoning districts, subject to conditional use authorization; affirming the Planning Commission's determination under the California Environmental Quality Act; making findings of public convenience, necessity, and welfare under Planning Code, Section 302; and making findings of consistency with the General Plan, and the eight priority policies of Planning Code, Section 101.1.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Environmental and Land Use Findings.

(a) On September 22, 2016, after a duly noticed public hearing, the Planning Commission, in Resolution No. 19741, adopted findings that the actions contemplated in this ordinance are not, in and of themselves, subject to the California Environmental Quality Act (CEQA) (California Public Resources Code Sections 21000 et seq.). A copy of said Resolution is on file with the Clerk of the Board of Supervisors in File No. 160960, and is incorporated herein by reference. The Board of Supervisors adopts these findings as its own.
(b) In Resolution No. 19741, the Planning Commission also adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the City's General Plan and the eight priority policies of Planning Code Section 101.1. The Board of Supervisors adopts these findings as its own.

(c) Pursuant to Planning Code Section 302, this Board finds that these Planning Code amendments will serve the public necessity, convenience, and welfare for the reasons set forth in Planning Commission Resolution No. 19741 and the Board of Supervisors incorporates such reasons herein by reference.

Section 2. Additional Findings.

(a) A significant number of people in San Francisco cannot obtain adequate or appropriate shelter. According to the San Francisco biennial "Point-in-Time" homeless count and survey taken in January 2015, there were 6,686 adults and 853 youth without a place to live, constituting a total of 7,539 homeless people. Between the January 2013 homeless count and survey and the January 2015 homeless count and survey, the number of homeless people rose in seven of the 11 San Francisco supervisorial districts. A 10-year trend of comparable Point-in-Time data (excluding the targeted youth count) identified a 7% increase in the number of homeless people in San Francisco between 2005 and 2015.

(b) As San Francisco's homeless population ages, additional health services are needed to address the homeless population's deteriorating health. According to the January 2015 homeless count and survey, 22% of the homeless were between the ages of 51 and 60, up from 14% in 2013, and 8% were 61 or older, up from 3% in 2013.

(c) The inability to obtain adequate or appropriate shelter threatens the health and safety of homeless people. Homelessness is an independent risk factor for a number of illnesses through its association with exposure to harsh weather, high stress levels, sleep
1 deprivation, general unsanitary surroundings, lack of access to hygiene facilities, and poor 
2 nutrition. For example, sleep deprivation impairs cognitive processes and increases the risk 
3 of heart disease, heart attack, heart failure, irregular heartbeat, high blood pressure, stroke, 
4 and diabetes.

(d) The City has partnered and collaborated with community-based nonprofit 
organizations serving homeless populations to develop and implement new strategies to 
shelter and identify housing for difficult-to-serve homeless populations, including residents of 
encampments, people who have not accessed the traditional shelter system, the long-term 
homeland population, and Homeward Bound clients. Since 2015, the City has successfully 
piloted the Navigation Center model, a temporary Homeless Shelter model that minimizes 
barriers to participation and seeks to connect clients to stable income, public benefits, and 
permanent housing outside of the Navigation Center. This ordinance would facilitate the 
expansion of the Navigation Center model and the successful transition of difficult-to-serve 
homeless populations to services and permanent housing.

(e) According to Administrative Code Chapter 106, the City is required to open and 
operate no fewer than six Navigation Centers by July 31, 2018 (within 24 months of the July 
31, 2016 effective date of Ordinance No. 117-16), develop plans for the equitable distribution 
of shelter and housing resources, and identify sustainable revenue sources for the 
development of new permanent housing for homeless individuals.

(f) This ordinance would amend the Planning Code to allow temporary Homeless 
Shelter uses in the Production, Distribution, and Repair (PDR), the WSoMa Mixed Use-Office 
(WMUO), and the Service/Arts/Light Industrial (SALI) zoning districts subject to conditional 
use authorization.
