Additions to Codes are in <u>single-underline italics Times New Roman font</u>.

Deletions to Codes are in <u>strikethrough italics Times New Roman font</u>.

Board amendment additions are in <u>double-underlined Arial font</u>.

Board amendment deletions are in <u>strikethrough Arial font</u>.

Asterisks (* * * *) indicate the omission of unchanged Code subsections or parts of tables.

Be it ordained by the People of the City and County of San Francisco:

Section 1. The Health Code is hereby amended by adding Article 48, consisting of Sections 4801 through 4808, to read as follows:

ARTICLE 48:

REQUIRING RETAIL PHARMACIES TO STOCK OPIOID ANTAGONISTS.

SEC. 4801. FINDINGS.

(a) According to the U.S. Centers for Disease Control and Prevention, overdose deaths remain a leading cause of injury-related deaths in the United States, and the majority of overdose deaths involve opioids. From 2000 to 2015, more than half a million people died from drug overdoses across the United States. In 2021, more than 71,000 people died from synthetic opioid-related drug overdoses in the United States. On October 26, 2017, the Acting Secretary of the U.S. Department of Health and Human Services declared the opioid crisis a national public health emergency and has renewed such declaration every 90 days since 2017.

(b) According to the California Department of Public Health, based on preliminary data, there
were 6,843 opioid-related overdose deaths in California in 2021; 5,722 of these deaths were related to
fentanyl, and 224 of the fentanyl-related overdose deaths were teens, ages 15–19 years old.

- (c) According to the San Francisco Office of the Chief Medical Examiner, there were 647 accidental drug overdose deaths in San Francisco in 2022, and over 70% of those deaths were attributable to fentanyl. Between January and May 2023, preliminary reports indicate there were 346 overdose deaths in San Francisco, a more than 40% increase from the same period in 2022, with more than 79% of those deaths attributable to fentanyl.
- (d) Naloxone and other opioid antagonists are life-saving medications that are used to reverse a drug overdose. They are safe to use, work almost immediately, and are not addictive. According to peer-reviewed articles published in the journals "Drug and Alcohol Dependence" and "JAMA Internal Medicine," state laws allowing pharmacist dispensing of naloxone have been associated with a 53% increase in naloxone dispensing, and a significant reduction in overdose deaths. The California Public Health Officer has issued a standing order to allow pharmacies, community organizations, and other approved entities to distribute prescription naloxone and allow for the administration of prescription naloxone by a family member, friend, or other person, to a person experiencing an overdose.
- (e) On March 29, 2023, the U.S. Food and Drug Administration announced that it approved NARCAN®, a four milligram (mg) naloxone hydrochloride nasal spray, for over-the-counter, nonprescription use. It is the first naloxone product approved for use without a prescription.
- (f) Despite the efficacy of naloxone and other opioid antagonists, and the fact that pharmacy distribution of naloxone is the second-most effective way—after community distribution—to provide naloxone to people most likely to use it and reverse an overdose, naloxone remains largely inaccessible.
- (g) The Board of Supervisors hereby finds that the public interest is served by ensuring that retail pharmacies in San Francisco stock a minimum number of opioid antagonists for purchase.

1	(c) It shall be an affirmative defense to a violation of subsection (a) of this Section 4803 for a
2	Retail Pharmacy to demonstrate by a preponderance of the evidence that:
3	(1) No more than three days had elapsed since the Retail Pharmacy maintained a
4	pharmaceutical stock of Opioid Antagonists sufficient to fill at least two requests for Opioid
5	Antagonists; and
6	(2) During that three-day grace period, the Retail Pharmacy had ordered
7	replacement stock and was waiting for the supplier to fill the order.
8	(d) Retail Pharmacies shall post clear and legible signage advising customers of the
9	availability of Opioid Antagonists at the following locations:
10	(1) At all points of sale at which a Pharmacist dispenses pharmaceuticals; and
11	(2) If the Retail Pharmacy stocks nonprescription, over-the-counter Opioid
12	Antagonists, at all points of sale where the Retail Pharmacy sells nonprescription medication.
13	(e) The Department may develop model signage for use by Retail Pharmacies.
14	
15	SEC. 4804. ADMINISTRATION AND ENFORCEMENT.
16	(a) This Article 48 shall be administered and enforced by the Department. The Director may
17	adopt regulations, guidelines, and forms to carry out the provisions and purposes of this Article 48.
18	(b) For purposes of assessing penalties for violation of this Article 48, each of the following
19	shall constitute a separate violation: (1) each day in which a Retail Pharmacy fails to maintain a
20	sufficient stock of Opioid Antagonists as required under section 4803(a), subject to the affirmative
21	defense set forth in Section 4803(c); and (2) each day in which a Retail Pharmacy fails to display the
22	signage required under Section 4803(d).
23	(c) The Director shall issue a notice of violation for violations of subsections (a) and (d) of
24	Section 4803. The Director may impose an administrative penalty of not less than \$250 and not more
25	than \$1,000 per violation. Administrative Code Chapter 100, "Procedures Governing the Imposition

of Administrative Fines," is hereby incorporated in its entirety, except as it relates to the definition of a violation and the calculation of penalty amounts, addressed in Sections 4804(b) and (c), and that the Director shall appoint the hearing officer to conduct hearings for appeals.

SEC. 4805. ENFORCEMENT BY CITY ATTORNEY.

- (a) The City Attorney may at any time institute civil proceedings for injunctive and monetary relief, including civil penalties, against any person for violations of this Article 48, without regard to whether the Director has issued a notice of violation, instituted abatement proceedings, scheduled or held a hearing on a notice of violation, or issued a final decision.
- (b) At any time, the Director may refer a case to the City Attorney's Office for civil enforcement, but a referral is not required for the City Attorney to bring a civil action under this Section 4805.
- (c) Any person that violates any provision of this Article 48 shall be enjoined and shall be subject to a civil penalty of not less than \$250 and not more than \$1,000 for each violation, as defined in Section 4804(b), which penalty shall be assessed and recovered in a civil action brought in the name of the people of the City and County of San Francisco by the City Attorney in any court of competent jurisdiction. In assessing the amount of the civil penalty, the court shall consider any one or more of the relevant circumstances presented by any of the parties to the case, including but not limited to, the following: the nature and seriousness of the misconduct giving rise to the violation, the number of violations, the persistence of the misconduct, the length of time over which the misconduct occurred, the willfulness of the defendant's misconduct, and the defendant's assets, liabilities and net worth.
- (d) The prevailing party in any court case or special proceeding to enforce this Article 48 shall recover reasonable attorneys' fees if the City Attorney elects, at the initiation of the action, to seek recovery of attorneys' fees and provides notice of such intention to the adverse party or parties. In no

court case or special proceeding shall an award of attorneys' fees to a prevailing party exceed the amount of reasonable attorneys' fees incurred by the City.

(e) Remedies under this Section 4805 are non-exclusive and cumulative to all other remedies available at law or equity.

SEC. 4806. UNDERTAKING FOR THE GENERAL WELFARE.

In enacting and implementing Article 48, the City is assuming an undertaking only to promote the general welfare. It is not assuming, nor is it imposing on its officers and employees, an obligation for breach of which it is liable in money damages to any person who claims that such breach proximately caused injury.

SEC. 4807. SEVERABILITY.

If any section, subsection, sentence, clause, phrase, or word of Article 48, or any application thereof to any person or circumstance, is held to be invalid or unconstitutional by a decision of a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions or applications of this Article. The Board of Supervisors hereby declares that it would have passed this Article and each and every section, subsection, sentence, clause, phrase, and word not declared invalid or unconstitutional without regard to whether any other portion of these sections or application thereof would be subsequently declared invalid or unconstitutional.

SEC. 4808. NO CONFLICT WITH FEDERAL OR STATE LAW.

Nothing in this ordinance shall be interpreted or applied so as to create any requirement, power, or duty in conflict with any federal or state law.

Section 2. Effective Date. This ordinance shall become effective 30 days after enactment. Enactment occurs when the Mayor signs the ordinance, the Mayor returns the ordinance unsigned or does not sign the ordinance within ten days of receiving it, or the Board of Supervisors overrides the Mayor's veto of the ordinance.

APPROVED AS TO FORM: DAVID CHIU, City Attorney
