Section 1. Land Use and Environmental Findings.

(a) The Planning Department has determined that the actions contemplated in this ordinance comply with the California Environmental Quality Act (California Public Resources Code Sections 21000 et seq.). Said determination is on file with the Clerk of the Board of Supervisors in File No. 250888 and is incorporated herein by reference. The Board affirms this determination.

(b) On October 23, the Planning Commission, in Resolution No. 21855, adopted findings that the actions contemplated in this ordinance are consistent, on balance, with the

1 City's General Plan and eight priority policies of Planning Code Section 101.1. The Board
2 adopts these findings as its own. A copy of said Resolution is on file with the Clerk of the
3 Board of Supervisors in File No. 250888, and is incorporated herein by reference.

4 (c) Pursuant to Planning Code Section 302, this Board finds that these Planning Code
5 amendments will serve the public necessity, convenience, and welfare for the reasons set
6 forth in Planning Commission Resolution No. 21855, and the Board adopts such reasons as
7 its own. A copy of said resolution is on file with the Clerk of the Board of Supervisors in File
8 No. 250888 and is incorporated herein by reference.

9
10 Section 2. Background and General Findings.

11 (a) In 2016, the Board adopted Ordinance No. 149-16 to establish initial Planning
12 Department fees and to authorize the Controller to adjust the fees each year to reflect
13 changes in the two-year average Consumer Price Index (CPI) change for the San
14 Francisco/San Jose Primary Metropolitan Area. The Planning Department publishes the Fee
15 Schedule showing the current fee amounts, inclusive of annual adjustments, in an Appendix
16 to the Planning Code, and posts it on the Planning Department's website. In addition, the Fee
17 Schedule is available at the main office of the Department.

18 (b) Unless otherwise noted, the existing fee amounts shown in Section 5 of this
19 ordinance are those originally enacted in 2016 in Ordinance No. 149-16, and they have not
20 been changed to reflect annual adjustments based on the Consumer Price Index.

21 (c) Since 2016, the Board has adopted several ordinances amending Ordinance No,
22 146-16, as follows:

23 (1) Ordinance No. 221-18, which made amendments clarifying the fees
24 applicable to projects with no or very low construction costs, and changed the fees for
25 transportation analysis.

1 (2) Ordinance No. 189-23, which waived certain fees during Small Business
2 Month.

3 (3) Ordinance No. 127-24, which made amendments to the Board of Appeals
4 fee surcharge.

5 (d) As of September 2, 2025, there is also a pending ordinance, in Board File No.
6 250440, that would amend the surcharge for appeals to the Board of Supervisors.

7 (e) Since 2017, the Legislature has passed several “streamlining” bills that establish a
8 ministerial approval pathway for development approvals, which has increased the number of
9 projects that do not require discretionary entitlements from the Planning Commission. Such
10 projects still require Planning Department staff review to ensure compliance with state and
11 local objective standards. As the Planning Code now stands, fees for this review are not
12 assessed until a project has submitted a building permit. As a result, the Planning Department
13 does not reliably receive compensation for staff review in a timely manner, and in cases of
14 projects that stall or never seek a building permit, does not receive any compensation.

15 (f) This ordinance ensures that the Planning Department is compensated for its review
16 of building permits by aligning the timing of payment for such review with the time that
17 Planning Department staff review the development application. The ordinance does not
18 modify or change the amount of the fees paid for this review.

19 (g) This ordinance also reduces government constraints on development and
20 enhances government efficiency by standardizing the reduction of certain fees for large
21 projects subject to the California Environmental Quality Act (CEQA). Updating these fees will
22 create a clearer pathway for projects to proceed to development while allowing the Planning
23 Department to operate in a fiscally sustainable manner in reviewing development applications.
24 The reductions in CEQA fees would apply to a project that submits a development application
25 on or after September 2, 2025, the date of introduction of this ordinance at the Board of

Supervisors.

(h) Based on prior amendments to Ordinance No. 149-16, this ordinance makes conforming amendments clarifying the date certain fees were established.

(i) Fast, predictable, and transparent permitting processes and reduced fee burdens will help to create new jobs, businesses, and homes in San Francisco, as well as facilitate the City's economic recovery from the COVID-19 pandemic. Commonly referred to as "PermitSF," the City's effort to reform permitting consists of improving the customer experience by streamlining approval processes; promoting governmental accountability to provide certainty about the delivery of government services; and centralizing technology to create a single point of permitting access.

Section 3. Articles 1 and 3.5 of the Planning Code are hereby amended by revising Sections 102 and 350, to read as follows:

5 (e) **Estimated Construction Costs.** Estimated construction costs are as defined by
6 the San Francisco Building Code. Certain of the fees specified in Section 4 of Ordinance No.
7 149-16 in Board of Supervisors File No. 160632 place a limit on the fee based on its not

22 approval specified in the Planning Department Fee Schedule.

23 (2) Where a different limitation on time and materials charges is set forth
24 elsewhere in this Article 3.5, that limitation shall prevail.
25

(3) The Planning Department may also charge the applicant for any time and materials costs incurred by ~~an~~ other department~~s~~ or agencies of the City and County of San Francisco, or may authorize such other departments or agencies ~~of the City and County~~ to charge directly for any time and materials costs incurred by the respective department or agency to recover the cost of correcting code violations and violations of Planning Commission and Department conditions of approval.

Description of the waivers below does not affect the other waiver provisions in Section 4 of Ordinance No. 149-16.

Small Business Month Fee Waivers: No Planning Department fees shall apply to a Small Business that applies for a permit for awning replacement or signs on awnings during the month of May. ~~No Planning Department fees shall apply to a Small Business that applies for a permit for a new awning installation or a Business Sign pursuant to Section 604 during the months of May 2023 and May 2024.~~ For purposes of this subsection (j)(3), a Small Business shall be a business with a total workforce of 100 or fewer full-time employees. To the extent this provision for Small Business Month Fee Waivers differs from the description in subsection (f) on page 43 of Ordinance No. 149-16, this provision governs.

12 Ordinance No. 149-16 ~~in Board of Supervisors File No. 160632~~, without further action by the
13 Board of Supervisors, to reflect changes in the two-year average Consumer Price Index (CPI)
14 change for the San Francisco/San Jose Primary Metropolitan Area (PMSA). This process will
15 occur as follows.

16 No later than April 15 of each year, the Director shall submit the Department's current
17 Fee Schedule to the Controller, who shall apply the CPI adjustment to produce a new Fee
18 Schedule for the fiscal year beginning July 1. No later than May 15 of each year, the
19 Controller shall file ~~the~~ a report with the Board of Supervisors reporting the new Fee Schedule

24 (f) **Time for Payment**. The fee specified for an initial study of a project excluding use
