FURTHER RESOLVED, The City hereby declares its official intent to reimburse prior expenditures of the City incurred or expected to be incurred prior to the issuance and sale of any series of bonds in connection with the Project (collectively, the "Future Bonds"); the Board hereby declares the City’s intent to reimburse the City with the proceeds of the Future Bonds for the expenditures with respect to the Project (the “Expenditures” and each, an "Expenditure") made on and after that date that is no more than 60 days prior to adoption of this Resolution; the City reasonably expects on the date hereof that it will reimburse the Expenditures with the proceeds of the Future Bonds, and, be it

FURTHER RESOLVED, Each Expenditure was and will be either (a) of a type properly chargeable to a capital account under general federal income tax principles (determined in each case as of the date of the Expenditure), (b) a cost of issuance with respect to the Future Bonds, (c) a nonrecurring item that is not customarily payable from current revenues, or (d) a grant to a party that is not related to or an agent of the City so long as such grant does not impose any obligation or condition (directly or indirectly) to repay any amount to or for the benefit of the City; the maximum aggregate principal amount of the Future Bonds expected to be issued for the Project is $400,000,000; the City shall make a reimbursement allocation, which is a written allocation by the City that evidences the City’s
use of proceeds of the applicable series of Future Bonds to reimburse an Expenditure, no

is placed in service or abandoned, but in no event more than three years after the date on
which the Expenditure is paid; the City recognizes that exceptions are available for certain
