Resolution supporting California State Assembly Bill No. 33, Autonomous Vehicles, introduced by Assembly Member Cecilia Aguiar-Curry, which prohibits an autonomous vehicle without a human operator from delivering commercial goods directly to a residence or to a business for its use or retail sale.

WHEREAS, On December 2, 2024, Assembly Member Cecilia Aguiar-Curry introduced Assembly Bill No. 33 to address community safety concerns regarding fully autonomous commercial delivery vehicles operating without human oversight; and

WHEREAS, Commercial deliveries require interaction with customers, navigation of complex residential and business environments, and the ability to respond to unexpected situations that benefit from human judgment and intervention; and

WHEREAS, A requirement for human operators in autonomous vehicles that conduct commercial deliveries provides immediate accountability, customer service capability, and

1 emergency response when issues arise during delivery operations; and

2 WHEREAS, Assembly Bill No. 33 strikes an appropriate balance between allowing
3 autonomous vehicle technology to develop while ensuring public safety and community
4 protection through required human oversight for commercial delivery operations; and

5 WHEREAS, Assembly Bill No. 33 supports job preservation in the delivery and
