Section 4. FINDING OF BENEFIT. The Board of Supervisors hereby finds that the property within the District will be benefited by the modifications and by the improvements and activities funded by the assessments proposed to be levied.

Section 5. SYSTEM OF ASSESSMENTS. (a) Annual assessments levied to pay for the activities to be provided within the District commenced with fiscal year 2013-2014 and shall continue until fiscal year 2027-2028. For purposes of levying and collecting assessments within the District, a fiscal year shall commence on each July 1st and end on the following June 30th.

(b) The amount of the proposed assessments to be levied and collected for fiscal year 2016-2017 shall be a maximum of \$1,289,786.80, as shown in the modified Management District Plan and modified Engineer's Report. The amount of assessments to be levied and collected in subsequent years may increase based on application of the existing formula to parcels in the District as further described in the modified Management District Plan and Engineer's Report, as well as if the Central Market Community Benefit District corporation

1 Board of Directors votes for an increase based on the Consumer Price Index ("CPI"), which
2 CPI increase may not exceed three percent (3%) per year.

3 (c) The method and basis of levying and collecting the assessment shall be as set
4 forth in the modified Management District Plan.

5 (1) The levy of the assessments commenced with fiscal year 2013-2014 and shall
6 continue until fiscal year 2027-2028. Each year the assessment shall be due and payable in
7 two equal installments. The first installment shall be due on November 1 of each fiscal year
8 during the life of the District, and shall become delinquent on December 10 of that fiscal year.
9 The second installment shall be due on February 1 of each fiscal year during the life of the
10 District, and shall become delinquent on April 10 of that fiscal year.

11 (2) Nonpayment of the assessment shall have the same lien priority and delinquent
12 payment penalties and be subject to the same enforcement procedures and remedies as the
13 ad valorem property tax. All delinquent payment of assessments shall be subject to interest
14 and penalties. The City Treasurer and Tax Collector will enforce imposition of interest and
15 penalties and collection of delinquent assessments pursuant to the Business Assessment Law
16 and City Business and Tax Regulations Code Article 6, as each may be amended from time to
17 time.

18 **Section 6. USE OF REVENUES.** The proposed property-related services,
19 improvements or activities for the District include:

20 **Public Safety/Community Guides:** Community Guides functions are oriented
21 towards crime prevention and providing information, and include but are not limited to
22 monitoring street conditions, social service outreach, pedestrian directions and information,
23 and merchant outreach. Other resources are drawn on as needed.

24 **Cleaning and Maintenance:** Cleaning and Maintenance includes but is not limited to
25 garbage and graffiti removal, weeding, sweeping, and quarterly steam cleaning in the public

1 right-of-way.

5 operations, advocacy, grant writing, financials, and all administrative tasks.

6 **Section 7. AMENDMENTS.** The properties in the District established by this
7 Resolution shall be subject to any amendments to the 1994 Act, and City Business and Tax
8 Regulations Code Article 6 and Article 15.

9 **Section 8. RECORDATION OF NOTICE AND DIAGRAM.** The County Clerk is
10 hereby authorized and directed to record a notice and an assessment diagram pursuant to
11 Section 36637 of the California Streets and Highways Code, following adoption of this
12 Resolution.

13 **Section 9. LEVY OF ASSESSMENT.** The adoption of this Resolution constitutes
14 the levy of an assessment in each of the fiscal years referred to in the Management District
15 Plan. Each year, the Assessor shall enter on the County Assessment Roll opposite each lot
16 or parcel of land the amount of the assessment and such assessment shall be collected in the
17 same manner as the County property taxes are collected.

18 **Section 10. BASELINE SERVICES.** To ensure that assessment revenues from the
19 District are used to enhance the current level of services provided by the City within the
20 District, the modifications will not affect the City's policy to continue to provide the same level
21 of service to the areas encompassed by the District as it provides to other similar areas of the
22 City for the duration of the District, provided, however, that in the event of a significant
23 downturn in citywide revenues, the Board of Supervisors may reduce the level of municipal
24 services citywide, including within the District.

25 **Section 11. ENVIRONMENTAL FINDINGS.** The Planning Department has

1 determined that the actions contemplated in this Resolution are in compliance with the
2 California Environmental Quality Act (California Public Resources Code sections 21000
3 *et seq.*). Said determination is on file with the Clerk of the Board of Supervisors in File No.
4 160988 and is declared to be a part of this Resolution as if set forth fully herein.
